(c) Disability Retirement Benefits of Members Leaving Service Prior to January 1, 1988. — The provisions of this subsection shall not be applicable to members in service on or after January 1, 1988. Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 90 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the medical board shall not certify any member as disabled who:

(1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or

(2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law-enforcement officer and who has had one year or more of creditable service and becomes incapacitated for duty as the natural and proximate result of an accident occurring while in the actual performance of duty, and meets all other requirements for disability retirement benefits, may be retired by the Board of Trustees on a disability retirement allowance.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of his retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary presents clear and convincing evidence that the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a fifty percent (50%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

(1) The member had designated as the principal beneficiary, to receive a return of accumulated contributions at the time of his death, one and only one person, and

(2) The member had not instructed the Board of Trustees in writing that he did not wish the provision of this subsection to apply.

(d) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1959, but prior to July 1, 1963. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1959, but prior to July 1, 1963, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement;

(2) A pension equal to seventy-five per centum (75%) of the pension that would have been payable upon service retirement at the age of 65 years had the member continued in service to the age of 65 years without further change in compensation.

If the member has not less than 20 years of creditable service, he shall be entitled to a total retirement allowance of not less than seventy dollars ($70.00) per month; provided, that the computation shall be made prior to any reduction resulting from an optional allowance as provided by subsection (g) of this section.

(d1) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1963, but prior to July 1, 1969. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1963, but prior to July 1, 1969, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent to the contributions he would have made during such continued service.

(2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(d).

(d2) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1969, but prior to July 1, 1971. — Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1969, but prior to July 1, 1971, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.

(2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(d).

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.

(2) Notwithstanding the foregoing provisions,

a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 135-5(d2);

b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and

c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982, Who Left Service prior to January 1, 1988. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member who left service prior to January 1, 1988 shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

(e) Reexamination of Beneficiaries Retired for Disability. — The provisions of this subsection shall be applicable to members retired on a disability retirement allowance and shall not be applicable to members in service on or after January 1, 1988. Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year all his rights in and to his pension may be revoked by the Board of Trustees.

(1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months of service in the final 48 months prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall

equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of one percent (1/10th of 1%). Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability and his age at the time of conversion to service retirement. This election is irrevocable. Provided, the provisions of this subdivision shall not apply to beneficiaries of the Law-Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.

(2) Should a disability beneficiary under the age of 60 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to disability; provided that, on and after July 1, 1971, if a disability beneficiary under the age of 62 years is restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and, in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.

(3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance described in a. below reduced by the amount in b. below:

a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.

b. The actuarial equivalent of the retirement benefits he previously received.

(3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee or teacher, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.

(4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 135-5(d), (d1),(d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 60 days after such request shall not be paid a benefit until the information so requested is provided, and should such refusal or failure to provide such information continue for 240 days after such request, the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement System shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter into agreements for the exchange of information.

(5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law-Enforcement Officers' Retirement System at the time of the transfer of law-enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability retirement allowance as an employee of any participating employer under the Law-Enforcement Officers' Retirement System and becomes employed as an employee other than as a law-enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this subsection. Any beneficiary as hereinbefore described who becomes employed as a law-enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this subsection.

(6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter (i) not be subject to further reexaminations as to disability, (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an

employer participating in the Retirement System, and (iii) be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or to ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

(f) Return of Accumulated Contributions. — Should a member cease to be a teacher or State employee except by death or retirement under the provisions of this Chapter, he shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, his contributions, and if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon, provided that he has not in the meantime returned to service. Upon payment of such sum his membership in the System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 135-4, and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of his accumulated contributions at the time of his death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his accumulated contributions unless he is eligible to be paid his accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-56.2, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

A member who is a participant or beneficiary of the Disability Income Plan of North Carolina as is provided in Article 6 of this Chapter shall not be paid a return of accumulated contributions, notwithstanding the member's status as an employee or teacher. Notwithstanding any other provision of law to the contrary, a member who is a beneficiary of the Disability Income Plan of North Carolina as provided in Article 6 of this Chapter and who is receiving disability benefits under the transition provisions as provided in G.S. 135-112, shall not be prohibited from receiving a return of accumulated contributions as provided in this subsection.

(f1) Expired.

(g) Election of Optional Allowance. — With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance in a reduced allowance payable throughout life under the provisions of one of the options set forth below. The election of Option 2 or Option 3 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or until the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or until his first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Options 2, 3, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option.

Option 1.(a) In the Case of a Member Who Retires prior to July 1, 1963. — If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

(b) In the Case of a Member Who Retires on or after July 1, 1963, but prior to July 1, 1993. — If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120 thereof for each month for which he has received a retirement allowance payment, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees; or

Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option 3. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 4. Adjustment of Retirement Allowance for Social Security Benefits. — Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, upon application therefor, to receive a social security benefit.

Option 5. For Members Retiring Prior to July 1, 1993. — The member may elect to receive a reduced retirement allowance under the conditions of Option

2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120 thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 6. A member may elect either Option 2 or Option 3 with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

(h) Computation of Benefits Payable Prior or Subsequent to July 1, 1947. — Prior to July 1, 1947, all benefits payable as of February 22, 1945, shall be computed on the basis of the provisions of Chapter 135 as they existed at the time of the retirement of such beneficiaries. On and after July 1, 1947, all benefits payable to, or on account of, such beneficiaries shall be adjusted to take into account, under such rule as the Board of Trustees may adopt, the provisions of this Article as if they had been in effect at the date of retirement, and no further contributions on account of such adjustment shall be required of such beneficiaries. The Board of Trustees may authorize such transfers of reserve between the funds of the Retirement System as may be required by the provisions of this subsection.

(i) Restoration to Service of Certain Former Members. — If a former member who ceased to be a member prior to July 1, 1949, for any reason other than retirement, again becomes a member and prior to July 1, 1951, redeposits in the annuity savings fund by a single payment the amount, if any, he previously withdrew therefrom, he shall, anything in this Chapter to the contrary, be entitled to any membership service credits he had when his membership ceased, and any prior service certificate which became void at the time his membership ceased shall be restored to full force and effect: Provided, that, for the purpose of computing the amount of any retirement allowance which may become payable to or on account of such member under the Retirement System, any amount redeposited as provided herein shall be deemed to represent contributions made by the member after July 1, 1947.

(j) Notwithstanding anything herein to the contrary, effective July 1, 1959, the following provisions shall apply with respect to any retirement allowance payments due after such date to any retired member who was retired prior to July 1, 1959, on a service or disability retirement allowance:

(1) If such retired member has not made an election of an optional allowance in accordance with G.S. 135-5(g), the monthly retirement allowance payable to him from and after July 1, 1959, shall be equal to the allowance previously payable, increased by fifteen percent (15%) thereof, or by fifteen dollars ($15.00), whichever is the lesser; provided that, if such member had rendered not less than 20 years of creditable service, the retirement allowance payable to him from and after July 1, 1959, shall be not less than seventy dollars ($70.00) per month.

(2) If such retired member has made an effective election of an optional allowance, the allowance payable to him from and after July 1, 1959, shall be equal to the allowance previously payable under such election plus an increase which shall be computed in accordance with (1) above as if he had not made such an election; provided that such increase shall be payable only during the retired member's remaining life and no portion of such increase shall become payable to the beneficiary designated under the election.

(k) Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967. — From and after July 1, 1967, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Period in Which Benefits Commenced	Percentage
January 1, 1966, to June 30, 1967	5%
Year 1965	6%
Year 1964	7%
Year 1963	8%
and so on concluding with	
Year 1942	29%

The minimum increase pursuant to this subsection (k) shall be ten dollars ($10.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the Board and shall be applicable to the retired member, if surviving, otherwise to his designated beneficiary under the option elected.

(*l*) Death Benefit Plan. — There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

(1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or

(2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;

(3), (4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars ($25,000) and to a maximum of fifty thousand dollars ($50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (*l*) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

(1) After December 31, 1968 and after he has attained age 70; or
(2) After December 31, 1969 and after he has attained age 69; or
(3) After December 31, 1970 and after he has attained age 68; or
(4) After December 31, 1971 and after he has attained age 67; or
(5) After December 31, 1972 and after he has attained age 66; or
(6) After December 31, 1973 and after he has attained age 65; or
(7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

(1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months or, if less, the period covered by an annual contract of employment. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.

(2) Last day of actual service shall be:

  a. When employment has been terminated, the last day the member actually worked.

  b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire, unless he is on approved leave of absence and is in service under the provisions of G.S. 135-4(h).

(3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).

(4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars ($25,000) nor to exceed fifty thousand dollars ($50,000).

The provisions of the Retirement System pertaining to Administration, G.S. 135-6, and management of funds, G.S. 135-7, are hereby made applicable to the Plan.

A member who is a beneficiary of the Disability Income Plan provided for in Article 6 of this Chapter shall be eligible for group life insurance benefits as provided in this subsection, notwithstanding that the member is no longer an employee or teacher or that the member's death occurs after the eligibility period after active service. The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. A member in receipt of benefits from the Disability Income Plan under the provisions of G.S. 135-112 whose right to a benefit accrued under the former Disability Salary Continuation Plan shall not be covered under the provisions of this paragraph.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 1988, but before January 1, 1999, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of five thousand dollars ($5,000) upon the completion of twenty-four months of contributions required under this subsection. Should death occur before the completion of twenty-four months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 1999, but before July 1, 2004, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of six thousand dollars ($6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2004, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of nine thousand dollars ($9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

(*l*1) Reciprocity of Death Benefit Plan. — Only for the purpose of determining eligibility for the death benefit provided for in subsection (*l*) of this section, membership service standing to the credit of a member of the Legislative Retirement System or the Consolidated Judicial Retirement System shall be added to the membership service standing to the credit of a member of the Teachers' and State Employees' Retirement System. However, in the event that a participant or beneficiary is a retired member of the Legislative Retirement System or the Consolidated Judicial Retirement System whose retirement benefit was suspended upon entrance into membership in the Teachers' and State Employees' Retirement System, such membership service standing to the credit of the retired member prior to retirement shall be likewise counted. Membership service under this section shall not be counted twice for the same period of time. In no event shall a death benefit provided for in G.S. 135-5(*l*) be paid if a death benefit is paid under G.S. 135-63.

(m) Survivor's Alternate Benefit. — Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that the following conditions apply:

(1)a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance,

b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b19)(1)b. or G.S. 135-5(b19)(2)c., notwithstanding the requirement of obtaining age 50, or

c. The member had not commenced to receive a retirement allowance as provided under this Chapter.

(2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who was living at the time of his death.

(3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (*l*) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase. The term "in service" as used in this subsection includes a member in receipt of a benefit under the Disability Income Plan as provided in Article 6 of this Chapter.

(n) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such overpayment was made.

(o) Post-Retirement Increases in Allowances. — As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971 as follows:

Increase In Index	*Increase In Allowance*
1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum, but not more than four per centum (4%); provided that any such increase in allowances shall become effective only if the additional liabilities on account of such increase do not require an increase in the total employer rate of contributions.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items — United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

Notwithstanding the above paragraphs, retired members and beneficiaries may receive cost-of-living increases in retirement allowances if active members of the system receive across-the-board cost-of-living salary increases. Such increases in post-retirement allowances shall be comparable to cost-of-living salary increases for active members in light of the differences between the statutory payroll deductions for State retirement contributions, Social Security taxes, State income withholding taxes, and federal income withholding taxes required of each group. The increases for retired members shall include the cost-of-living increases provided in this section. The cost-of-living increases allowed retired and active members of the system shall be comparable when each group receives an increase that has the same relative impact upon the net disposable income of each group.

(p) Increases in Benefits Paid in Respect to Members Retired prior to July 1, 1967. — From and after July 1, 1971, the monthly benefits to or on account of persons who commenced receiving benefits prior to July 1, 1963, shall be increased by twenty percent (20%) thereof; the monthly benefits to or on account of persons who commenced receiving benefits after June 30, 1963 and before July 1, 1967, shall be increased by five percent (5%) thereof. These increases shall be calculated after monthly retirement allowances as of July 1, 1971, have been increased to the extent provided for in the preceding subsection (o).

(q) Increases in Benefits to Those Persons Who Were Retired prior to January 1, 1970. — From and after July 1, 1973, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to January 1, 1970, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Year(s) in Which Benefits Commenced	*Percentage*
1969	1
1968	4
1967	6
1965 through 1966	9
1964	12
1963	14
1959 through 1962	17
1942 through 1958	22

These increases shall be calculated after monthly retirement allowances as of July 1, 1973, have been increased to the extent provided for in the preceding subsection (o).

(r) Notwithstanding anything herein to the contrary, effective July 1, 1973, any member who retired after attaining the age of 60 with 15 or more years of creditable service shall receive a monthly benefit of no less than seventy-five dollars ($75.00) prior to the application of any optional benefit.

(s) Increases in Benefits to Those Persons on Disability Retirement Who Were Retired prior to July 1, 1971. — From and after July 1, 1974, the monthly benefits to members who commenced receiving disability benefits prior to July 1, 1963, shall be increased by one percent (1%) thereof for each year by which the member retired prior to the age of 65 years; the monthly benefits to members who commenced receiving disability benefits after June 30, 1963, and before July 1, 1971, shall be increased by five percent (5%) thereof. These increases shall be calculated before monthly retirement allowances as of June 30, 1974, have been increased to the extent provided for in the preceding subsection (o).

(t) Notwithstanding any of the foregoing provisions, the increase in allowance to each beneficiary on the retirement rolls as of July 1, 1973, which shall become effective on July 1, 1974, as otherwise provided in G.S. 135-5(o), shall be the current maximum four percent (4%) plus an additional two percent (2%) to a total of six percent (6%) for the year 1974 only. The provisions of this subsection shall apply also to the allowance of a surviving annuitant of a beneficiary.

(u) Repealed by Session Laws 1975, c. 875, s. 47.

§ 135-8. Method of financing.

(a) Funds to Which Assets of Retirement System Credited. — All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of four funds, namely, the annuity savings fund, the annuity reserve fund, the pension accumulation fund, and the pension reserve fund.

(b) Annuity Savings Fund. — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to any payments from the annuity savings fund shall be made as follows:

(1) Prior to the first day of July, 1947, each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum (4%) of his actual compensation; and the employer also shall deduct four per centum (4%) of any compensation received by any member for teaching in public schools, or in any of the institutions, agencies or departments of the State, from salaries other than the appropriations from the State of North Carolina. On and after such date the rate so deducted shall be five per centum (5%) of actual compensation except that, with respect to each member who is eligible for coverage under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 17 of the General Statutes, as amended, and with respect to members covered under G.S. 135-27, with such coverage retroactive to January 1, 1955, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his earnable compensation not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955, and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24; such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2, Chapter 135 of Volume 17 of the General Statutes as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required.

Notwithstanding the foregoing, effective July 1, 1963, with respect to the period of service commencing on July 1, 1963, and ending December 31, 1965, the rates of such deduction shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars ($4,800) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars ($4,800); and with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deductions shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred dollars ($5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars ($5,600); and with respect to the period of service commencing July 1, 1967, and ending June 30, 1975, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of fifty-six hundred dollars ($5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars ($5,600). Such rates shall apply uniformly to all members of the Retirement System, without regard to their coverage under the Social Security Act.

Notwithstanding the foregoing, effective July 1, 1975, with respect to the period of service commencing on July 1, 1975, the rate of such deductions shall be six per centum (6%) of the compensation received by any member. Such rates shall apply uniformly to all members of the Retirement System, without regard to their coverage under the Social Security Act.

(2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Chapter. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon, to the individual account of the member from whose compensation said deduction was made.

(3) Each board of education of each county and each board of education of each city, and the employer in any department, agency or institution of the State, in which any teacher receives compensation from sources other than appropriations of the State of North Carolina shall deduct from the salaries of these teachers paid from sources other than State appropriations an amount equal to that deducted from the salaries of the teachers whose salaries are paid from State funds, and remit this amount to the State Retirement System. City boards of education and county boards of education in each and every county and city which has employees compensated from other than the State appropriation shall pay to the State Retirement System the same per centum of the compensation that the State of North Carolina pays and shall transmit same to the State Retirement System monthly: Provided, that for the purpose of enabling the boards of education to make such payment, the tax-levying authorities are hereby authorized, empowered and directed to provide the necessary funds therefor. In case the salary is paid in part from State funds and in part from local funds, the local authorities shall not be relieved of providing and remitting the same per centum of the salary paid from local funds as is paid from State funds. In case the entire salary of any teacher, as defined in this Chapter, is paid from county or local funds, the county or city paying such salary shall provide and remit to the Retirement System the same per centum that would be required if the salary were provided by the State of North Carolina.

(4) In addition to contributions deducted from compensation as hereinbefore provided, subject to the approval of the Board of Trustees, any member may redeposit in the annuity savings fund by a single payment an amount equal to the total amount which he previously withdrew therefrom, as provided in this Chapter. Such amounts so redeposited shall become a part of his accumulated contributions as if such amounts had initially been contributed within the calendar year of such redeposit. In no event, however, shall any member be permitted to redeposit any amount withdrawn after July 1, 1959, except as provided for in G.S. 135-4(e).

(5) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an

employer for the sole purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer. This approval shall be made prior to the purchase of the creditable service, is limited to a career total of six years for each member, and may be obtained in the following manner:

a. Approved leave of absence. — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability contribution when the policy of the employer is not to make such payment.

b. No educational leave policy. — Where the employer has a policy of not granting educational leaves of absence or the member has unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.

c. Educational program prior to July 1, 1981. — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus a fee to be determined by the Board of Trustees.

d. Employment in a charter school. — Notwithstanding subparagraph a. of this subdivision, where the employer grants an approved leave of absence for the member to be employed in a charter school or where the member's service is interrupted by employment in a charter school, authorized under Part 6A of Article 16 of Chapter 115C of the General Statutes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.

Payments required to be made by the member, the employer, or both under subparagraphs a or b are due by the 15th of the month following the month for which the service credit is allowed and payments made after the due date shall be assessed a penalty, in lieu of interest, of one percent (1%) per month or fraction thereof the payment is made beyond the due date; provided, that these payments shall be made prior to retirement and provided further, that if the member did not become a contributing member within 12 months after completing the educational program and failed to complete three years of subsequent membership service, except in the event of death or disability, any payment made by the member including penalty shall be refunded with regular interest thereon and the service credits cancelled prior to or at retirement.

(6) The contributions of a member, and such interest as may be allowed thereon, paid upon his death or withdrawn by him as provided in this Chapter, shall be paid from the annuity savings fund, and any balance of the accumulated contributions of such a member shall be transferred to the pension accumulation fund.

(b1) Pick Up of Employee Contributions. — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, shall pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 135-1. Picked up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Teachers' and State Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions, the provisions of subsection (f)(3) of this section shall apply.

The pick up of employee contributions by an employer as provided for hereunder shall be equally applicable to participant contributions required under the optional retirement program as specified in G.S. 135-5.1(c).

(b2) Retroactive Adjustment in Compensation or an Underreporting of Compensation. — A member who is awarded backpay in cases of a denied promotional opportunity in which the aggrieved member is granted a promotion retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member and employer may make employee and employer contributions on the retroactive or additional compensation, after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

(1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or

(2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) the compensation the member would have received during the period shall be included in calculating the member's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) for reasons other than a wrongfully denied promotional opportunity where the member is promoted retroactively.

(c) Annuity Reserve Fund. — The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this Chapter. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(d) Pension Accumulation Fund. — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(1) On account of each member there shall be paid in the pension accumulation fund by employers an amount equal to a certain percentage of the actual compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation the normal contribution shall be two and fifty-seven one-hundredths percent (2.57%) for teachers, and one and fifty-seven one-hundredths percent (1.57%) for State employees, and the accrued liability contribution shall be two and ninety-four one-hundredths percent (2.94%) for teachers and one and fifty-nine one-hundredths percent (1.59%) of the salary of other State employees.

(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Chapter during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and

constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(3) Immediately succeeding the first valuation the actuary engaged by the Board of Trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four percent (4%) of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate. Such rate shall be increased on the basis of subsequent valuations if benefits are increased over those included in the valuation on the basis of which the original accrued liability contribution rate was determined. Upon certification by the actuary engaged by the Board of Trustees that the accrued liability contribution rate may be reduced without impairing the Retirement System, the Board of Trustees may cause the accrued liability contribution rate to be reduced.

(4) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total actual compensation of all members during the preceding year: Provided, however, that, subject to the provisions of subdivision (3) of this subsection the amount of each annual accrued liability contribution shall be at least three percent (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.

(5) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at the time members.

(6) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employer shall be paid from the pension accumulation fund.

(7) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(e) Pension Reserve Fund. — The pension reserve fund shall be the fund in which shall be held the reserves on all pensions granted to members not entitled to credit for prior service and from which such pensions and benefits in lieu thereof shall be paid. Should such a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement, the pension thereon shall be transferred from the pension reserve fund to the pension accumulation fund. Should the pension of such disability beneficiary be reduced as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the pension accumulation fund during the period of such reduction.

(f) **(Effective until July 1, 2007)** Collection of Contributions. —

(1) The collection of members' contributions shall be as follows:

a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of establishment of the Retirement System the contributions payable by such member as provided in this Chapter, and the employer shall draw his warrant for the amount so deducted, payable to the Teachers' and State Employees' Retirement System of North Carolina, and shall transmit the same, together with schedule of the contributions, on such forms as prescribed.

(2) The collection of employers' contributions shall be made as follows:

c. Repealed by Session Laws 1993, c. 257, s. 13.

d. Each board of education in each county and each board of education in each city in which teachers or other employees of the schools receive compensation for services in the public schools from sources other than the appropriation of the State of North Carolina shall pay the Board of Trustees of the State Retirement System such rate of their respective salaries as are paid those of other employees.

e. Each employer shall transmit monthly to the State Retirement System on account of each employee, who is a member of this System, an amount sufficient to cover the normal contribution and the accrued liability contribution of each member employed by such employer for the preceding month.

(3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees, the Board shall assess the employer with a penalty of 1% per month with a minimum penalty of twenty-five dollars ($25.00). If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer other than the State shall not have been received by

(2) The collection of employers' contributions shall be made as follows:

a. Upon the basis of each actuarial valuation provided herein there shall be prepared biennially and certified to the Department of Administration a statement of the total amount necessary for the ensuing biennium to the pension accumulation and expense funds, as provided under subsections (d) and (f) of this section, and these funds shall be handled and disbursed in accordance with the State Budget Act, Chapter 143C of the General Statutes.

b. Until the first valuation has been made and the rates computed as provided in subsection (d) of this section, the amount payable by employers on account of the normal and accrued liability contributions shall be five and fifty-one one-hundredths percent (5.51%) of the payroll of all teachers and three and sixteen one-hundredths percent (3.16%) for other State employees.

c. Repealed by Session Laws 1993, c. 257, s. 13.

d. Each board of education in each county and each board of education in each city in which teachers or other employees of the schools receive compensation for services in the public schools from sources other than the appropriation of the State of North Carolina shall pay the Board of Trustees of the State Retirement System such rate of their respective salaries as are paid those of other employees.

e. Each employer shall transmit monthly to the State Retirement System on account of each employee, who is a member of this System, an amount sufficient to cover the normal contribution and the accrued liability contribution of each member employed by such employer for the preceding month.

(3) In the event the employee or employer contributions required under this section are not received by the date set by the Board of Trustees, the Board shall assess the employer with a penalty of 1% per month with a minimum penalty of twenty-five dollars ($25.00). If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer other than the State shall not have been received by

the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer from any funds of the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.

(g) Merger of Annuity Reserve Fund and Pension Reserve Fund into Pension Accumulation Fund. — Notwithstanding the foregoing, effective at such date not later than December 31, 1959, as the Board of Trustees may determine, the annuity reserve fund and the pension reserve fund shall be merged into and become a part of the pension accumulation fund, provided that such merger shall in no way adversely affect the rights of any members or retired members of the System and further provided the Board of Trustees shall be and hereby is authorized to make such changes in the accounting methods and procedures of the System from time to time as, in its opinion, are in the interest of sound and proper administration of the System.

§ 135-39.5B. Optional plans.

(a) The Executive Administrator and Board of Trustees may, after consultation with the Committee on Employee Hospital and Medical Benefits, provide for optional prepaid hospital and medical benefits plans. Benefits offered under such optional plans shall be comparable to those offered under the Plan. The amounts of State funds contributed for such optional plans shall not be more than the amounts contributed for each person eligible under G.S. 135-40.2 on a noncontributory Employee Only basis, with the person selecting an optional plan paying any excess, if necessary. The amount of State funds contributed to such optional plans shall also not exceed the amount of an optional plan's cost for Employee Only coverage. The Executive Administrator and Board of Trustees are authorized to assess and collect fees from participating optional plans provided by this section for administrative purposes and for risk management purposes. Such fees may be based upon the enrollees' risk factors and the number and types of contracts enrolled by each participating optional plan, and may be collected by the Plan in a manner prescribed by the Executive Administrator and Board of Trustees. In no instance shall benefits be paid under Part 3 of this Article for persons enrolled in an optional prepaid hospital and medical benefit plan authorized under this section on and after the effective date of enrollment in the optional prepaid plan, except in cases of continuous hospital confinement approved by the Executive Administrator.

(b) The Executive Administrator and Board of Trustees may, after consulting with the Committee on Employee Hospital and Medical Benefits, adopt an arrangement for an optional hospital and medical benefits program other than the one specified in subsection (a) of this section. The optional program may include one that is purchased or underwritten by the State and may be a PPO or other type optional program. Optional programs under this section are not subject to benefits and cost-sharing requirements under G.S. 135-40.5 through G.S. 135-40.9, except that if a pharmacy benefit is not provided under the optional program, the pharmacy benefit under G.S. 135-40.59(g) shall apply. The Executive Administrator and Board of Trustees may set premium rates for coverage under an optional program on a partially contributory basis, provided that the amounts of State funds contributed for coverage on a partially contributory basis shall not be more than the Plan's total noncontributory premium for Employee Only coverage, with the person selecting the optional program coverage paying the balance of the partially contributory premium not paid by the Plan. The amount of State funds contributed for purchased optional programs shall not exceed the amount of a purchased optional program's cost for Employee Only coverage. Contracts for an optional program under this subsection are not subject to Article 3 of Chapter 143 of the General Statutes. In no instance shall benefits be paid under Part 3 of this Article for persons enrolled in an optional prepaid hospital and medical benefits program authorized under this subsection on and after the effective date of enrollment in the optional prepaid plan, except in cases of continuous hospital confinement approved by the Executive Administrator. (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1985, c. 732, s. 37; 1985 (Reg. Sess., 1986), c. 1020, s. 6; 1987, c. 857, s. 8; 1991, c. 427, s. 4; c. 636, s. 15; 2005-276, s. 29.33(a); 2006-249, s. 4(a).)

Effect of Amendments. —

Session Laws 2006-249, s. 4(a), effective July 1, 2006, in subsection (b), added "except that if a pharmacy benefit is not provided under the optional program, the pharmacy benefit under G.S. 135-40.59(g) shall apply" at the end of the third sentence, and added the last sentence.

The Executive Administrator and Board of Trustees may make an exception to the provisions of this subsection when persons subject to this subsection have had a cessation of coverage for a period of five years and have made a full and complete restitution to the Plan for all fraudulent claim amounts. Nothing in this subsection shall be construed to obligate the Executive Administrator and Board of Trustees to make an exception as allowed for under this subsection.

Session Laws 2006-249, s. 1(a), expiring July 1, 2009, provides: "Cost-Saving Initiatives. — Coverage of Over-the-Counter Medications. — Notwithstanding any other provision of law to the contrary, the Executive Administrator and Board of Trustees may authorize coverage for over-the-counter medications as recommended by the Plan's pharmacy and therapeutics committee. In approving for coverage one or more over-the-counter medications, the Executive Administrator and Board of Trustees shall ensure that each recommended over-the-counter medication has been analyzed to ensure medical effectiveness and Plan member safety. The analysis shall also address the financial impact on the Plan. The Executive Administrator and Board of Trustees may impose a co-payment to be paid by each covered individual for each packaged over-the-counter medication. The Executive Administrator and Board of Trustees may adopt policies establishing limits on the amount of coverage available for over-the-counter medications for each covered individual over a 12-month period. Participation in one or more incentive programs is voluntary on the part of the Plan member. Before adopting an incentive program, the Executive Administrator and Board of Trustees shall conduct an impact analysis on the proposed incentive program to determine (i) whether the program is likely to result in significant member satisfaction, (ii) that it will not adversely affect quality of care, and (iii) whether it is likely to result in significant cost savings to the Plan. The impact analysis may be conducted by a committee of the Plan, in conjunction with the Plan's consulting actuary, provided that the Plan's medical director participates in the analysis. An approved incentive plan may provide for a waiver of deductibles, co-payments, and coinsurance required under this Article in order to determine the effectiveness of the incentive program in promoting healthy lifestyles for members and increasing cost-effectiveness to the Plan. CASE NOTES

Diagnostic Related Grouping Based Reimbursement System. — When insurers and employers who were ordered by the Industrial Commission to pay certain amounts to hospitals sought relief under G.S. 135-40.7(8), claiming they had been required to pay amounts for services greater than that which people not covered under the State Teachers' and Employees' Health Plan would have been required to pay, they were not entitled to relief because G.S. 135-40.4 authorized a diagnostic-related grouping system for the reimbursement of hospitals, such as that under which the amounts the employers and insurers were ordered to pay were approved. Carolinas Med. Ctr. v. Emplrs & Carriers Listed in Exhibit A, 172 N.C. App. 549, 616 S.E.2d 588, 2005 N.C. App. LEXIS 1773 (2005).

§ 135-40.5. Benefits not subject to deductible or coinsurance.

(a) Repealed by Session Laws 1985, c. 192, s. 5.

(b) Repealed by Session Laws 1991, c. 427, s. 20.

(c) Preadmission Testing. — The Plan will pay one hundred percent (100%) of reasonable and customary charges for diagnostic, laboratory and x-ray examinations performed on an outpatient basis.

(d) Repealed by Session Laws 2001-253, s. 1(d), effective July 1, 2001.

(e) Routine Diagnostic Examinations. — The Plan will pay one hundred percent (100%) of allowable charges for routine diagnostic examinations and tests, including breast, colon, rectal, and prostate exams, X rays, blood and blood pressure checks, urine tests, tuberculosis tests, and general health checkups that are medically necessary for the maintenance and improvement of individual health but no more often than once every three years for covered individuals to age 40 years, once every two years for covered individuals to age 50 years, and once a year for covered individuals age 50 years and older, unless a more frequent occurrence is warranted by a medical condition when such charges are incurred in a medically supervised facility. The Plan will pay one hundred percent (100%) of allowable charges for mammograms once per year for covered individuals age 40 years and over, and not more often than once every three years for covered individuals to age 40 years, when such charges are incurred in a medically supervised facility. Routine diagnostic examinations and tests covered under this subsection also include examinations and tests for the screening for the early detection of cervical cancer. The coverage shall be in accordance with the most recently published American Cancer Society guidelines or guidelines adopted by the North Carolina Advisory Committee on Cancer Coordination and Control for any covered female. For the purposes of this subsection, "examinations and laboratory tests for the screening for the early detection of cervical cancer" means conventional PAP smear screening, liquid-based cytology, and human papilloma virus (HPV) detection methods for women with equivocal findings on cervical cytologic analysis that are subject to the approval of and have been approved by the United States Food and Drug Administration. Provided, however, that charges for such examinations and tests are not covered by the Plan when they are incurred to obtain or continue employment, to secure insurance coverage, to comply with legal proceedings, to attend schools or camps, to meet travel requirements, to participate in athletic and related activities, or to comply with governmental licensing requirements. The maximum amount payable under this subsection for a covered individual is one hundred fifty dollars ($150.00) per fiscal year.

(f) Immunizations. — The Plan will pay one hundred percent (100%) of allowable charges for immunizations for the prevention of contagious diseases as generally accepted medical practices would dictate when directed by an attending physician.

(g) Prescription Drugs. — The Plan's allowable charges for prescription legend drugs to be used outside of a hospital or skilled nursing facility are to be determined by the Plan's Executive Administrator and Board of Trustees. The Plan will pay allowable charges for each outpatient prescription drug less a copayment to be paid by each covered individual equal to the following amounts: pharmacy charges up to ten dollars ($10.00) for each generic prescription, twenty five dollars ($25.00) for each preferred branded prescription, and forty dollars ($40.00) for each preferred branded prescription with a generic equivalent drug, and fifty dollars ($50.00) for each nonpreferred branded or generic prescription.

Allowable charges shall not be greater than a pharmacy's usual and customary charge to the general public for a particular prescription. Prescriptions shall be for no more than a 34-day supply for the purposes of the copayments paid by each covered individual. By accepting the copayments and any remaining allowable charges provided by this subsection, pharmacies shall not balance bill an individual covered by the Plan. A prescription legend drug is defined as an article the label of which, under the Federal Food, Drug, and Cosmetic Act, is required to bear the legend: "Caution: Federal Law Prohibits Dispensing Without Prescription." Such articles may not be sold to or purchased by the public without a prescription order. Benefits are provided for insulin even though a prescription is not required. The Plan may use a pharmacy benefit manager to help manage the Plan's outpatient prescription drug coverage. In managing the Plan's outpatient prescription drug benefits, the Plan and its pharmacy benefit manager shall not provide coverage for erectile dysfunction, growth hormone, antiwrinkle, weight loss, and hair growth drugs unless such coverage is medically necessary to the health of the member. The Plan and its pharmacy benefit manager shall not provide coverage for growth hormone and weight loss drugs and antifungal drugs for the treatment of nail fungus and botulinium toxin without approval in advance by the pharmacy benefit manager. Any formulary used by the Plan's Executive Administrator and pharmacy benefit manager shall be an open formulary. Plan members shall not be assessed more than two thousand five hundred dollars ($2,500) per person per fiscal year in copayments required by this subsection. (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1983, c. 922, s. 7; 1985, c. 192, ss. 5, 9, 12; c. 732, ss. 16-18; 1985 (Reg. Participation in one or more incentive programs is voluntary on the part of the Plan member. CASE NOTES

No Legal Obligation to Pay. — When insurers and employers who were ordered by the Industrial Commission to pay certain amounts to hospitals sought relief under G.S. 135-40.7(8), claiming they had been required to pay amounts for services greater than that which people not covered under the State Teachers' and Employees' Health Plan would have been required to pay, they were not entitled to relief because G.S. 135-40.4 authorized a diagnostic-related grouping system for the reimbursement of hospitals, such as that under which the amounts the employers and insurers were ordered to pay were approved. Carolinas Med. Ctr. v. Emplrs & Carriers Listed in Exhibit A, 172 N.C. App. 549, 616 S.E.2d 588, 2005 N.C. App. LEXIS 1773 (2005).

§ 135-40.13A. Liability of third person; right of subrogation; right of first recovery.

(a) The Plan shall have the right of subrogation upon all of the Plan member's right to recover from a liable third party for payment made under the Plan, for all medical expenses, including provider, hospital, surgical, or prescription drug expenses, to the extent those payments are related to an injury caused by a liable third party. The Plan member shall do nothing to prejudice these rights. The Plan has the right to first recovery on any amounts so recovered, whether by the Plan or the Plan member, and whether recovered by litigation, arbitration, mediation, settlement, or otherwise. Notwithstanding any other provision of law to the contrary, the recovery limitation set forth in G.S. 28A-18-2 shall not apply to the Plan's right of subrogation of Plan members.

(b) If the Plan is precluded from exercising its right of subrogation, it may exercise its rights of recovery pursuant to G.S. 135-40.13(g). If the Plan recovers damages from a liable third party in excess of the claims paid, any excess will be paid to the member, less a proportionate share of the costs of collection.

(c) In the event a Plan member recovers any amounts from a liable third party to which the Plan is entitled under this section, the Plan may recover the amounts directly from the Plan member. The Plan has a lien, for not more than the value of claims paid related to the liability of the third party, on any damages subsequently recovered against the liable third party. If the Plan member fails to pursue the remedy against a liable third party, the Plan is subrogated to the rights of the Plan member and is entitled to enforce liability in the Plan's own name or in the name of the Plan member for the amount paid by the Plan.

(d) In no event shall the Plan's lien exceed fifty percent (50%) of the total damages recovered by the Plan member, exclusive of the Plan member's reasonable costs of collection as determined by the Plan in the Plan's sole discretion. The decision by the Plan as to the reasonable cost of collection is conclusive and is not a "final agency decision" for purposes of a contested case under Chapter 150B of the General Statutes. Notice of the Plan's lien or right to recovery shall be presumed when a Plan member is represented by an attorney, and the attorney shall disburse proceeds pursuant to this section. (2004-124, s. 31.25; 2006-264, s. 66(a).)

Effect of Amendments. — Session Laws 2006-264, s. 66(a), effective August 27, 2006, and applicable to payments made by the Plan after July 20, 2004, for which reimbursement is sought on or after August 27, 2006, rewrote the section.

§ 135-106. Long-term disability benefits.

(a) **(Effective until August 1, 2007)** Upon the application of a beneficiary or participant or of his legal representative or any person deemed by the Board of Trustees to represent the participant or beneficiary, any beneficiary or participant who has had five or more years of membership service may receive long-term disability benefits from the Plan upon approval by the Board of Trustees, commencing on the first day succeeding the conclusion of the short-term disability period provided for in G.S. 135-105, provided the beneficiary or participant makes application for such benefit within 180 days after the short-term disability period ceases, after salary continuation payments cease, or after monthly payments for Workers' Compensation cease, whichever is later; Provided, that the beneficiary or participant withdraws from active service by terminating employment as a teacher or State employee; Provided, that the Medical Board shall certify that such beneficiary or participant is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent; Provided further that the Medical Board shall not certify any beneficiary or participant as disabled who is in receipt of any payments on account of the same incapacity which existed when the beneficiary first established membership in the Retirement System. The Board of Trustees may extend this 180-day filing requirement upon receipt of clear and convincing evidence that application was delayed through no fault of the disabled beneficiary or participant and was delayed due to the employers' miscalculation of the end of the 180-day filing period. However, in no instance shall the filing period be extended beyond an additional 180 days.

The Board of Trustees may require each beneficiary who becomes eligible to receive a long-term disability benefit to have an annual medical review or examination for the first five years and thereafter once every three years after the commencement of benefits under this section. However, the Board of Trustees may require more frequent examinations and upon the advice of the Medical Board shall determine which cases require such examination. Should any beneficiary refuse to submit to any examination required by this subsection or by the Medical Board, his long-term disability benefit shall be suspended until he submits to an examination, and should his refusal last for one year, his benefit may be terminated by the Board of Trustees. If the Medical Board finds that a beneficiary is no longer mentally or physically incapacitated for the further performance of duty, the Medical Board shall so certify this finding to the Board of Trustees, and the Board of Trustees may terminate the beneficiary's long-term disability benefits effective on the last day of the month in which the Medical Board certifies that the beneficiary is no longer disabled.

As to the requirement of five years of membership service, any participant or beneficiary who does not have five years of membership service within the 96 calendar months prior to becoming disabled or upon cessation of continuous salary continuation payments, whichever is later, shall not be eligible for long-term disability benefits.

Notwithstanding the requirement that the incapacity was incurred at the time of active employment, any participant who becomes disabled while on an employer approved leave of absence and who is eligible for and in receipt of temporary total benefits under The North Carolina Workers' Compensation Act, Article 1 of Chapter 97 of the General Statutes, will be eligible for all benefits provided under this Article.

(a) **(Effective August 1, 2007)** Upon the application of a beneficiary or participant or of his legal representative or any person deemed by the Board of Trustees to represent the participant or beneficiary, any beneficiary or participant who has had five or more years of membership service may receive long-term disability benefits from the Plan upon approval by the Board of Trustees, commencing on the first day succeeding the conclusion of the short-term disability period provided for in G.S. 135-105, provided the beneficiary or participant makes application for such benefit within 180 days after the short-term disability period ceases, after salary continuation payments cease, or after monthly payments for Workers' Compensation cease, whichever is later; Provided, that the beneficiary or participant withdraws from active service by terminating employment as a teacher or State employee; Provided, that the Medical Board shall certify that such beneficiary or participant is unable to perform any occupation or employment commensurate to the beneficiary's or participant's education, training, or experience, which is available in the same commuting area for State employees or within the same local school administrative unit for school personnel, without an adverse impact on the beneficiary's or participant's career status, and in which the beneficiary or participant can be expected to earn not less than sixty-five percent (65%) of that beneficiary's or participant's predisability earnings, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent; Provided further that the Medical Board shall not certify any beneficiary or participant as disabled who is in receipt of any payments on account of the same incapacity which existed when the beneficiary first established membership in the

G.S. 135-106(a) is set out twice. See notes.

Retirement System. The Board of Trustees may extend this 180-day filing requirement upon receipt of clear and convincing evidence that application was delayed through no fault of the disabled beneficiary or participant and was delayed due to the employers' miscalculation of the end of the 180-day filing period. However, in no instance shall the filing period be extended beyond an additional 180 days.

The Board of Trustees may require each beneficiary who becomes eligible to receive a long-term disability benefit to have an annual medical review or examination for the first five years and thereafter once every three years after the commencement of benefits under this section. However, the Board of Trustees may require more frequent examinations and upon the advice of the Medical Board shall determine which cases require such examination. Should any beneficiary refuse to submit to any examination required by this subsection or by the Medical Board, his long-term disability benefit shall be suspended until he submits to an examination, and should his refusal last for one year, his benefit may be terminated by the Board of Trustees. If the Medical Board finds that a beneficiary is no longer mentally or physically incapacitated for the further performance of duty, the Medical Board shall so certify this finding to the Board of Trustees, and the Board of Trustees may terminate the beneficiary's long-term disability benefits effective on the last day of the month in which the Medical Board certifies that the beneficiary is no longer disabled.

As to the requirement of five years of membership service, any participant or beneficiary who does not have five years of membership service within the 96 calendar months prior to conclusion of the short-term disability period or cessation of salary continuation payments, whichever is later, shall not be eligible for long-term disability benefits.

Notwithstanding the requirement that the incapacity was incurred at the time of active employment, any participant who becomes disabled while on an employer approved leave of absence and who is eligible for and in receipt of temporary total benefits under The North Carolina Workers' Compensation Act, Article 1 of Chapter 97 of the General Statutes, will be eligible for all benefits provided under this Article.

(b) After the commencement of benefits under this section, the benefits payable under the terms of this section shall be equal to sixty-five percent (65%) of 1⁄12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1⁄12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Veterans Administration, any other federal agency or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in lieu of long-term disability benefits; provided such election shall not extend the first 36 consecutive calendar months of the long-term disability period. An election to receive any salary continuation for any part of any given day shall be in lieu of any long-term benefit payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term benefit otherwise payable. Notwithstanding the foregoing, upon the completion of four years from the conclusion of the waiting period as provided in G.S. 135-104, the beneficiary's benefit shall be reduced by an amount, as determined by the Board of Trustees, equal to a primary Social Security disability benefit to which the beneficiary might be entitled had the beneficiary been awarded Social Security disability benefits. Provided that, in any event, a beneficiary's benefit shall be reduced by an amount, as determined by the Board of Trustees, equal to a primary Social Security retirement benefit to which the beneficiary might be entitled.

Notwithstanding the foregoing, the long-term disability benefit is payable so long as the beneficiary is disabled until the earliest date at which the beneficiary is eligible for an unreduced service retirement allowance from the Retirement System, at which time the beneficiary would receive a retirement allowance calculated on the basis of the beneficiary's average final compensation at the time of disability as adjusted to reflect compensation increases subsequent to the time of disability and the creditable service accumulated by the beneficiary, including creditable service while in receipt of benefits under the Plan.

(c) Notwithstanding the foregoing, a beneficiary in receipt of long-term disability benefits who has earnings during the long-term disability period shall have his long-term disability benefit reduced when the sum of the net long-term disability benefit and the earnings equals one hundred percent (100%) of monthly compensation adjusted as provided under G.S. 135-108. The net long-term benefit shall mean the long-term benefit amount payable as calculated under (b) above, after the reduction for Social Security benefits to which the beneficiary might be entitled. The net long-term disability benefit shall be reduced dollar-for-dollar for the amount of earnings in excess of the one hundred percent (100%) monthly limit. Any beneficiary exceeding the earnings limitations shall notify the Plan by the fifth of the month succeeding the month in which the earnings were received of the amount of earnings in excess of the limitations herein provided. Failure to report excess earnings may result in a suspension or termination of benefits as determined by the Board of Trustees.

(c1) During the long-term disability period, a beneficiary may return to service for trial rehabilitation for periods of not greater than 36 months of continuous service. Such return will not cause the beneficiary to become a participant and will not require a new waiting period or short-term disability period to commence regardless of whether the beneficiary is unable to continue in service due to the same incapacity or a different incapacity.

A beneficiary who, during a period of trial rehabilitation, is unable to continue in service may be entitled to a restoration of the long-term disability benefit provided that the Medical Board certifies that the beneficiary is disabled in accordance with the laws in effect at the time of the Board's original approval for long-term disability benefits, either due to the same or a different incapacity, notwithstanding the requirement the incapacity has been continuous. In the event that the Medical Board determines that the long-term disability benefit should be restored, the restored benefit should be calculated in accordance with G.S. 135-106(b); should include any post-disability benefit adjustments as provided by G.S. 135-108; and should not be reduced by an amount equal to a primary Social Security disability benefit to which the beneficiary might be entitled had the beneficiary been awarded Social Security benefits until the beneficiary has been eligible to receive long-term disability benefits for 36 months, including any period the beneficiary elected to receive any salary continuation in lieu of the long-term benefit, but not including any period of trial rehabilitation.

A beneficiary who returns to service for a period of trial rehabilitation and who has continued in service for greater than 36 continuous months shall again become a participant, and any subsequent incapacity shall be treated as a new incapacity causing a new waiting period to begin. Such a beneficiary may be entitled to additional long-term disability benefits on account of the new incapacity provided the beneficiary meets all other requirements notwithstanding the requirement of five years of membership service within the 96 calendar months prior to becoming disabled or the cessation of continuous salary continuation payments.

(d) Notwithstanding the foregoing, a participant or beneficiary who has applied for and been approved by the Medical Board for long-term disability benefits may make an irrevocable election, within 90 days from the date of notification of such approval, and prior to receipt of any long-term disability benefit payments, to forfeit all pending and accrued rights to the long-term disability benefit including any ancillary benefits and retire on an early service retirement allowance or receive a return of accumulated contributions from the Retirement System. Subsection (a) Set Out Twice. — The first version of subsection (a) set out above is effective for persons vested on or before August 1, 2007. The second version of subsection (a) set out above is effective for persons vested after August 1, 2007.

Effect of Amendments. —

The said Department of Transportation is vested with the following powers:

(1) The general supervision over all matters relating to the construction of the State highways, letting of contracts therefor, and the selection of materials to be used in the construction of State highways under the authority of this Chapter.

(2) To take over and assume exclusive control for the benefit of the State of any existing county or township roads, and to locate and acquire rights-of-way for any new roads that may be necessary for a State highway system, and subject to the provisions of G.S. 136-19.5(a) and (b) also locate and acquire such additional rights-of-way as may be necessary for the present or future relocation or initial location, above or below ground, of telephone, telegraph, electric and other lines, as well as gas, water, sewerage, oil and other pipelines, to be operated by public utilities as defined in G.S. 62-3(23) and which are regulated under Chapter 62 of the General Statutes, or by municipalities, counties, any entity created by one or more political subdivisions for the purpose of supplying any such utility services, electric membership corporations, telephone membership corporations, or any combination thereof, with full power to widen, relocate, change or alter the grade or location thereof and to change or relocate any existing roads that the Department of Transportation may now own or may acquire; to acquire by gift, purchase, or otherwise, any road or highway, or tract of land or other property whatsoever that may be necessary for a State highway system and adjacent utility rights-of-way: Provided, all changes or alterations authorized by this subdivision shall be subject to the provisions of G.S. 136-54 to 136-63, to the extent that said sections are applicable: Provided, that nothing in this Chapter shall be construed to authorize or permit the Department of Transportation to allow or pay anything to any county, township, city or town, or to any board of commissioners or governing body thereof, for any existing road or part of any road heretofore constructed by any such county, township, city or town, unless a contract has already been entered into with the Department of Transportation.

(3) To provide for such road materials as may be necessary to carry on the work of the Department of Transportation, either by gift, purchase, or condemnation: Provided, that when any person, firm or corporation owning a deposit of sand, gravel or other material, necessary, for the construction of the system of State highways provided herein, has entered into a contract to furnish the Department of Transportation any of such material, at a price to be fixed by said Department of Transportation, thereafter the Department of Transportation shall have the right to condemn the necessary right-of-way under the provisions of Article 9 of Chapter 136, to connect said deposit with any part of the system of State highways or public carrier, provided that easements to material deposits, condemned under this Article shall not become a public road and the condemned easement shall be returned to the owner as soon as the deposits are exhausted or abandoned by the Department of Transportation.

(4) To enforce by mandamus or other proper legal remedies all legal rights or causes of action of the Department of Transportation with other public bodies, corporations, or persons.

(5) To make rules, regulations and ordinances for the use of, and to police traffic on, the State highways, and to prevent their abuse by individuals, corporations and public corporations, by trucks, tractors, trailers or other heavy or destructive vehicles or machinery, or by any other means whatsoever, and to provide ample means for the enforcement of same; and the violation of any of the rules, regulations or ordinances so prescribed by the Department of Transportation shall constitute a Class 1 misdemeanor: Provided, no rules, regulations or ordinances shall be made that will conflict with any statute now in force or any ordinance of incorporated cities or towns, except the Department of Transportation may regulate parking upon any street which forms a link in the State highway system, if said street be maintained with State highway funds.

(6) To establish a traffic census to secure information about the relative use, cost, value, importance, and necessity of roads forming a part of the State highway system, which information shall be a part of the public records of the State, and upon which information the Department of Transportation shall, after due deliberation and in accordance with these established facts, proceed to order the construction of the particular highway or highways.

(7) To assume full and exclusive responsibility for the maintenance of all roads other than streets in towns and cities, forming a part of the State highway system from date of acquiring said roads. The Department of Transportation shall have authority to maintain all streets constructed by the Department of Transportation in towns of less than 3,000 population by the last census, and such other streets as may be constructed in towns and cities at the expense of the Department of Transportation, whenever in the opinion of the Department of Transportation it is necessary and proper so to do.

(8) To give suitable names to State highways and change the names as determined by the Board of Transportation of any highways that shall become a part of the State system of highways.

(9) To employ appropriate means for properly selecting, planting and protecting trees, shrubs, vines, grasses or legumes in the highway right-of-way in the promotion of erosion control, landscaping and general protection of said highways; to acquire by gift or otherwise land for and to construct, operate and maintain roadside parks, picnic areas, picnic tables, scenic overlooks and other appropriate turnouts for the safety and convenience of highway users; and to cooperate with municipal or county authorities, federal agencies, civic bodies and individuals in the furtherance of those objectives. None of the roadside parks, picnic areas, picnic tables, scenic overlooks or other turnouts, or any part of the highway right-of-way shall be used for commercial purposes except (i) for materials displayed in welcome centers in accordance with G.S. 136-89.56, and (ii) for vending machines permitted by the Department of Transportation and placed by the Division of Services for the Blind, Department of Health and Human Services, as the State licensing agency designated pursuant to Section 2(a)(5) of the Randolph-Sheppard Act (20 USC 107a(a)(5)). The Department of Transportation shall regulate the placing of the vending machines in highway rest areas and shall regulate the articles to be dispensed. Every other use or attempted use of any of these areas for commercial purposes shall constitute a Class 1 misdemeanor and each day's use shall constitute a separate offense.

(10) To make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph, electric and other

lines, above or below ground, signboards, fences, gas, water, sewerage, oil, or other pipelines, and other similar obstructions that may, in the opinion of the Department of Transportation, contribute to the hazard upon any of the said highways or in any way interfere with the same, and to make reasonable rules and regulations for the proper control thereof. And whenever the order of the said Department of Transportation shall require the removal of, or changes in, the location of telephone, telegraph, electric or other lines, signboards, fences, gas, water, sewerage, oil, or other pipelines, or other similar obstructions, the owners thereof shall at their own expense, except as provided in G.S. 136-19.5(c), move or change the same to conform to the order of said Department of Transportation. Any violation of such rules and regulations or noncompliance with such orders shall constitute a Class 1 misdemeanor.

(11) To regulate, abandon and close to use, grade crossings on any road designated as part of the State highway system, and whenever a public highway has been designated as part of the State highway system and the Department of Transportation, in order to avoid a grade crossing or crossings with a railroad or railroads, continues or constructs the said road on one side of the railroad or railroads, the Department of Transportation shall have power to abandon and close to use such grade crossings; and whenever an underpass or overhead bridge is substituted for a grade crossing, the Department of Transportation shall have power to close to use and abandon such grade crossing and any other crossing adjacent thereto.

(12) The Department of Transportation shall have such powers as are necessary to comply fully with the provisions of the Intermodal Surface Transportation Efficiency Act of 1991, Pub. L. No. 102-240, 105 Stat. 1914 (1991), as amended, and all other federal aid acts and programs the Department is authorized to administer. The said Department of Transportation is hereby authorized to enter into all contracts and agreements with the United States government relating to survey, construction, improvement and maintenance of roads, urban area traffic operations studies and improvement projects on the streets on the State highway system and on the municipal system in urban areas, under the provisions of the present or future congressional enactments, to submit such scheme or program of construction or improvement and maintenance as may be required by the Secretary of Transportation or otherwise provided by federal acts, and to do all other things necessary to carry out fully the cooperation contemplated and provided for by present or future aid acts of Congress for the construction or improvement and maintenance of federal aid of State highways. The good faith and credit of the State are further hereby pledged to make available funds necessary to meet the requirements of the acts of Congress, present or future, appropriating money to construct and improve rural post roads and apportioned to this State during each of the years for which federal funds are now or may hereafter be apportioned by the said act or acts, to maintain the roads constructed or improved with the aid of funds so appropriated and to make adequate provisions for carrying out such construction and maintenance. The good faith and credit of the State are further pledged to maintain such roads now built with federal aid and hereafter to be built and to make adequate provisions for carrying out such maintenance. Upon request of the Department of Transportation and in order to enable it to meet the requirements of acts of Congress with respect to federal aid funds apportioned to the State of North

Carolina, the State Treasurer is hereby authorized, with the approval of the Governor and Council of State, to issue short term notes from time to time, and in anticipation of State highway revenue, and to be payable out of State highway revenue for such sums as may be necessary to enable the Department of Transportation to meet the requirements of said federal aid appropriations, but in no event shall the outstanding notes under the provisions of this section amount to more than two million dollars ($2,000,000).

(12a) The Department of Transportation shall have such powers as are necessary to establish, administer, and receive federal funds for a transportation infrastructure banking program as authorized by the Intermodal Surface Transportation Efficiency Act of 1991, Pub. L. 102-240, as amended, and the National Highway System Designation Act of 1995, Pub. L. 104-59, as amended. The Department of Transportation is authorized to apply for, receive, administer, and comply with all conditions and requirements related to federal financial assistance necessary to fund the infrastructure banking program. The infrastructure banking program established by the Department of Transportation may utilize federal and available State funds for the purpose of providing loans or other financial assistance to governmental units, including toll authorities, to finance the costs of transportation projects authorized by the above federal aid acts. Such loans or other financial assistance shall be subject to repayment and conditioned upon the establishment of such security and the payment of such fees and interest rates as the Department of Transportation may deem necessary. The Department of Transportation is authorized to apply a municipality's share of funds allocated under G.S. 136-41.1 or G.S. 136-44.20 as necessary to ensure repayment of funds advanced under the infrastructure banking program. The Department of Transportation shall establish jointly, with the State Treasurer, a separate infrastructure banking account with necessary fiscal controls and accounting procedures. Funds credited to this account shall not revert, and interest and other investment income shall accrue to the account and may be used to provide loans and other financial assistance as provided under this subdivision. The Department of Transportation may establish such rules and policies as are necessary to establish and administer the infrastructure banking program. The infrastructure banking program authorized under this subdivision shall not modify the regional distribution formula for the distribution of funds established by G.S. 136-17.2A. Governmental units may apply for loans and execute debt instruments payable to the State in order to obtain loans or other financial assistance provided for in this subdivision. The Department of Transportation shall require that applicants shall pledge as security for such obligations revenues derived from operation of the benefited facilities or systems, other sources of revenue, or their faith and credit, or any combination thereof. The faith and credit of such governmental units shall not be pledged or be deemed to have been pledged unless the requirements of Article 4, Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this subdivision. The Local Government Commission shall develop and adopt appropriate procedures for the delivery of debt instruments to the State without any public bidding therefor. The Local Government Commission shall review and approve proposed loans to applicants pursuant to this subdivision under the provisions of Articles 4 and 5, Chapter 159 of the General Statutes, as if the issuance of bonds was proposed, so far as those provisions are applicable. Loans authorized by this subdivision shall be outstanding debt for the purpose of Article 10, Chapter 159 of the General Statutes.

(12b) To issue "GARVEE" bonds (Grant Anticipation Revenue Vehicles) or other eligible debt-financing instruments to finance federal-aid highway projects using federal funds to pay a portion of principal, interest, and related bond issuance costs, as authorized by 23 U.S.C. § 122, as amended (the National Highway System Designation Act of 1995, Pub. L. 104-59). These bonds shall be issued by the State Treasurer on behalf of the Department and shall be issued pursuant to an order adopted by the Council of State under G.S. 159-88. The State Treasurer shall develop and adopt appropriate debt instruments, consistent with the terms of the State and Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes, for use under this subdivision. Prior to issuance of any "GARVEE" or other eligible debt instrument using federal funds to pay a portion of principal, interest, and related bond issuance costs, the State Treasurer shall determine (i) that the total outstanding principal of such debt does not exceed the total amount of federal transportation funds authorized to the State in the prior federal fiscal year; or (ii) that the maximum annual principal and interest of such debt does not exceed fifteen percent (15%) of the expected average annual federal revenue shown for the seven-year period in the most recently adopted Transportation Improvement Program. Notes issued under the provisions of this subdivision may not be deemed to constitute a debt or liability of the State or of any political subdivision thereof, or a pledge of the full faith and credit of the State or of any political subdivision thereof, but shall be payable solely from the funds and revenues pledged therefor. All the notes shall contain on their face a statement to the effect that the State of North Carolina shall not be obligated to pay the principal or the interest on the notes, except from the federal transportation fund revenues as shall be provided by the documents governing the revenue note issuance, and that neither the faith and credit nor the taxing power of the State of North Carolina or of any of its political subdivisions is pledged to the payment of the principal or interest on the notes. The issuance of notes under this Part shall not directly or indirectly or contingently obligate the State or any of its political subdivisions to levy or to pledge any form of taxation whatever or to make any appropriation for their payment.

(13) The Department of Transportation may construct and maintain all walkways and driveways within the Mansion Square in the City of Raleigh and the Western Residence of the Governor in the City of Asheville including the approaches connecting with the city streets, and any funds expended therefor shall be a charge against general maintenance.

(14) The Department of Transportation shall have authority to provide roads for the connection of airports in the State with the public highway system, and to mark the highways and erect signals along the same for the guidance and protection of aircraft.

(15) The Department of Transportation shall have authority to provide facilities for the use of waterborne traffic and recreational uses by establishing connections between the highway system and the navigable and nonnavigable waters of the State by means of connecting roads and piers. Such facilities for recreational purposes shall be funded from funds available for safety or enhancement purposes.

(16) The Department of Transportation, pursuant to a resolution of the Board of Transportation, shall have authority, under the power of eminent domain and under the same procedure as provided for the acquirement of rights-of-way, to acquire title in fee simple to parcels of land for the purpose of exchanging the same for other real property to be used for the establishment of rights-of-way or for the widening of existing rights-of-way or the clearing of obstructions that, in the opinion of the Department of Transportation, constitute dangerous hazards at intersections. Real property may be acquired for such purposes only when the owner of the property needed by the Department of Transportation has agreed in writing to accept the property so acquired in exchange for that to be used by the Department of Transportation, and when, in the opinion of the Department of Transportation, an economy in the expenditure of public funds and the improvement and convenience and safety of the highway can be effected thereby.

(17) The Department of Transportation is hereby authorized and required to maintain and keep in repair, sufficient to accommodate the public school buses, roads leading from the state-maintained public roads to all public schools and public school buildings to which children are transported on public school buses to and from their homes. Said Department of Transportation is further authorized to construct, pave, and maintain school bus driveways and sufficient parking facilities for the school buses at those schools. The Department of Transportation is further authorized to construct, pave, and maintain all other driveways and entrances to the public schools leading from public roads not required in the preceding portion of this subdivision.

(18) To cooperate with appropriate agencies of the United States in acquiring rights-of-way for and in the construction and maintenance of flight strips or emergency landing fields for aircraft adjacent to State highways.

(19) To prohibit the erection of any informational, regulatory, or warning signs within the right-of-way of any highway project built within the corporate limits of any municipality in the State where the funds for such construction are derived in whole or in part from federal appropriations expended by the Department of Transportation, unless such signs have first been approved by the Department of Transportation.

(20) The Department of Transportation is hereby authorized to maintain and keep in repair a suitable way of ingress and egress to all public or church cemeteries or burial grounds in the State notwithstanding the fact that said road is not a part of the state-maintained system of roads. For the purpose of this subdivision a public or church cemetery or burial ground shall be defined as a cemetery or burial ground in which there are buried or permitted to be buried deceased persons of the community in which said cemetery or burial ground is located, but shall not mean a privately owned cemetery operated for profit or family burial plots.

(21) The Department of Transportation is hereby authorized and directed to remove all dead animals from the traveled portion and rights-of-way of all primary and secondary roads and to dispose of such animals by burial or otherwise. In cases where there is evidence of ownership upon the body of any dead dog, the Department of Transportation shall take reasonable steps to notify the owner thereof by mail or other means.

(22) No airport or aircraft landing area shall be constructed or altered where such construction or alteration when undertaken or completed

may reasonably affect motor vehicle operation and safety on adjoining public roads except in accordance with a written permit from the Department of Transportation or its duly authorized officers. The Department of Transportation is authorized and empowered to regulate airport and aircraft landing area construction and alteration in order to preserve safe clearances between highways and airways and the Department of Transportation is authorized and empowered to make rules, regulations, and ordinances for the preservation of safe clearances between highways and airways. The Department of Transportation shall be responsible for determining safe clearances and shall fix standards for said determination which shall not exceed the standards adopted for similar purposes by the United States Bureau of Public Roads under the Federal Aid Highway Act of 1958. Any person, firm, corporation or airport authority constructing or altering an airport or aircraft landing area without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or violating the provisions of the rules, regulations or ordinances promulgated under the authority of this section shall be guilty of a Class 1 misdemeanor; provided, that this subdivision shall not apply to publicly owned and operated airports and aircraft landing areas receiving federal funds and subject to regulation by the Federal Aviation Authority.

(23) When in the opinion of the Department of Transportation an economy in the expenditure of public funds can be effected thereby, the Department of Transportation shall have authority to enter into agreements with adjoining states regarding the planning, location, engineering, right-of-way acquisition and construction of roads and bridges connecting the North Carolina State highway system with public roads in adjoining states, and the Department of Transportation shall have authority to do planning, surveying, locating, engineering, right-of-way acquisition and construction on short segments of roads and bridges in adjoining states with the cost of said work to be reimbursed by the adjoining state, and may also enter into agreements with adjoining states providing for the performance of and reimbursement to the adjoining state of the cost of such work done within the State of North Carolina by the adjoining state: Provided, that the Department of Transportation shall retain the right to approve any contract for work to be done in this State by an adjoining state for which the adjoining state is to be reimbursed.

(24) The Department of Transportation is further authorized to pave driveways leading from state-maintained roads to rural fire district firehouses which are approved by the North Carolina Fire Insurance Rating Bureau and to facilities of rescue squads furnishing ambulance services which are approved by the North Carolina State Association of Rescue Squads, Inc.

(25) The Department of Transportation is hereby authorized and directed to design, construct, repair, and maintain paved streets and roads upon the campus of each of the State's institutions of higher education, at state-owned hospitals for the treatment of tuberculosis, state-owned orthopedic hospitals, juvenile correction centers, mental health hospitals and retarded centers, schools for the deaf, and schools for the blind, when such construction, maintenance, or repairs have been authorized by the General Assembly in the appropriations bills enacted by the General Assembly. Cost for such construction, maintenance, and repairs shall be borne by the Highway Fund. Upon the General Assembly authorizing the construction, repair, or main-

tenance of a paved road or drive upon any of the above-mentioned institutions, the Department of Transportation shall give such project priority to insure that it shall be accomplished as soon as feasible, at the minimum cost to the State, and in any event during the biennium for which the authorization shall have been given by the General Assembly.

(26) The Department of Transportation, at the request of a representative from a board of county commissioners, is hereby authorized to acquire by condemnation new or additional right-of-way to construct, pave or otherwise improve a designated State-maintained secondary road upon presentation by said board to the Department of Transportation of a duly verified copy of the minutes of its meeting showing approval of such request by a majority of its members and by the further presentation of a petition requesting such improvement executed by the abutting owners whose frontage on said secondary road shall equal or exceed seventy-five percent (75%) of the linear front footage along the secondary road sought to be improved. This subdivision shall not be construed to limit the authority of the Department of Transportation to exercise the power of eminent domain.

(27) The Department of Transportation is authorized to establish policies and promulgate rules providing for voluntary property owner or highway user participation in the costs of maintenance or improvement of roads which would not otherwise be necessary or would not otherwise be performed by the Department of Transportation and which will result in a benefit to the property owner or highway user. By way of illustration and not as a limitation, such costs include those incurred in connection with drainage improvements or maintenance, driveway connections, dust control on unpaved roads, surfacing or paving of roads and the acquisition of rights-of-way. Property owner and highway user participation can be in the form of materials, money, or land (for right-of-way) as deemed appropriate by the Department of Transportation. The authority of this section shall not be used to authorize, construct or maintain toll roads or bridges.

(28) The Department of Transportation may obtain land, either by gift, lease or purchase which shall be used for the construction and maintenance of ridesharing parking lots. The Department may design, construct, repair, and maintain ridesharing parking facilities.

(29) The Department of Transportation may establish policies and adopt rules about the size, location, direction of traffic flow, and the construction of driveway connections into any street or highway which is a part of the State Highway System. The Department of Transportation may require the construction and public dedication of acceleration and deceleration lanes, and traffic storage lanes and medians by others for the driveway connections into any United States route, or North Carolina route, and on any secondary road route with an average daily traffic volume of 4,000 vehicles per day or more.

(29a) To coordinate with all public and private entities planning schools to provide written recommendations and evaluations of driveway access and traffic operational and safety impacts on the State highway system resulting from the development of the proposed sites. All public and private entities shall, upon acquiring land for a new school or prior to beginning construction of a new school, relocating a school, or expanding an existing school, request from the Department a written evaluation and written recommendations to ensure that all proposed access points comply with the criteria in the current North

Carolina Department of Transportation "Policy on Street and Driveway Access". The Department shall provide the written evaluation and recommendations within a reasonable time, which shall not exceed 60 days. This subdivision shall not be construed to require the public or private entities planning schools to meet the recommendations made by the Department.

(30) Consistent with G.S. 130A-309.14(a1), the Department of Transportation shall review and revise its bid procedures and specifications set forth in Chapter 136 of the General Statutes to encourage the purchase or use of reusable, refillable, repairable, more durable, and less toxic supplies and products. The Department of Transportation shall require the purchase or use of such supplies and products in the construction and maintenance of highways and bridges to the extent that the use is practicable and cost-effective. The Department shall prepare an annual report on October 1 of each year to the Environmental Review Commission as required under G.S. 130A-309.14(a1).

(31) The Department of Transportation is authorized to designate portions of highways as scenic highways, and combinations of portions of highways as scenic byways, for portions of those highways that possess unusual, exceptional, or distinctive scenic, recreational, historical, educational, scientific, geological, natural, wildlife, cultural or ethnic features. The Department shall remove, upon application, from any existing or future scenic highway or scenic byway designation, highway sections that:

a. Have no scenic value,
b. Have been designated or would be so designated solely to preserve system continuity, and
c. Are adjacent to property on which is located one or more permanent structures devoted to a commercial or industrial activity and on which a commercial or industrial activity is actually conducted, in an unzoned area or an area zoned commercial or industrial pursuant to a State or local zoning ordinance or regulation, except for commercial activity related to tourism or recreation.

The Department shall adopt rules and regulations setting forth the criteria and procedures for the designation of scenic highways and scenic byways under this subsection.

Those portions of highways designated as scenic by the Department prior to July 1, 1993, are considered to be designated as scenic highways and scenic byways under this subsection but the Department shall remove from this designation portions of those highway sections that meet the criteria set forth in this subsection, if requested.

(32) The Department of Transportation may perform dredging services, on a cost reimbursement basis, for a unit of local government if the unit cannot obtain the services from a private company at a reasonable cost. A unit of local government is considered to be unable to obtain dredging services at a reasonable cost if it solicits bids for the dredging services in accordance with Article 8 of Chapter 143 of the General Statutes and does not receive a bid, considered by the Department of Transportation Engineering Staff, to be reasonable.

(33) The Department of Transportation is empowered and directed, from time to time, to carefully examine into and inspect the condition of each railroad, its equipment and facilities, in regard to the safety and convenience of the public and the railroad employees. If the Department finds any equipment or facilities to be unsafe, it shall at once

notify the railroad company and require the company to repair the equipment or facilities.

(34) The Department of Transportation may conduct, in a manner consistent with federal law, a program of accident prevention and public safety covering all railroads and may investigate the cause of any railroad accident. In order to facilitate this program, any railroad involved in an accident that must be reported to the Federal Railroad Administration shall also notify the Department of Transportation of the occurrence of the accident.

(35) To establish rural planning organizations, as provided in Article 17 of this Chapter.

(36) To oversee the safety of fixed guideway transit systems in the State not regulated by the Federal Railroad Administration, pursuant to the Intermodal Surface Transportation Efficiency Act of 1991 (49 U.S.C. § 5330). The Department shall adopt rules in conformance with 49 U.S.C. § 5330 concerning its oversight of the safety of fixed guideway transit systems.

(37) To permit private use of and encroachment upon the right-of-way of a State highway or road for the purpose of construction and maintenance of a privately owned bridge for pedestrians or motor vehicles, if the bridge shall not unreasonably interfere with or obstruct the public use of the right-of-way. Any agreement for an encroachment authorized by this subdivision shall be approved by the Board of Transportation, upon a finding that the encroachment is necessary and appropriate, in the sole discretion of the Board. Locations, plans, and specifications for any pedestrian or vehicular bridge authorized by the Board for construction pursuant to this subdivision shall be approved by the Department of Transportation. For any bridge subject to this subdivision, the Department shall retain the right to reject any plans, specifications, or materials used or proposed to be used, inspect and approve all materials to be used, inspect the construction, maintenance, or repair, and require the replacement, reconstruction, repair, or demolition of any partially or wholly completed bridge that, in the sole discretion of the Department, is unsafe or substandard in design or construction. An encroachment agreement authorized by this subdivision may include a requirement to purchase and maintain liability insurance in an amount determined by the Department of Transportation. The Department shall ensure that any bridge constructed pursuant to this subdivision is regularly inspected for safety. The owner shall have the bridge inspected every two years by a qualified private engineering firm based on National Bridge Inspection Standards and shall provide the Department copies of the Bridge Inspection Reports where they shall be kept on file. Any bridge authorized and constructed pursuant to this subdivision shall be subject to all other rules and conditions of the Department of Transportation for encroachments.

(38) To enter into agreements with municipalities, counties, governmental entities, or nonprofit corporations to receive funds for the purpose of advancing the construction schedule of a project identified in the Transportation Improvement Program. If these funds are subject to repayment by the Department, prior to receipt of funds, reimbursement of all funds received by the Department shall be shown in the existing Transportation Improvement Program and shall be reimbursed within seven years of receipt.

(39) To enter into partnership agreements with the North Carolina Turnpike Authority, private entities, and authorized political subdi-

visions to finance, by tolls and other financing methods authorized by law, the cost of acquiring, constructing, equipping, maintaining, and operating highways, roads, streets, and bridges in this State. An agreement entered into under this subdivision requires the concurrence of the Board of Transportation. § 136-28.1. Letting of contracts to bidders after advertisement; exceptions.

(a) All contracts over one million two hundred thousand dollars ($1,200,000) that the Department of Transportation may let for construction or repair necessary to carry out the provisions of this Chapter shall be let to a responsible bidder after public advertising under rules and regulations to be made and published by the Department of Transportation. The right to reject any and all bids shall be reserved to the Board of Transportation. Contracts for construction or repair for federal aid projects entered into pursuant to this section shall not contain the standardized contract clauses prescribed by 23 U.S.C. § 112(e) and 23 C.F.R. § 635.109 for differing site conditions, suspensions of work ordered by the engineer or significant changes in the character of the work. For those federal aid projects, the Department of Transportation shall use only the contract provisions for differing site conditions, suspensions of work ordered by the engineer, or significant changes in the character of the work developed by the North Carolina Department of Transportation and approved by the Board of Transportation.

(b) In those cases in which the amount of work to be let to contract for highway construction, maintenance, or repair is one million two hundred thousand dollars ($1,200,000) or less, at least three informal bids shall be solicited. The term "informal bids" is defined as bids in writing, received pursuant to a written request, without public advertising. All such contracts shall be awarded to the lowest responsible bidder. The Secretary of Transportation shall keep a record of all bids submitted, which record shall be subject to public inspection at any time after the bids are opened.

(c) **(Effective until July 1, 2007)** The construction, maintenance, and repair of ferryboats and all other marine floating equipment and the construction and repair of all types of docks by the Department of Transportation shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and Chapter 44A and Article 1 of Chapter 143, "The Executive Budget Act." In cases of a written determination by the Secretary of Transportation that the requirement for compatibility does not make public advertising feasible for the repair of ferryboats, the public advertising as well as the soliciting of informal bids may be waived.

(c) **(Effective July 1, 2007)** The construction, maintenance, and repair of ferryboats and all other marine floating equipment and the construction and repair of all types of docks by the Department of Transportation shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and Chapter 44A and Chapter 143C of the General Statutes, the State Budget Act. In cases of a written determination by the Secretary of Transportation that the requirement for compatibility does not make public advertising feasible for the repair of ferryboats, the public advertising as well as the soliciting of informal bids may be waived.

(d) **(Effective until July 1, 2007)** The construction, maintenance, and repair of the highway rest area buildings and facilities, weight stations and the Department of Transportation's participation in the construction of welcome center buildings shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and 136-28.3 and Article 1 of Chapter 143 of the General Statutes, "The Executive Budget Act."

(d) **(Effective July 1, 2007)** The construction, maintenance, and repair of the highway rest area buildings and facilities, weight stations and the Department of Transportation's participation in the construction of welcome center buildings shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and 136-28.3 and Chapter 143C of the General Statutes, the State Budget Act.

(e) The Department of Transportation may enter into contracts for construction, maintenance, or repair without complying with the bidding requirements of this section upon a determination of the Secretary of Transportation or the State Highway Administrator that an emergency exists and that it is not feasible or not in the public interest for the Department of Transportation to comply with the bidding requirements.

(f) Notwithstanding any other provision of law, the Department of Transportation may solicit proposals under rules and regulations adopted by the Department of Transportation for all contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with highway construction, maintenance, or repair. In order to promote engineering and design quality and ensure maximum competition by professional firms of all sizes, the Department may establish fiscal guidelines and limitations necessary to promote cost-efficiencies in overhead, salary, and expense reimbursement rates. The right to reject any and all proposals is reserved to the Board of Transportation.

(g) The Department of Transportation may enter into contracts for research and development with educational institutions and nonprofit organizations without soliciting bids or proposals.

(h) The Department of Transportation may enter into contracts for applied research and experimental work without soliciting bids or proposals; provided, however, that if the research or work is for the purpose of testing equipment, materials, or supplies, the provisions of Article 3 of Chapter 143 of the General Statutes shall apply. The Department of Transportation is encouraged to solicit proposals when contracts are entered into with private firms when it is in the public interest to do so.

(i) The Department of Transportation may negotiate and enter into contracts with public utility companies for the lease, purchase, installation, and maintenance of generators for electricity for its ferry repair facilities.

(j) Repealed by Session Laws 2002-151, s. 1, effective October 9, 2002.

(k) The Department of Transportation may accept bids under this section by electronic means and may issue rules governing the acceptance of these bids. For purposes of this subsection "electronic means" is defined as means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities. § 136-28.4. State policy concerning participation by disadvantaged minority-owned and women-owned businesses in highway contracts.

(a) It is the policy of this State, based on a compelling governmental interest, to encourage and promote participation by disadvantaged minority-owned and women-owned businesses in contracts let by the Department pursuant to this Chapter for the planning, design, preconstruction, construction, alteration, or maintenance of State highways, roads, streets, or bridges and in the procurement of materials for these projects. All State agencies, institutions, and political subdivisions shall cooperate with the Department of Transportation and among themselves in all efforts to conduct outreach and to encourage and promote the use of disadvantaged minority-owned and women-owned businesses in these contracts.

(b) At least every five years, the Department shall conduct a study on the availability and utilization of disadvantaged minority-owned and women-owned business enterprises and examine relevant evidence of the effects of race-based or gender-based discrimination upon the utilization of such business enterprises in contracts for planning, design, preconstruction, construction, alteration, or maintenance of State highways, roads, streets, or bridges and in the procurement of materials for these projects. Should the study show a strong basis in evidence of ongoing effects of past or present discrimination that prevents or limits disadvantaged minority-owned and women-owned businesses from participating in the above contracts at a level which would have existed absent such discrimination, such evidence shall constitute a basis for the State's continued compelling governmental interest in remedying such race and gender discrimination in highway contracting. Under such circumstances, the Department shall, in conformity with State and federal law, adopt by rule and contract provisions a specific program to remedy such discrimination. This specific program shall, to the extent reasonably practicable, address each barrier identified in such study that adversely affects contract participation by disadvantaged minority-owned and women-owned businesses.

(b1) Based upon the findings of the Department's Second Generation Disparity Study completed in 2004, hereinafter referred to as 'Study", the program design shall, to the extent reasonably practicable, incorporate narrowly tailored remedies identified in the Study, and the Department shall implement a comprehensive antidiscrimination enforcement policy. As appropriate, the program design shall be modified by rules adopted by the Department that are consistent with findings made in the Study and in subsequent studies conducted in accordance with subsection (b) of this section. As part of this program, the Department shall review its budget and establish annual aspirational goals, not mandatory goals, in percentages, for the overall participation in contracts by disadvantaged minority-owned and women-owned businesses. These annual aspirational goals for disadvantaged minority-owned and women-owned businesses shall be established consistent with methodology specified in the Study, and they shall not be applied rigidly on specific contracts or projects. Instead, the Department shall establish contract-specific goals or project-specific goals for the participation of such firms in a manner consistent with availability of disadvantaged minority-owned and women-owned businesses, as appropriately defined by its most recent Study, for each disadvantaged minority-owned and women-owned business category that has demonstrated significant disparity in contract utilization. Nothing in this section shall authorize the use of quotas. Any program implemented as a result of the Study conducted in accordance with this section shall be narrowly tailored to eliminate the effects of historical and continuing discrimination and its impacts on such disadvantaged minority-owned and women-owned businesses without any undue burden on other contractors. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

(c) The following definitions apply in this section:

(1) "Disadvantaged business" has the same meaning as "disadvantaged business enterprise" in 49 C.F.R. § 26.5 or any subsequently promulgated replacement regulation.

(2) "Minority" includes only those racial or ethnicity classifications identified by a study conducted in accordance with this section that have been subjected to discrimination in the relevant marketplace and that have been adversely affected in their ability to obtain contracts with the Department.

(d) The Department shall report semiannually to the Joint Legislative Transportation Oversight Committee on the utilization of disadvantaged minority-owned businesses and women-owned businesses and any program adopted to promote contracting opportunities for those businesses. Following each study of availability and utilization, the Department shall report to the Joint Legislative Transportation Oversight Committee on the results of the study for the purpose of determining whether the provisions of this section should continue in force and effect.

(e) This section expires August 31, 2009. (1983, c. 692, s. 3; 1989, c. 692, s. 1.5; 1989 (Reg. Sess., 1990), c. 1066, s. 143(a); 2006-261, s. 4.)

Editor's Note. —

Session Laws 2006-261, s. 6, is a severability clause.

Effect of Amendments. — Session Laws 2006-261, s. 4, effective August 27, 2006, inserted "minority-owned and women-owned" in the middle of the section catchline; in subsection (a), in the first sentence, inserted "based on a compelling governmental interest" near the beginning, inserted "minority-owned and women-owned" near the middle, inserted "planning" near the middle, and inserted "preconstruction" near the middle, and, in the second sentence, substituted "among themselves in all efforts to conduct outreach and to" for "all other State agencies, institutions, and political subdivisions in efforts to" and inserted "minority-owned and women-owned" near the end; rewrote subsection (b); added subsection (b1); rewrote subsection (c); and added subsections (d) and (e).

§ 136-28.14. Project contractor licensing requirements.

The letting of contracts under this Chapter for the following types of projects shall not be subject to the licensing requirements of Article 1 of Chapter 87 of the General Statutes:

(1) Routine maintenance and minor repair of pavements, bridges, roadside vegetation and plantings, drainage systems, concrete sidewalks, curbs, gutters, and rest areas.

(2) Installation and maintenance of pavement markings and markers, ground mounted signs, guardrail, fencing, and roadside vegetation and plantings. (2006-261, s. 1.)

Editor's Note. — Session Laws 2006-261, s. 7, made this section effective August 27, 2006.

Session Laws 2006-261, s. 6, is a severability clause.

The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the "grantor" index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within one year following the establishment of a transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the one-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a transportation corridor official map or amendments to a transportation corridor official map. When a city prepares a transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the one-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(e) The term "amendment" for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, the North Carolina Turnpike Authority, a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, the North Carolina Turnpike Authority, or deletion of the corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

(f) The term "transportation corridor" as used in this Article does not include bikeways or greenways. (1987, c. 747, s. 19; 1989, c. 595, s. 1; 1998-184, s. 1; 2005-275, s. 1; 2005-418, s. 9; 2006-237, s. 1.)

Effect of Amendments. — Session Laws 2006-237, s. 1, effective August 13, 2006, added paragraph (a)(5); and added the subsection (a1) designation.

§ 136-66.8. Agreements with units of local government to expedite projects.

(a) Agreements Authorized. — The Department of Transportation may enter into agreements with units of local government for the purpose of expediting transportation projects currently programmed in the Transportation Improvement Plan.

(b) Form of Agreements. — The agreements affected by this section shall be between the Department of Transportation and units of local government. The agreements may authorize units of local government to construct projects scheduled in the Transportation Improvement Plan more than two years from the date of the agreement. The units of local government shall fund one hundred percent (100%) of the project at current prices. In a future year, when the project is funded from State and federal sources, the units of local government shall be reimbursed an appropriate share of the funds, at the future programmed project funding amount, as identified and scheduled in the Transportation Improvement Plan.

(c) Report. — The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee by December 1, 2006, on any agreements executed with units of local government pursuant to this section. (2006-135, s. 3.)

Editor's Note. — Session Laws 2006-135, s. 4, made this section effective July 19, 2006.

(a) The Authority shall have all of the powers necessary to execute the provisions of this Article, including the following:

(1) The powers of a corporate body, including the power to sue and be sued, to make contracts, to adopt and use a common seal, and to alter the adopted seal as needed.

(2) To study, plan, develop, and undertake preliminary design work on up to nine Turnpike Projects. At the conclusion of these activities, the Turnpike Authority is authorized to design, establish, purchase, construct, operate, and maintain the following projects:

A Turnpike Project selected for construction by the Turnpike Authority shall be included in any applicable locally adopted comprehensive transportation plans and shall be shown in the current State Transportation Improvement Plan prior to the letting of a contract for the Turnpike Project.

(3) Repealed by Session Laws 2005-275, s. 2, effective August 12, 2005.
(4) To rent, lease, purchase, acquire, own, encumber, dispose of, or mortgage real or personal property, including the power to acquire property by eminent domain pursuant to G.S. 136-89.184.
(5) To fix, revise, charge, and collect tolls and fees for the use of the Turnpike Projects. Prior to the effective date of any toll or fee for use of a Turnpike Facility, the Authority shall submit a description of the proposed toll or fee to the Board of Transportation, the Joint Legislative Transportation Oversight Committee and the Joint Legislative Commission on Governmental Operations for review.
(6) To issue bonds or notes of the Authority as provided in this Article.
(7) To establish, construct, purchase, maintain, equip, and operate any structure or facilities associated with the Turnpike System.

(15) To use officers, employees, agents, and facilities of the Department for the purposes and upon the terms as may be mutually agreeable.
(16) To contract for the construction, maintenance, and operation of a Turnpike Project.
(17) To enter into partnership agreements with the Department of Transportation, agreements with political subdivisions of the State, and agreements with private entities, and to expend such funds as it deems necessary, pursuant to such agreements, for the purpose of financing the cost of acquiring, constructing, equipping, operating, or maintaining any Turnpike Project. An agreement entered under this

subdivision requires the concurrence of the Board of Transportation if the Department of Transportation is a party to the agreement.

(18) To utilize incentives in any contract for development or construction of a Turnpike Project, in order to promote expedited delivery of the project.

(b) To execute the powers provided in subsection (a) of this section, the Authority shall determine its policies by majority vote of the members of the Authority Board present and voting, a quorum having been established. Once a policy is established, the Authority Board shall communicate it to the Executive Director or the Executive Director's designee, who shall have the sole and exclusive authority to execute the policy of the Authority. No member of the Authority Board shall have the responsibility or authority to give operational directives to any employee of the Authority other than the Executive Director or the Director's designee. (2002-133, s. 1; 2005-275, s. 2; 2006-228, s. 5; 2006-230, s. 1(b).)

Effect of Amendments. —

Session Laws 2006-228, s. 5, effective August 10, 2006, rewrote subdivision (a)(2).

Session Laws 2006-230, s. 1(b), effective August 1, 2006, in paragraph (a)(17), inserted "with the Department of Transportation" near the beginning of the first sentence; and added the second sentence.

§ 136-89.187. Conversion of free highways prohibited.

The Authority Board is prohibited from converting any segment of the nontolled State Highway System to a toll facility, except for a segment of Interstate 540 under construction as of July 1, 2006, located in Wake and Durham Counties, and extending from I-40 southwest to N.C. 55. No segment may be converted to a toll route pursuant to this section unless first approved by the Metropolitan Planning Organization (MPO) or Rural Planning Organization (RPO) of the area in which that segment is located. (2002-133, s. 1; 2006-228, s. 3.)

Effect of Amendments. — Session Laws 2006-228, s. 3, effective August 10, 2006, added "except for a segment of Interstate 540 under construction as of July 1, 2006, located in Wake and Durham Counties, and extending from I-40 southwest to N.C. 55" at the end of the first sentence; and added the second sentence.

§ 136-89.188. Use of revenues.

(a) Revenues derived from Turnpike Projects authorized under this Article shall be used only for Authority administration costs; Turnpike Project development, right-of-way acquisition, construction, operation, and maintenance; and debt service on the Authority's revenue bonds or related purposes such as the establishment of debt service reserve funds.

(b) The Authority may use up to one hundred percent (100%) of the revenue derived from a Turnpike Project for debt service on the Authority's revenue bonds or for a combination of debt service and operation and maintenance expenses of the Turnpike Projects.

(c) The Authority shall use not more than five percent (5%) of total revenue derived from all Turnpike Projects for Authority administration costs.

(d) Notwithstanding the provisions of subsections (a) and (b) of this section, toll revenues generated from a converted segment of the State highway system previously planned for operation as a nontoll facility shall only be used for the funding or financing of the right-of-way acquisition, construction, expansion, operations, maintenance, and Authority administration costs associated with the converted segment or a contiguous toll facility. (2002-133, s. 1; 2006-228, s. 4.)

Effect of Amendments. — Session Laws 2006-228, s. 4, effective August 10, 2006, added subsection (d).

§ 136-89.194. Laws applicable to the Authority; exceptions.

(a) Motor Vehicle Laws. — The Turnpike System shall be considered a "highway" as defined in G.S. 20-4.01(13) and a "public vehicular area" as defined in G.S. 20-4.01(32). All law enforcement and emergency personnel, including the State Highway Patrol and the Division of Motor Vehicles, shall have the same powers and duties on the Turnpike System as on any other highway or public vehicular area.

(b) Contracting. — For the purposes of implementing this Article, the Authority shall solicit competitive proposals for the construction of Turnpike Projects in accordance with the provisions of Article 2 of this Chapter. Contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with construction of Turnpike Projects shall be solicited in accordance with procedures utilized by the Department of Transportation.

(c) Alternative Contracting Methods. — Notwithstanding the provisions of subsection (b) of this section, the Authority may authorize the use of alternative contracting methods if:

(1) The authorization applies to an individual project;

(2) The Authority has concluded, and documented in writing, that the alternative contracting method is necessary because the project cannot be completed utilizing the procedures of Article 2 of this Chapter within the necessary time frame or available funding or for other reasons the Authority deems in the public interest;

(3) The Authority has provided, to the extent possible, for the solicitation of competitive proposals prior to awarding a contract; and

(4) The approved alternative contracting method provides for reasonable compliance with the disadvantaged business participation goals of G.S. 136-28.4.

(d) Entry for Surveys. — The Turnpike Authority and its employees and contractors shall have the same right of entry for surveys, borings, soundings, or examinations as granted the Department of Transportation in G.S. 136-120. (2002-133, s. 1; 2006-228, s. 6.)

Effect of Amendments. — Session Laws 2006-228, s. 6, effective August 10, 2006, added subsection (d).

Article 7.

Miscellaneous Provisions.

§ 136-96. Road or street not used within 15 years after dedication deemed abandoned; declaration of withdrawal recorded; joint tenants or tenants in common; defunct corporations.

CASE NOTES

Effect of Withdrawal. —

Where the owners asserted that the street was not part of a dedication of a public road into which the street branched, the appellate court agreed; to the extent any document may have constituted an offer or proposal for dedication of the street as part of the public road, that offer or proposal was withdrawn under G.S. 136-96, as the withdrawal of street dedication submitted by the family members of those who dedicated the public road and who previously owned the owners' property stated that the street was a 60-foot private right-of-way. § 136-111. Remedy where no declaration of taking filed; recording memorandum of action.

CASE NOTES

Construction With Other Statutes. — Decision and order of the North Carolina Industrial Commission was affirmed because the North Carolina Tort Claims Act, G.S. 143-291 et seq., governed the property owners' negligence claim against a state agency, rather than G.S. 136-111. The statute addressed actions seeking damages for condemnation, while the North Carolina Tort Claims Act governed negligence claims. Pate v. N.C. DOT, — N.C. App. —, 626 S.E.2d 661, 2006 N.C. App. LEXIS 528 (2006).

§ 136-112. Measure of damages.

CASE NOTES

II. Damages Where Part of Tract Is Taken.
III. Pleading and Practice.

II. DAMAGES WHERE PART OF TRACT IS TAKEN.

Evidence of Lost Profits Properly Admitted. — Where the North Carolina Department of Transportation took a portion of defendant's property to widen a highway, thereby restricting customer's access to defendant's service station, the trial court did not err in permitting the owner's president to testify as to loss of profits and in allowing its expert to use those lost profits in calculating the fair market value of the property after the taking. DOT v. M.M. Fowler, Inc., 170 N.C. App. 162, 611 S.E.2d 448, 2005 N.C. App. LEXIS 905 (2005).

III. PLEADING AND PRACTICE.

Admissibility of Evidence Generally. — Trial court did not err in admitting evidence of the net income of a hypothetical valet parking business on a condemned property as, inter alia, the owners' experts testified as to the reasons that the net income approach was used and the process by which they derived the necessary numerical values, and the evidence of the net income from operation of a parking lot on the property was not inadmissible evidence of "lost profits" as the owners' experts performed the calculations necessary to convert rental income to fair market value. City of Charlotte v. Hurlahe, — N.C. App. —, 631 S.E.2d 28, 2006 N.C. App. LEXIS 1296 (2006).

Owner's Testimony as to Intended Use Not Prejudicial. — Owner's testimony of his intended use for a condemned property did not prejudice a city as the parties agreed that the highest and best use for the property was as an airport parking lot and the city used the property as an airport parking lot after it was condemned. City of Charlotte v. Hurlahe, — N.C. App. —, 631 S.E.2d 28, 2006 N.C. App. LEXIS 1296 (2006).

ARTICLE 14.

§ 136-176. (For contingent repeal see editor's note) Creation, revenue sources, and purpose of North Carolina Highway Trust Fund.

(a) A special account, designated the North Carolina Highway Trust Fund, is created within the State treasury. The Trust Fund consists of the following revenue:

(1) Motor fuel, alternative fuel, and road tax revenue deposited in the Fund under G.S. 105-449.125, 105-449.134, and 105-449.43, respectively.

(a1) The Department shall use two hundred twenty million dollars ($220,000,000) in fiscal year 2001-2002, two hundred twelve million dollars ($212,000,000) in fiscal year 2002-2003, and two hundred fifty-five million dollars ($255,000,000) in fiscal year 2003-2004 of the cash balance of the Highway Trust Fund for the following purposes:

(1) For primary route pavement preservation. — One hundred seventy million dollars ($170,000,000) in fiscal year 2001-2002, and one hundred fifty million dollars ($150,000,000) in each of the fiscal years 2002-2003 and 2003-2004. Up to ten percent (10%) of the amount for each of the fiscal years 2001-2002, 2002-2003, and 2003-2004 is available in that fiscal year, at the discretion of the Secretary of Transportation, for:

a. Highway improvement projects that further economic growth and development in small urban and rural areas, that are in the Transportation Improvement Program, and that are individually approved by the Board of Transportation; or

b. Highway improvements that further economic development in the State and that are individually approved by the Board of Transportation.

(2) For preliminary engineering costs not included in the current year Transportation Improvement Program. — Fifteen million dollars ($15,000,000) in each of the fiscal years 2001-2002, 2002-2003, and 2003-2004.

(3) For computerized traffic signal systems and signal optimization projects. — Fifteen million dollars ($15,000,000) in each of the fiscal years 2001-2002, 2002-2003, and 2003-2004.

(4) For public transportation twenty million dollars ($20,000,000) in fiscal year 2001-2002, twenty-five million dollars ($25,000,000) in fiscal year 2002-2003, and seventy-five million dollars ($75,000,000) in fiscal year 2003-2004.

(5) For small urban construction projects. — Seven million dollars ($7,000,000) in fiscal year 2002-2003.

Funds authorized for use by the Department pursuant to this subsection shall remain available to the Department until expended.

(a2) Repealed by Session Laws 2002-126, s. 26.4(b), effective July 1, 2002.

(a3) The Department may obligate three hundred million dollars ($300,000,000) in fiscal year 2003-2004 and four hundred million dollars ($400,000,000) in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for the following purposes:

(1) Six hundred thirty million dollars ($630,000,000) for highway system preservation, modernization, and maintenance, including projects to enhance safety, reduce congestion, improve traffic flow, reduce accidents, upgrade pavement widths and shoulders, extend pavement life, improve pavement smoothness, and rehabilitate or replace deficient bridges; and for economic development transportation projects recommended by local officials and approved by the Board of Transportation.

(2) Seventy million dollars ($70,000,000) for regional public transit systems, rural and urban public transportation system facilities, regional transportation and air quality initiatives, rail system track improvements and equipment, and other ferry, bicycle, and pedestrian improvements. For any project or program listed in this subdivision for which the Department receives federal funds, use of funds pursuant to this subdivision shall be limited to matching those funds.

Funds authorized for obligation and use by the Department pursuant to this subsection shall remain available to the Department until expended.

(a4) Project selection pursuant to subsection (a3) of this section shall be based on identified and documented need. Funds expended pursuant to subdivision (1) of subsection (a3) of this section shall be distributed in accordance with the distribution formula in G.S. 136-17.2A. No funds shall be expended pursuant to subsection (a3)(1) of this section on any project that does not meet Department of Transportation standards for road design, materials, construction, and traffic flow.

(a5) The Department shall report to the Joint Legislative Transportation Oversight Committee, on or before September 1, 2003, on its intended use of funds pursuant to subsection (a3) of this section. The Department shall report to the Joint Transportation Appropriations Subcommittee, on or before May 1, 2004, on its actual current and intended future use of funds pursuant to subsection (a3) of this section. The Department shall certify to the Joint Legislative Transportation Oversight Committee each year, on or before November 1, that use of the Highway Trust Fund cash balances for the purposes listed in subsection (a3) of this section will not adversely affect the delivery schedule of any Highway Trust Fund projects. If the Department cannot certify that the full amounts authorized in subsection (a3) of this section are available, then the Department may determine the amount that can be used without adversely affecting the delivery schedule and may proportionately apply that amount to the purposes set forth in subsection (a3) of this section.

(b) Funds in the Trust Fund are annually appropriated to the Department of Transportation to be allocated and used as provided in this subsection. A sum, not to exceed four percent (4%) of the amount of revenue deposited in the Trust Fund under subdivisions (a)(1), (2), and (3) of this section for the 2003-2004 fiscal year and three and eight-tenths percent (3.8%) thereafter, may be used each fiscal year by the Department for expenses to administer the Trust Fund. Operation and project development costs of the North Carolina Turnpike Authority are eligible administrative expenses under this subsection. Any funds allocated to the Authority pursuant to this subsection shall be repaid by the Authority from its toll revenue as soon as possible, subject to any restrictions included in the agreements entered into by the Authority in connection with the issuance of the Authority's revenue bonds. Beginning one year after the Authority begins collecting tolls on a completed Turnpike Project, interest shall accrue on any unpaid balance owed to the Highway Trust Fund at a rate equal to the State Treasurer's average annual yield on its investment of Highway Trust Fund funds pursuant to G.S. 147-6.1. Interest earned on the unpaid balance shall be deposited in the Highway Trust Fund upon repayment. The sum up to the amount anticipated to be necessary to meet the State matching funds requirements to receive federal-aid highway trust funds for the next fiscal year may be set aside for that purpose. The rest of the funds in the Trust Fund shall be allocated and used as follows:

(1) Sixty-one and ninety-five hundredths percent (61.95%) to plan, design, and construct projects on segments or corridors of the Intrastate System as described in G.S. 136-178 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these projects.

(2) Twenty-five and five hundredths percent (25.05%) to plan, design, and construct the urban loops described in G.S. 136-180 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these urban loops.

(3) Six and one-half percent (6.5%) to supplement the appropriation to cities for city streets under G.S. 136-181.

(4) Six and one-half percent (6.5%) for secondary road construction as provided in G.S. 136-182 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to secondary road construction.

The Department must administer funds allocated under subdivisions (1), (2), and (4) of this subsection in a manner that ensures that sufficient funds are available to make the debt service payments on bonds issued under the State Highway Bond Act of 1996 as they become due.

(b1) The Secretary may authorize the transfer of funds allocated under subdivisions (1) through (4) of subsection (b) of this section to other projects that are ready to be let and were to be funded from allocations to those subdivisions. The Secretary shall ensure that any funds transferred pursuant to this subsection are repaid promptly and in any event in no more than four years. The Secretary shall certify, prior to making any transfer pursuant to this subsection, that the transfer will not affect the delivery schedule of Highway Trust Fund projects in the current Transportation Improvement Program. No transfers shall be allowed that do not conform to the applicable provisions of the equity formula for distribution of funds, G.S. 136-17.2A. If the Secretary authorizes a transfer pursuant to this subsection, the Secretary shall report that decision to the next regularly scheduled meetings of the Joint Legislative Commission on Governmental Operations, the Joint Legislative Transportation Oversight Committee, and to the Fiscal Research Division.

(c) If funds are received under 23 U.S.C. Chapter 1, Federal-Aid Highways, for a project for which funds in the Trust Fund may be used, the amount of federal funds received plus the amount of any funds from the Highway Fund that were used to match the federal funds may be transferred by the Secretary of Transportation from the Trust Fund to the Highway Fund and used for projects in the Transportation Improvement Program.

(d) **(Effective until July 1, 2007)** A contract may be let for projects funded from the Trust Fund in anticipation of revenues pursuant to the cash-flow provisions of G.S. 143-28.1 only for the two bienniums following the year in which the contract is let.

(d) **(Effective July 1, 2007)** A contract may be let for projects funded from the Trust Fund in anticipation of revenues pursuant to the cash-flow provisions of G.S. 143C-6-11 only for the two bienniums following the year in which the contract is let. (1989, c. 692, s. 1.1; c. 770, ss. 68.2, 74.6; 1989 (Reg. Sess., 1990), c. 1024, s. 46(a), (b); 1991, c. 193, s. 9; c. 280, s. 1; c. 689, s. 62; 1995, c. 390, s. 27; 1995 (Reg. Sess., 1996), c. 590, s. 6; 1996, 2nd Ex. ARTICLE 1.

General Provisions.

§ 138A-1. Title.

This Chapter shall be known and may be cited as the "State Government Ethics Act". (2006-201, s. 1.)

Editor's Note. — Session Laws 2006-201, s. 25, made this Chapter effective October 1, 2006, and applicable to covered persons and legislative employees, to gifts received, to acts and conflicts of interest that arise, and to offenses committed, on or after January 1, 2007. Prosecutions for offenses or ethics violations committed before January 1, 2007, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.

The preamble to Session Laws 2006-201 reads as follows: "Whereas, the people of North Carolina entrust public power to elected and appointed officials for the purpose of furthering the public, not private or personal, interest; and

"Whereas, to maintain the public trust, it is essential that government function honestly and fairly, free from all forms of impropriety, threats, favoritism, and undue influence; and

"Whereas, elected and appointed officials must maintain and exercise the highest standards of duty to the public in carrying out the responsibilities and functions of their positions; and

"Whereas, acceptance of authority granted by the people to elected and appointed officials imposes a commitment of fidelity to the public interest, and the power so entrusted should not be used to advance narrow interests for oneself or others; and

"Whereas, self-interest, partiality, and prejudice have no place in decisionmaking for the public good; and

"Whereas, public officials must exercise their duties responsibly with skillful judgment and energetic dedication; and

"Whereas, public officials must exercise discretion with sensitive information pertaining to public and private persons and activities; and

"Whereas, to maintain the integrity of North Carolina's State government, those citizens entrusted with authority must exercise it for the good of the public and treat every citizen with courtesy, attentiveness, and respect; and

"Whereas, because many public officials serve on a part-time basis, it is inevitable that conflicts of interest and appearances of conflicts will occur. Often these conflicts are unintentional and slight, but at every turn those public officials who represent the people of this State must ensure that it is the interests of the people, and not their own, that are being served. Officials should be prepared to remove themselves immediately from decisions, votes, or processes where a conflict of interest exists;

"Now, therefore, The General Assembly of North Carolina enacts:"

Session Laws 2006-201, s. 22, provides: "The authority, powers, duties and functions, records, personnel, property, unexpended balances of appropriations, allocations, or other funds, including the functions of budgeting and purchasing, of the North Carolina Board of Ethics of the Office of the Governor are transferred to the State Ethics Commission created in Section 1 of this act. The Director of the Budget shall resolve any disputes arising out of this transfer."

Session Laws 2006-201, s. 23(a), (b), provides: "(a) Persons holding covered positions on January 1, 2007, shall file statements of economic interest under Article 3 of Chapter 138A of the General Statutes by March 15, 2007.

"(b) Public servants holding positions on January 1, 2007, shall participate in ethics education presentations under G.S. 138A-14 on or before January 1, 2008."

Session Laws 2006-201, s. 24, is a severability clause.

§ 138A-2. Purpose.

The purpose of this Chapter is to ensure that elected and appointed State agency officials exercise their authority honestly and fairly, free from impropriety, threats, favoritism, and undue influence. To this end, it is the intent of the General Assembly in this Chapter to ensure that standards of ethical conduct and standards regarding conflicts of interest are clearly established for elected and appointed State agency officials, that the State continually educates these officials on matters of ethical conduct and conflicts of interest, that potential and actual conflicts of interests are identified and resolved, and that violations of standards of ethical conduct and conflicts of interest are investigated and properly addressed. b. The individuals and conduct complained of have already been the subject of a prior complaint.

c. The conduct complained of is primarily a matter more appropriately and adequately addressed and handled by other federal, State, or local agencies or authorities, including law enforcement authorities. The Commission is authorized to initiate inquiries upon request of any member of the Commission if there is reason to believe that a covered person or legislative employee has or may have violated this Chapter. Commission-initiated complaint inquiries under this section shall be initiated within two years of the date the Commission knew of the conduct upon which the complaint is based, except when the conduct is material to the continuing conduct of the duties in office. In determining whether there is reason to believe that a violation has or may have occurred, a member of the Commission may take general notice of available information even if not formally provided to the Commission in the form of a complaint. The Commission may utilize the services of a hired investigator when conducting inquiries.

(e) Covered Person and Legislative Employees Cooperation With Inquiry. — Covered persons and legislative employees shall promptly and fully cooperate with the Commission in any Commission-related inquiry. Failure to cooperate fully with the Commission in any inquiry shall be grounds for sanctions as set forth in G.S. 138A-45.

(f) Dismissal of Complaint After Preliminary Inquiry. — If the Commission determines at the end of its preliminary inquiry that (i) the individual who is the subject of the complaint is not a covered person or legislative employee subject to the Commission's jurisdiction and authority under this Chapter, or (ii) the complaint does not allege facts sufficient to constitute a violation of this Chapter, the Commission shall dismiss the complaint.

(g) Commission Inquiries. — If at the end of its preliminary inquiry, the Commission determines to proceed with further inquiry into the conduct of a covered person or legislative employee, the Commission shall provide written notice to the individual who filed the complaint and the covered person or legislative employee as to the fact of the inquiry and the charges against the covered person or legislative employee. The covered person or legislative employee shall be given an opportunity to file a written response with the Commission.

(h) Action on Inquiries. — The Commission shall conduct inquiries into complaints to the extent necessary to either dismiss the complaint for lack of probable cause of a violation under this section, or:

(1) For public servants, decide to proceed with a hearing under subsection (i) of this section.

(3) For judicial officers, refer the complaint to the Judicial Standards Commission for complaints against justices and judges, to the senior resident superior court judge of the district or county for complaints against district attorneys, or to the chief district court judge for the district or county for complaints against clerks of court.

(j) Settlement of Inquiries. — The public servant who is the subject of the complaint and the staff of the Commission may meet by mutual consent before the hearing to discuss the possibility of settlement of the inquiry or the stipulation of any issues, facts, or matters of law. Any proposed settlement of the inquiry is subject to the approval of the Commission.

(k) Disposition of Inquiries. — After hearing, the Commission shall dispose of the matter in one or more of the following ways:

(1) If the Commission finds substantial evidence of an alleged violation of a criminal statute, the Commission shall refer the matter to the Attorney General for investigation and referral to the district attorney for possible prosecution.

(2) If the Commission finds that the alleged violation is not established by clear and convincing evidence, the Commission shall dismiss the complaint.

(3) If the Commission finds that the alleged violation of this Chapter is established by clear and convincing evidence, the Commission shall do one or more of the following:

a. Issue a private admonishment to the public servant and notify the employing entity, if applicable. Such notification shall be treated as part of the personnel record of the public servant.

The Commission shall forward copies of complaints and notices of dismissal of complaints against legislators to the Committee, against legislative employees to the employing entity for legislative employees, and against judicial officers to the Judicial Standards Commission for complaints against justices and judges, and the senior resident superior court judge of the district or county for complaints against district attorneys, or the chief district court judge of the district or county for complaints against clerks of court.

(m) Reports and Records. — The Commission shall render the results of its inquiry in writing. When a matter is referred under subdivision (h)(2) and (3), or subsection (k) of this section, the Commission's report shall consist of the complaint, response, and detailed results of its inquiry in support of the Commission's finding of a violation under this Chapter.

(n) Confidentiality. — Complaints and responses filed with the Commission and reports and other investigative documents and records of the Commission connected to an inquiry under this section shall be confidential and not matters of public record, except when the covered person or legislative employee under inquiry requests in writing that the records and findings be made public prior to the time the employing entity imposes public sanctions. At such time as public sanctions are imposed on a covered person, the complaint, response, and Commission's report to the employing entity shall be made public.

(o) Recommendations of Sanctions. — After referring a matter under subsection (k) of this section, if requested by the entity to which the matter was referred, the Commission may recommend sanctions or issue rulings as it deems necessary or appropriate to protect the public interest and ensure compliance with this Chapter. In recommending appropriate sanctions, the Commission may consider the following factors:

(1) The public servant's prior experience in an agency or on a board and prior opportunities to learn the ethical standards for a public servant as set forth in Article 4 of this Chapter, including those dealing with conflicts of interest.
(2) The number of ethics violations.
(3) The severity of the ethics violations.
(4) Whether the ethics violations involve the public servant's financial interests or arise from an appearance of conflict of interest.
(5) Whether the ethics violations were inadvertent or intentional.
(6) Whether the public servant knew or should have known that the improper conduct was a violation of this Chapter.
(7) Whether the public servant has previously been advised or warned by the Commission.
(8) Whether the conduct or situation giving rise to the ethics violation was pointed out to the public servant in the Commission's Statement of Economic Interest evaluation letter issued under G.S. 138A-24(e).
(9) The public servant's motivation or reason for the improper conduct or action, including whether the action was for personal financial gain versus protection of the public interest.

In making recommendations under this subsection, if the Commission determines, after proper review and investigation, that sanctions are appropriate, the Commission may recommend any action it deems necessary to properly address and rectify any violation of this Chapter by a public servant, including removal of the public servant from the public servant's State position. Nothing in this subsection is intended, and shall not be construed, to give the Commission any independent civil, criminal, or administrative investigative or enforcement authority over covered persons, or other State employees or appointees.

(p) Authority of Employing Entity. — Any action or failure to act by the Commission under this Chapter, except G.S. 138A-13, shall not limit any authority of any of the applicable employing entities to discipline the covered person or legislative employee.

(q) Continuing Jurisdiction. — The Commission shall have continuing jurisdiction to investigate possible criminal violations of this Chapter for a period of one year following the date a person, who was formerly a public servant or legislative employee, ceases to be a public servant or legislative employee for any investigation that commenced prior to the date the public servant or legislative employee ceases to be a public servant or legislative employee.

(r) Subpoena Authority. — The Commission may petition the Superior Court of Wake County for the approval to issue subpoenas and subpoenas duces tecum as necessary to conduct investigations of alleged violations of this Chapter. The court shall authorize subpoenas under this subsection when the court determines the subpoenas are necessary for the enforcement of this Chapter. Subpoenas issued under this subsection shall be enforceable by the court through contempt powers. Venue shall be with the Superior Court of Wake County for any person covered by this Chapter, and personal jurisdiction may be asserted under G.S. 1-75.4.

(s) Reports. — The number of complaints referred under this section shall be reported under G.S. 138A-10(a)(12).

(t) Concurrent Jurisdiction. — Nothing in this section shall limit the jurisdiction of the Committee or the Judicial Standards Commission with regards to legislative or judicial misconduct, and jurisdiction under this section shall be concurrent with the jurisdiction of the Committee and the Judicial Standards Commission. (2006-201, s. 1.)

(1) Investigation by the Committee or Commission.

(2) Any adverse action by the house of which the legislator is a member.

Any advisory opinion issued to a legislator under this subsection shall immediately be delivered to the chairs of the Committee. (c) Staff to the Commission may issue advisory opinions under procedures adopted by the Commission.

(d) The Commission shall publish its advisory opinions at least once a year. These advisory opinions shall be edited for publication purposes as necessary to protect the identities of the individuals requesting opinions.

(e) Each agency head shall designate an ethics liaison who shall maintain active communication with the Commission on all agency ethical issues. The ethics liaison shall continuously assess and advise the Commission of any issues or conduct which might reasonably be expected to result in a conflict of interest and seek advice and rulings from the Commission as to their appropriate resolution.

(f) The Commission shall publish a newsletter containing summaries of the Commission's opinions, policies, procedures, and interpretive bulletins as issued from time to time. The newsletter shall be distributed to all covered persons and legislative employees. Publication under this subsection may be done electronically.

(g) The Commission shall assemble and maintain a collection of relevant State laws, rules, and regulations that set forth ethical standards applicable to covered persons. (e) At the beginning of any meeting of a board, the chair shall remind all members of their duty to avoid conflicts of interest and appearances of conflict under this Chapter. The chair also shall inquire as to whether there is any known conflict of interest or appearance of conflict with respect to any matters coming before the board at that time.

(f) The head of each State agency, including the chair of each board subject to this Chapter, shall ensure that legal counsel employed by or assigned to their agency or board are familiar with the provisions of this Chapter, including the Ethical Standards for Covered Persons set forth in Article 4 of this Chapter, and are available to advise public servants on the ethical considerations involved in carrying out their public duties in the best interest of the public. Legal counsel so engaged may consult with the Commission, seek the Commission's assistance or advice, and refer public servants and others to the Commission as appropriate.

(g) Taking into consideration the individual autonomy, needs, and circumstances of each agency and board, the head of each State agency, including the chair of each board subject to this Chapter, shall consider the need for the development and implementation of in-house educational programs, procedures, or policies tailored to meet the agency's or board's particular needs for ethics education, conflict identification, and conflict avoidance. ARTICLE 3.

The purpose of disclosure of the financial and personal interests by covered persons is to assist covered persons and those persons who appoint, elect, hire, supervise, or advise them identify and avoid conflicts of interest and potential conflicts of interest between the covered person's private interests and the covered person's public duties. It is critical to this process that current and prospective covered persons examine, evaluate, and disclose those personal and financial interests that could be or cause a conflict of interest or potential conflict of interest between the covered person's private interests and the covered person's public duties. Covered persons must take an active, thorough, and conscientious role in the disclosure and review process, including having a complete knowledge of how the covered person's public position or duties might impact the covered person's private interests. Covered persons have an affirmative duty to provide any and all information that a reasonable person would conclude is necessary to carry out the purposes of this Chapter and to fully disclose any conflict of interest or potential conflict of interest between the covered person's public and private interests, but the disclosure, review, and evaluation process is not intended to result in the disclosure of unnecessary or irrelevant personal information. (2006-201, s. 1.)

ARTICLE 4.

Ethical Standards for Covered Persons.

§ 138A-31. Use of public position for private gain.

(a) Except as permitted under G.S. 138A-38, a covered person or legislative employee shall not knowingly use the covered person's or legislative employee's public position in an official action or legislative action that will result in financial benefit, direct or indirect, to the covered person or legislative employee, a member of the covered person's or legislative employee's extended family, or business with which the covered person or legislative employee is associated. This subsection shall not apply to financial or other benefits derived by a covered person or legislative employee that the covered person or legislative employee would enjoy to an extent no greater than that which other citizens of the State would or could enjoy, or that are so remote, tenuous, insignificant, or speculative that a reasonable person would conclude under the circumstances that the covered person's or legislative employee's ability to protect the public interest and perform the covered person's or legislative employee's official duties would not be compromised.

(b) A covered person shall not mention or permit another person to mention the covered person's public position in nongovernmental advertising that advances the private interest of the covered person or others. The prohibition in this subsection shall not apply to political advertising, news stories, news articles, the inclusion of a covered person's position in a directory or biographical listing, or the charitable solicitation for a nonprofit business entity qualifying under 26 U.S.C. § 501(c)(3). Disclosure of a covered person's position to an existing or prospective customer, supplier, or client is not considered advertising for purposes of this subsection when the disclosure could reasonably be considered material by the customer, supplier, or client.

(c) Notwithstanding G.S. 163-278.16A, no covered person shall use or permit the use of State funds for any advertisement or public service announcement in a newspaper, on radio, television, magazines, or billboards, that contains that covered person's name, picture, or voice, except in case of State or national emergency and only if the announcement is reasonably necessary to the covered person's official function. This subsection shall not apply to fund-raising on behalf of and aired on public radio or public television. (2006-201, s. 1.)

Editor's Note. — For effective date and applicability of this Chapter, see Editor's note at G.S. 138A-1.

§ 138A-32. Gifts.

(a) A covered person or a legislative employee shall not knowingly, directly or indirectly, ask, accept, demand, exact, solicit, seek, assign, receive, or agree to receive anything of value for the covered person or legislative employee, or for another person, in return for being influenced in the discharge of the covered person's or legislative employee's official responsibilities, other than that which is received by the covered person or the legislative employee from the State for acting in the covered person's or legislative employee's official capacity.

(b) A covered person may not solicit for a charitable purpose any gift from any subordinate State employee. This subsection shall not apply to generic written solicitations to all members of a class of subordinates. Nothing in this subsection shall prohibit a covered person from serving as the honorary head of the State Employees Combined Campaign.

(c) No public servant, legislator, or legislative employee shall knowingly accept a gift, directly or indirectly, from a lobbyist or lobbyist principal as defined in G.S. 120C-100.

(d) No public servant shall knowingly accept a gift, directly or indirectly, from a person whom the public servant knows or has reason to know any of the following:

(1) Is doing or is seeking to do business of any kind with the public servant's employing entity.

(2) Is engaged in activities that are regulated or controlled by the public servant's employing entity.

(3) Has financial interests that may be substantially and materially affected, in a manner distinguishable from the public generally, by the performance or nonperformance of the public servant's official duties.

(e) Subsections (c) and (d) of this section shall not apply to any of the following:

(1) Food and beverages for immediate consumption in connection with public events.

(2) Informational materials relevant to the duties of the covered person or legislative employee.

(3) Reasonable actual expenditures of the covered person or legislative employee for food, beverages, registration, travel, lodging, other incidental items of nominal value, and entertainment, in connection with (i) a covered person's or legislative employee's attendance at an educational meeting for purposes primarily related to the public duties and responsibilities of the covered person or legislative employee, or in order for the covered person or legislative employee to participate as a speaker or member of a panel; (ii) a legislator's or legislative employee's attendance and participation in meetings of a state, regional, national, or international legislative organization of which the General Assembly is a member or that the legislator or legislative employee is a member or participant of by virtue of that person's public position, or as a member of a board, agency, or committee of such organization; or (iii) a public servant's attendance and participation in meetings as a member of a board, agency, or committee of a state, regional, national, or international legislative organization of which the public servant's agency is a member or the public servant is a member by virtue of that person's public position, provided the following conditions are met:

a. The reasonable actual expenditures shall be made by a lobbyist's principal, and not a lobbyist.

b. Any educational meeting must be attended by at least 10 or more participants, have a formal agenda, and notice of the meeting has been given at least 10 days in advance.

c. Any food, beverages, or entertainment must be provided to all attendees or defined groups of 10 or more attendees.

d. Any entertainment must be incidental to the principal agenda of the educational meeting.

(4) A plaque or similar nonmonetary memento recognizing individual services in a field or specialty or to a charitable cause.

(5) Gifts accepted on behalf of the State for the benefit of the State.

(6) Anything generally made available or distributed to the general public or all other State employees by lobbyists or lobbyist's principals.

(7) Gifts from the covered person's or legislative employee's extended family, or a member of the same household of the covered person or legislative employee.

(8) Gifts given to a public servant not otherwise subject to an exception under this subsection, where the gift is food and beverages, transportation, lodging, entertainment or related expenses associated with the public business of industry recruitment, promotion of international trade, or the promotion of travel and tourism, and the public servant is responsible for conducting the business on behalf of the State, provided all the following conditions apply:

a. The public servant did not solicit the gift, and the public servant did not accept the gift in exchange for the performance of the public servant's official duties.

b. The public servant reports electronically to the Commission within 30 days of receipt of the gift or of the date set for disclosure of public records under G.S. 132-6(d), if applicable. The report shall include a description and value of the gift and a description how the gift contributed to the public business of industry recruitment, promotion of international trade, or the promotion of travel and tourism. This report shall be posted to the Commission's public Web site.

c. A tangible gift, other than food or beverages, not otherwise subject to an exception under this subsection shall be turned over as State property to the Department of Commerce within 30 days of receipt, except as permitted under subsection (f) of this section.

(9) Gifts of personal property valued at less than one hundred dollars ($100.00) given to a public servant in the commission of the public servant's official duties if the gift is given to the public servant as a personal gift in another country as part of an overseas trade mission, and the giving and receiving of such personal gifts is considered a customary protocol in the other country.

(10) Gifts given or received as part of a business, civic, religious, fraternal, personal, or commercial relationship not related to the person's public service or position and made under circumstances that a reasonable person would conclude that the gift was not given for the purpose of lobbying.

(f) A prohibited gift that would constitute an expense appropriate for reimbursement by the public servant's employing entity if it had been incurred by the public servant personally shall be considered a gift accepted by or donated to the State, provided the public servant has been approved by the public servant's employing entity to accept or receive such things of value on behalf of the State. The fact that the employing entity's reimbursement rate for the type of expense is less than the value of a particular gift shall not render the gift prohibited.

(g) A prohibited gift shall be declined, returned, paid for at fair market value, or donated immediately to charity or the State.

(h) A covered person or legislative employee shall not accept an honorarium from a source other than the employing entity for conducting any activity where any of the following apply:

(1) The employing entity reimburses the covered person or legislative employee for travel, subsistence, and registration expenses.

(2) The employing entity's work time or resources are used.

(3) The activity would be considered official duty or would bear a reasonably close relationship to the covered person's or legislative employee's official duties.

An outside source may reimburse the employing entity for actual expenses incurred by a covered person or legislative employee in conducting an activity within the duties of the covered person or legislative employee, or may pay a fee to the employing entity, in lieu of an honorarium, for the services of the covered person or legislative employee. An honorarium permissible under this subsection shall not be considered a gift for purposes of subsection (c) of this section.

(i) Acceptance or solicitation of a gift in compliance with this section without corrupt intent shall not constitute a violation of the statutes related to bribery under G.S. 14-217, 14-218, or 120-86. (2006-201, s. 1.)

§ 138A-33. Other compensation.

A public servant or legislative employee shall not solicit or receive personal financial gain, other than that received by the public servant or legislative employee from the State, or with the approval of the employing entity, for acting in the public servant's or legislative employee's official capacity, or for advice or assistance given in the course of carrying out the public servant's or legislative employee's duties. (2006-201, s. 1.)

§ 138A-34. Use of information for private gain.

A public servant or legislative employee shall not use or disclose nonpublic information gained in the course of, or by reason of, the public servant's or legislative employee's official responsibilities in a way that would affect a personal financial interest of the public servant or legislative employee, a member of the public servant's or legislative employee's extended family, or a person with whom or business with which the public servant or legislative employee is associated. A public servant or legislative employee shall not improperly use or improperly disclose any confidential information. (2006-201, s. 1.)

§ 138A-35. Other rules of conduct.

(a) A public servant shall make a due and diligent effort before taking any action, including voting or participating in discussions with other public servants on a board on which the public servant also serves, to determine whether the public servant has a conflict of interest. If the public servant is unable to determine whether or not a conflict of interest may exist, the public servant has a duty to inquire of the Commission as to that conflict.

(b) A public servant shall continually monitor, evaluate, and manage the public servant's personal, financial, and professional affairs to ensure the absence of conflicts of interest.

(c) A public servant shall obey all other civil laws, administrative requirements, and criminal statutes governing conduct of State government applicable to appointees and employees. (2006-201, s. 1.)

§ 138A-36. Public servant participation in official actions.

(a) Except as permitted by subsection (d) of this section and under G.S. 138A-38, no public servant acting in that capacity, authorized to perform an official action requiring the exercise of discretion, shall knowingly participate in an official action by the employing entity if the public servant, a member of the public servant's extended family, or a business with which the public servant is associated, has an economic interest in, or a reasonably foreseeable benefit from, the matter under consideration, which would impair the public servant's independence of judgment or from which it could reasonably be inferred that the interest or benefit would influence the public servant's participation in the official action. A potential benefit includes a detriment to a business competitor of (i) the public servant, (ii) a member of the public servant's extended family, or (iii) a business with which the public servant is associated.

(b) A public servant described in subsection (a) of this section shall abstain from taking any verbal or written action in furtherance of the official action. The public servant shall submit in writing to the employing entity the reasons for the abstention. When the employing entity is a board, the abstention shall be recorded in the employing entity's minutes.

(c) A public servant shall take appropriate steps, under the particular circumstances and considering the type of proceeding involved, to remove himself or herself to the extent necessary, to protect the public interest and comply with this Chapter, from any proceeding in which the public servant's impartiality might reasonably be questioned due to the public servant's familial, personal, or financial relationship with a participant in the proceeding. A participant includes (i) an owner, shareholder, partner, member or manager of a limited liability company, employee, agent, officer, or director of a business, organization, or group involved in the proceeding, or (ii) an organization or group that has petitioned for rule making or has some specific, unique, and substantial interest in the proceeding. Proceedings include quasi-judicial proceedings and quasi-legislative proceedings. A personal relationship includes one in a leadership or policy-making position in a business, organization, or group.

(d) If a public servant is uncertain whether the relationship described in subsection (c) of this section justifies removing the public servant from the proceeding under subsection (c) of this section, the public servant shall disclose the relationship to the person presiding over the proceeding and seek appropriate guidance. The presiding officer, in consultation with legal counsel if necessary, shall then determine the extent to which the public servant will be permitted to participate. If the affected public servant is the person presiding, then the vice-chair or any other substitute presiding officer shall make the determination. A good-faith determination under this subsection of the allowable degree of participation by a public servant is presumptively valid and only subject to review under G.S. 138A-12 upon a clear and convincing showing of mistake, fraud, abuse of discretion, or willful disregard of this Chapter. (2006-201, s. 1.)

§ 138A-37. Legislator participation in official actions.

(a) Except as permitted under G.S. 138A-38, no legislator shall knowingly participate in a legislative action if the legislator, a member of the legislator's extended family, the legislator's client, or a business with which the legislator is associated, has an economic interest in, or may reasonably and foreseeably benefit from the action, and if after considering whether the legislator's judgment would be substantially influenced by the interest and considering the need for the legislator's particular contribution, including special knowledge of the subject matter to the effective functioning of the legislature, the legislator concludes that an actual economic interest does exist which would impair the legislator's independence of judgment. A potential benefit includes a detriment to a business competitor of (i) the legislator, (ii) a member of the legislator's extended family, or (iii) a business with which the legislator is associated. The legislator shall submit in writing to the principal clerk of the house of which the legislator is a member the reasons for the abstention from participation in the legislative matter.

(b) If the legislator has a material doubt as to whether the legislator should act, the legislator may submit the question for an advisory opinion to the State Ethics Commission in accordance with G.S. 138A-13 or the Legislative Ethics Committee in accordance with G.S. 120-104. (2006-201, s. 1.)

§ 138A-38. Permitted participation exception.

Notwithstanding G.S. 138A-36 and G.S. 138A-37, a covered person may participate in an official action or legislative action under any of the following circumstances except as specifically limited:

(1) The only interest or reasonably foreseeable benefit that accrues to the covered person, the covered person's extended family, or business with

which the covered person is associated as a member of a profession, occupation, or general class is no greater than that which could reasonably be foreseen to accrue to all members of that profession, occupation, or general class.

(2) When an official or legislative action affects or would affect the covered person's compensation and allowances as a covered person.

(3) Before the covered person participated in the official or legislative action, the covered person requested and received from the Commission or Committee a written advisory opinion that authorized the participation. In authorizing the participation under this subdivision, the Commission or Committee shall consider the need for the legislator's particular contribution, such as special knowledge of the subject matter, to the effective functioning of the General Assembly.

(4) Before participating in an official action, a public servant made full written disclosure to the public servant's employing entity which then made a written determination that the interest or benefit would neither impair the public servant's independence of judgment nor influence the public servant's participation in the official action. The employing entity shall file a copy of that written determination with the Commission.

(5) When action is ministerial only and does not require the exercise of discretion.

(6) When a public or legislative body records in its minutes that it cannot obtain a quorum in order to take the official or legislative action because the covered person is disqualified from acting under G.S. 130-36, G.S. 138A-37, or this section, the covered person may be counted for purposes of a quorum, but shall otherwise abstain from taking any further action.

(7) When a public servant notifies the Commission in writing that the public servant judicial employee, or someone whom the public servant appoints to act in the public servant's stead, or both, are the only individuals having legal authority to take an official action, and the public servant discloses in writing the circumstances and nature of the conflict of interest. (2006-201, s. 1.)

§ 138A-39. Disqualification to serve.

(a) Within 30 days of notice of the Commission's determination that a public servant has a disqualifying conflict of interest, the public servant shall eliminate the interest that constitutes the disqualifying conflict of interest or resign from the public position.

(b) Failure by a public servant to comply with subsection (a) of this section is a violation of this Chapter for purposes of G.S. 138A-45.

(c) A decision under this section shall be considered a final decision for contested case purposes under Article 3 of Chapter 150B of the General Statutes.

(d) As used in this section, a disqualifying conflict of interest is a conflict of interest of such significance that the conflict of interest would prevent a public servant from fulfilling a substantial function or portion of the public servant's public duties. (2006-201, s. 1.)

§ 138A-40. Employment and supervision of members of covered person's extended family.

A covered person or legislative employee shall not cause the employment, appointment, promotion, transfer, or advancement of an extended family member of the covered person to a State office, or a position to which the covered person supervises or manages, except for positions at the General Assembly as permitted by the Legislative Services Commission. A public servant or legislative employee shall not supervise, manage, or participate in an action relating to the discipline of a member of the public servant's extended family, except as specifically authorized by the public servant's or legislative employee's employing entity. (2006-201, s. 1.)

§ 138A-41. Other ethics standards.

Nothing in this Chapter shall prevent the Supreme Court, the Committee, the Legislative Services Commission, constitutional officers of the State, heads of principal departments, the Board of Governors of The University of North Carolina, the State Board of Community Colleges, or other boards from adopting additional or supplemental ethics standards applicable to that public agency's operations. (2006-201, s. 1.)

§§ 138A-42 through 138A-44: Reserved for future codification purposes.

ARTICLE 5.

Violation Consequences.

§ 138A-45. Violation consequences.

(a) Violation of this Chapter by any covered person or legislative employee is grounds for disciplinary action. Except as specifically provided in this Chapter and for perjury under G.S. 138A-12 and G.S. 138A-24, no criminal penalty shall attach for any violation of this Chapter.

(b) The willful failure of any public servant serving on a board to comply with this Chapter is misfeasance, malfeasance, or nonfeasance. In the event of misfeasance, malfeasance, or nonfeasance, the offending public servant serving on a board is subject to removal from the board of which the public servant is a member. For appointees of the Governor and members of the Council of State, the appointing authority may remove the offending public servant. For appointees of the Speaker of the House of Representatives, the Speaker of the House of Representatives may remove the offending public servant. For appointees of the General Assembly made upon the recommendation of the Speaker of the House of Representatives, the Governor at the recommendation of the Speaker of the House of Representatives may remove the offending public servant. For appointees of the President Pro Tempore of the Senate, the President Pro Tempore of the Senate may remove the offending public servant. For appointees of the General Assembly made upon the recommendation of the President Pro Tempore of the Senate, the Governor at the recommendation of the President Pro Tempore of the Senate may remove the offending public servant. For public servants elected to a board by either the Senate or House of Representatives, the electing house of the General Assembly shall exercise the discretion of whether to remove the offending public servant. For all other appointees, the Commission shall exercise the discretion of whether to remove the offending public servant.

(c) The willful failure of any public servant serving as a State employee to comply with this Chapter is a violation of a written work order, thereby permitting disciplinary action as allowed by the law, including termination from employment. For employees of State departments headed by a member of the Council of State, the appropriate member of the Council of State shall make all final decisions on the manner in which the offending public servant shall be disciplined. For public servants who are judicial employees, the Chief Justice shall make all final decisions on the matter in which the offending judicial employee shall be disciplined. For legislative employees, the Legislative Services Commission shall make or refer to the hiring authority all final decisions on the matter in which the offending legislative employee shall be disciplined. For public servants appointed or elected for The University of North Carolina or the Community Colleges System, the appointing or electing authority shall make all final decisions on the matter in which the offending public servant shall be disciplined. For any other public servant serving as a State employee, the Governor shall make all final decisions on the manner in which the offending public servant shall be disciplined.

(d) The willful failure of any constitutional officer of the State to comply with this Chapter is malfeasance in office for purposes of G.S. 123-5.

(e) The willful failure of a legislator, other than the Lieutenant Governor, to comply with this Chapter is grounds for sanctions under G.S. 120-103.1.

(f) Nothing in this Chapter affects the power of the State to prosecute any person for any violation of the criminal law.

(g) The Commission may seek to enjoin violations of G.S. 138A-34. (2006-201, s. 1.)

142-63. Authorization of financing contract.
142-64. Procedure for incurrence or issuance of financing contract.

ARTICLE 8.

State Energy Conservation Finance Act.

§ 142-63. Authorization of financing contract.

Subject to the terms and conditions set forth in this Article, a State governmental unit that has solicited a guaranteed energy conservation measure pursuant to G.S. 143-64.17A or G.S. 143-64.17B or the State Treasurer, as designated by the Council of State, is authorized to execute and deliver, for and on behalf of the State of North Carolina, a financing contract to finance the costs of the energy conservation measure. The aggregate principal amount payable by the State under financing contracts entered pursuant to this Article shall not exceed one hundred million dollars ($100,000,000) at any one time. (2002-161, s. 9; 2006-190, s. 6.)

Effect of Amendments. — Session Laws 2006-190, s. 6, effective August 3, 2006, and applicable to contracts entered into or renewed on or after that date, substituted "one hundred million dollars ($100,000,000)" for "fifty million dollars ($50,000,000)".

§ 142-64. Procedure for incurrence or issuance of financing contract.

(a) When a State governmental unit has solicited a guaranteed energy conservation measure, the State governmental unit shall request that the State Treasurer approve the State governmental unit's entering into a financing contract to finance the cost of the energy conservation measure. In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures.

(b) A financing contract may be entered into pursuant to this Article only after all of the following conditions are met:

(1) The Office of State Budget and Management has certified that resources are expected to be available to the State to pay the payments to fall due under the financing contract as they become due and payable.

(2) The Council of State has approved the execution and delivery of the financing contract by resolution that sets forth all of the following:

a. The not-to-exceed term or final maturity of the financing contract, which shall be no later than 20 years from the date of acceptance of the project.
b. The not-to-exceed interest rate or rates (or the equivalent thereof), which may be fixed or vary over a period of time, with respect to the financing contract.
c. The appropriate officers of the State to execute and deliver the financing contract and all other documentation relating to it.

(3) The State Treasurer has approved the financing contract and all other documentation related to it, including any deed of trust, security agreement, trust agreement or any credit facility.

The resolution of the Council of State shall include any other matters the Council of State considers appropriate.

(c) In determining whether to approve a financing contract under subdivision (b)(3) of this section, the State Treasurer may consider the factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The principal amount to be advanced to the State under the financing contract is adequate and not excessive for the purpose of paying the cost of the energy conservation measure.
(2) The increase, if any, in State revenues necessary to pay the sums to become due under the financing contract are not excessive.
(3) The financing contract can be entered into on terms desirable to the State.
(4) In the case of delivery of certificates of participation, the sale of certificates of participation will not have an adverse effect upon any scheduled or proposed sale of obligations of the State or any State agency.

(d) The Office of State Budget and Management is authorized to certify that funds are expected to be available to the State to make the payments due under a financing contract entered into under the provisions of this section as the payments become due and payable. In so certifying, the Office of State Budget and Management may take into account expected decreases in appropriations to the State governmental unit that will offset payments expected to be made under the financing contract. (2002-161, s. 9; 2006-190, s. 7.)

Effect of Amendments. — Session Laws 2006-190, s. 7, effective August 3, 2006, and applicable to contracts entered into or renewed on or after that date, substituted "20 years from the date of acceptance of the project" for "12 years from the date the financing contract is entered" in subdivision (b)(2)a.

As feasible, the Secretary of Administration will compile and consolidate all such estimates of supplies, materials, printing, equipment and contractual services needed and required by State departments, institutions and agencies to determine the total requirements of any given commodity. Where such total requirements will involve an expenditure in excess of the expenditure benchmark established under the provisions of G.S. 143-53.1 and where the competitive bidding procedure is employed as hereinafter provided, sealed bids shall be solicited by advertisement in a newspaper widely distributed in this State or through electronic means, or both, as determined by the Secretary to be most advantageous, at least once and at least 10 days prior to the date designated for opening. Except as otherwise provided under this Article, contracts for the purchase of supplies, materials or equipment shall be based on competitive bids and acceptance made of the lowest and best bid(s) most advantageous to the State as determined upon consideration of the following criteria: prices offered; the quality of the articles offered; the general reputation and performance capabilities of the bidders; the substantial conformity with the specifications and other conditions set forth in the request for bids; the suitability of the articles for the intended use; the personal or related services needed; the transportation charges; the date or dates of delivery and performance; and such other factor(s) deemed pertinent or peculiar to the purchase in question, which if controlling shall be made a matter of record. (a) The Secretary of Administration may adopt rules governing the following:

(1) Prescribing the routine and procedures to be followed in canvassing bids and awarding contracts, and for reviewing decisions made pursuant thereto, and the decision of the reviewing body shall be the final administrative review. The Division of Purchase and Contract shall review and decide a protest on a contract valued at twenty-five thousand dollars ($25,000) or more. The Secretary shall adopt rules or criteria governing the review of and decision on a protest on a contract of less than twenty-five thousand dollars ($25,000) by the agency that awarded the contract.

(2) **(See Editor's note)** Prescribing the routine, including consistent contract language, for securing bids on items that do not exceed the bid value benchmark established under the provisions of G.S. 143-53.1 or G.S. 116-31.10. The purchasing delegation for securing offers (excluding the special responsibility constituent institutions of The University of North Carolina), for each State department, institution, agency, and community college shall be determined by the Director of the Division of Purchase and Contract. For the State agencies this shall be done following the Director's consultation with the State Budget Officer and the State Auditor. The Director for the Division of Purchase and Contract may set or lower the delegation, or raise the delegation upon written request by the agency, after consideration of

their overall capabilities, including staff resources, purchasing compliance reviews, and audit reports of the individual agency. The routine prescribed by the Secretary shall include contract award protest procedures and consistent requirements for advertising of solicitations for securing offers issued by State departments, institutions, universities (including the special responsibility constituent institutions of The University of North Carolina), agencies, community colleges, and the public school administrative units.

(3) Defining contractual services for the purposes of G.S. 143-49(3) and G.S. 143-49(5).

(4) Prescribing items and quantities, and conditions and procedures, governing the acquisition of goods and services which may be delegated to departments, institutions and agencies, notwithstanding any other provisions of this Article.

Reverse auctions may only be utilized for the purchase or exchange of supplies, equipment, and materials as provided in G.S. 115C-522. Notwithstanding the provisions of subsections (a) and (b) of this section, any waiver of competition for the purchase, rental, or lease of equipment, materials, supplies, or services is subject to prior review by the Secretary, if the expenditure exceeds ten thousand dollars ($10,000). The Division may levy a fee, not to exceed one dollar ($1.00), for review of each waiver application.

(6) Prescribing conditions under which partial, progressive and multiple awards may be made.

(7) Prescribing conditions and procedures governing the purchase of used equipment, materials and supplies.

(8) Providing conditions under which bids may be rejected in whole or in part.

(12) Repealed by Session Laws 1987, c. 827, s. 216.

(b) In adopting the rules authorized by subsection (a) of this section, the Secretary shall include special provisions for the purchase of goods and services, which provisions are necessary to meet the documented training, work, or independent living needs of persons with disabilities according to the requirements of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act, as amended. The Secretary may consult with other agencies having expertise in meeting the needs of individuals with disabilities in developing these provisions. These special provisions shall establish purchasing procedures that:

(1) Provide for the involvement of the individual in the choice of particular goods, service providers, and in the methods used to provide the goods and services;

(2) Provide the flexibility necessary to meet those varying needs of individuals that are related to their disabilities;

(3) Allow for purchase outside of certified sources of supply and competitive bidding when a single source can provide multiple pieces of equipment, including adaptive equipment, that are more compatible with each other than they would be if they were purchased from multiple vendors;

(4) Permit priority consideration for vendors who have the expertise to provide appropriate and necessary training for the users of the equipment and who will guarantee prompt service, ongoing support, and maintenance of this equipment;

(5) Permit agencies to give priority consideration to suppliers offering the earliest possible delivery date of goods or services especially when a time factor is crucial to the individual's ability to secure a job, meet the probationary training periods of employment, continue to meet job requirements, or avoid residential placement in an institutional setting; and

(6) Allow consideration of the convenience of the provider's location for the individual with the disability.

In developing these purchasing provisions, the Secretary shall also consider the following criteria: (i) cost-effectiveness, (ii) quality, (iii) the provider's general reputation and performance capabilities, (iv) substantial conformity with specifications and other conditions set forth for these purchases, (v) the suitability of the goods or services for the intended use, (vi) the personal or other related services needed, (vii) transportation charges, and (viii) any other factors the Secretary considers pertinent to the purchases in question.

§ 143-64.17. Definitions.

As used in this Part:

(1) "Energy conservation measure" means a facility or meter alteration, training, or services related to the operation of the facility or meter, when the alteration, training, or services provide anticipated energy savings or capture lost revenue. Energy conservation measure includes any of the following:

(2) The governmental unit finds that the energy savings resulting from the performance of the contract will equal or exceed the total cost of the contract.

(3) The energy conservation measures to be installed under the contract are for an existing building or utility system.

(b) Before entering into a guaranteed energy savings contract, the governmental unit shall provide published notice of the time and place or of the meeting at which it proposes to award the contract, the names of the parties to the proposed contract, and the contract's purpose. The notice must be published at least 15 days before the date of the proposed award or meeting.

(c) A qualified provider entering into a guaranteed energy savings contract under this Part shall provide security to the governmental unit in the form acceptable to the Office of the State Treasurer and in an amount equal to one hundred percent (100%) of the total cost of the guaranteed energy savings contract to assure the provider's faithful performance. Any bonds required by this subsection shall be subject to the provisions of Article 3 of Chapter 44A of the General Statutes. If the savings resulting from a guaranteed energy savings contract are not as great as projected under the contract and all required shortfall payments to the governmental unit have not been made, the governmental unit may terminate the contract without incurring any additional obligation to the qualified provider.

(d) As used in this section, "total cost" shall include, but not be limited to, costs of construction, costs of financing, and costs of maintenance and training during the term of the contract. "Total cost" does not include any obligations on termination of the contract before its expiration, provided that those obligations are disclosed when the contract is executed.

(e) A guaranteed energy savings contract may not require the governmental unit to purchase a maintenance contract or other maintenance agreement from the qualified provider who installs energy conservation measures under the contract if the unit of government takes appropriate action to budget for its own forces or another provider to maintain new systems installed and existing systems affected by the guaranteed energy savings contract.

(f) In the case of a State governmental unit, a qualified provider shall, when feasible, after the acceptance of the proposal of the qualified provider by the State governmental unit, conduct an investment grade audit. If the results of the audit are not within ten percent (10%) of both the guaranteed savings contained in the proposal and the total proposal amount, either the State governmental unit or the qualified provider may terminate the project without incurring any additional obligation to the other party. However, if the State governmental unit terminates the project after the audit is conducted and the results of the audit are within ten percent (10%) of both the guaranteed savings contained in the proposal and the total proposal amount, the State governmental unit shall reimburse the qualified provider the reasonable cost incurred in conducting the audit, and the results of the audit shall become the property of the State governmental unit.

(g) In the case of a State governmental unit, a qualified provider shall provide an annual reconciliation statement based upon the results of the measurement and verification review. The statement shall disclose any shortfalls or surplus between guaranteed energy and operational savings specified in the guaranteed energy savings contract and actual, not stipulated, energy and operational savings incurred during a given guarantee year. The guarantee year shall consist of a 12-month term commencing from the time that the energy conservation measures become fully operational. A qualified provider shall pay the State governmental unit any shortfall in the guaranteed energy and operational savings after the total year savings have been determined. A surplus in any one year shall not be carried forward or applied to a shortfall in any other year. (1993 (Reg. CASE NOTES

Suit Against One Prime Contractor by Another. —

Trial court did not err in entering judgment for the prime electrical contractor on the prime general contractor's third-party claim under G.S. 143-128(b) to recover the cost of a subcontractor's services for repainting walls allegedly damaged by the electrical contractor, where the State contract required timely and effective notice to any prime contractor allegedly responsible for damage and the general contractor did not notify the electrical contractor until several months after the damage occurred and months after the repairs were done. Absent timely and effective notice, no duty arose on the electrical contractor's part to settle the claim or resolve the dispute under the contract. D.W.H. Painting Co. v. D.W. Ward Constr. Co., 174 N.C. App. 327, 620 S.E.2d 887, 2005 N.C. App. LEXIS 2366 (2005).

§ 143-129. Procedure for letting of public contracts.

(a) Bidding Required. — No construction or repair work requiring the estimated expenditure of public money in an amount equal to or more than three hundred thousand dollars ($300,000) or purchase of apparatus, supplies, materials, or equipment requiring an estimated expenditure of public money in an amount equal to or more than ninety thousand dollars ($90,000) may be performed, nor may any contract be awarded therefor, by any board or governing body of the State, or of any institution of the State government, or of any political subdivision of the State, unless the provisions of this section are complied with.

For purchases of apparatus, supplies, materials, or equipment, the governing body of any political subdivision of the State may, subject to any restriction as to dollar amount, or other conditions that the governing body elects to impose, delegate to the manager, school superintendent, chief purchasing official, or other employee the authority to award contracts, reject bids, or readvertise to receive bids on behalf of the unit. Any person to whom authority is delegated under this subsection shall comply with the requirements of this Article that would otherwise apply to the governing body.

(b) Advertisement and Letting of Contracts. — Where the contract is to be let by a board or governing body of the State government or of a State institution, proposals shall be invited by advertisement in a newspaper having general circulation in the State of North Carolina. Where the contract is to be let by a political subdivision of the State, proposals shall be invited by advertisement in a newspaper having general circulation in the political subdivision or by electronic means, or both. A decision to advertise solely by electronic means, whether for particular contracts or generally for all contracts that are subject to this Article, shall be approved by the governing board of the political subdivision of the State at a regular meeting of the board.

The advertisements for bidders required by this section shall appear at a time where at least seven full days shall lapse between the date on which the notice appears and the date of the opening of bids. The advertisement shall: (i) state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials, or equipment may be had; (ii) state the time and place for opening of the proposals; and (iii) reserve to the board or governing body the right to reject any or all proposals.

Proposals may be rejected for any reason determined by the board or governing body to be in the best interest of the unit. However, the proposal shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or political subdivision thereof may assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and the board or governing body shall award the contract to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract.

In the event the lowest responsible bids are in excess of the funds available for the project or purchase, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work or provide the apparatus, supplies, materials, or equipment at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project or purchase within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal for construction or repair work may be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein.

Bids shall be sealed and the opening of an envelope or package with knowledge that it contains a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a Class 1 misdemeanor.

(c) Contract Execution and Security. — All contracts to which this section applies shall be executed in writing. The board or governing body shall require the person to whom the award of a contract for construction or repair work is made to furnish bond as required by Article 3 of Chapter 44A; or require a deposit of money, certified check or government securities for the full amount of said contract to secure the faithful performance of the terms of said contract and the payment of all sums due for labor and materials in a manner consistent with Article 3 of Chapter 44A; and the contract shall not be altered except by written agreement of the contractor and the board or governing body. The surety bond or deposit required herein shall be deposited with the board or governing body for which the work is to be performed. When a deposit, other than a surety bond, is made with the board or governing body, the board or governing body assumes all the liabilities, obligations and duties of a surety as provided in Article 3 of Chapter 44A to the extent of said deposit.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivisions of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days.

(d) Use of Unemployment Relief Labor. — Nothing in this section shall operate so as to require any public agency to enter into a contract which will prevent the use of unemployment relief labor paid for in whole or in part by appropriations or funds furnished by the State or federal government.

(e) Exceptions. — The requirements of this Article do not apply to:

(1) The purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment from: (i) the United States of America or any agency thereof; or (ii) any other government unit or agency thereof within the United States. The Secretary of Administration or the governing board of any political subdivision of the State may designate any officer or employee of the State or political subdivision to enter a bid or bids in its behalf at any sale of apparatus, supplies, materials, equipment, or other property owned by: (i) the United States of America or any agency thereof; or (ii) any other governmental unit or agency thereof within the United States. The Secretary of Administration or the governing board of any political subdivision of the State may authorize the officer or employee to make any partial or down payment or payment in full that may be required by regulations of the governmental unit or agency disposing of the property.

(2) Cases of special emergency involving the health and safety of the people or their property.

(3) Purchases made through a competitive bidding group purchasing program, which is a formally organized program that offers competitively obtained purchasing services at discount prices to two or more public agencies.

(4) Construction or repair work undertaken during the progress of a construction or repair project initially begun pursuant to this section.

(5) Purchase of gasoline, diesel fuel, alcohol fuel, motor oil, fuel oil, or natural gas. These purchases are subject to G.S. 143-131.

(6) Purchases of apparatus, supplies, materials, or equipment when: (i) performance or price competition for a product are not available; (ii) a needed product is available from only one source of supply; or (iii) standardization or compatibility is the overriding consideration. Notwithstanding any other provision of this section, the governing board of a political subdivision of the State shall approve the purchases listed in the preceding sentence prior to the award of the contract.

In the case of purchases by hospitals, in addition to the other exceptions in this subsection, the provisions of this Article shall not apply when: (i) a particular medical item or prosthetic appliance is needed; (ii) a particular product is ordered by an attending physician for his patients; (iii) additional products are needed to complete an ongoing job or task; (iv) products are purchased for "over-the-counter" resale; (v) a particular product is needed or desired for experimental, developmental, or research work; or (vi) equipment is already installed, connected, and in service under a lease or other agreement and the governing body of the hospital determines that the equipment should be purchased. The governing body of a hospital shall keep a record of all purchases made pursuant to this subdivision. These records are subject to public inspection.

(7) Purchases of information technology through contracts established by the State Office of Information Technology Services as provided in G.S. 147-33.82(b) and G.S. 147-33.92(b).

(8) Guaranteed energy savings contracts, which are governed by Article 3B of Chapter 143 of the General Statutes.

(9) Purchases from contracts established by the State or any agency of the State, if the contractor is willing to extend to a political subdivision of the State the same or more favorable prices, terms, and conditions as established in the State contract.

(10) Purchase of used apparatus, supplies, materials, or equipment. For purposes of this subdivision, remanufactured, refabricated or demo apparatus, supplies, materials, or equipment are not included in the exception. A demo item is one that is used for demonstration and is sold by the manufacturer or retailer at a discount.

(11) Contracts by a public entity with a construction manager at risk executed pursuant to G.S. 143-128.1.

(12) **(Repealed effective July 1, 2011)** Build-to-suit capital leases with a private developer under G.S. 115C-532.

(f) Repealed by Session Laws 2001-328, s. 1, effective August 2, 2001.

(g) Waiver of Bidding for Previously Bid Contracts. — When the governing board of any political subdivision of the State, or the person to whom authority has been delegated under subsection (a) of this section, determines that it is in the best interest of the unit, the requirements of this section may be waived for the purchase of apparatus, supplies, materials, or equipment from any person or entity that has, within the previous 12 months, after having completed a public, formal bid process substantially similar to that required by this Article, contracted to furnish the apparatus, supplies, materials, or equipment to:

(1) The United States of America or any federal agency;

(2) The State of North Carolina or any agency or political subdivision of the State; or

(3) Any other state or any agency or political subdivision of that state, if the person or entity is willing to furnish the items at the same or more

favorable prices, terms, and conditions as those provided under the contract with the other unit or agency. Notwithstanding any other provision of this section, any purchase made under this subsection shall be approved by the governing body of the purchasing political subdivision of the State at a regularly scheduled meeting of the governing body no fewer than 10 days after publication of notice that a waiver of the bid procedure will be considered in order to contract with a qualified supplier pursuant to this section. Notice may be published in a newspaper having general circulation in the political subdivision or by electronic means, or both. A decision to publish notice solely by electronic means for a particular contract or for all contracts under this subsection shall be approved by the governing board of the political subdivision. Rules issued by the Secretary of Administration pursuant to G.S. 143-49(6) shall apply with respect to participation in State term contracts.

(h) Transportation Authority Purchases. — Notwithstanding any other provision of this section, any board or governing body of any regional public transportation authority, hereafter referred to as a "RPTA," created pursuant to Article 26 of Chapter 160A of the General Statutes, or a regional transportation authority, hereafter referred to as a "RTA," created pursuant to Article 27 of Chapter 160A of the General Statutes, may approve the entering into of any contract for the purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment without competitive bidding and without meeting the requirements of subsection (b) of this section if the following procurement by competitive proposal (Request for Proposal) method is followed.

The competitive proposal method of procurement is normally conducted with more than one source submitting an offer or proposal. Either a fixed price or cost reimbursement type contract is awarded. This method of procurement is generally used when conditions are not appropriate for the use of sealed bids. If this procurement method is used, all of the following requirements apply:

(1) Requests for proposals shall be publicized. All evaluation factors shall be identified along with their relative importance.

(2) Proposals shall be solicited from an adequate number of qualified sources.

(3) RPTAs or RTAs shall have a method in place for conducting technical evaluations of proposals received and selecting awardees, with the goal of promoting fairness and competition without requiring strict adherence to specifications or price in determining the most advantageous proposal.

(4) The award may be based upon initial proposals without further discussion or negotiation or, in the discretion of the evaluators, discussions or negotiations may be conducted either with all offerors or with those offerors determined to be within the competitive range, and one or more revised proposals or a best and final offer may be requested of all remaining offerors. The details and deficiencies of an offeror's proposal may not be disclosed to other offerors during any period of negotiation or discussion.

(5) The award shall be made to the responsible firm whose proposal is most advantageous to the RPTA's or the RTA's program with price and other factors considered.

The contents of the proposals shall not be public records until 14 days before the award of the contract.

The board or governing body of the RPTA or the RTA shall, at the regularly scheduled meeting, by formal motion make findings of fact that the procurement by competitive proposal (Request for Proposals) method of procuring the particular apparatus, supplies, materials, or equipment is the most appropriate acquisition method prior to the issuance of the requests for proposals and shall by formal motion certify that the requirements of this subsection have been followed before approving the contract.

Nothing in this subsection subjects a procurement by competitive proposal under this subsection to G.S. 143-49, 143-52, or 143-53.

RPTAs and RTAs may adopt regulations to implement this subsection. CASE NOTES

Discretionary Nature of Process. — Plaintiff public contracts bidder's 18 U.S.C.S. § 1962 Racketeer Influenced and Corrupt Organizations Act claims against defendants, a state official, other bidders, and co-conspirators, based upon illegal campaign contributions solicited by the official in connection with awarding state fair contracts, failed for lack of standing because being awarded contracts was an expectancy interest only and the discretionary criteria involved in the decision-making process, as evident from G.S. 146-29, 146-29.1, 143-129, in awarding contracts precluded proximate cause as required under 18 U.S.C.S. § 1964(c). ARTICLE 9.

Building Code Council and Building Code.

§ 143-138. North Carolina State Building Code.

(a) Preparation and Adoption. — The Building Code Council may prepare and adopt, in accordance with the provisions of this Article, a North Carolina State Building Code. Before the adoption of the Code, or any part of the Code, the Council shall hold at least one public hearing. A notice of the public hearing shall be published in the North Carolina Register at least 15 days before the date of the hearing. Notwithstanding G.S. 150B-2(8a)h., the North Carolina State Building Code as adopted by the Building Code Council is a rule within the meaning of G.S. 150B-2(8a) and shall be adopted in accordance with the procedural requirements of Article 2A of Chapter 150B of the General Statutes.

The Council shall request the Office of State Budget and Management to prepare a fiscal note for a proposed Code change that has a substantial economic impact, as defined in G.S. 150B-21.4(b1), or that increases the cost of residential housing by eighty dollars ($80.00) or more per housing unit. The change can become effective only in accordance with G.S. 143-138(d). Neither the Department of Insurance nor the Council shall be required to expend any monies to pay for the preparation of any fiscal note under this section by any person outside of the Department or Council unless the Department or Council contracts with a third-party vendor to prepare the fiscal note.

(b) Contents of the Code. — The North Carolina State Building Code, as adopted by the Building Code Council, may include reasonable and suitable classifications of buildings and structures, both as to use and occupancy; general building restrictions as to location, height, and floor areas; rules for the lighting and ventilation of buildings and structures; requirements concerning means of egress from buildings and structures; requirements concerning means of ingress in buildings and structures; rules governing construction and precautions to be taken during construction; rules as to permissible materials, loads, and stresses; rules governing chimneys, heating appliances, elevators, and other facilities connected with the buildings and structures; rules governing plumbing, heating, air conditioning for the purpose of comfort cooling by the lowering of temperature, and electrical systems; and such other reasonable rules pertaining to the construction of buildings and structures and the installation of particular facilities therein as may be found reasonably necessary for the protection of the occupants of the building or structure, its neighbors, and members of the public at large.

In addition, the Code may regulate activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion, or related hazards. Such fire prevention code provisions shall be considered the minimum standards necessary to preserve and protect public health and safety, subject to approval by the Council of more stringent provisions proposed by a municipality or county as provided in G.S. 143-138(e). These provisions may include regulations requiring the installation of either battery-operated or electrical smoke detectors in every dwelling unit used as rental property, regardless of the date of construction of the rental property. For dwelling units used as rental property constructed prior to 1975, smoke detectors shall have an Underwriters' Laboratories, Inc., listing or other equivalent national testing laboratory approval, and shall be installed in accordance with either the standard of the National Fire Protection Association or the minimum protection designated in the manufacturer's instructions, which the property owner shall retain or provide as proof of compliance.

The Code may contain provisions regulating every type of building or structure, wherever it might be situated in the State.

Provided further, that nothing in this Article shall be construed to make any building rules applicable to farm buildings located outside the building-rules jurisdiction of any municipality.

Provided further, that no building permit shall be required under the Code or any local variance thereof approved under subsection (e) for any construction, installation, repair, replacement, or alteration costing five thousand dollars ($5,000) or less in any single family residence or farm building unless the work involves: the addition, repair, or replacement of load bearing structures; the addition (excluding replacement of same size and capacity) or change in the design of plumbing; the addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, appliances, or equipment, the use of materials not permitted by the North Carolina Uniform Residential Building Code; or the addition (excluding replacement of like grade of fire resistance) of roofing.

Provided further, that no building permit shall be required under such Code from any State agency for the construction of any building or structure, the total cost of which is less than twenty thousand dollars ($20,000), except public or institutional buildings.

For the information of users thereof, the Code shall include as appendices

(1) Any rules governing boilers adopted by the Board of Boiler and Pressure Vessels Rules,

(2) Any rules relating to the safe operation of elevators adopted by the Commissioner of Labor, and

(3) Any rules relating to sanitation adopted by the Commission for Health Services which the Building Code Council believes pertinent.

In addition, the Code may include references to such other rules of special types, such as those of the Medical Care Commission and the Department of Public Instruction as may be useful to persons using the Code. No rule issued by any agency other than the Building Code Council shall be construed as a part of the Code, nor supersede that Code, it being intended that they be presented with the Code for information only.

Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of (1) equipment for storing, handling, transporting, and utilizing liquefied petroleum gases for fuel purposes or anhydrous ammonia or other liquid fertilizers, except for liquefied petroleum gas from the outlet of the first stage pressure regulator to and including each liquefied petroleum gas utilization device within a building or structure covered by the Code, or (2) equipment or facilities, other than buildings, of a public utility, as defined in G.S. 62-3, or an electric or telephone membership corporation, including without limitation poles, towers, and other structures supporting electric or communication lines.

In addition, the Code may contain rules concerning minimum efficiency requirements for replacement water heaters, which shall consider reasonable availability from manufacturers to meet installation space requirements.

No State, county, or local building code or regulation shall prohibit the use of special locking mechanisms for seclusion rooms in the public schools approved under G.S. 115C-391.1(e)(1)e., provided that the special locking mechanism shall be constructed so that it will engage only when a key, knob, handle, button, or other similar device is being held in position by a person, and provided further that, if the mechanism is electrically or electronically controlled, it automatically disengages when the building's fire alarm is activated. Upon release of the locking mechanism by a supervising adult, the door must be able to be opened readily.

(c) Standards to Be Followed in Adopting the Code. — All regulations contained in the North Carolina State Building Code shall have a reasonable and substantial connection with the public health, safety, morals, or general welfare, and their provisions shall be construed reasonably to those ends. Requirements of the Code shall conform to good engineering practice. The Council may use as guidance, but is not required to adopt, the requirements of the International Building Code of the International Code Council, the Standard Building Code of the Southern Building Code Congress International, Inc., the Uniform Building Code of the International Conference of Building Officials, the National Building Code of the Building Officials and Code Administrators, Inc., the National Electric Code, the Life Safety Code, the National Fuel Gas Code, the Fire Prevention Code of the National Fire Protection Association, the Safety Code for Elevators and Escalators, and the Boiler and Pressure Vessel Code of the American Society of Mechanical Engineers, and standards promulgated by the American National Standards Institute, Standards Underwriters' Laboratories, Inc., and similar national or international agencies engaged in research concerning strength of materials, safe design, and other factors bearing upon health and safety.

(d) Amendments of the Code. — The Building Code Council may revise and amend the North Carolina State Building Code, either on its own motion or upon application from any citizen, State agency, or political subdivision of the State. In adopting any amendment, the Council shall comply with the same procedural requirements and the same standards set forth above for adoption of the Code.

(e) Effect upon Local Codes. — The North Carolina State Building Code shall apply throughout the State, from the time of its adoption. Approved rules shall become effective in accordance with G.S. 150B-21.3. However, any political subdivision of the State may adopt a fire prevention code and floodplain management regulations within its jurisdiction. The territorial jurisdiction of any municipality or county for this purpose, unless otherwise specified by the General Assembly, shall be as follows: Municipal jurisdiction shall include all areas within the corporate limits of the municipality and extraterritorial jurisdiction areas established as provided in G.S. 160A-360 or a local act; county jurisdiction shall include all other areas of the county. No such code or regulations, other than floodplain management regulations and those permitted by G.S. 160A-436, shall be effective until they have been officially approved by the Building Code Council as providing adequate minimum standards to preserve and protect health and safety, in accordance with the provisions of subsection (c) above. Local floodplain regulations may regulate all types and uses of buildings or structures located in flood hazard areas identified by local, State, and federal agencies, and include provisions governing substantial improvements, substantial damage, cumulative substantial improvements, lowest floor elevation, protection of mechanical and electrical systems, foundation construction, anchorage, acceptable flood resistant materials, and other measures the political subdivision deems necessary considering the characteristics of its flood hazards and vulnerability. In the absence of approval by the Building Code Council, or in the event that approval is withdrawn, local fire prevention codes and regulations shall have no force and effect. Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted statewide fire prevention code and which are found to regulate only activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and are not matters in conflict with the State Building Code, shall be approved. Local governments may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. If the Commissioner of Insurance or other State official with responsibility for enforcement of the Code institutes a civil action pursuant to G.S. 143-139, a local government may not institute a civil action under G.S. 143-139, 153A-123, or 160A-175 based upon the same violation. Appeals from the assessment or imposition of such civil remedies shall be as provided in G.S. 160A-434.

(f) Repealed by Session Laws 1989, c. 681, s. 3.

(g) Publication and Distribution of Code. — The Building Code Council shall cause to be printed, after adoption by the Council, the North Carolina State Building Code and each amendment thereto. It shall, at the State's expense, distribute copies of the Code and each amendment to State and local governmental officials, departments, agencies, and educational institutions, as is set out in the table below. All other buildings shall be considered as low-rise. NOTE: The requirements of Section 1008 shall be considered as minimum requirements to provide for reasonable safety to life requirements for existing buildings and where possible, the owner and designer should consider the provisions of Section 506 applicable to new high-rise buildings.

(b) Notification of Building Owner. — The Department of Insurance will send copies of amendments adopted to all local building officials with the suggestion that all local building officials transmit to applicable building owners in their jurisdiction copies of adopted amendments, within six months from the date the amendments are adopted, with the request that each building owner respond to the local building official how he plans to comply with these requirements within a reasonable time.

NOTE: Suggested reasonable time and procedures for owners to respond to the building official's request is as follows:

(1) The building owner shall, upon receipt of written request from the building official on compliance procedures within a reasonable time, submit an overall plan required by 1008(c) below within one year and within the time period specified in the approved overall plan, but not to exceed five years after the overall plan is approved, accomplish compliance with this section, as evidenced by completion of the work

in accordance with approved working drawings and specifications and by issuance of a new Certificate of Compliance by the building official covering the work. Upon approval of building owner's overall plan, the building official shall issue a "written order", as per 1008(a) above, to comply with Section 1008 in accordance with the approved overall plan.

(2) The building official may permit time extensions beyond five years to accomplish compliance in accordance with the overall plan when the owner can show just cause for such extension of time at the time the overall plan is approved.

(3) The local building official shall send second request notices as per 1008(b) to building owners who have made no response to the request at the end of six months and a third request notice to no response building owners at the end of nine months.

(4) If the building owner makes no response to any of the three requests for information on how the owner plans to comply with Section 1008 within 12 months from the first request, the building official shall issue a "written order" to the building owner to provide his building with the safety to life facilities as required by this section and to submit an overall plan specified by (1) above within six months with the five-year time period starting on the date of the "written order".

(5) For purposes of this section, the Construction Section of the Division of Facility Services, Department of Health and Human Services, will notify all non-State owned I-Institutional buildings requiring licensure by the Division of Facility Services and coordinate compliance requirements with the Department of Insurance and the local building official.

(c) Submission of Plans and Time Schedule for Completing Work. — Plans and specifications, but not necessarily working drawings covering the work necessary to bring the building into compliance with this section shall be submitted to the building official within a reasonable time. (See suggested time in NOTE of Section 1008(b) above). A time schedule for accomplishing the work, including the preparation of working drawings and specifications shall be included. Some of the work may require longer periods of time to accomplish than others, and this shall be reflected in the plan and schedule.

The system may be arranged to accomplish this either automatically or manually. If the air conditioning system is also used to pressurize the areas of refuge, this function shall not be compromised by using the system for smoke removal.

(2) Venting facilities shall be provided at the rate of 20 square feet per 100 lineal feet or 10 square feet per 50 lineal feet of exterior wall in each story and distributed around the perimeter at not more than 50 or 100 foot intervals openable from within the fire floor. (l) Fire Protection of Electrical Conductors. — New electrical conductors furnishing power for pressurization fans for stairways, power for emergency elevators and fire pumps required by Section 1008.4(d) shall be protected by a two-hour fire rated horizontal or vertical enclosure or structural element which does not contain any combustible materials. Such protection shall begin at the source of the electrical power and extend to the floor level on which the emergency equipment is located. It shall also extend to the emergency equipment to the extent that the construction of the building components on that floor permits. New electrical conductors in metal raceways located within a two-hour fire rated assembly without any combustible therein are exempt from this requirement.

Separation Allowances for Law-Enforcement Officers.

§ 143-166.41. Special separation allowance.

CASE NOTES

Resolution Restricting Vested Allowance was Improper. — County's resolution, pursuant to its authority under G.S. 143-166.42, restricting a former officer's ability to collect a special separation allowance, impaired the obligation of the state's contract with former officer under the retirement system; because the resolution was enacted after the former officer had retired and his right to receive the special separation had become vested, it was improper. The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. CASE NOTES

Because the state regulation of the land application of residuals through G.S. 143-211 was comprehensive, constituting a complete and integrated regulatory scheme, the county did not have authority to enact ordinances that also purported to specifically regulate that conduct; the trial court properly found the county ordinance invalid. Granville Farms, Inc. v. County of Granville, 170 N.C. App. 109, 612 S.E.2d 156, 2005 N.C. App. LEXIS 906 (2005).

Fact that county permit for land application of biosolids stated that it "does not preclude" compliance with the rules of local governments "which have jurisdiction" did not provide jurisdiction to the county to enact regulations that duplicated and conflicted with what was a comprehensive state regulatory scheme in G.S. 143-211. Granville Farms, Inc. v. County of Granville, 170 N.C. App. 109, 612 S.E.2d 156, 2005 N.C. App. LEXIS 906 (2005).

G.S. 143-211, coupled with the permit requirements set forth in the applicable regulations, were so comprehensive in scope that they were intended to comprise a "complete and integrated regulatory scheme" on a statewide basis, thus leaving no room for further local regulation. Granville Farms, Inc. v. County of Granville, 170 N.C. App. 109, 612 S.E.2d 156, 2005 N.C. App. LEXIS 906 (2005).

County's biosolids ordinance, which required those in business of application of biosolids to obtain county permit as well as state permit already required and to record warnings in chain of title if biosolids had been applied to land, was invalid because it was preempted by G.S. 143-211, which, coupled with regulations, was a complete and integrated regulatory scheme on a statewide basis, thus it left no room for further local regulation. Granville Farms, Inc. v. County of Granville, 170 N.C. App. 109, 612 S.E.2d 156, 2005 N.C. App. LEXIS 906 (2005).

Authority and Discretion of Commission. — Where a contractor had nine open burning piles within 1,000 feet from a dwelling, the North Carolina Department of Environment and Natural Resources and the Environmental Management Commission did not exceed their discretion and authority under G.S. 143-211(c), 143-215.107(a)(1), (3), and 143-215.114A(a)(1) in interpreting each pile to be one violation. MW Clearing & Grading, Inc. v. N.C. Dep't of Env't & Natural Res., 171 N.C. App. 170, 614 S.E.2d 568, 2005 N.C. App. LEXIS 1210 (2005), cert. denied, 360 N.C. 65, 623 S.E.2d 585 (2005).

§ 143-214.1. Water; water quality standards and classifications; duties of Commission.

Nutrient management strategy. — Session Laws 2005-190, s. 3(c), as amended by Session Laws 2006-259, s. 31(a), effective July 1, 2005, provides: "The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by 1 July 2009. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy."

Implementation; rulemaking. — Session Laws 2005-190, s. 3(e), as amended by Session Laws 2006-259, s. 31(b), effective July 15, 2005, provides: "The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by 1 July 2009. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective."

Other drinking water supply reservoirs. — Session Laws 2005-190, s. 4, as amended by Session Laws 2006-259, s. 31(c), effective July 15, 2005, provides: "The Environmental Management Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into any drinking water supply reservoir for which the Division of Water Quality of the Department of Environment and Natural Resources has prepared or updated a calibrated nutrient response model since 1 July 2002 until permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective. The Commission shall report its progress in developing and implementing nutrient management strategies for reservoirs to which this section applies to the Environmental Review Commission by 1 April of each year beginning 1 April 2006."

§ 143-214.4. Certain cleaning agents containing phosphorus prohibited.

(a) No person may manufacture, store, sell, use, or distribute for sale or use any cleaning agent containing phosphorus in the State, except as otherwise provided in this section.

(b) As used in this section, "cleaning agent" means a laundry detergent, dishwashing compound, household cleaner, metal cleaner or polish, industrial cleaner, or other substance that is used or intended for use for cleaning purposes.

(c) This section shall not apply to cleaning agents which are used:

(10) To clean hard surfaces including windows, sinks, counters, floors, ovens, food preparation surfaces, and plumbing fixtures.

(d) This section shall not apply to cleaning agents which:

(1) Contain phosphorus in an amount not exceeding five-tenths of one percent (0.5%) by weight which is incidental to manufacturing;
(2) Contain phosphorus in an amount not exceeding eight and seven-tenths percent (8.7%) by weight and which are intended for use in a commercial or household dishwashing machine;
(3) Are manufactured, stored, sold, or distributed for use solely outside the State.

(e) The Commission may permit the use of a cleaning agent which contains phosphorus in an amount exceeding five-tenths of one percent (0.5%) but not exceeding eight and seven-tenths percent (8.7%) by weight upon a finding that there is no adequate substitute for such cleaning agent, or that compliance with this section would otherwise be unreasonable or create a significant hardship on the user. The Commission shall adopt rules to administer this subsection.

(f) Any person who manufactures, sells or distributes any cleaning agent in violation of this section shall be guilty of a Class 3 misdemeanor punishable only by a fine not to exceed fifty dollars ($50.00).

(1987, c. 111, s. 1; c. 817; c. 827, s. 154; 1993, c. 539, s. 1017; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 61; 2006-203, s. 88.)

Subsection (g) Set Out Twice. — The first version of subsection (g) set out above is effective until July 1, 2007. The second version of subsection (g) set out above is effective July 1, 2007.

Editor's Note. — Session Laws 2006-203, s. 126, provides, in part: "Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-203, s. 88, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, substituted "G.S. 14-3.1(a)" for "G.S. 143-3.1(a)" in subsection (g).

§ 143-214.7. Stormwater runoff rules and programs.

(a) Policy, Purpose and Intent. — The Commission shall undertake a continuing planning process to develop and adopt a statewide plan with regard to establishing and enforcing stormwater rules for the purpose of protecting the surface waters of the State. It is the purpose and intent of this section that, in developing stormwater runoff rules and programs, the Commission may utilize stormwater rules established by the Commission to protect classified shellfish waters, water supply watersheds, and outstanding resource waters; and to control stormwater runoff disposal in coastal counties and other nonpoint sources. Further, it is the intent of this section that the Commission phase in the stormwater rules on a priority basis for all sources of pollution to the water. The plan shall be applied evenhandedly throughout the State to address the State's water quality needs. The Commission shall continually monitor water quality in the State and shall revise stormwater runoff rules as necessary to protect water quality. As necessary, the stormwater rules shall be modified to comply with federal regulations.

(b) The Commission shall implement stormwater runoff rules and programs for point and nonpoint sources on a phased-in statewide basis. The Commission shall consider standards and best management practices for the protection of the State's water resources in the following order of priority:

(1) Classified shellfish waters.
(2) Water supply watersheds.
(3) Outstanding resource waters.
(4) High quality waters.

(5) All other waters of the State to the extent that the Commission finds control of stormwater is needed to meet the purposes of this Article.

(c) The Commission shall develop model stormwater management programs that may be implemented by State agencies and units of local government. Model stormwater management programs shall be developed to protect existing water uses and assure compliance with water quality standards and classifications. A State agency or unit of local government may submit to the Commission for its approval a stormwater control program for implementation within its jurisdiction. To this end, State agencies may adopt rules, and units of local government are authorized to adopt ordinances and regulations necessary to establish and enforce stormwater control programs. Units of local government are authorized to create or designate agencies or subdivisions to administer and enforce the programs. Two or more units of local government are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program.

(c1) Any land-use restriction providing for the maintenance of stormwater best management practices or site consistency with approved stormwater project plans filed pursuant to a rule of the Commission, local ordinance, or permit approved by the Commission shall be enforced by any owner of the land on which the best management practice or project is located, any adjacent property owners, any downstream property owners who would be injured by failure to enforce the land-use restriction, any local government having jurisdiction over any part of the land on which the best management practice or project is located, or the Department through the remedies provided by any provision of law that is implemented or enforced by the Department or by means of a civil action, without first having exhausted any available administrative remedies. A land-use restriction providing for the maintenance of stormwater best management practices or site consistency with approved stormwater project plans filed pursuant to a rule of the Commission, local ordinance, or permit approved by the Commission shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this section shall abide by the land-use restriction.

(d) The Commission shall review each stormwater management program submitted by a State agency or unit of local government and shall notify the State agency or unit of local government that submitted the program that the program has been approved, approved with modifications, or disapproved. The Commission shall approve a program only if it finds that the standards of the program equal or exceed those of the model program adopted by the Commission pursuant to this section.

(d1) A retail merchant shall not use more than 400 square feet of impervious surface area within the portion of the merchant's premises that is designed to be used for vehicular parking for the display and sale of nursery stock, as that term is defined by the Board of Agriculture pursuant to G.S. 106-423. This subsection shall not apply to a retail merchant that either:

(1) Collects and treats stormwater on-site using a treatment system that is designed to remove at least eighty-five percent (85%) of total suspended solids. For purposes of this subdivision, a treatment system includes, but is not limited to, a filtration system or a detention system.

(2) Collects and stores stormwater for reuse on-site for irrigation or other purposes.

(3) Collects and discharges stormwater to a local or regional stormwater collection and treatment system.

(e) The Commission shall annually report to the Environmental Review Commission on the implementation of this section, including the status of any stormwater control programs administered by State agencies and units of local government, on or before 1 October of each year. (1989, c. 447, s. 2; 1995, c. 507, s. 27.8(q); 1997-458, s. 7.1; 2004-124, s. 6.29(a); 2006-246, s. 16(b).)

"(1) Connected discharge petition. — An owner or operator of a permitted municipal separate storm sewer system (MS4) may submit a petition to the Commission to request that a person who discharges into the permitted municipal separate storm sewer system (MS4) be required to obtain a separate Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management. The Commission shall grant the petition and require the person to obtain a separate Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management if the petitioner shows that the person's discharge flows or will flow into the permitted municipal separate storm sewer system (MS4).

"(2) Adverse impact petition. — Any person may submit a petition to the Commission to request that an owner or operator of a municipal separate storm sewer system (MS4) or a person who discharges stormwater be required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management.

"a. Petition review. — The Commission shall grant the petition and require the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management if the petitioner shows any of the following:

"1. The municipal separate storm sewer system (MS4) or the discharge discharges or has the potential to discharge stormwater that may cause or contribute to a water quality standard violation.

"2. The municipal separate storm sewer system (MS4) or the discharge provides a significant contribution of pollutants to receiving waters.

"3. The municipal separate storm sewer system (MS4) or the discharge is specifically listed by name as a source of pollutants for urban stormwater in a total maximum daily load (TMDL) implementation plan developed in accordance with subsections (d) and (e) of 33 U.S.C. § 1313.

"b. Types of evidence for required showing. — Petitioners may make the required showing by providing to the Commission the following information:

"1. Monitoring data that includes, at a minimum, representative sampling of the municipal separate storm sewer system (MS4) or discharge and information describing how the sampling is representative. The petitioner must notify the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater of its intent to conduct monitoring activities prior to conducting those activities.

"2. Scientific or technical literature that supports the sampling methods.

"3. Study and technical information on land uses in the drainage area and the characteristics of stormwater runoff from these land uses.

"4. A map that delineates the drainage area of the petitioned entity; the location of sampling stations; the location of the stormwater outfalls in the adjacent area of the sampling locations; general features, including, but not limited to, surface waters, major roads, and political boundaries; and areas of concern regarding water quality.

"5. For stormwater discharges to impaired waters, documentation that the receiving waters are impaired or degraded and monitoring data that demonstrates that the municipal separate storm sewer system (MS4) or discharge contributes pollutants for which the waters are impaired or degraded.

"6. For stormwater discharges to nonimpaired waters, monitoring data that demonstrates that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is a significant contributor of pollutants to the receiving waters.

"c. Water quality protection program offset. — If the petitioner makes the required showing, the Commission shall review the effectiveness of any existing water quality protection programs that may offset the need to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management. To determine the effectiveness of other applicable water quality protection programs, the Commission shall consider the water quality of the receiving waters and whether the waters support the uses set out in subsections (c), (d), and (e) of 15A NCAC 2B.0101 (Procedures for Assignment of Water Quality Standards — General Procedures) and the specific classification of the waters set out in 15A NCAC 2B.0300, et seq. (Assignment of Stream Classifications). The Commission may deny the petition if it finds that existing water quality protection programs are adequate to address stormwater impacts on sensitive receiving waters and to ensure compliance with a TMDL implementation plan.

"(3) Petition administration. — The Commission shall process petitions in the following manner:

"a. The Commission shall only accept petitions submitted on Department forms.

"b. A separate petition must be filed for each municipal separate storm sewer system (MS4) or discharge.

"c. The Commission shall evaluate only complete petitions. The Commission shall make a determination on the completeness of a petition within 90 days of receipt of the petition, or it shall be deemed complete. If the Commission requests additional information, the petitioner may submit additional information; and the Commission will determine, within 90 days of receipt of the additional information, whether the information completes the petition.

"d. The petitioner shall provide a copy of the petition and a copy of any subsequent additional information submitted to the Commission to the chief administrative officer of the municipal separate storm sewer system (MS4) or the person in control of the discharge within 48 hours of each submittal.

"e. The Commission shall post all petitions on the Division Web site and maintain copies available for inspection at the Division's office. The Commission shall accept and consider public comment for at least 30 days from the date of posting.

"f. The Commission may hold a public hearing on a petition and shall hold a public hearing on a petition if it receives a written request for a public hearing within the public comment period, and the Commission determines that there is a significant public interest in holding a public hearing. The Commission's determination to hold a public hearing shall be made no less than 15 days after the close of the public comment period. The Commission shall schedule the hearing to be held within 45 days of the close of the initial public comment period and shall accept and consider additional public comment through the date of the hearing.

"g. An additional petition for the same municipal separate storm sewer system (MS4) or discharge received during the public comment period shall be considered as comment on the original petition. An additional petition for the same municipal separate storm sewer system (MS4) or discharge received after the public comment period ends and before the final determination is made shall be considered incomplete and held pending a final determination on the original petition.

"1. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, any petitions for that municipal separate storm sewer system (MS4) or discharge that were held shall be considered in the development of the Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management.

"2. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is not required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, an additional petition for the municipal separate storm sewer system (MS4) or discharge must present new information or demonstrate that conditions have changed in order to be considered. If new information is not provided, the petition shall be returned as substantially incomplete.

"h. The Commission shall evaluate a petition within 180 days of the date on which it is determined to be complete. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, the Commission shall notify the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater within 30 days of the requirement to obtain the permit. The owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater must submit its application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management within 18 months of the date of notification.

"7. Permit Standards. — To obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, an applicant shall, to the extent authorized by law, develop, implement, and enforce a stormwater management plan approved by the Commission that satisfies the six minimum control measures required by 40 Code of Federal Regulations § 122.34(b)(1 July 2003 Edition). The evaluation of the post-construction stormwater management measures required by 40 Code of Federal Regulations § 122.34(b)(5)(1 July 2003 Edition) shall be conducted as provided in Section 9 of this act. Regulated entities may propose using any existing State or local program that relates to the minimum measures to meet, either in whole or in part, the requirements of the minimum measures.

"8. Exclusions from Post-Construction Practices. — The post-construction practices required by Section 9 of this act shall not apply to any of the following:

"(1) Development in an area where the requirements of Section 9 of this act are applicable that is conducted pursuant to one of the following authorizations, provided that the authorization was obtained prior to the effective date of the post-construction stormwater control requirements in the area and the authorization is valid, unexpired, unrevoked, and not otherwise terminated:

"a. A building permit pursuant to G.S. 153A-357 or G.S. 160A-417.

"b. A site-specific development plan as defined by G.S. 153A-344.1(b)(5) and G.S. 160A-385.1(b)(5).

"c. A phased development plan approved pursuant to G.S. 153A-344.1 for a project located in the unincorporated area of a county that is subject to the requirements of Section 9 of this act, if the Commission is responsible for implementation of the requirements of Section 9 of this act, that shows:

"1. For the initial or first phase of development, the type and intensity of use for a specific parcel or parcels, including at a minimum, the boundaries of the project and a subdivision plan that has been approved pursuant to G.S. 153A-330 through G.S. 153A-335.

"2. For any subsequent phase of development, sufficient detail so that implementation of the requirements of Section 9 of this act to that phase of development would require a material change in that phase of the plan.

"d. A vested right to the development under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 issued by a local government that implements Section 9 of this act.

"e. A vested right to the development pursuant to common law.

"(2) Redevelopment.

"9. Post-Construction Practices. —

"(a) For post-construction requirements, a program will be deemed compliant for the areas where it is implementing any of the following programs:

"(1) Water Supply Watershed I (WS-I) — 15A NCAC 2B.0212.

"(2) Water Supply Watershed II (WS-II) — 15A NCAC 2B.0214.

"(3) Water Supply Watershed III (WS-III) — 15A NCAC 2B.0215.

"(4) Water Supply Watershed IV (WS-IV) — 15A NCAC 2B.0216.

"(5) Freshwater High Quality Waters (HQW) — 15A NCAC 2H.1006.

"(6) Freshwater Outstanding Resource Waters (ORW) — 15A NCAC 2H.1007.

"(7) The Neuse River Basin Nutrient Sensitive Waters (NSW) Management Strategy — 15A NCAC 2B.0235.

"(8) The Tar-Pamlico River Basin Nutrient Sensitive (NSW) Management Strategy — 15A NCAC 2B.0258.

"(9) The Randleman Lake Water Supply Watershed Nutrient Management Strategy — 15A NCAC 2B.0251.

"(b) In order to fulfill the post-construction minimum measure program requirement, a permittee, delegated program, or regulated entity may use the Department's model ordinance, design its own post-construction practices based on the Department's guidance on scientific and engineering standards for best management practices (BMPs), incorporate the post-construction model practices described in this act, or develop its own comprehensive watershed plan that is determined by the Department to meet the post-construction stormwater management measure required by 40 Code of Federal Regulations § 122.34(b)(5) (July 1, 2003, Edition).

"(c) Permittees, delegated programs, and regulated entities must require stormwater controls for a project that disturbs one acre or more of land, including a project that disturbs less than one acre of land that is part of a larger common plan of development or sale. The stormwater controls shall be appropriate to the project's level of density as follows:

"(1) Post-construction model practices for low-density projects. — A project that is located within one-half mile of and draining to Shellfish Resource Waters is a low-density project if it contains no more than twelve percent "(12%) built-upon area. A project that is not located within one-half mile of Shellfish Resource Waters is a low-density project if it contains no more than twenty-four percent (24%) built-upon area or no more than two dwelling units per acre. Low-density projects must use vegetated conveyances to the maximum extent practicable to transport stormwater runoff from the project. On-site stormwater treatment devices such as infiltration areas, bioretention areas, and level spreaders may also be used as added controls for stormwater runoff. A project with an overall density at or below the low-density thresholds, but containing areas with a density greater than the overall project density, may be considered low density as long as the project meets or exceeds the post-construction model practices for low-density projects and locates the higher density in upland areas and away from surface waters and drainageways to the maximum extent practicable.

"(2) Post-construction model practices for high-density projects. — A project that is located within one-half mile of and draining to Shellfish Resource Waters is a high-density project if it contains more than twelve percent (12%) built-upon area. A project that is not located within one-half mile of Shellfish Resource Waters is a high-density project if it contains more than twenty-four percent (24%) built-upon area or more than two dwelling units per acre. High-density projects must use structural stormwater management systems that will control and treat runoff from the first one inch of rain unless the project is in a county that is subject to the Coastal Area Management Act of 1974, in which case the project must use structural stormwater management systems that will control and treat runoff from the first one and one-half inches of rain. In addition, projects that are located within one-half mile and draining to Shellfish Resource Waters must control and treat the difference in the stormwater runoff from the predevelopment and post-development conditions for the one-year, 24-hour storm. The structural stormwater management system must also meet the following design standards:

"a. Draw down the treatment volume no faster than 48 hours, but no slower than 120 hours.

"b. Discharge the storage volume at a rate equal to or less than the predevelopment discharge rate for the one-year, 24-hour storm.

"c. Remove an eighty-five percent (85%) average annual amount of Total Suspended Solids.

"d. Meet the General Engineering Design Criteria set out in 15A NCAC 02H.1008(c).

"e. Wet detention ponds designed in accordance with the requirements of subsection (h) of this section may be used for projects draining to Class SA waters.

"(d) Permittees, delegated programs, and regulated entities must require built-upon areas to be located at least 30 feet landward of all perennial and intermittent surface waters. For purposes of this section, a surface water shall be present if the feature is shown on either the most recent version of the soil survey map prepared by the Natural Resources Conservation Service of the United States Department of Agriculture or the most recent version of the 1:24,000 scale (7.5 minute) quadrangle topographic maps prepared by the United States Geologic Survey (USGS). Relief from this requirement may be allowed when surface waters are not present in accordance with the provisions of 15A NCAC 02B.0233(3)(a). In addition, an exception to this requirement may be pursued in accordance with subsection (a) of Section 11 of this act.

"(e) Permittees, delegated programs, and regulated entities must implement or require a fecal coliform reduction program that controls, to the maximum extent practicable, the sources of fecal coliform. At a minimum, the program shall include the development and implementation of an oversight program to ensure proper operation and maintenance of on-site wastewater treatment systems for domestic wastewater. For municipalities, this program may be coordinated with local county health departments.

"(f) Permittees, delegated programs, and regulated entities must impose or require recorded deed restrictions and protective covenants that ensure development activities will maintain the project consistent with approved plans.

"(g) Permittees, delegated programs, and regulated entities must implement or require an operation and maintenance plan that ensures the adequate long-term operation of the structural BMPs required by the program. The operation and maintenance plan must require the owner of each structural BMP to submit a maintenance inspection report on each structural BMP annually to the local program.

"(h) For areas draining to Class SA waters, permittees, delegated programs, and regulated entities must:

"(1) Use BMPs that result in the highest degree of fecal coliform die-off and control to the maximum extent practicable sources of fecal coliform while still incorporating the stormwater controls required by the project's density level.

"(2) Implement a program to control the sources of fecal coliform to the maximum extent practicable, including a pet waste management component, which may be achieved by revising an existing litter ordinance, and an on-site domestic wastewater treatment systems component to ensure proper operation and maintenance of such systems, which may be coordinated with local county health departments.

"(3) Prohibit new points of stormwater discharge to Class SA waters and prohibit both increases in the volume of stormwater flow through conveyances and increases in capacity of conveyances in existing stormwater conveyance systems that drain to Class SA waters. Any modification or redesign of a stormwater conveyance system within the contributing drainage basin must not increase the net amount or rate of stormwater discharge through existing outfalls to Class SA waters. Diffuse flow of stormwater at a nonerosive velocity to a vegetated buffer or other natural area capable of providing effective infiltration of the runoff from the one-year, 24-hour storm shall not be considered a direct point of stormwater discharge. Consideration shall be given to soil type, slope, vegetation, and existing hydrology when evaluating infiltration effectiveness.

"(i) For areas draining to Trout Waters, permittees, delegated programs, and regulated entities must:

"(1) Use BMPs that avoid a sustained increase in the receiving water temperature, while still incorporating the stormwater controls required for the project's density level.

"(2) Allow on-site stormwater treatment devices such as infiltration areas, bioretention areas, and level spreaders as added controls.

"(j) For areas draining to Nutrient Sensitive Waters, permittees, delegated programs, and regulated entities must:

"(1) Use BMPs that reduce nutrient loading, while still incorporating the stormwater controls required for the project's density level. In areas where the Department has approved a Nutrient Sensitive Water Urban Stormwater Management Program, the provisions of that program fulfill the nutrient loading reduction requirement. Nutrient Sensitive Water Urban Stormwater Management Program requirements are found in 15A NCAC 02B.0200.

"(2) Implement a nutrient application management program for both inorganic fertilizer and organic nutrients to reduce nutrients entering waters of the State.

"(k) For BMPs that require a separation from the seasonal high-water table, the separation shall be provided by at least 12 inches of naturally occurring soil above the seasonal high-water table.

"(l) Nothing in this section shall limit, expand, or alter the requirement that a discharge fully comply with all applicable State or federal water quality standards.

"10. Delegation. — A public entity that does not administer a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management throughout the entirety of its planning jurisdiction and whose planning jurisdiction includes a regulated coverage area under Section 4 of this act may submit a stormwater management program for its regulated coverage area or a portion of its regulated coverage area to the Commission for approval pursuant to G.S. 143-214.7(c). An ordinance or regulation adopted by a public entity shall at least meet and may exceed the minimum requirements of Section 9 of this act. Two or more public entities are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program. The resolution, memorandum of agreement, or other document that establishes any joint program must be duly recorded in the minutes of the governing body of each public entity participating in the program, and a certified copy of each resolution must be filed with the Commission. The Commission shall review each proposed program submitted to it to determine whether the submission is complete. Within 90 days after the receipt of a complete submission, the Commission shall notify the public entity submitting the program that it has been approved, approved with modifications, or disapproved. The Commission shall only approve a program upon determining that its standards equal or exceed those of Section 9 of this act. If the Commission determines that any public entity is failing to administer or enforce an approved stormwater management program, it shall notify the public entity in writing and shall specify the deficiencies of administration and enforcement. If the public entity has not taken corrective action within 30 days of receipt of notification from the Commission, the Commission shall assume administration and enforcement of the program until such time as the public entity indicates its willingness and ability to resume administration and enforcement of the program.

"11(a) Exceptions. — The Department or an appropriate local authority, pursuant to Article 18 of G.S. 153A or Article 19 of G.S. 160A, may grant exceptions from the 30-foot landward location of built-upon area requirement as well as the deed restrictions and protective covenants requirement as follows:

"(1) An exception may be granted if the application meets all of the following criteria:

"a. Unnecessary hardships would result from strict application of the act.

"b. The hardships result from conditions that are peculiar to the property, such as the location, size, or topography of the property.

"c. The hardships did not result from actions taken by the petitioner.

"d. The requested exception is consistent with the spirit, purpose, and intent of this act; will protect water quality; will secure public safety and welfare; and will preserve substantial justice. Merely proving that the exception would permit a greater profit from the property shall not be considered adequate justification for an exception.

"(2) Notwithstanding subdivision (1) of this section, exceptions shall be granted in any of the following instances:

"a. When there is a lack of practical alternatives for a road crossing, railroad crossing, bridge, airport facility, or utility crossing as long as it is located, designed, constructed, and maintained to minimize disturbance, provide maximum nutrient removal, protect against erosion and sedimentation, have the least adverse effects on aquatic life and habitat, and protect water quality to the maximum extent practicable through the use of BMPs.

"b. When there is a lack of practical alternatives for a stormwater management facility; a stormwater management pond; or a utility, including, but not limited to, water, sewer, or gas construction and maintenance corridor, as long as it is located 15 feet landward of all perennial and intermittent surface waters and as long as it is located, designed, constructed, and maintained to minimize disturbance, provide maximum nutrient removal, protect against erosion and sedimentation, have the least adverse effects on aquatic life and habitat, and protect water quality to the maximum extent practicable through the use of BMPs.

"c. A lack of practical alternatives may be shown by demonstrating that, considering the potential for a reduction in size, configuration, or density of the proposed activity and all alternative designs, the basic project purpose cannot be practically accomplished in a manner which would avoid or result in less adverse impact to surface waters.

"(3) Reasonable and appropriate conditions and safeguards may be imposed upon any exception granted.

"(4) Local authorities must document the exception procedure and submit an annual report to the Department on all exception proceedings.

"(5) Appeals of the Department's exception decisions must be filed with the Office of Administrative Hearings, under G.S. 150B-23. Appeals of a local authority's exception decisions must be made to the appropriate Board of Adjustment or other appropriate local governing body, under G.S. 160A-388 or G.S. 153A-345.

"11(b) Exemption. — A municipality with a population of less than 1,000, including a municipality designated as an urbanized area under the most recent federal decennial census, is not required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management unless the municipality is shown to be contributing to an impairment of State waters, as determined under the requirements of 33 U.S.C. § 1313(d).

"11(c) Waiver. — The Department may waive the Phase II National Pollutant Discharge Elimination System (NPDES) permit requirement pursuant to 40 Code of Federal Regulations §§ 122.32(d) or (e) (July 1, 2003, Edition).

"12. Implementation Schedule. — The requirements of this act shall be implemented as follows:

"(1) A regulated entity must apply within 18 months of notification by the Department that the regulated entity is subject to regulation pursuant to Sections 4, 5, or 6 of this act.

"(2) Public education and outreach minimum measures shall be implemented no later than 12 months from date of permit issuance.

"(3) A regulated entity must implement its post-construction program no later than 24 months from the date the permit is issued.

"(4) The Department shall include permit conditions that establish schedules for implementation of each minimum measure of the regulated entity's stormwater management program based on the submitted application so that the regulated entity fully implements its permitted program within five years from permit issuance.

"13. Federal and State Projects. — The Commission shall have jurisdiction, to the exclusion of local governments, to issue a National Pollutant Discharge Elimination System (NPDES) permit for stormwater management to a federal or State agency that applies to all or part of the activities of the agency or that applies to the particular project. If a federal or State agency does not hold a Phase I or Phase II National Pollutant Discharge Elimination System (NPDES) permit for management that applies to the particular project, then the project is subject to the stormwater management requirements of this act as implemented by the Commission or by a local government. The provisions of G.S. 153A-347 and G.S. 160A-392 apply to the implementation of this act."

Session Laws 2006-246, ss. 14 and 15, effective retroactively to July 1, 2006, provide: "14. General Permit. — The Commission shall develop and issue a Phase II National Pollutant Discharge Elimination System (NPDES) general permit for stormwater management. The general permit requirements for post-construction stormwater management measures required by 40 Code of Federal Regulations § 122.34(b)(5) (July 1, 2003, Edition) shall require a permittee to meet the standards set out in Section 9 of this act but shall not impose any requirement on the permittee that exceeds the standards set out in Section 9 of this act. After the Commission has issued a Phase II National Pollutant Discharge Elimination System (NPDES) general permit for stormwater management, a public entity that has applied for a permit may submit a notice of intent to be covered under the general permit to the Commission. The Commission shall treat an application for a permit as an application for an individual permit unless the applicant submits a notice of intent to be covered under a general permit under this section.

"15. Additional Rule Making. — The Commission may adopt rules to replace the rules that are disapproved as provided in subsection (a) of Section 1 of this act. If the Commission adopts rules pursuant to this section, notwithstanding G.S. 150B-19(4), the rules shall be substantively identical to the provisions of Sections 2 through 13 of this act. The Commission may reorganize or renumber any of the rules to which this section applies at its discretion. Rules adopted pursuant to this section are not subject to G.S. 150B-21.9 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2)."

Session Laws 2006-246, s. 18, effective retroactively to July 1, 2006, reads: "Construction of Act. —

"(1) Except as specifically provided in Section 15 of this act, nothing in this act shall be construed to limit, expand, or otherwise alter the authority of the Environmental Management Commission or any unit of local government.

"(2) The exclusions from the requirement to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit set out in 40 Code of Federal Regulations § 122.3 (July 1, 2003, Edition), including the exclusions for certain nonpoint source agricultural and silvicultural activities, apply to the provisions of this act.

"(3) This act shall not be construed to affect any delegation of any power or duty by the Commission to the Department or subunit of the Department.

"(4) The definitions of 'development' and 'redevelopment' set out in this act do not alter or amend the definition of 'redevelopment' set out in G.S. 113A-103 and do not apply to the Coastal Area Management Act of 1974, Article 7 of Chapter 113A of the General Statutes.

"(5) As used in Section 9 of this act, the phrase 'common plan of development or sale' shall be interpreted and implemented in a manner consistent with the memorandum referenced as 'Guidance Interpreting Phase II Stormwater Requirements' from the Director of the Division of Water Quality of the Department of Environment and Natural Resources to Interested Parties dated 24 July 2006."

Effect of Amendments. —

Session Laws 2006-246, s. 16(b), effective retroactively to July 1, 2006, added subsection (c1).

§ 143-214.20. Riparian Buffer Protection Program: Alternatives to maintaining riparian buffers; compensatory mitigation fees.

Editor's Note. —

Session Laws 2006-215, ss. 1 to 4, as amended by Session Laws 2006-218, s. 1, and as amended by Session Laws 2006-255, s. 5.3, effective August 1, 2006, and expiring September 1, 2007, provide: "1. Notwithstanding the per pound factors for nutrient offset payments established in 15A NCAC 2B.0240, as adopted by the Environmental Management Commission on 12 January 2006, the per pound factors for nutrient offset payments are established as follows:

"(1) Eleven dollars ($11.00) per pound of nitrogen, calculated inaccordance with the method used as of 1 January 2006, fordetermining pounds of nitrogen per acre.

"(2) Eleven dollars ($11.00) per tenth of a pound of phosphorous.

"1.1 Notwithstanding 15A NCAC 2B.0240 and Section 1 of this act, the Department of Environment and Natural Resources shall not be required to accept a nutrient offset payment for phosphorous as a means of fulfilling any requirement of the nutrient sensitive waters management strategy for the Tar-Pamlico River Basin if the Department finds that the payment is not sufficient to cover the full costs of nutrient reduction measures needed to comply with the nutrient sensitive waters management strategy. If the Department declines to accept a nutrient offset payment for phosphorous, the Department shall provide an estimate of the full cost of the nutrient reduction measures required for compliance with the nutrient sensitive waters management strategy. The Department may negotiate and enter into contracts to provide nutrient reduction measures needed to fulfill any requirement of the nutrient sensitive waters management strategy for phosphorous for the Tar-Pamlico River Basin based on the full cost of providing the nutrient reduction measures.

"2. Study. — The Environmental Review Commission, with the assistance of the Division of Water Quality of the Department of Environment and Natural Resources, shall study issues related to the nutrient offset payment program. The Commission shall specifically study the costs associated with providing nutrient controls that are adequate to offset point source and nonpoint source discharges of nitrogen; whether nutrient offset payments should be authorized for additional nutrients, including phosphorus; and whether the nutrient offset program should be expanded to other areas of the State.

"2.1. A donation of real property or of an interest in real property to the Department of Environment and Natural Resources, another State agency, a unit of local government, or a private nonprofit conservation organization under G.S. 143-214.20 shall be limited to property that is located in the same river basin as the riparian buffer that is lost but shall not be limited to a donation of property located on the same stream as the riparian buffer that is lost.

"3. Report. — The Environmental Review Commission shall report its findings, together with any recommended legislation, to the 2007 General Assembly upon its convening.

"4. The Division of Water Quality of the Department of Environment and Natural Resources must refund any fee paid in excess of the amount established under this act."

§ 143-214.21. Riparian Buffer Protection Program: Riparian Buffer Restoration Fund.

Session Laws 2006-215, ss. 1 to 4, as amended by Session Laws 2006-218, s. 1, and as amended by Session Laws 2006-255, s. 5.3, effective August 1, 2006, and expiring September 1, 2007, provide: "1. Notwithstanding the per pound factors for nutrient offset payments established in 15A NCAC 2B.0240, as adopted by the Environmental Management Commission on 12 January 2006, the per pound factors for nutrient offset payments are established as follows:

"(2) Eleven dollars ($11.00) per tenth of a pound of phosphorous.

"1.1 Notwithstanding 15A NCAC 2B.0240 and Section 1 of this act, the Department of Environment and Natural Resources shall not be required to accept a nutrient offset payment for phosphorous as a means of fulfilling any requirement of the nutrient sensitive waters management strategy for the Tar-Pamlico River Basin if the Department finds that the payment is not sufficient to cover the full costs of nutrient reduction measures needed to comply with the nutrient sensitive waters management strategy. If the Department declines to accept a nutrient offset payment for phosphorous, the Department shall provide an estimate of the full cost of the nutrient reduction measures required for compliance with the nutrient sensitive waters management strategy. The Department may negotiate and enter into contracts to provide nutrient reduction measures needed to fulfill any requirement of the nutrient sensitive waters management strategy for phosphorous for the Tar-Pamlico River Basin based on the full cost of providing the nutrient reduction measures.

"2. Study. — The Environmental Review Commission, with the assistance of the Division of Water Quality of the Department of Environment and Natural Resources, shall study issues related to the nutrient offset payment program. The Commission shall specifically study the costs associated with providing nutrient controls that are adequate to offset point source and nonpoint source discharges of nitrogen; whether nutrient offset payments should be authorized for additional nutrients, including phosphorus; and whether the nutrient offset program should be expanded to other areas of the State.

"2.1. A donation of real property or of an interest in real property to the Department of

Environment and Natural Resources, another State agency, a unit of local government, or a private nonprofit conservation organization under G.S. 143-214.20 shall be limited to property that is located in the same river basin as the riparian buffer that is lost but shall not be limited to a donation of property located on the same stream as the riparian buffer that is lost.

"3. Report. — The Environmental Review Commission shall report its findings, together with any recommended legislation, to the 2007 General Assembly upon its convening.

"4. The Division of Water Quality of the Department of Environment and Natural Resources must refund any fee paid in excess of the amount established under this act."

§ 143-215. Effluent standards or limitations.

Nutrient management strategy. — Session Laws 2005-190, s. 3(c), as amended by Session Laws 2006-259, s. 31(a), effective July 1, 2005, provides: "The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by 1 July 2009. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy."

Implementation; rulemaking. — Session Laws 2005-190, s. 3(e), as amended by Session Laws 2006-259, s. 31(b), effective July 15, 2005, provides: "The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by 1 July 2009. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective."

Other drinking water supply reservoirs. — Session Laws 2005-190, s. 4, as amended by Session Laws 2006-259, s. 31(c), effective July 15, 2005, provides: "The Environmental Management Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into any drinking water supply reservoir for which the Division of Water Quality of the Department of Environment and Natural Resources has prepared or updated a calibrated nutrient response model since 1 July 2002 until permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective. The Commission shall report its progress in developing and implementing nutrient management strategies for reservoirs to which this section applies to the Environmental Review Commission by 1 April of each year beginning 1 April 2006."

§ 143-215.1. Control of sources of water pollution; permits required.

(a) Activities for Which Permits Required. — No person shall do any of the following things or carry out any of the following activities unless that person has received a permit from the Commission and has complied with all conditions set forth in the permit:

(1) Make any outlets into the waters of the State.

(2) Construct or operate any sewer system, treatment works, or disposal system within the State.

(3) Alter, extend, or change the construction or method of operation of any sewer system, treatment works, or disposal system within the State.

(4) Increase the quantity of waste discharged through any outlet or processed in any treatment works or disposal system to any extent that would result in any violation of the effluent standards or limitations established for any point source or that would adversely affect the condition of the receiving waters to the extent of violating any applicable standard.

(5) Change the nature of the waste discharged through any disposal system in any way that would exceed the effluent standards or limitations established for any point source or that would adversely affect the condition of the receiving waters in relation to any applicable standards.

(6) Cause or permit any waste, directly or indirectly, to be discharged to or in any manner intermixed with the waters of the State in violation of the water quality standards applicable to the assigned classifications or in violation of any effluent standards or limitations established for any point source, unless allowed as a condition of any permit, special order or other appropriate instrument issued or entered into by the Commission under the provisions of this Article.

(7) Cause or permit any wastes for which pretreatment is required by pretreatment standards to be discharged, directly or indirectly, from a pretreatment facility to any disposal system or to alter, extend or change the construction or method of operation or increase the quantity or change the nature of the waste discharged from or processed in that facility.

(8) Enter into a contract for the construction and installation of any outlet, sewer system, treatment works, pretreatment facility or disposal system or for the alteration or extension of any such facility.

(9) Dispose of sludge resulting from the operation of a treatment works, including the removal of in-place sewage sludge from one location and its deposit at another location, consistent with the requirement of the Resource Conservation and Recovery Act and regulations promulgated pursuant thereto.

(10) Cause or permit any pollutant to enter into a defined managed area of the State's waters for the maintenance or production of harvestable freshwater, estuarine, or marine plants or animals.

(11) Cause or permit discharges regulated under G.S. 143-214.7 that result in water pollution.

(12) Construct or operate an animal waste management system, as defined in G.S. 143-215.10B, without obtaining a permit under either this Part or Part 1A of this Article.

(a1) In the event that both effluent standards or limitations and classifications and water quality standards are applicable to any point source or sources and to the waters to which they discharge, the more stringent among the standards established by the Commission shall be applicable and controlling.

(a2) No permit shall be granted for the disposal of waste in waters classified as sources of public water supply where the head of the agency that administers the public water supply program pursuant to Article 10 of Chapter 130A of the General Statutes, after review of the plans and specifications for the proposed disposal facility, determines and advises the Commission that any outlet for the disposal of waste is, or would be, sufficiently close to the intake works or proposed intake works of a public water supply as to have an adverse effect on the public health.

(a3) If the Commission denies an application for a permit, the Commission shall state in writing the reason for the denial and shall also state the

Commission's estimate of the changes in the applicant's proposed activities or plans that would be required in order that the applicant may obtain a permit.

(a4) The Department shall regulate wastewater systems under rules adopted by the Commission for Health Services pursuant to Article 11 of Chapter 130A of the General Statutes except as otherwise provided in this subsection. No permit shall be required under this section for a wastewater system regulated under Article 11 of Chapter 130A of the General Statutes. The following wastewater systems shall be regulated by the Department under rules adopted by the Commission:

(1) Wastewater systems designed to discharge effluent to the land surface or surface waters.

(2) Wastewater systems designed for groundwater remediation, groundwater injection, or landfill leachate collection and disposal.

(3) Wastewater systems designed for the complete recycle or reuse of industrial process wastewater.

(b) Commission's Power as to Permits. —

(1) The Commission shall act on all permits so as to prevent, so far as reasonably possible, considering relevant standards under State and federal laws, any significant increase in pollution of the waters of the State from any new or enlarged sources. No permit shall be denied and no condition shall be attached to the permit, except when the Commission finds such denial or such conditions necessary to effectuate the purposes of this Article.

(2) The Commission shall also act on all permits so as to prevent violation of water quality standards due to the cumulative effects of permit decisions. Cumulative effects are impacts attributable to the collective effects of a number of projects and include the effects of additional projects similar to the requested permit in areas available for development in the vicinity. All permit decisions shall require that the practicable waste treatment and disposal alternative with the least adverse impact on the environment be utilized.

(3) General permits may be issued under rules adopted pursuant to Chapter 150B of the General Statutes. Such rules may provide that minor activities may occur under a general permit issued in accordance with conditions set out in such rules. All persons covered under general permits shall be subject to all enforcement procedures and remedies applicable under this Article.

(4) The Commission shall have the power:

a. To grant a permit with such conditions attached as the Commission believes necessary to achieve the purposes of this Article.

b. To require that an applicant satisfy the Department that the applicant, or any parent, subsidiary, or other affiliate of the applicant or parent:

1. Is financially qualified to carry out the activity for which the permit is required under subsection (a) of this section; and

2. Has substantially complied with the effluent standards and limitations and waste management treatment practices applicable to any activity in which the applicant has previously engaged, and has been in substantial compliance with other federal and state laws, regulations, and rules for the protection of the environment.

3. As used in this subdivision, the words "affiliate," "parent," and "subsidiary" have the same meaning as in 17 Code of Federal Regulations § 240.12b-2 (April 1, 1990, Edition).

4. For a privately owned treatment works that serves 15 or more service connections or that regularly serves 25 or more

individuals, financial qualification may be demonstrated through the use of a letter of credit, insurance, surety, trust agreement, financial test, bond, or a guarantee by corporate parents or third parties who can pass the financial test. No permit shall be issued under this section for a privately owned treatment works that serves 15 or more service connections or that regularly serves 25 or more individuals, until financial qualification is established and the issuance of the permit shall be contingent on the continuance of the financial qualification for the duration of the activity for which the permit was issued.

c. To modify or revoke any permit upon not less than 60 days' written notice to any person affected.

d. To designate certain classes of minor activities for which a general permit may be issued, after considering:
    1. The environmental impact of the activities;
    2. How often the activities are carried out;
    3. The need for individual permit oversight; and
    4. The need for public review and comment on individual permits.

e. To designate certain classes of minor activities for which:
    1. Performance conditions may be established by rule; and
    2. Individual or general permits are not required.

(5) The Commission shall not issue a permit for a new municipal or domestic wastewater treatment works that would discharge to the surface waters of the State or for the expansion of an existing municipal or domestic wastewater treatment works that would discharge to the surface waters of the State unless the applicant for the permit demonstrates to the satisfaction of the Commission that:

a. The applicant has prepared and considered an engineering, environmental, and fiscal analysis of alternatives to the proposed facility.

b. The applicant is in compliance with the applicable requirements of the systemwide municipal and domestic wastewater collection systems permit program adopted by the Commission.

(b1) Repealed by Session Laws 1991, c. 156, s. 1.

(c) Applications for Permits and Renewals for Facilities Discharging to the Surface Waters. —

(1) All applications for permits and for renewal of existing permits for outlets and point sources and for treatment works and disposal systems discharging to the surface waters of the State shall be in writing, and the Commission may prescribe the form of such applications. All applications shall be filed with the Commission at least 180 days in advance of the date on which it is desired to commence the discharge of wastes or the date on which an existing permit expires, as the case may be. The Commission shall act on a permit application as quickly as possible. The Commission may conduct any inquiry or investigation it considers necessary before acting on an application and may require an applicant to submit plans, specifications, and other information the Commission considers necessary to evaluate the application.

a. The Department shall refer each application for permit, or renewal of an existing permit, for outlets and point sources and treatment works and disposal systems discharging to the surface waters of the State to its staff for written evaluation and proposed determination with regard to issuance or denial of the permit. If the

Commission concurs in the proposed determination, it shall give notice of intent to issue or deny the permit, along with any other data that the Commission may determine appropriate, to be given to the appropriate State, interstate and federal agencies, to interested persons, and to the public.

a1. The Commission shall prescribe the form and content of the notice. Public notice shall be given at least 45 days prior to any proposed final action granting or denying the permit. Public notice shall be given by publication of the notice one time in a newspaper having general circulation within the county.

b. Repealed by Session Laws 1987, c. 734.

(3) If any person desires a public hearing on any application for permit or renewal of an existing permit provided for in this subsection, he shall so request in writing to the Commission within 30 days following date of the notice of intent. The Commission shall consider all such requests for hearing, and if the Commission determines that there is a significant public interest in holding such hearing, at least 30 days' notice of such hearing shall be given to all persons to whom notice of intent was sent and to any other person requesting notice. At least 30 days prior to the date of hearing, the Commission shall also cause a copy of the notice thereof to be published at least one time in a newspaper having general circulation in such county. In any county in which there is more than one newspaper having general circulation in that county, the Commission shall cause a copy of such notice to be published in as many newspapers having general circulation in the county as the Commission in its discretion determines may be necessary to assure that such notice is generally available throughout the county. The Commission shall prescribe the form and content of the notices.

The Commission shall prescribe the procedures to be followed in hearings. If the hearing is not conducted by the Commission, detailed minutes of the hearing shall be kept and shall be submitted, along with any other written comments, exhibits or documents presented at the hearing, to the Commission for its consideration prior to final action granting or denying the permit.

(4) Not later than 60 days following notice of intent or, if a public hearing is held, within 90 days following consideration of the matters and things presented at such hearing, the Commission shall grant or deny any application for issuance of a new permit or for renewal of an existing permit. All permits or renewals issued by the Commission and all decisions denying application for permit or renewal shall be in writing.

(5) No permit issued pursuant to this subsection (c) shall be issued or renewed for a term exceeding five years.

(6) The Commission shall not act upon an application for a new nonmunicipal domestic wastewater discharge facility until it has received a written statement from each city and county government having jurisdiction over any part of the lands on which the proposed facility and its appurtenances are to be located which states whether the city or county has in effect a zoning or subdivision ordinance and, if such an ordinance is in effect, whether the proposed facility is consistent with the ordinance. The Commission shall not approve a permit application for any facility which a city or county has determined to be inconsistent with its zoning or subdivision ordinance unless it determines that the approval of such application has statewide significance and is in the best interest of the State. An

applicant for a permit shall request that each city and county government having jurisdiction issue the statement required by this subdivision by mailing by certified mail, return receipt requested, a written request for such statement and a copy of the draft permit application to the clerk of the city or county. If a local government fails to mail the statement required by this subdivision, as evidenced by a postmark, within 15 days after receiving and signing for the certified mail, the Commission may proceed to consider the permit application notwithstanding this subdivision.

(c1) Any person who is required to obtain an individual wastewater permit under this section for a facility discharging to the surface waters of the State that have been classified as nutrient sensitive waters (NSW) under rules adopted by the Commission shall not discharge more than an average annual mass load of total nitrogen than would result from a discharge of the permitted flow, determined at the time the Commission makes a finding that those waters are experiencing or are subject to excessive growth of microscopic or macroscopic vegetation, having a total nitrogen concentration of five and one-half milligrams of nitrogen per liter (5.5 mg/l). The total nitrogen concentration of 5.5 mg/l for nutrient sensitive waters required by this subsection applies only to:

(1) Facilities that were placed into operation prior to 1 July 1997 or for which an authorization to construct was issued prior to 1 July 1997 and that have a design capacity to discharge 500,000 gallons per day or more.

(2) Facilities for which an authorization to construct is issued on or after 1 July 1997.

(c2) Any person who is required to obtain an individual wastewater permit under this section for a facility discharging to the surface waters of the State that have been classified as nutrient sensitive waters (NSW) under rules adopted by the Commission where phosphorus is designated by the Commission as a nutrient of concern shall not discharge more than an average annual mass load of total phosphorus than would result from a discharge of the permitted flow, determined at the time the Commission makes a finding that those waters are experiencing or are subject to excessive growth of microscopic or macroscopic vegetation, having a total phosphorus concentration of two milligrams of phosphorus per liter (2.0 mg/l). The total phosphorus concentration of 2.0 mg/l for nutrient sensitive waters required by this subsection applies only to:

(1) Facilities that were placed into operation prior to 1 July 1997 or for which an authorization to construct was issued prior to 1 July 1997 and that have a design capacity to discharge 500,000 gallons per day or more.

(2) Facilities for which an authorization to construct is issued on or after 1 July 1997.

(c3) A person to whom subsection (c1) or (c2) of this section applies may meet the limits established under those subsections either individually or on the basis of a cooperative agreement with other persons who hold individual wastewater permits if the cooperative agreement is approved by the Commission. A person to whom subsection (c1) or (c2) of this section applies whose agreement to accept wastewater from another wastewater treatment facility that discharges into the same water body and that results in the elimination of the discharge from that wastewater treatment facility shall be allowed to increase the average annual mass load of total nitrogen and total phosphorus that person discharges by the average annual mass load of total nitrogen and total phosphorus of the wastewater treatment facility that is eliminated. If the wastewater treatment facility that is eliminated has a permitted flow of less than 500,000 gallons per day, the average annual mass load of total nitrogen or phosphorus shall be calculated from the most recent available data. A person to whom this subsection applies shall comply with nitrogen and phosphorus discharge monitoring requirements established by the Commission. This average annual load of nitrogen or phosphorus shall be assigned to the wastewater discharge allocation of the wastewater treatment facility that accepts the wastewater.

(c4) A person to whom subsection (c1) of this section applies may request the Commission to approve a total nitrogen concentration greater than that set out in subsection (c1) of this section at a decreased permitted flow so long as the average annual mass load of total nitrogen is equal to or is less than that required under subsection (c1) of this section. A person to whom subsection (c2) of this section applies may request the Commission to approve a total phosphorus concentration greater than that set out in subsection (c2) of this section at a decreased permitted flow so long as the average annual mass load of total phosphorus is equal to or is less than that required under subsection (c2) of this section. If, after any 12-month period following approval of a greater concentration at a decreased permitted flow, the Commission finds that the greater concentration at a decreased permitted flow does not result in an average annual mass load of total nitrogen or total phosphorus equal to or less than those that would be achieved under subsections (c1) and (c2) of this section, the Commission shall rescind its approval of the greater concentration at a decreased permitted flow and the requirements of subsections (c1) and (c2) of this section shall apply.

(c5) For surface waters to which the limits set out in subsection (c1) or (c2) of this section apply and for which a calibrated nutrient response model that meets the requirements of this subsection has been approved by the Commission, mass load limits for total nitrogen or total phosphorus shall be based on the results of the nutrient response model. A calibrated nutrient response model shall be developed and maintained with current data, be capable of predicting the impact of nitrogen or phosphorus in the surface waters, and incorporated into nutrient management plans by the Commission. The maximum mass load for total nitrogen or total phosphorus established by the Commission shall be substantiated by the model and may require individual discharges to be limited at concentrations that are different than those set out in subsection (c1) or (c2) of this section. A calibrated nutrient response model shall be developed by the Department in conjunction with the affected parties and is subject to approval by the Commission.

(c6) For surface waters that the Commission classifies as nutrient sensitive waters (NSW) on or after 1 July 1997, the Commission shall establish a date by which facilities that were placed into operation prior to the date on which the surface waters are classified NSW or for which an authorization to construct was issued prior to the date on which the surface waters are classified NSW must comply with subsections (c1) and (c2) of this section. The Commission shall establish the compliance date at the time of the classification. The Commission shall not establish a compliance date that is more than five years after the date of the classification. The Commission may extend the compliance date as provided in G.S. 143-215.1B. A request to extend a compliance date shall be submitted within 120 days of the date on which the Commission reclassifies a surface water body as NSW.

(d) Applications and Permits for Sewer Systems, Sewer System Extensions and Pretreatment Facilities, Land Application of Waste, and for Wastewater Treatment Facilities Not Discharging to the Surface Waters of the State. —

(1) All applications for new permits and for renewals of existing permits for sewer systems, sewer system extensions and for disposal systems, and for land application of waste, or treatment works which do not

discharge to the surface waters of the State, and all permits or renewals and decisions denying any application for permit or renewal shall be in writing. The Commission shall act on a permit application as quickly as possible. The Commission may conduct any inquiry or investigation it considers necessary before acting on an application and may require an applicant to submit plans, specifications, and other information the Commission considers necessary to evaluate the application. If the Commission fails to act on an application for a permit, including a renewal of a permit, within 90 days after the applicant submits all information required by the Commission, the application is considered to be approved. Permits and renewals issued in approving such facilities pursuant to this subsection shall be effective until the date specified therein or until rescinded unless modified or revoked by the Commission. Local governmental units to whom pretreatment program authority has been delegated shall establish, maintain, and provide to the public, upon written request, a list of pretreatment applications received.

(2) An applicant for a permit to dispose of petroleum contaminated soil by land application shall give written notice that he intends to apply for such a permit to each city and county government having jurisdiction over any part of the land on which disposal is proposed to occur. The Commission shall not accept such a permit application unless it is accompanied by a copy of the notice and evidence that the notice was sent to each such government by certified mail, return receipt requested. The Commission may consider, in determining whether to issue the permit, the comments submitted by local governments.

(d1) Each applicant under subsections (c) or (d) for a permit (or the renewal thereof) for the operation of a treatment works for a private multi-family or single family residential development, in which the owners of individual residential units are required to organize as a lawfully constituted and incorporated homeowners' association of a subdivision, condominium, planned unit development, or townhouse complex, shall be required to enter into an operational agreement with the Commission as a condition of any such permit granted. The agreement shall address, as necessary, construction, operation, maintenance, assurance of financial solvency, transfers of ownership and abandonment of the plant, systems, or works, and shall be modified as necessary to reflect any changed condition at the treatment plant or in the development. Where the Commission finds appropriate, it may require any other private residential subdivision, condominium, planned unit development or townhouse complex which is served by a private treatment works and does not have a lawfully constituted and incorporated homeowners' association, and for which an applicant applies for a permit or the renewal thereof under subsections (c) or (d), to incorporate as a lawfully constituted homeowners' association, and after such incorporation, to enter into an operational agreement with the Commission and the applicant as a condition of any permit granted under subsections (c) or (d). The local government unit or units having jurisdiction over the development shall receive notice of the application within an established comment period and prior to final decision.

(e) Administrative Review. — A permit applicant or permittee who is dissatisfied with a decision of the Commission may commence a contested case by filing a petition under G.S. 150B-23 within 30 days after the Commission notifies the applicant or permittee of its decision. If the permit applicant or permittee does not file a petition within the required time, the Commission's decision is final and is not subject to review.

(f) Local Permit Programs for Sewer Extension and Reclaimed Water Utilization. — Municipalities, counties, local boards or commissions, water and sewer authorities, or groups of municipalities and counties may establish and administer within their utility service areas their own general permit programs in lieu of State permit required in G.S. 143-215.1(a)(2), (3), and (8) above, for construction, operation, alteration, extension, change of proposed or existing sewer system, subject to the prior certification of the Commission. For purposes of this subsection, the service area of a municipality shall include only that area within the corporate limits of the municipality and that area outside a municipality in its extraterritorial jurisdiction where sewer service or a reclaimed water utilization system is already being provided by the municipality to the permit applicant or connection to the municipal sewer system or a reclaimed water utilization system is immediately available to the applicant; the service areas of counties and the other entities or groups shall include only those areas where sewer service or a reclaimed water utilization system is already being provided to the applicant by the permitting authority or connection to the permitting authority's system is immediately available. No later than the 180th day after the receipt of a program and statement submitted by any local government, commission, authority, or board the Commission shall certify any local program that does all of the following:

(1) Provides by ordinance or local law for requirements compatible with those imposed by this Part and the rules implementing this Part.

(2) Provides that the Department receives notice and a copy of each application for a permit and that it receives copies of approved permits and plans upon request by the Commission.

(3) Provides that plans and specifications for all construction, extensions, alterations, and changes be prepared by or under the direct supervision of an engineer licensed to practice in this State.

(4) Provides for the adequate enforcement of the program requirements by appropriate administrative and judicial process.

(5) Provides for the adequate administrative organization, engineering staff, financial and other resources necessary to effectively carry out its plan review program.

(6) Provides that the system is capable of interconnection at an appropriate time with an expanding municipal, county, or regional system.

(7) Provides for the adequate arrangement for the continued operation, service, and maintenance of the sewer or a reclaimed water utilization system.

(8) Is approved by the Commission as adequate to meet the requirements of this Part and the rules implementing this Part.

(f1) The Commission may deny, suspend, or revoke certification of a local program upon a finding that a violation of the provisions in subsection (f) of this section has occurred. A denial, suspension, or revocation of a certification of a local program shall be made only after notice and a public hearing. If the failure of a local program to carry out this subsection creates an imminent hazard, the Commission may summarily revoke the certification of the local program. Chapter 150B of the General Statutes does not apply to proceedings under this subsection.

(f2) Notwithstanding any other provision of subsections (f) and (f1) of this section, if the Commission determines that a sewer system, treatment works, or disposal system is operating in violation of the provisions of this Article and that the appropriate local authorities have not acted to enforce those provisions, the Commission may, after written notice to the appropriate local government, take enforcement action in accordance with the provisions of this Article.

(g) Any person who is required to hold a permit under this section shall submit to the Department a written description of his current and projected plans to reduce the discharge of waste and pollutants under such permit by source reduction or recycling. The written description shall accompany the payment of the annual permit fee. The written description shall also accompany any application for a new permit, or for modification of an existing permit, under this section. The written description required by this subsection shall not be considered part of a permit application and shall not serve as the basis for the denial of a permit or permit modification.

(h) Each applicant for a new permit or the modification of an existing permit issued under subsection (c) of this section shall include with the application: (i) the extent to which the new or modified facility is constructed in whole or in part with funds provided or administered by the State or a unit of local government, (ii) the impact of the facility on water quality, and (iii) whether there are cost-effective alternative technologies that will achieve greater protection of water quality. The Commission shall prepare a quarterly summary and analysis of the information provided by applicants pursuant to this subsection. The Commission shall submit the summary and analysis required by this subsection to the Environmental Review Commission (ERC) as a part of each quarterly report that the Commission is required to make to the ERC under G.S. 143B-282(b). (1951, c. 606; 1955, c. 1131, s. 1; 1959, c. 779, s. 8; 1967, c. 892, s. 1; 1971, c. 1167, s. 6; 1973, c. 476, s. 128; c. 821, s. 5; c. 1262, s. 23; 1975, c. 19, s. 51; c. 583, ss. 2-4; c. 655, ss. 1, 2; 1977, c. 771, s. 4; 1979, c. 633, s. 5; 1985, c. 446, s. 1; c. 697, s. 2; 1985 (Reg. Sess., 1986), c. 1023, ss. 1-5; 1987, c. 461, s. 1; c. 734, s. 1; c. 827, ss. 154, 159; 1989, c. 51, s. 2; c. 168, s. 29; c. 453, ss. 1, 2; c. 494, s. 1; c. 727, ss. 160, 161; 1989 (Reg. Effect of Amendments. —
Session Laws 2006-250, s. 5, effective September 1, 2006, redesignated the previously existing provisions of subdivision (f) as present subdivisions (f), (f1) and (f2); in subsection (f), added "and Reclaimed Water Utilization" in the subsection catchline, inserted "or a reclaimed water utilization system" three times in the second sentence of the introductory paragraph, and once in subdivision (f)(7), and added "does all of the following" at the end of the introductory paragraph; and substituted "subsections (f) and (f1) of this section" for "this subsection" near the beginning of subsection (f2).

§ 143-215.107. Air quality standards and classifications.

Editor's Note. —

Session Laws 2006-255, s. 5.4, provides: "The provisions of 15A NCAC 2D.0530(b)(1)(A)(iv) as adopted by the Environmental Management Commission on 10 February 2005 and as approved by the Rules Review Commission on 21 April 2005, do not apply to any application for an air quality permit that is submitted and determined to be administratively complete by the Department of Environment and Natural Resources on or before 1 August 2006. An air quality permit issued pursuant to an application described in this section shall both:

"(1) Include a requirement that the permittee will install advanced control technology designed to remove ninety-nine percent (99%) of any pollutants at each electric generating unit to which 15A NCAC 2D.0530(b)(1)(A)(iv) would otherwise apply and that the permittee will operate the advanced control technology at any time that electricity is being produced by the electric generating unit other than during startup of the unit.

"(2) State that the actual emissions of sulfur dioxide (SO2) shall be no greater than 0.15 pound per million British Thermal Units (BTUs) as measured on a rolling 30-day average."

§ 143-215.107B. Statewide goals for reduction in emissions of oxides of nitrogen; report.

Editor's Note. —

Session Laws 2002-4, which enacted G.S. 143-215.107D and G.S. 62-133.6, in ss. 10-14, as amended by Session Laws 2006-79, s. 12, provide: "It is the intent of the General Assembly that the State use all available resources and means, including negotiation, participation in interstate compacts and multistate and interagency agreements, petitions pursuant to 42 U.S.C. § 7426, and litigation to induce other states and entities, including the Tennessee Valley Authority, to achieve reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) comparable to those required by G.S. 143-215.107D, as enacted by Section 1 of this act, on a comparable schedule. The State shall give particular attention to those states and other entities whose emissions negatively impact air quality in North Carolina or whose failure to achieve comparable reductions would place the economy of North Carolina at a competitive disadvantage.

"The Environmental Management Commission shall study the desirability of requiring and the feasibility of obtaining reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) beyond those required by G.S. 143-215.107D, as enacted by Section 1 of this act. The Environmental Management Commission shall consider the availability of emissions reduction technologies, increased cost to consumers of electric power, reliability of electric power supply, actions to reduce emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) taken by states and other entities whose emissions negatively impact air quality in North Carolina or whose failure to achieve comparable reductions would place the economy of North Carolina at a competitive disadvantage, and the effects that these reductions would have on public health, the environment, and natural resources, including visibility. In its conduct of this study, the Environmental Management Commission may consult with the Utilities Commission and the Public Staff. The Environmental Management Commission shall report its findings and recommendations to the General Assembly and the Environmental Review Commission annually beginning 1 September 2007.

"The General Assembly anticipates that measures implemented to achieve the reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required by G.S. 143-215.107D, as enacted by Section 1 of this act, will also result in significant reductions in the emissions of mercury from coal-fired generating units. The Division of Air Quality of the Department of Environment and Natural Resources shall study issues related to monitoring emissions of mercury and the development and implementation of standards and plans to implement programs to control emissions of mercury from coal-fired generating units. The Division shall evaluate available control technologies and shall estimate the benefits and costs of alternative strategies to reduce emissions of mercury. The Division shall annually report its interim findings and recommendations to the Environmental Management Commission and the Environmental Review Commission beginning 1 September 2003. The Division shall report its final findings and recommendations to the Environmental Management Commission and the Environmental Review Commission no later than 1 September 2005. The costs of implementing any air quality standards and plans to reduce the emission of mercury from coal-fired generating units below the standards in effect on the date this act becomes effective, except to the extent that the emission of mercury is reduced as a result of the reductions in the emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required to achieve the emissions limitations set out in G.S. 143-215.107D, as enacted by Section 1 of this act, shall not be recoverable pursuant to G.S. 62-133.6, as enacted by Section 9 of this act.

"The Division of Air Quality of the Department of Environment and Natural Resources shall study issues related to the development and implementation of standards and plans to implement programs to control emissions of carbon dioxide (CO2) from coal-fired generating units and other stationary sources of air pollution. The Division shall evaluate available control technologies and shall estimate the benefits and costs of alternative strategies to reduce emissions of carbon dioxide (CO2). The Division shall annually report its interim findings and recommendations to the Environmental Management Commission and the Environmental Review Commission beginning 1 September 2003. The Division shall report its final findings and recommendations to the Environmental Management Commission and the Environmental Review Commission no later than 1 September 2005. The costs of implementing any air quality standards and plans to reduce the emission of carbon dioxide (CO2) from coal-fired generating units below the standards in effect on the date this act becomes effective, except to the extent that the emission of carbon dioxide (CO2) is reduced as a result of the reductions in the emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required to achieve the emissions limitations set out in G.S. 143-215.107D, as enacted by Section 1 of this act, shall not be recoverable pursuant to G.S. 62-133.6, as enacted by Section 9 of this act.

"On or before 1 June of each year, the Department of Environment and Natural Resources and the Utilities Commission shall report on the implementation of this act to the Environmental Review Commission and the Joint Legislative Utility Review Committee. The first report required by this section shall be submitted no later than 1 June 2003."

§ 143-215.107C. State agency goals, plans, duties, and reports.

(a) As used in this section, alternative-fueled vehicle means a motor vehicle capable of operating on electricity; natural gas; propane; hydrogen; reformulated gasoline; ethanol; other alcohol fuels, separately or in mixtures of eighty-five percent (85%) or more of alcohol by volume; or fuels, other than alcohol, derived from biological materials. For purposes of this section, a vehicle that has been converted to operate on a fuel other than the fuel for which it was originally designed is not a new or replacement vehicle.

(b) It shall be the goal of the State that on and after 1 January 2004 at least seventy-five percent (75%) of the new or replacement light duty cars and trucks purchased by the State will be alternative-fueled vehicles or low emission vehicles. The Department of Administration, the Department of Transportation, and the Department of Environment and Natural Resources shall jointly develop a plan to achieve this goal and to fuel and maintain these vehicles. For purposes of this section, a light duty car or truck is one that is rated at 8,500 pounds or less Gross Vehicle Weight Rating (GVWR).

(c) Repealed by Session Laws 2006-79, s. 13, effective July 10, 2006.

(d) The Department of Administration, the Office of State Personnel, the Department of Transportation, and the Department of Environment and Natural Resources shall jointly develop and periodically update a plan to reduce vehicle miles traveled by State employees and vehicle emissions resulting from job-related travel, including commuting to and from work. The plan shall consider the use of carpooling, vanpooling, public transportation, incentives, and other appropriate strategies. The Department of Transportation shall report on the development and implementation of the plan to the Joint Legislative Transportation Oversight Committee and the Environmental Review Commission on or before 1 October of each year beginning 1 October 2000.

(e) The Department of Transportation, the Department of Commerce, and the Department of Environment and Natural Resources shall jointly develop and periodically update a plan to reduce vehicle miles traveled by private sector employees and vehicle emissions resulting from job-related travel, including commuting to and from work. The plan shall consider the use of incentives for both private sector employees and employers to promote carpooling, vanpooling, use of public transportation, and other appropriate strategies. The Department of Transportation shall report on the development and implementation of the plan to the Joint Legislative Transportation Oversight Committee and the Environmental Review Commission on or before 1 October of each year beginning 1 October 2000.

(f) The Office of State Personnel shall implement a policy that promotes telework/telecommuting for State employees as recommended by the report of the State Auditor entitled "Establishing a Formal Telework/Telecommuting Program for State Employees" and dated October 1997. It shall be the goal of the State to reduce State employee vehicle miles traveled in commuting by twenty percent (20%) without reducing total work hours or productivity. ARTICLE 31.

Tort Claims against State Departments and Agencies.

§ 143-291. Industrial Commission constituted a court to hear and determine claims; damages; liability insurance in lieu of obligation under Article.

CASE NOTES

I. In General.

I. IN GENERAL.

Procedural Rules. — Regarding the procedural rules governing proceedings under the North Carolina Tort Claims Act, G.S. 143-291 et seq., the North Carolina Industrial Commission is authorized under G.S. 143-300 to adopt such rules and regulations as may, in the discretion of the Commission, be necessary to carry out the purpose and intent of the Tort Claims Act. However, the North Carolina Rules of Civil Procedure apply in tort claims before the Commission, to the extent that such rules are not inconsistent with the Tort Claims Act, in which case the Tort Claims Act controls. Pate v. N.C. DOT, — N.C. App. —, 626 S.E.2d 661, 2006 N.C. App. LEXIS 528 (2006).

Res Judicata. — Decision and order of the North Carolina Industrial Commission was affirmed because the property owners' negligence claim against a state agency was not barred under the doctrine of res judicata due to a prior inverse condemnation ruling against the property owners in a civil action. The negligence claim brought by the owners was not the same claim as the inverse condemnation claim that the owners brought in the civil action. Pate v. N.C. DOT, — N.C. App. —, 626 S.E.2d 661, 2006 N.C. App. LEXIS 528 (2006).

Negligence Claim Against State Jail Inspection Agency Not Barred By Public Duty Doctrine. — Public duty doctrine did not apply to bar a negligence suit brought by multiple plaintiffs against the North Carolina Department of Health and Human Services (DHHS), after four inmates were killed and one inmate was seriously injured as a result of a jailhouse fire. Plaintiffs' complaint, which alleged that the inspector for DHHS was negligent in his inspection of the jail and that DHHS failed to properly train the inspector to perform his duties as an inspector of county jails, was not barred under the public duty doctrine because DHHS' duty to inspect was for the purpose of protecting the inmates and not for protection of the public generally or, even if the public duty doctrine did apply, plaintiffs fell within the special relationship exception to that doctrine of custodian/prisoner, therefore, the motion to dismiss filed by DHHS was properly denied. Multiple Claimants v. N.C. HHS, Div. of Facility and Detention Servs., — N.C. App. —, 626 S.E.2d 666, 2006 N.C. App. LEXIS 530 (2006).

Construction with Other Provisions. — Decision and order of the North Carolina Industrial Commission was affirmed because the North Carolina Tort Claims Act, G.S. 143-291 et seq., governed the property owners' negligence claim against a state agency, rather than G.S. 136-111. The statute addressed actions seeking damages for condemnation, while the North Carolina Tort Claims Act governed negligence claims. Pate v. N.C. DOT, — N.C. App. —, 626 S.E.2d 661, 2006 N.C. App. LEXIS 528 (2006).

School Board Properly Held Liable. — Commission did not err under G.S. 143-291(a) in finding that school bus driver was negligent in failing to stop the bus and break up a fight, rather than returning to the school, as the driver did not meet the driver's duty to follow the applicable rules of safety, there was a safe place to pull over, the beating could have been prevented if the bus had been stopped, and the driver's testimony that the driver would have acted in the same manner even if the incident occurred 10 miles from the school showed a disregard of established rules. Simmons v. Columbus County Bd. of Educ., 171 N.C. App. 725, 615 S.E.2d 69, 2005 N.C. App. LEXIS 1317 (2005).

Public Duty Doctrine Applicable to Tort Claims Act Actions. —

Public duty doctrine applies to negligence claims filed under the North Carolina Tort Claims Act, G.S. 143-291 et seq., against North Carolina Department of Environment and Natural Resources (NCDENR) for alleged mismanagement of forest fires; G.S. 113-51, 113-52, 113-54, and 113-55, which set forth the powers and duties of NCDENR and appointed state forest rangers, are designed to protect the citizens of North Carolina as a whole. Myers v. McGrady, 360 N.C. 460, 628 S.E.2d 761, 2006 N.C. LEXIS 47 (2006).

Claim Barred by Public Duty Doctrine. —

Denial of the motion to dismiss and for judgment on the pleadings filed by the North Carolina Division of Forest Resources (NCDFR), a division of the North Carolina Department of Environment and Natural Resources (NCDENR), was reversed as the public duty doctrine applied to negligence claims filed under the North Carolina Tort Claims Act, G.S. 143-291 et seq., against NCDENR for the alleged mismanagement of forest fires; as G.S. 113-51, 113-52, 113-54, and 113-55, which set forth the powers and duties of NCDENR and appointed state forest rangers, were designed to protect the citizens of North Carolina as a whole, NCDENR did not owe a specific duty to the administratrix of a decedent killed in a car accident allegedly due to a forest ranger's negligence in managing a forest fire or to the other drivers and owners of cars involved in the accident and their negligence complaints failed to state a claim. Myers v. McGrady, 360 N.C. 460, 628 S.E.2d 761, 2006 N.C. LEXIS 47 (2006).

Negligence Complaint Not Barred by Public Duty Doctrine. — Negligence complaints against the Division of Forest Resources, alleging negligence in failing to extinguish a forest fire which caused smoke and fog to obscure the vision of drivers on a highway, were not barred by the public duty doctrine, because the forest ranger alleged to have been negligent was not a law enforcement officer, as defined by the Tort Claims Act, and no allegations were made that the forest ranger failed to detect and prevent misconduct of others through improper inspections. Myers v. McGrady, 170 N.C. App. 501, 613 S.E.2d 334, 2005 N.C. App. LEXIS 1087 (2005).

Effect of Premature Appeal on Jurisdiction. — Decision and order of the North Carolina Industrial Commission was affirmed because a deputy commissioner of the Commission did not lack jurisdiction to hear the property owners' negligence claim after a state agency filed its notice of appeal regarding the state agency's summary judgment motion before a hearing as the state agency could not file an appeal before the commissioner made a ruling. § 143-293. Appeals to Court of Appeals.

CASE NOTES

Finding of Negligence Reversed. — North Carolina Industrial Commission award to vehicle owners was reversed because the Industrial Commission's finding that a bailment was created when the North Carolina Department of Motor Vehicles (DMV) seized the owners' vehicles and had them stored pending a criminal case was reversed because the seizure of the vehicles was a unilateral act which did not suggest the mutual intent necessary to form even an implied bailment contract. Further, the findings of fact by the Industrial Commission did not support a finding of negligence by the DMV. Becker v. N.C. DMV, — N.C. App. —, 628 S.E.2d 446, 2006 N.C. App. LEXIS 969 (2006).

Competent evidence supported factual findings, pursuant to G.S. 143-293, that bus driver noticed the fight between the students before turning onto the highway and that the fight escalated as the driver turned onto the highway; the injured party testified that the fight began before the bus turned onto the highway, thus creating a reasonable inference that the fight escalated as the bus turned onto the highway, and the driver noticed the fight prior to turning onto the highway, as the driver yelled to the children. Simmons v. Columbus County Bd. of Educ., 171 N.C. App. 725, 615 S.E.2d 69, 2005 N.C. App. LEXIS 1317 (2005).

Where the North Carolina Industrial Commission found that the school bus driver was negligent for failing to pull the bus over and stop the fight, competent evidence under G.S.143-293 supported the finding that there was a safe place for the driver to pull the bus over; testimony was received establishing that there was a safe place where the driver could have stopped the bus. Simmons v. Columbus County Bd. of Educ., 171 N.C. App. 725, 615

S.E.2d 69, 2005 N.C. App. LEXIS 1317 (2005).

Finding of Negligence Upheld. — Decision and order of the North Carolina Industrial Commission was affirmed because (1) the North Carolina Tort Claims Act, G.S. 143-291 et seq., governed the property owners' negligence claim against a state agency, rather than G.S. 136-111; (2) the deputy commissioner of the Commission did not lack jurisdiction to hear the matter after the state agency filed its notice of appeal before a hearing as the state agency could not file an appeal before the commissioner made a ruling; and (3) the negligence claim was not barred under the doctrine of res judicata due to a prior inverse condemnation ruling in a civil action. § 143-299.1. Contributory negligence a matter of defense; burden of proof.

CASE NOTES

Contributory Negligence of Minor. — Where the bus driver was found negligent in failing to pull the school bus over in order to stop the fight between the student and the injured party, who was 11 years old, the Columbus County Board of Education could not rely on a defense of contributory negligence by the injured party, as the Board failed to prove contributory negligence pursuant to G.S. 143-299.1; it was presumed that a child of the injured party's age was incapable of contributory negligence, and the Board failed to show that the injured party did not handle herself as a normal 11-year-old child. Simmons v. Columbus County Bd. of Educ., 171 N.C. App. 725, 615 S.E.2d 69, 2005 N.C. App. LEXIS 1317 (2005).

§ 143-299.3. Use of State vehicles by North Carolina Amateur Sports; State to incur no liability.

Local Modification. — Columbus: 1977, c. 850; Moore County Board of Education: 1999-176, s. 1 (effective June 14, 1999-June 20, 1999); Haywood County Consolidated School System Board of Education: 2006-3 (use of buses for events); Roanoke Rapids Graded School District: 2006-8 (as to use of buses to serve transportation needs of BikeWalk Virginia event).

§ 143-300. Rules and regulations of Industrial Commission; destruction of records.

CASE NOTES

Procedural Rules. — Regarding the procedural rules governing proceedings under the North carolina Tort Claims Act, G.S. 143-291 et seq., the North Carolina industrial Commission is authorized under G.S. 143-300 to adopt such rules and regulations as may, in the discretion of the Commission, be necessary to carry out the purpose and intent of the Tort Claims Act. However, the North carolina Rules of Civil Procedure apply in tort claims before the Commission,to the extent that such rules are not inconsistent with the Tort Claims Act, in which case the Tort Claims Act controls. Defense of State Employees, Medical Contractors and Local Sanitarians.

§ 143-300.8. Defense of local sanitarians.

Any local health department sanitarian enforcing rules of the Commission for Health Services or of the Environmental Management Commission under the supervision of the Department of Environment and Natural Resources pursuant to G.S. 130A-4 shall be defended by the Attorney General, subject to the provisions of G.S. 143-300.4, and shall be protected from liability in accordance with the provisions of this Article in any civil or criminal action or proceeding brought against the sanitarian in his official or individual capacity, or both, on account of an act done or omission made in the scope and course of enforcing the rules of the Commission for Health Services or of the Environmental Management Commission. Effect of Amendments. — Session Laws 2006-202, s. 7, effective August 7, 2006, in the first sentence, inserted "or of the Environmental management Commission" near the beginning, substituted "G.S. 130A-4" for "G.S. 130A-4(b)" near the middle, and added "or of the Environmental Management Commission" at the end.

CASE NOTES

Waiver of Immunity. — In an action by a state employee against his state employer alleging that the employer violated the Americans with Disabilities Act (ADA), and the Age Discrimination in Employment Act (ADEA), the state waived its immunity under U.S. Const. amend. XI to the employee's ADA and ADEA claims, pursuant to G.S. 143-300.35, because the employee was not in an exempt policy-making position, and his cause of action arose after October 1, 2001. Wright v. g. To establish and operate a mail service center that shall be used by all State agencies other than the Employment Security Commission, and in connection therewith and in the discretion of the Secretary, to do all things necessary in connection with the maintenance of the mail service center. The Secretary shall allocate and charge against the respective departments and agencies their proportionate parts of the cost of the maintenance of the mail service center. The Secretary shall develop a plan for the efficient operation of the center that meets the needs of State agencies, ensures timely delivery of mail, and ensures no loss of federal funds.

h. To provide necessary and adequate messenger service for the State agencies served by the Department. However, this may not be construed as preventing the employment and control of messengers by any State agency when those messengers are compensated out of the funds of the employing agency.

i. To establish and operate a central motor pool and such subsidiary related facilities as the Secretary may deem necessary, and to that end:

    1. To establish and operate central facilities for the maintenance, repair, and storage of state-owned passenger motor vehicles for the use of State agencies; to utilize any available State facilities for that purpose; and to establish such subsidiary facilities as the Secretary may deem necessary.

    2. To acquire passenger motor vehicles by transfer from other State agencies and by purchase. All motor vehicles transferred to or purchased by the Department shall become part of a central motor pool.

    2a. To participate in the energy credit banking and selling program under G.S. 143-58.4. The Division of Motor Fleet Management of the Department of Administration is eligible to receive proceeds from the Alternative Fuel Revolving Fund under G.S. 143-58.5 to purchase alternative fuel, develop alternative fuel refueling infrastructure, or purchase AFVs as defined in G.S. 143-58.4.

    3. To require on a schedule determined by the Department all State agencies to transfer ownership, custody or control of any or all passenger motor vehicles within the ownership, custody or control of that agency to the Department, except those motor vehicles under the ownership, custody or control

of the Highway Patrol or the State Bureau of Investigation which are used primarily for law-enforcement purposes, and except those motor vehicles under the ownership, custody or control of the Department of Crime Control and Public Safety for Butner Public Safety which are used primarily for law-enforcement, fire, or emergency purposes.

4. To maintain, store, repair, dispose of, and replace state-owned motor vehicles under the control of the Department, using best management practices. The Department shall ensure that state-owned vehicles are replaced when most cost effective using a replacement formula developed by the Department and reviewed periodically for appropriateness of use. The Department shall report semiannually to the cochairs of the Joint Appropriations Subcommittee on General Government, on or before October 15 and March 15, on the effect of any new or revised replacement formula on the cost of operating the central motor pool, including the amount of any savings from use of any new or revised replacement formula.
5. Upon proper requisition, proper showing of need for use on State business only, and proper showing of proof that all persons who will be driving the motor vehicle have valid drivers' licenses, to assign economically suitable transportation, either on a temporary or permanent basis, to any State employee or agency. An agency assigned a motor vehicle may not allow a person to operate that motor vehicle unless that person displays to the agency and allows the agency to copy that person's valid driver's license. Notwithstanding G.S. 20-30(6), persons or agencies requesting assignment of motor vehicles may photostat or otherwise reproduce drivers' licenses for purposes of complying with this subpart.

   As used in this subpart, "economically suitable transportation" means the most cost-effective standard vehicle in the State motor fleet, unless special towing provisions are required by the agency. The Department may not assign any employee or agency a motor vehicle that is not economically suitable. The Department shall not approve requests for vehicle assignment or reassignment when the purpose of that assignment or reassignment is to provide any employee with a newer or lower mileage vehicle because of his or her rank, management authority, or length of service or because of any non-job-related reason. The Department shall not assign "special use" vehicles, such as four-wheel drive vehicles or law enforcement vehicles, to any agency or individual except upon written justification, verified by historical data, and accepted by the Secretary. The Department may provide law enforcement vehicles only to those agencies which have statutory pursuit authority.
6. To allocate and charge against each State agency to which transportation is furnished, on a basis of mileage or of rental, its proportionate part of the cost of maintenance and operation of the motor pool.

   The amount allocated and charged by the Department of Administration to State agencies to which transportation is furnished shall be at least as follows:

   I. Pursuit vehicles and full size four-wheel drive vehicles $.24/mile.

II. Vans and compact four-wheel drive vehicles — $.22/mile.
III. All other vehicles — $.20/mile.

7. To adopt, with the approval of the Governor, reasonable rules for the efficient and economical operation, maintenance, repair, and replacement, as limited in paragraph 4. of this subdivision, of all state-owned motor vehicles under the control of the Department, and to enforce those rules; and to adopt, with the approval of the Governor, reasonable rules regulating the use of private motor vehicles upon State business by the officers and employees of State agencies, and to enforce those rules. The Department, with the approval of the Governor, may delegate to the respective heads of the agencies to which motor vehicles are permanently assigned by the Department the duty of enforcing the rules adopted by the Department pursuant to this paragraph. Any person who violates a rule adopted by the Department and approved by the Governor is guilty of a Class 1 misdemeanor.

7a. **(Effective until July 1, 2007)** To adopt with the approval of the Governor and to enforce rules and to coordinate State policy regarding (i) the permanent assignment of state-owned passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the limited commuting permitted by this subdivision. For the purpose of this subdivision 7a, "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle, whether or not owned, maintained or controlled by the Department of Administration, and regardless of the source of the funds used to purchase it. Notwithstanding the provisions of G.S. 20-190 or any other provisions of law, all state-owned passenger motor vehicles are subject to the provisions of this subdivision 7a; no permanent assignment shall be made and no one shall be exempt from payment of reimbursement for commuting or from the other provisions of this subdivision 7a except as provided by this subdivision 7a. Commuting, as defined and regulated by this subdivision, is limited to those specific cases in which the Secretary has received and accepted written justification, verified by historical data. The Department shall not assign any state-owned motor vehicle that may be used for commuting other than those authorized by the procedure prescribed in this subdivision.

A State-owned passenger motor vehicle shall not be permanently assigned to an individual who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless (i) the individual's duties are routinely related to public safety or (ii) the individual's duties are likely to expose the individual routinely to life-threatening situations. A State-owned passenger motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless the agency can justify to the Division of Motor Fleet Management the need for permanent assignment because of the unique use of the vehicle. Each agency, other than the Department of Transportation, that has a vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly report to the Division of Motor Fleet Management on the miles driven during the quarter by the assigned vehicle. The Division of Motor Fleet Management shall review the report to verify that each motor vehicle has been driven at the minimum allowable rate. If it has not and if the department by whom the individual to which the car is assigned is employed or the agency to which the car is assigned cannot justify the lower mileage for the quarter, the permanent assignment shall be revoked immediately. The Department of Transportation shall submit an annual report to the Division of Motor Fleet Management on the miles driven during the year by vehicles assigned to the Department or to employees of the Department. If a vehicle included in this report has not been driven at least 12,600 miles during the year, the Department of Transportation shall review the reasons for the lower mileage and decide whether to terminate the assignment. The Division of Motor Fleet Management may not revoke the assignment of a vehicle to the Department of Transportation or an employee of that Department for failure to meet the minimum mileage requirement unless the Department of Transportation consents to the revocation.

Every individual who uses a State-owned passenger motor vehicle, pickup truck, or van to drive between the individual's official work station and his or her home, shall reimburse the State for these trips at a rate computed by the Department. This rate shall approximate the benefit derived from the use of the vehicle as prescribed by federal law. Reimbursement shall be for 20 days per month regardless of how many days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction. Funds derived from reimbursement on vehicles owned by the Motor Fleet Management Division shall be deposited to the credit of the Division; funds derived from reimbursements on vehicles initially purchased with appropriations from the Highway Fund and not owned by the Division shall be deposited in a Special Depository Account in the Department of Transportation, which shall revert to the Highway Fund; funds derived from reimbursement on all other vehicles shall be deposited in a Special Depository Account in the Department of Administration which shall revert to the General Fund. Commuting, for purposes of this paragraph, does not include those individuals whose office is in their home, as determined by the Department of Administration, Division of Motor Fleet Management. Also, this paragraph does not apply to the following vehicles: (i) clearly marked police and fire vehicles, (ii) delivery trucks with seating only for the driver, (iii) flatbed trucks, (iv) cargo carriers with over a 14,000 pound capacity, (v) school and passenger buses with over 20 person capacities, (vi) ambulances, (vii) [Repealed]. (viii) bucket trucks, (ix) cranes and derricks, (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii) garbage trucks, (xiv) specialized utility repair trucks (except vans and pickup trucks), (xv) tractors, (xvi) unmarked law-enforcement vehicles that

are used in undercover work and are operated by full-time, fully sworn law-enforcement officers whose primary duties include carrying a firearm, executing search warrants, and making arrests, and (xvii) any other vehicle exempted under Section 274(d) of the Internal Revenue Code of 1954, and Federal Internal Revenue Services regulations based thereon. The Department of Administration, Division of Motor Fleet Management, shall report quarterly to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on individuals who use State-owned passenger motor vehicles, pickup trucks, or vans between their official work stations and their homes, who are not required to reimburse the State for these trips.

The Department of Administration shall revoke the assignment or require the Department owning the vehicle to revoke the assignment of a State-owned passenger motor vehicle, pickup truck or van to any individual who:

I. Uses the vehicle for other than official business except in accordance with the commuting rules;

II. Fails to supply required reports to the Department of Administration, or supplies incomplete reports, or supplies reports in a form unacceptable to the Department of Administration and does not cure the deficiency within 30 days of receiving a request to do so;

III. Knowingly and willfully supplies false information to the Department of Administration on applications for permanent assignments, commuting reimbursement forms, or other required reports or forms;

IV. Does not personally sign all reports on forms submitted for vehicles permanently assigned to him or her and does not cure the deficiency within 30 days of receiving a request to do so;

V. Abuses the vehicle; or

VI. Violates other rules or policy promulgated by the Department of Administration not in conflict with this act.

A new requisition shall not be honored until the Secretary of the Department of Administration is assured that the violation for which a vehicle was previously revoked will not recur.

The Department of Administration, with the approval of the Governor, may delegate, or conditionally delegate, to the respective heads of agencies which own passenger motor vehicles or to which passenger motor vehicles are permanently assigned by the Department, the duty of enforcing all or part of the rules adopted by the Department of Administration pursuant to this subdivision 7a. The Department of Administration, with the approval of the Governor, may revoke this delegation of authority.

Prior to adopting rules under this paragraph, the Secretary of Administration may consult with the Advisory Budget Commission.

Notwithstanding the provisions of this section and G.S. 14-247, the Department of Administration may allow the organization sanctioned by the Governor's Council on Physical Fitness to conduct the North Carolina State Games to use State trucks and vans for the State Games of North Carolina. The Department of Administration shall not charge any fees for the use of the vehicles for the State Games. The State shall incur no liability for any damages resulting from the use of vehicles under this provision. The organization that conducts the State Games shall carry liability insurance of not less than one million dollars ($1,000,000) covering such vehicles while in its use and shall be responsible for the full cost of repairs to these vehicles if they are damaged while used for the State Games.

7a. **(Effective July 1, 2007)** To adopt with the approval of the Governor and to enforce rules and to coordinate State policy regarding (i) the permanent assignment of state-owned passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the limited commuting permitted by this subdivision. For the purpose of this subdivision 7a, "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle, whether or not owned, maintained or controlled by the Department of Administration, and regardless of the source of the funds used to purchase it. Notwithstanding the provisions of G.S. 20-190 or any other provisions of law, all state-owned passenger motor vehicles are subject to the provisions of this subdivision 7a; no permanent assignment shall be made and no one shall be exempt from payment of reimbursement for commuting or from the other provisions of this subdivision 7a except as provided by this subdivision 7a. Commuting, as defined and regulated by this subdivision, is limited to those specific cases in which the Secretary has received and accepted written justification, verified by historical data. The Department shall not assign any state-owned motor vehicle that may be used for commuting other than those authorized by the procedure prescribed in this subdivision.

A State-owned passenger motor vehicle shall not be permanently assigned to an individual who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless (i) the individual's duties are routinely related to public safety or (ii) the individual's duties are likely to expose the individual routinely to life-threatening situations. A State-owned passenger motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless the agency can justify to the Division of Motor Fleet Management the need for permanent assignment because of the unique use of the vehicle. Each agency, other than the Department of Transportation, that has a vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly report to the Division of Motor Fleet Management on the miles driven during the quarter by the assigned vehicle. The Division of Motor Fleet Management shall review the report to verify that each motor vehicle has been driven at the minimum allowable rate. If it has not and

if the department by whom the individual to which the car is assigned is employed or the agency to which the car is assigned cannot justify the lower mileage for the quarter, the permanent assignment shall be revoked immediately. The Department of Transportation shall submit an annual report to the Division of Motor Fleet Management on the miles driven during the year by vehicles assigned to the Department or to employees of the Department. If a vehicle included in this report has not been driven at least 12,600 miles during the year, the Department of Transportation shall review the reasons for the lower mileage and decide whether to terminate the assignment. The Division of Motor Fleet Management may not revoke the assignment of a vehicle to the Department of Transportation or an employee of that Department for failure to meet the minimum mileage requirement unless the Department of Transportation consents to the revocation.

Every individual who uses a State-owned passenger motor vehicle, pickup truck, or van to drive between the individual's official work station and his or her home, shall reimburse the State for these trips at a rate computed by the Department. This rate shall approximate the benefit derived from the use of the vehicle as prescribed by federal law. Reimbursement shall be for 20 days per month regardless of how many days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction. Funds derived from reimbursement on vehicles owned by the Motor Fleet Management Division shall be deposited to the credit of the Division; funds derived from reimbursements on vehicles initially purchased with appropriations from the Highway Fund and not owned by the Division shall be deposited in a Special Depository Account in the Department of Transportation, which shall revert to the Highway Fund; funds derived from reimbursement on all other vehicles shall be deposited in a Special Depository Account in the Department of Administration which shall revert to the General Fund. Commuting, for purposes of this paragraph, does not include those individuals whose office is in their home, as determined by the Department of Administration, Division of Motor Fleet Management. Also, this paragraph does not apply to the following vehicles: (i) clearly marked police and fire vehicles, (ii) delivery trucks with seating only for the driver, (iii) flatbed trucks, (iv) cargo carriers with over a 14,000 pound capacity, (v) school and passenger buses with over 20 person capacities, (vi) ambulances, (vii) [Repealed]. (viii) bucket trucks, (ix) cranes and derricks, (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii) garbage trucks, (xiv) specialized utility repair trucks (except vans and pickup trucks), (xv) tractors, (xvi) unmarked law-enforcement vehicles that are used in undercover work and are operated by full-time, fully sworn law-enforcement officers whose primary duties include carrying a firearm, executing search warrants, and making arrests, and (xvii) any other vehicle exempted under Section 274(d) of the Internal Revenue Code of 1954, and

Federal Internal Revenue Services regulations based thereon. The Department of Administration, Division of Motor Fleet Management, shall report quarterly to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on individuals who use State-owned passenger motor vehicles, pickup trucks, or vans between their official work stations and their homes, who are not required to reimburse the State for these trips.

The Department of Administration shall revoke the assignment or require the Department owning the vehicle to revoke the assignment of a State-owned passenger motor vehicle, pickup truck or van to any individual who:

I. Uses the vehicle for other than official business except in accordance with the commuting rules;

II. Fails to supply required reports to the Department of Administration, or supplies incomplete reports, or supplies reports in a form unacceptable to the Department of Administration and does not cure the deficiency within 30 days of receiving a request to do so;

III. Knowingly and willfully supplies false information to the Department of Administration on applications for permanent assignments, commuting reimbursement forms, or other required reports or forms;

IV. Does not personally sign all reports on forms submitted for vehicles permanently assigned to him or her and does not cure the deficiency within 30 days of receiving a request to do so;

V. Abuses the vehicle; or

VI. Violates other rules or policy promulgated by the Department of Administration not in conflict with this act.

A new requisition shall not be honored until the Secretary of the Department of Administration is assured that the violation for which a vehicle was previously revoked will not recur.

The Department of Administration, with the approval of the Governor, may delegate, or conditionally delegate, to the respective heads of agencies which own passenger motor vehicles or to which passenger motor vehicles are permanently assigned by the Department, the duty of enforcing all or part of the rules adopted by the Department of Administration pursuant to this subdivision 7a. The Department of Administration, with the approval of the Governor, may revoke this delegation of authority.

Notwithstanding the provisions of this section and G.S. 14-247, the Department of Administration may allow the organization sanctioned by the Governor's Council on Physical Fitness to conduct the North Carolina State Games to use State trucks and vans for the State Games of North Carolina. The Department of Administration shall not charge any fees for the use of the vehicles for the State Games. The State shall incur no liability for any damages resulting from the use of vehicles under this provision. The organization that conducts the State Games shall carry liability insurance of not less than one million dollars ($1,000,000) covering such vehicles while in its use and shall be responsible for the full cost of repairs to these vehicles if they are damaged while used for the State Games.

9. To acquire motor vehicle liability insurance on all State-owned motor vehicles under the control of the Department.

ARTICLE 49A.

Equal Employment Practices.

§ 143-422.1. Short title.

CASE NOTES

Effect of Failure to Establish Claim Under Title VII. — Where former employee, who was a bank branch manager responsible for ensuring that all necessary loan documentation was completed after a loan closing, failed to establish that he was terminated due to race in violation of Title VII of the Civil Rights Act of 1964, 42 U.S.C.S. § 2000e-2(a) because there was no evidence that the employee was performing satisfactorily when terminated, he was also unable to establish his wrongful termination claim under the North Carolina Equal Employment Practices Act, G.S. 143-422.1 et seq., which applied the same standard of proof. Ellerby v. Branch Banking & Trust Co., — F. Supp. 2d —, 2005 U.S. Dist. LEXIS 26729 (W.D.N.C. Nov. 3, 2005).

§ 143-422.2. Legislative declaration.

CASE NOTES

Relationship to Federal Law. —

Terminated employee's federal suit found that the employee was not discriminated against on the basis of her age and disability and that the employer's reasons for discharging her (violations of its policies) were not pretextual. If there was no discrimination, then there was no state suit violation of state public policy against discrimination under G.S. 143-422.2 and no negligent infliction of emotional distress based on that alleged violation; therefore, lower court properly applied collateral estoppel principles to bar those two state suit claims. Youse v. Duke Energy Corp., 171 N.C. App. 187, 614 S.E.2d 396, 2005 N.C. App. LEXIS 1209 (2005).

Terminated employee's claim under North Carolina public policy, G.S. 143-422.2, failed because he was unable to state a claim of age discrimination under the Age Discrimination in Employment Act as a matter of law. Holtz v. Jefferson Smurfit Corp., — F. Supp. 2d —, 2005 U.S. Dist. LEXIS 38492 (M.D.N.C. Jan. 4, 2005).

Inapplicable to Employer With Fewer Than 15 Employees. — Where former employee, age 52, was discharged due to her age, trial court properly dismissed the age discrimination action alleging that the discharge violated public policy under G.S. 143-422.2; the employer did not have 15 full-time employees, and G.S. 143-422.2, which constituted the public policy of North Carolina, imposed a 15-employee minimum in order for the discrimination laws to apply. Jarman v. Deason, 173 N.C. App. 297, 618 S.E.2d 776, 2005 N.C. App. LEXIS 2038 (2005).

In an employment discrimination action filed against a local union that had fewer that 15 employees, the respective employees of the local union and an international union could not be combined to satisfy the number of employees requirements of 42 USCS § 2000e(b) of Title VII of the 1964 Civil Rights Act and G.S. 143-422.2 because the unions were distinct, autonomous entities. Hoyle v. UAW Local Union 5285, 444 F. Supp. 2d 467, 2006 U.S. Dist. LEXIS 54422 (W.D.N.C. 2006).

Public Policy Exception to At-Will Employment. —

Employer was granted summary judgment on an employee's wrongful discharge in violation of public policy claim brought pursuant to G.S. 143-422.2 where the employee failed to show that he was meeting the employer's legitimate job expectations given, inter alia, the problems with various machines and engineering projects for which he was responsible. Reed v. Buckeye Fire Equip. Co., 422 F. Supp. 2d 570, 2006 U.S. Dist. LEXIS 21968 (W.D.N.C. 2006).

Former at-will employee could proceed on a common law claim for wrongful discharge based on a violation of the public policy of G.S. 143-422.2, which provided the employee an adequate remedy for discrimination for age and handicap; however, § 143-422.2 applies only to employers and does not apply the corporate officers of the employer. Hardin v. Belmont Textile Mach., Co., — F. Supp. 2d —, 2006 U.S. Dist. LEXIS 54452 (W.D.N.C. Aug. 3, 2006).

Sexual Harassment. —

In an action in which a former employee filed suit against her former employer alleging a hostile work environment based on sexual harassment and retaliatory discharge, each in violation of Title VII of the Civil Rights Act of 1964, 42 U.S.C.S. § 2000e et seq., as well as wrongful discharge in violation of North Carolina public policy, codified at G.S. 143-422.2, the employer was granted summary judgment on the wrongful discharge claim; North Carolina did not recognize tort claims for wrongful discharge in retaliation for complaints of sexual harassment. Hayes v. Lowe's Food Stores, Inc., — F. Supp. 2d —, 2005 U.S. Dist. LEXIS 11210 (M.D.N.C. May 26, 2005).

(c) Where a nonsmoking area is designated, existing physical barriers and ventilation systems shall be used where appropriate to minimize smoke from adjacent areas. This subsection shall not be construed to require fixed structural or other physical modification in providing these areas or to require installation or operation of any heating, ventilating, or air-conditioning system in any manner which adds expense. (1993, c. 367, s. 1; 2003-292, s. 1; 2006-66, s. 9.11(cc); 2006-76, s. 1.)

Editor's Note. — Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. — Session Laws 2006-66, s. 9.11(cc), effective July 1, 2007, added subdivision (a)(7).

Session Laws 2006-76, s. 1, effective July 10, 2006, added subsection (a1); and substituted "area, except as specified in subsection (a1)" for "area" in subsection (b).

ARTICLE 7.

Department of Environment and Natural Resources.

Part 1. General Provisions.

§ 143B-279.12. One-stop permits for certain environmental permits.

(a) The Department of Environment and Natural Resources shall establish a one-stop environmental permit application assistance and tracking system program for all its regional offices. The Department shall provide to each person who submits an application for any environmental permit subject to this section to any regional office a time frame within which that applicant may expect a final decision regarding the issuance or denial of the permit. The Department shall identify the environmental permits that are subject to this section. The procedure regulating the time frame estimates and sanction for failing to honor the time frame shall be as set out in subsections (b) and (c) of this section.

(b) Upon receipt of a complete application for an environmental permit, the Department of Environment and Natural Resources shall provide to the applicant a good faith estimate of the date by which the Department expects to make the final decision of whether to issue or deny the permit.

(c) Unless otherwise provided by law, when an applicant has provided to the Department of Environment and Natural Resources the information and documentation required and requested by the Department and the Department fails to issue or deny the permit within 60 days of the date projected by the Department for the final decision of whether to issue or deny the permit, the permit shall be automatically granted to the applicant. This subsection does not apply when an applicant submits a substantial amendment to its application after the Department has provided the applicant the projected time frame as required by this section. This subsection does not apply when an applicant agrees to receive a final decision from the Department more than 60 days from the date projected by the Department under subsection (b) of this section.

(d) The Department of Environment and Natural Resources shall track the time required to process each complete environmental permit application that is subject to this section. The Department shall compare the time in which the permit was issued or denied with the projected time frame provided to the applicant by the Department as required by this section. The Department shall identify each permit that was issued or denied more than 90 days after receipt of a complete application by the Department and shall document the reasons for the delayed action.

(e) No later than 1 March of each year, the Department of Environment and Natural Resources shall report to the Fiscal Research Division and the Environmental Review Commission the number of environmental permits subject to this section that took more than 90 days to issue or deny, the types of permits those were, the reasons for the extended processing time of those permits, and how the time within which the permit was actually issued or denied compared with the projected time frame provided to the applicant by the Department as required by this section. Based on the data gathered under this subsection, the Department shall include in its annual report recommendations regarding permit time frames for all major permits issued by the Department.

(f) The Department may adopt temporary rules to implement this section. (2004-124, s. 12.12(a); 2006-79, s. 14.)

Effect of Amendments. — Session Laws 2006-79, s. 14, effective July 10, 2006, in subsection (e), substituted "1 March of each year" for "October 1, 2004, and annually thereafter", deleted "House of Representatives and the Senate Appropriations Subcommittees on Natural and Economic Resources, the" preceding "Fiscal Research" and made a minor stylistic change.

Part 4. Environmental Management Commission.

§ 143B-282. Environmental Management Commission — creation; powers and duties.

Drinking Water Supply Reservoirs. — Session Laws 2005-190, ss. 1 to 3.(c) and 3.(e) to 4, as amended by Session Laws 2006-259, s. 31(a)-(c), provide: "1. Legislative findings. — The General Assembly finds that:

"(1) Drinking water supply reservoirs are an essential source of water needed to meet municipal, industrial, and agricultural needs.

"(2) Drinking water supply reservoirs provide recreational opportunities and wildlife habitat and, if properly managed, improve water quality.

"(3) Management and protection of the quality and quantity of water in drinking water supply reservoirs are essential to the economic vitality of North Carolina.

"(4) Excessive nutrients are a major source of impairment of water quality in drinking water supply reservoirs.

"(5) It would be beneficial for the State to study the condition of drinking water supply reservoirs and to develop nutrient control criteria to prevent drinking water supply reservoirs from becoming impaired.

"(6) It would be beneficial for the State to develop calibrated nutrient response models and nutrient management strategies to ensure that drinking water supply reservoirs that are showing evidence of impairment are protected, as envisioned by Part 1 of Article 21 of Chapter 143 of the General Statutes and S.L. 1997-458, the Clean Water Responsibility and Environmentally Sound Policy Act.

"2.(a) Study of drinking water supply reservoirs. — The Environmental Management Commission shall study the water quality in the drinking water supply reservoirs in the State to determine whether the reservoirs meet current water quality standards. The Commission shall analyze existing data and report its findings and recommendations to the Environmental Review Commission by 1 May 2006.

"2.(b) Nutrient control criteria. — Based on the results of the study of drinking water supply reservoirs and an evaluation of current water quality standards, the Environmental Management Commission shall identify any nutrient control criteria necessary to prevent excess nutrient loading in each drinking water supply reservoir in order to protect public health and other designated uses by 1 January 2009. The Commission shall adopt final nutrient control criteria for each drinking water supply reservoir by 1 May 2010. If the Commission finds that the nutrient control criteria for any drinking water supply reservoir are not being achieved, the Commission shall develop and implement a plan for enhanced water quality monitoring in that drinking water supply reservoir within one year of the determination. The Commission shall report its progress in implementing this section, including its findings and recommendations, to the Environmental Review Commission as a part of each quarterly report it makes pursuant to G.S. 143B-282(b).

"3.(a) Applicability of section to certain reservoirs. — This section applies only to drinking water supply reservoirs that meet all of the following criteria as of 1 July 2005:

"(1) The reservoir serves a population greater than 300,000 persons.

"(2) The Environmental Management Commission has classified all or any part of the water in the reservoir as a nutrient sensitive water (NSW).

"(3) Water quality monitoring data indicates that water quality in the reservoir violates the chlorophyll A standard.

"(4) The Division of Water Quality of the Department of Environment and Natural Resources has not prepared or updated a calibrated nutrient response model for the reservoir since 1 July 2002.

"3.(b) Temporary limitation on increased nutrient loading. — If the Environmental Management Commission determines either that water quality in all or in any part of a drinking water supply reservoir to which this section applies does not meet current water quality standards or that it is likely that water quality will not meet water quality standards at any time prior to 1 July 2010, the Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into that reservoir. This limitation on new or increased nutrient loading allocation shall not be construed to prohibit a person who holds a permit for a wastewater discharge into a drinking water supply reservoir from purchasing a nutrient loading allocation from another person who holds a permit for a wastewater discharge into the same drinking water supply reservoir. This subsection expires with respect to a drinking water supply reservoir when permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective.

"3.(c) Nutrient management strategy. — The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by 1 July 2009. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy.

"3.(e) Implementation; rulemaking. — The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by 1 July 2009. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective.

"3.(f) Reports. — The Environmental Management Commission shall report its progress in implementing this section to the Environmental Review Commission as a part of each quarterly report it makes pursuant to G.S. 143B-282(b).

"4. Other drinking water supply reservoirs. — The Environmental Management Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into any drinking water supply reservoir for which the Division of Water Quality of the Department of Environment and Natural Resources has prepared or updated a calibrated nutrient response model since 1 July 2002 until permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective. The Commission shall report its progress in developing and implementing nutrient management strategies for reservoirs to which this section applies to the Environmental Review Commission by 1 April of each year beginning 1 April 2006."

§ 143B-282.1. Environmental Management Commission — quasi-judicial powers; procedures.

CASE NOTES

Multiple Fines. — Where a contractor had nine open burning piles within 1,000 feet from a dwelling, the North Carolina Department of Environment and Natural Resources did not violate the contractor's equal protection rights by imposing a penalty for each of the nine piles, because the imposition of multiple fines for multiple open burning piles was rationally related to a legitimate government purpose. (5) The total benefits of the project to the State outweigh its costs and render the grant appropriate for the project.

(b) Cap. — The maximum number of agreements the Committee may enter into each calendar year is 25.

(c) Ceiling. — Except as provided in this section, the maximum amount of total annual liability for grants for agreements entered into in any single calendar year, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed fifteen million dollars ($15,000,000). The maximum amount of total annual liability for grants for agreements entered into in 2006, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed thirty million dollars ($30,000,000). No agreement may be entered into that, when considered together with other existing agreements entered into during that calendar year, could cause the State's potential total annual liability for grants entered into in that calendar year to exceed this amount.

(d) Measuring Employment. — For the purposes of subdivision (a)(1) of this section and G.S. 143B-437.51(5), 143B-437.51(7), and 143B-437.57(a)(11), the Committee may designate that the increase or maintenance of employment is measured at the level of a division or another operating unit of a business, rather than at the business level, if both of the following conditions are met:

(1) The Committee makes an explicit finding that the designation is necessary to secure the project in this State.

(2) The agreement contains terms to ensure that the business does not create eligible positions by transferring or shifting to the project existing positions from another project of the business or a related member of the business. (2002-172, s. 2.1(a); 2003-416, s. 2; 2003-435, 2nd Ex. Sess., s. 2.2; 2004-124, ss. 32G.1(b), 32G.1(c), 32G.1(e); 2006-168, s. 1.2; 2006-264, s. 69(b).)

Editor's Note. —

Session Laws 2006-264, s. 69(b) was repealed, pursuant to the terms of Session Laws 2006-264, s. 69(g), upon Session Laws 2006-168 becoming law.

Effect of Amendments. —

Session Laws 2006-168, s. 1.2, effective July 27, 2006, in subsection (c), in the first sentence, substituted "Except as provided in this section, the" for "The" and inserted "including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61," and added the second sentence; and substituted "agreement" for "designation" at the beginning of subdivision (d)(2).

§ 143B-437.53. Eligible projects.

(a) Minimum Number of Eligible Positions. — A business may apply to the Committee for a grant for any project that creates the minimum number of eligible positions as set out in the table below. If the project will be located in more than one development tier area, the location with the highest development tier area designation determines the minimum number of eligible positions that must be created.

Development Tier Area	Number of Eligible Positions
Tier One	10
Tier Two	20
Tier Three	20

(b) Ineligible Businesses. — A project that consists solely of retail facilities is not eligible for a grant under this Part. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only the withholdings from employees in eligible positions that are employed exclusively in the portion of the project that represents nonretail facilities may be used to determine the amount of the grant. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility is not eligible for a grant. For the purposes of this Part, catalog distribution centers are not retail facilities.

A project that consists of a professional or semiprofessional sports team or club, other than a professional motorsports racing team, is not eligible for a grant under this Part.

(c) Health Insurance. — A business is eligible for a grant under this Part only if the business provides health insurance for all of the applicable full-time employees of the project with respect to which the grant is made. For the purposes of this subsection, an applicable full-time employee is one who earns from the business less than one hundred fifty thousand dollars ($150,000) in taxable compensation on an annualized basis or three and one-half times the annualized average State wage for all insured private employers in the State employing between 250 and 1,000 employees, whichever is greater. For the purposes of this subsection, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125.

Each year that a business receives a grant under this Part, the business must provide with the submission required under G.S. 143B-437.58 a certification that the business continues to provide health insurance, as required by this subsection, for all applicable full-time employees of the project with respect to which the grant is made. If the business ceases to provide the required health insurance, the Committee shall amend or terminate the agreement as provided in G.S. 143B-437.59.

(d) Repealed by Session Laws 2003-435, 2nd Ex. Sess., s. 2.3, effective December 16, 2003.

(e) Safety and Health Programs. — In order for a business to be eligible for a grant under this Part, the business must have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the location for which the grant is made. For the purposes of this subsection, "serious violation" has the same meaning as in G.S. 95-127. (2002-172, s. 2.1(a); 2003-416, s. 2; 2003-435, Ex. Sess., s. 2.3; 2005-241, s. 5; 2006-168, s. 1.3; 2006-252, s. 2.7.)

Effect of Amendments. —

Session Laws 2006-168, s. 1.3, effective July 27, 2006, inserted "other than a professional motorsports racing team," in the last sentence of subsection (b).

Session Laws 2006-252, s. 2.7, effective January 1, 2007, in subsection (a), substituted "development tier" for "enterprise tier" two times in the second sentence, and rewrote the table.

§ 143B-437.55. Applications; fees; reports; study.

(a) Application. — A business shall apply, under oath, to the Committee for a grant on a form prescribed by the Committee that includes at least all of the following:

(1) The name of the business, the proposed location of the project, and the type of activity in which the business will engage at the project site or sites.

(2) The names and addresses of the principals or management of the business, the nature of the business, and the form of business organization under which it is operated.

(3) The financial statements of the business prepared by a certified public accountant and any other financial information the Committee considers necessary.

(4) The number of eligible positions proposed to be created for the project and the salaries for these positions.

(5) An estimate of the total withholdings.

(6) Certification that the business will provide health insurance to full-time employees of the project as required by G.S. 143B-437.53(c).

(7) Information concerning other locations, including locations in other states and countries, being considered for the project and the nature of any benefits that would accrue to the business if the project were to be located in one of those locations.

(8) Information concerning any other State or local government incentives for which the business is applying or that it has an expectation of receiving.

(9) Any other information necessary for the Committee to evaluate the application.

A business may apply, in one consolidated application in a form and manner determined by the Committee, for a grant on its own behalf as a business and for grants on behalf of the related members of the business who may qualify under this Part.

The Committee will consider an application by a business for grants on behalf of its related members only if the related members for whom the application is submitted have assigned to the business any claim of right the related members may have under this Part to apply for grants individually during the term of the agreement and have agreed to cooperate with the business in providing to the Committee all the information required for the initial application and the agreement, and any other information the Committee may require for the purposes of this Part. The applicant business is responsible for providing to the Committee all the information required under this Part.

If a business applies for a grant on behalf of its related members, the related members included in the application may be permitted to meet the qualifications for a grant collectively by participating in a project that meets the requirements of this Part. The amount of a grant may be calculated under the terms of this Part as if the related members were all collectively one business entity. Any conditions for a grant, other than the number of eligible positions created, apply to each related member who is listed in the application as participating in the project. The grants awarded shall be paid to the applicant business. A grant received under this Part by a business may be apportioned to the related members in a manner determined by the business. In order for an agreement to be executed, each related member included in the application must sign the agreement and agree to abide by its terms.

(b) Application Fee. — When filing an application under this section, the business must pay the Committee a fee of five thousand dollars ($5,000). The fee is due at the time the application is filed. The Secretary of Commerce, the Secretary of Revenue, and the Director of the Office of State Budget and Management shall determine the allocation of the fee imposed by this section among their agencies. The proceeds of the fee are receipts of the agency to which they are credited.

(c) Annual Reports. — The Committee shall publish a report on the Job Development Investment Grant Program on or before April 30 of each year. The report shall include the following:

(1) A listing of each community economic development agreement negotiated and entered into during the preceding calendar year, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, the term of the agreement, the percentage used to determine the amount of the grant, and the amount of the grant made under the agreement during that year.

(2) An update on the status of projects under agreements entered into before the preceding calendar year.

(3) The number and development tier area of eligible positions created by projects with respect to which grants were awarded.

(3a) A listing of the employment level for all businesses receiving a grant and any changes in those levels from the level of the next preceding year.

(4) The wage levels of all eligible positions created by projects with respect to which grants are awarded, aggregated and listed in increments of five thousand dollars ($5,000).

(5) The amount of new income tax revenue received from withholdings related to the projects for which grants were awarded.

(6) The criteria developed by the Committee, in consultation with the Attorney General, to implement this Part and any changes in those criteria from the previous calendar year.

(7) The effectiveness of the program in recruiting new and expanding businesses.

(8) The environmental impact of businesses that have received grants under the program.

(9) The geographic distribution of grants, by number and amount, awarded under the program.
(10) An explanation of whether the projects with respect to which agreements are entered into involve new businesses in the State or expanding existing businesses in the State.
(11) A listing of all businesses making an application under this Part and an explanation of whether each business ultimately located the project in this State regardless of whether the business was awarded a grant for the project under this Part.
(12) Repealed by Session Laws 2006-168, s. 1.4, effective July 27, 2006.
(13) The total amount transferred to the Utility Account of the Industrial Development Fund under this Part during the preceding year.

(d) Quarterly Reports. — The Committee shall publish a report on the Job Development Investment Grant Program within two months of the end of each quarter. This report shall include a listing of each community economic development agreement negotiated and entered into during the preceding quarter, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, and the amount of the grant expected to be made under the agreement during the current fiscal year.

(e) Study. — The Committee shall conduct a study to determine the minimum funding level required to implement the Job Development Investment Grant Program successfully. The Committee shall report the results of this study to the House of Representatives Finance Committee, the Senate Finance Committee, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division no later than March 1 of each year. (2002-172, s. 2.1(a); 2003-416, s. 2; 2005-429, s. 2.1; 2006-168, s. 1.4; 2006-252, s. 2.8; 2006-264, s. 69(c).)

Editor's Note. — Session Laws 2006-264, s. 69(c) was repealed, pursuant to the terms of Session Laws 2006-264, s. 69(g), upon Session Laws 2006-168 becoming law.

Effect of Amendments. — Session Laws 2006-168, s. 1.4, effective July 27, 2006, in subdivision (a)(4), substituted "for the project" for "during the base years and thereafter" in the middle; in subdivision (a)(6), deleted "all" following "insurance to" near the middle and added "as required by G.S. 143B-437.53(c)" at the end; and deleted former subdivision (c)(12) which read: "The division and use of fees collected by the Committee under this section and under G.S. 143B-437.58."

Session Laws 2006-252, s. 2.8, effective January 1, 2007, substituted "development" for "enterprise" in subdivision (c)(3).

§ 143B-437.56. Calculation of minimum and maximum grants; factors considered.

(a) Subject to the limitations of subsection (d) of this section, the amount of the grant awarded in each case shall be a percentage of the withholdings of eligible positions. The percentage shall be no less than ten percent (10%) and no more than seventy-five percent (75%) of the withholdings of the eligible positions for a period of years. The percentage used to determine the amount of the grant shall be based on criteria developed by the Committee, in consultation with the Attorney General, after considering at least the following:
(1) The number of eligible positions to be created.
(2) The expected duration of those positions.
(3) The type of contribution the business can make to the long-term growth of the State's economy.
(4) The amount of other financial assistance the project will receive from the State or local governments.

(5) The total dollar investment the business is making in the project.
(6) Whether the project utilizes existing infrastructure and resources in the community.
(7) Whether the project is located in a development zone.
(8) The number of eligible positions that would be filled by residents of a development zone.
(9) The extent to which the project will mitigate unemployment in the State and locality.

(b) The term of the grant shall not exceed 12 years starting with the first year a grant payment is made. The first grant payment must be made within six years after the date on which the grant was awarded. The number of years in the base period for which grant payments may be made shall not exceed five years.

(c) The grant may be based only on eligible positions created during the base period.

(d) For any eligible position that is located in a development tier three area, seventy-five percent (75%) of the annual grant approved for disbursement shall be payable to the business, and twenty-five percent (25%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61. For any eligible position that is located in a development tier two area, eighty-five percent (85%) of the annual grant approved for disbursement shall be payable to the business, and fifteen percent (15%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61. A position is located in the development tier area that has been assigned to the county in which the project is located at the time the application is filed with the Committee.

(e) A business that is receiving any other grant by operation of State law may not receive an amount as a grant pursuant to this Part that, when combined with any other grants, exceeds seventy-five percent (75%) of the withholdings of the business, unless the Committee makes an explicit finding that the additional grant is necessary to secure the project.

(f) The amount of a grant associated with any specific eligible position, including any amount transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed six thousand five hundred dollars ($6,500) in any year. (2002-172, s. 2.1(a); 2003-416, s. 2; 2003-435, 2nd Ex. Sess., s. 2.5; 2006-168, s. 1.5; 2006-252, s. 2.9(a), (b); 2006-264, s. 69(d).)

Editor's Note. — Session Laws 2006-252, s. 2.9(a), which amended subsection (d), was contingent on House Bill 2744, 2005 General Assembly [2006-168], not becoming law. It did become law.

Session Laws 2006-264, s. 69(d) was repealed, pursuant to the terms of Session Laws 2006-264, s. 69(g), upon Session Laws 2006-168 becoming law.

Effect of Amendments. — Session Laws 2006-168, s. 1.5, effective July 27, 2006, added the last sentence in subsection (b); substituted "period" for "years, unless the Committee makes an explicit determination that the grant shall also be based on additional eligible positions created during the remainder of the term of the grant" at the end of subsection (c); rewrote subsection (d) which read: "The percentage established in the agreement shall be reduced by one-fourth for any eligible position that is located in an enterprise tier four or five area.", and inserted "including any amount transferred to the Utility Account pursuant to G.S. 143B-437.61" in the middle of subsection (f).

(3) The number of eligible positions that are subjects of the grant and a description of those positions and the location of those positions.

(10) A provision that requires the business to maintain operations at the project location or another location approved by the Committee for at least one hundred fifty percent (150%) of the term of the grant and a provision to permit the Committee to recapture all or part of the grant at its discretion if the business does not remain at the site for the required term.
(11) A provision that requires the business to maintain employment levels in this State at the level of the year immediately preceding the base period.

(15) A provision that prohibits the business from manipulating or attempting to manipulate employee withholdings with the purpose of increasing the amount of the grant and that requires the Committee to terminate the agreement and take action to recapture grant funds if the Committee finds that the business has manipulated or attempted to manipulate withholdings with the purpose of increasing the amount of the grant.
(16) A provision requiring that the business engage in fair employment practices as required by State and federal law and a provision encouraging the business to use small contractors, minority contractors, physically handicapped contractors, and women contractors whenever practicable in the conduct of its business.

(18) A provision encouraging the business to use the North Carolina State Ports.

(21) A provision stating that any recapture of a grant and any amendment to an agreement reducing the amount of the grant or the term of the agreement must, at a minimum, be proportional to the failure to comply measured relative to the condition or criterion with respect to which the failure occurred.

(22) A provision stating that any disputes over interpretation of the agreement shall be submitted to binding arbitration.

In addition, during the base period, the business shall submit to the Committee an annual payroll report showing the eligible positions that have been created during the preceding calendar year, and, subsequent to the base period, the business shall submit to the Committee an annual report showing the eligible positions that remain filled at the end of each year of the grant. Annual reports submitted to the Committee shall include social security numbers of individual employees identified in the reports. Upon request of the Committee, the business shall also submit a copy of its State and federal tax returns. Payroll and tax information, including social security numbers of individual employees and State and federal tax returns, submitted under this subsection is tax information subject to G.S. 105-259. Aggregated payroll or withholding tax information submitted or derived under this subsection is not tax information subject to G.S. 105-259. When making a submission under this section, the business must pay the

Committee a fee of one thousand five hundred dollars ($1,500). The fee is due at the time the submission is made. The Secretary of Commerce, the Secretary of Revenue, and the Director of the Office of State Budget and Management shall determine the allocation of the fee imposed by this section among their agencies. The proceeds of the fee are receipts of the agency to which they are credited.

(b) The Committee may require any information that it considers necessary to effectuate the provisions of this Part.

(c) The Committee may require any business receiving a grant to submit to an audit at any time.

Editor's Note. —
Session Laws 2006-264, s. 69(f) was repealed, pursuant to the terms of Session Laws 2006-264, s. 69(g), upon Session Laws 2006-168 becoming law.

Effect of Amendments. —
Session Laws 2006-168, s. 1.7, effective July 27, 2006, rewrote subsection (a); and added subsection (d).

§ 143B-437.59. Failure to comply with agreement.

(a) If the business receiving a grant fails to meet or comply with any condition or requirement set forth in an agreement or with criteria developed by the Committee in consultation with the Attorney General, the Committee shall amend the agreement to reduce the amount of the grant or the term of the agreement and may terminate the agreement. Any reduction of the grant is applicable to the grant year immediately following the grant year in which the business fails to comply with the agreement. The reduction in the amount or the term must, at a minimum, be proportional to the failure to comply measured relative to the condition or criterion with respect to which the failure occurred.

(b) If a business fails to maintain employment at the levels stipulated in the agreement or otherwise fails to comply with any condition of the agreement for any two consecutive years:

(1) If the business is still within the base period established by the Committee, the Committee shall withhold the grant payment for any consecutive year remaining in the base period in which the business fails to comply with any condition of the agreement, and the Committee may extend the base period for up to 24 additional months. Under no circumstances may the Committee extend the base period by more than a total of 24 months. In no event shall the term of the grant be extended beyond the date set by the Committee at the time the Committee awarded the grant.

(2) If the business is no longer within the base period established by the Committee, the Committee shall terminate the agreement.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, if the Committee finds that the business has manipulated or attempted to manipulate employee withholdings with the purpose of increasing the amount of a grant, the Committee shall immediately terminate the agreement and take action to recapture any grant funds disbursed in any year in which the Committee finds the business manipulated or attempted to manipulate employee withholdings with the purpose of increasing the amount of the grant. (2002-172, s. 2.1(a); 2003-416, s. 2; 2006-168, s. 1.8.)

Effect of Amendments. — Session Laws 2006-168, s. 1.8, effective July 27, 2006, substituted "business fails to comply with" for "Committee amends" near the end of the second sentence of subsection (a); in subsection (b), substituted "years:" for "years, the Committee shall terminate the agreement." at the end of the introductory paragraph, and added subdivisions (b)(1) and (b)(2).

§ 143B-437.60. Disbursement of grant.

A business may not receive an annual disbursement of a grant if, at the time of disbursement, the business has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved. A business may receive an annual disbursement of a grant only after the Committee has certified that there are no outstanding overdue tax debts and that the business has met the terms and conditions of the agreement. No amount shall be disbursed to a business as a grant under this Part in any year until the Secretary of Revenue has certified to the Committee (i) that there are no outstanding overdue tax debts of the business and (ii) the amount of withholdings received in that year by the Department of Revenue from the business. A business that has met the terms of the agreement shall make an annual certification of this to the Committee. The Committee shall require the business to provide any necessary evidence of compliance to verify that the terms of the agreement have been met. The Committee shall certify the grant amount for which the business is eligible under the agreement and the grant amount for which the business would be eligible under the agreement without regard to G.S. 143B-437.56(d). The Department of Commerce shall remit a check to the business in the amount of the certified grant amount within 90 days of receiving the certification of the Committee. (2002-172, s. 2.1(a); 2003-416, s. 2; 2006-168, s. 1.9.)

Effect of Amendments. — Session Laws 2006-168, s. 1.9, effective July 27, 2006, deleted "to the State Controller" following "certified" in the second sentence; substituted "require the business to provide any necessary evidence of compliance ot verify" for "verify this information and certify to the State Controller" in the middle of the fifth sentence; in the sixth sentence, substituted "shall certify the grant amount" for "shall further certify to the State Controller the amount of a grant" and "grant amount" for "amount of a grant"; and substituted "Department of Commerce" for "State Controller" in the last sentence.

§ 143B-437.61. Transfer to Industrial Development Fund.

At the time the Department of Commerce remits a check to a business under G.S. 143B-437.60, the Department of Commerce shall transfer to the Utility Account of the Industrial Development Fund an amount equal to the amount certified by the Committee as the difference between the amount of the grant and the amount of the grant for which the business would be eligible without regard to G.S. 143B-437.56(d). (2002-172, s. 2.1(a); 2003-416, s. 2; 2006-168, s. 1.10.)

The principal of and the interest on such bonds or notes shall be payable solely from the funds herein provided for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues, income or assets of the Authority. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of obligations, revenues or other money under this Part to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. The pledge of any assets, income or revenues of the Authority to the payment of the principal of or the interest on any obligations of the Authority shall be valid and binding from the time when the pledge is made and any such assets, income or revenues shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof.

The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same shall be governed by the provisions of this Part which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

Refunding obligations may be sold or exchanged for outstanding obligations issued under this Part and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding obligations.

(g) Any obligations issued by the Authority under the provisions of this Part shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes, income taxes on the gain from the transfer of the obligations, and franchise taxes. (a) Appropriation Required to Withdraw State Funds From the State Treasury. — In accordance with Section 7 of Article V of the North Carolina Constitution, no money shall be drawn from the State treasury but in consequence of appropriations made by law. A law enacted by the General Assembly that authorizes the expenditure of money from the State treasury is an appropriation; however, an enactment by the General Assembly that authorizes, specifies, or otherwise provides that funds may be used for a particular purpose is not an appropriation.

(b) Reversions. — Unless otherwise provided by law, at the end of the fiscal year the unexpended, unencumbered balance of an appropriation reverts to the fund from which the appropriation was made; except that (i) an appropriation to the General Assembly shall not revert unless otherwise provided by the Legislative Services Commission, (ii) an appropriation for a capital improvement project shall revert as provided by G.S. 143C-8-11, and (iii) an appropriation for the implementation of information technology (IT) projects shall not revert until the project is implemented or abandoned. (2006-203, s. 3.)

§ 143C-1-3. (Effective July 1, 2007) Fund types.

(a) Types. — The Controller shall account for State resources through use of the fund types listed in this subsection. The Controller may not establish a fund type that differs from the listed fund types unless the Governmental Accounting Standards Board has approved the use of the different fund type.

The fund types are described as follows, except that where a conflict exists between a description used in this section and the definition of the corresponding fund type issued by the Governmental Accounting Standards Board, it is presumed that the definition issued by the Governmental Accounting Standards Board shall prevail.

Governmental Funds.

(1) Capital Projects Funds. — Accounts for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds or in trust funds for individuals, private organizations, or other governments. Capital outlays financed from general obligation bond proceeds should be accounted for through a capital projects fund.

(2) Debt Service Funds. — Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

(3) General Fund. — Accounts for all financial resources except those required to be reported in another fund.

Proprietary Funds.

(6) Enterprise Funds. — Accounts for any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met. Each of these criteria should be applied in the context of the activity's principal revenue sources.

a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity.

b. Laws or regulations require that the activity's costs of providing services, including capital costs, be recovered with fees and charges rather than with taxes or similar revenues.

c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

(7) Internal Service Funds. — Accounts for any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. Internal service funds should be used only if the reporting government is the predominant participant in the activity. Otherwise, the activity should be reported as an enterprise fund.

Agency and Trust Funds.

(8) Agency Funds. — Accounts for resources held by the reporting government in a purely custodial capacity. Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

(9) Investment Trust Funds. — Accounts for the external portion of investment pools reported by the sponsoring government.

(10) Pension and Other Employee Benefit Trust Funds. — Accounts for resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

(11) Private-Purpose Trust Funds. — Accounts for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

(b) Designation. — If State resources are designated by law as a fund or an account within a fund and there is a conflict between the legal designation and the appropriate accounting designation of the State resources, then the Controller shall determine the appropriate designation of the State resources based on the intended use and financial treatment of the State resources as set out in the law establishing the fund or account. The Controller shall determine the fund type of all separate funds and account for them accordingly. The Controller shall keep the total number of funds to the minimum number practical.

(c) Notwithstanding subsections (a) and (b) of this section, funds established for The University of North Carolina and its constituent institutions pursuant to the following statutes are exempt from Chapter 143C of the General Statutes and shall be accounted for as provided by those statutes, except that the provisions of Article 8 of Chapter 143C of the General Statutes shall apply to the funds: G.S. 116-35, 116-36, 116-36.1, 116-36.2, 116-36.4, 116-36.5, 116-36.6, 116-44.4, 116-68, 116-220, 116-235, 116-238. (2006-203, s. 3.)

§ 143C-1-4. (Effective July 1, 2007) Interest earnings credited to the General Fund; interest earnings on Highway Fund and Highway Trust Fund credited to those funds.

(a) Interest Earnings Credited to the General Fund. — Unless otherwise provided by law, interest earned on all funds shall be credited to the General Fund.

§ 143C-4-5. (Effective July 1, 2007) Non-State match restrictions.

Whenever money is required to match an appropriation made for a specific purpose by the State of North Carolina, the recipient of the appropriation shall actually receive as a gift, grant, earnings in actual money, or a pledge that can be used as collateral in any prudent loan transaction, the matching amount required. The recipient shall retain the matching amount received in its possession until spent for that purpose and shall spend an equal percentage of the appropriation and of the matching amount each time an expenditure is made, unless the individual appropriation requires otherwise. (2006-203, s. 3.)

§ 143C-4-6. (Effective July 1, 2007) General Fund operating budget size limited.

(a) Size Limitation. — Except as otherwise provided in this section, the General Fund operating budget each fiscal year shall not be greater than seven percent (7%) of the projected total State personal income for that fiscal year.

(b) Increase in Size Limitation. — To the extent that any percent increase in appropriations for a fiscal year for (i) Medicaid, (ii) operation of prisons, or (iii) the costs of providing health insurance for teachers and State employees, exceeds the percent increase in State personal income growth for the same period, the limitation on the size of the General Fund operating budget provided in subsection (a) of this section for that fiscal year shall be increased by the dollar amount represented by the excess percentage. For all subsequent fiscal years, the percent limitation contained in subsection (a) shall then be increased to reflect that dollar adjustment.

(c) Fiscal Reports. — The Office of State Budget and Management and the Fiscal Research Division of the General Assembly shall each submit a tentative estimate of total State personal income for the upcoming fiscal year to the General Assembly no later than February 1 of each year. The Office and the Fiscal Research Division shall each submit a final projection of total State personal income for the upcoming fiscal year to the General Assembly no later than May 1 of each year. The General Assembly shall use the lower of the two final projections to calculate the limitation on the size of the General Fund operating budget provided in this section. (2006-203, s. 3.)

§ 143C-4-7. (Effective July 1, 2007) Limit on number of permanent positions budgeted.

The total number of permanent budgeted positions established in State agencies shall not be increased by the end of any State fiscal year by a greater percentage rate of change than the percentage rate of change of the residential population growth for the State of North Carolina. The Office of State Budget and Management shall be responsible for computing the annual percentage rates of change for each measure. The population growth rate shall be computed by averaging the annual residential population growth rate in each of the preceding 10 fiscal years as stated in the annual estimates of residential population in North Carolina made by the United States Census Bureau. The growth rate of the number of budgeted positions shall be computed by averaging the annual rate of growth of State budgeted positions in each of the preceding 10 fiscal years. The total number of permanent budgeted positions established in State agencies shall be computed by adding the total number of budgeted Full-Time Equivalents from all fund types. This section does not apply to State-funded positions supported by the State in a local public school system or local community college institution. (2006-203, s. 3.)

ARTICLE 5.

§ 143C-5-1. (Effective July 1, 2007) Rules for the introduction of the Governor's appropriations bills.

The Current Operations Appropriations Act recommended by the Governor and the Capital Improvements Appropriations Act recommended by the Governor shall be introduced by the chairs of the committee on appropriations in each house of the General Assembly. This section shall be considered and treated as a rule of procedure in the Senate and House of Representatives unless provided otherwise by a rule of either branch of the General Assembly. (2006-203, s. 3.)

§ 143C-5-2. (Effective July 1, 2007) Order of appropriations bills.

Each house of the General Assembly shall first pass its version of the Current Operations Appropriations Act on third reading and order it sent to the other chamber before placing any other appropriations bill on the calendar for second reading. This section does not apply to the following bills:

(1) An appropriations bill to respond to a disaster as defined by G.S. 166A-4(1).
(2) An appropriations bill making adjustments to the current year budget.
(3) An appropriations bill authorizing continued operations at current funding levels. (2006-203, s. 3.)

§ 143C-5-3. (Effective July 1, 2007) Availability statement required.

The Current Operations Appropriations Act enacted by the General Assembly shall state the General Fund, Highway Fund, and Highway Trust Fund availability used as basis for appropriations from those funds. (2006-203, s. 3.)

§ 143C-5-4. (Effective July 1, 2007) Enactment deadline.

The General Assembly shall enact the Current Operations Appropriations Act by June 15 of odd-numbered years and by June 30 of even-numbered years in which a Current Operations Appropriations Act is enacted. (2006-203, s. 3.)

§ 143C-5-5. (Effective July 1, 2007) Committee report used to construe intent of budget acts.

A committee report incorporated by reference in the Current Operations Appropriations Act or the Capital Improvements Appropriations Act and distributed on the floor of the House of Representatives and of the Senate as part of the explanation of the act is to be construed with the appropriate act in interpreting its intent. If a report conflicts with the act, the act prevails. The Director of the Fiscal Research Division of the Legislative Services Commission shall send a copy of the reports to the Director. (2006-203, s. 3.)

ARTICLE 6.

Administration of the Budget.

Part 1. Certification and Administration of the Budget.

§ 143C-6-1. (Effective July 1, 2007) Budget enacted by the General Assembly; certified budgets of State agencies.

(a) Governor to Administer the Budget as Enacted by the General Assembly. — In accordance with Section 5(3) of Article III of the North Carolina Constitution, the Governor shall administer the budget as enacted by the General Assembly. All appropriations of State funds now or hereafter made to the State agencies and non-State entities authorize expenditures only for the (i) purposes or programs and (ii) objects or line items enumerated in the Recommended State Budget and the Budget Support Document recommended to the General Assembly by the Governor, as amended and enacted by the General Assembly in the Current Operations Appropriations Act, the Capital Improvements Appropriations Act, or any other act affecting the State budget. The Governor shall ensure that appropriations are expended in strict accordance with the budget enacted by the General Assembly.

(b) Departmental Receipts. — Departmental receipts collected to support a program or purpose shall be credited to the fund from which appropriations have been made to support that program or purpose.

(c) Certification of the Budget. — The Director of the Budget shall certify to each State agency the amount appropriated to it for each program and each object from all governmental and proprietary funds. The certified budget for each State agency shall reflect the total of all appropriations enacted for each State agency by the General Assembly in the Current Operations Appropriations Act, the Capital Improvements Appropriations Act, and any other act affecting the State budget. The certified budget for each State agency shall follow the format of the Budget Support Document as modified to reflect changes enacted by the General Assembly. (2006-203, s. 3.)

§ 143C-6-2. (Effective July 1, 2007) Methods to avoid deficit.

(a) Appropriations. — Each appropriation is maximum and conditional. The expenditures authorized by an appropriation from a fund shall be made only if necessary and only if the aggregate revenues to the fund during each fiscal year of the biennium, when added to any unreserved fund balance from the previous fiscal year, are sufficient to support the expenditures.

(b) Revenue Collections. — The Director, with the assistance of the Secretary of Revenue and other officials collecting or receiving appropriated State revenue, shall continuously survey the revenue collections. If the Director finds that revenues to any fund, when added to the beginning unreserved fund balance in that fund, will be insufficient to support appropriations from that fund, the Director shall immediately notify the General Assembly that a deficit is anticipated. The Director shall report in a timely manner to the General Assembly a plan containing the expenditure reductions and other lawful measures as the Director is implementing in order to avert the deficit.

(c) Local Governments Funds. — In exercising the powers contained in Section 5(3) of Article III of the North Carolina Constitution, the Governor shall not withhold from distribution funds that have been collected by the State on behalf of local governments or funds that the General Assembly has appropriated to local governments unless the Governor has exhausted all other sources of revenue of the State including any appropriated surplus remaining in the treasury at the beginning of the fiscal period.

In accordance with Section 19 of Article I of the North Carolina Constitution and the Due Process Clause of the United States Constitution, the State is prohibited from taking local tax revenue. This subsection does not authorize the Governor to withhold revenues from taxes levied by units of local governments and collected by the State. (2006-203, s. 3.)

§ 143C-6-3. (Effective July 1, 2007) Allotments.

To receive the operating funds appropriated to it, a State agency shall submit to the Director, at intervals and in a format prescribed by the Director, a request for an allotment of the amount estimated to be required for the agency's operating costs during the ensuing fiscal period. The Director shall approve or modify the allotment requests, and the State Controller shall implement the allotments as approved or modified by the Director. (2006-203, s. 3.)

§ 143C-6-4. (Effective July 1, 2007) Budget Adjustments Authorized.

(a) Findings. — The General Assembly recognizes that even the most thorough budget deliberations may be affected by unforeseeable events. Under limited circumstances set forth in this section, the Director may adjust the enacted budget by making transfers among lines of expenditure, purposes, or programs or by increasing expenditures funded by departmental receipts. Under no circumstances, however, shall total General Fund expenditures for a State department exceed the amount appropriated to that department from the General Fund for the fiscal year.

(b) Adjustments to the Certified Budget. — Notwithstanding the provisions of G.S. 143C-6-1, a State agency may, with approval of the Director of the Budget, spend more than was authorized in the certified budget for all of the following:

(1) An object or line item within a purpose or program so long as the total amount expended for the purpose or program is no more than was authorized in the certified budget for the purpose or program.

(2) A purpose or program if the overexpenditure of the purpose or program is:
  a. Required by a court or Industrial Commission order;
  b. Authorized under G.S. 166A-5(1)a.9. of the Emergency Management Act; or
  c. Required to call out the national guard.

(3) A purpose or program not subject to the provisions of subdivision (b)(2) of this subsection, but only in accord with the following restrictions: (i) the overexpenditure is required to continue the purpose or programs due to complications or changes in circumstances that could not have been foreseen when the budget for the fiscal period was enacted, (ii) the scope of the purpose or program is not increased, (iii) the overexpenditure is authorized on a nonrecurring basis, and (iv) under no circumstances shall the total requirements for a State department exceed the department's certified budget for the fiscal year by more than three percent (3%) without prior consultation with the Joint Legislative Commission on Governmental Operations.

(c) Overexpenditures Reported. — The Director shall report quarterly, beginning October 31, to the Joint Legislative Commission on Governmental Operations on overexpenditures approved by the Director under subdivisions (2) and (3) of subsection (b) of this section.

(d) Overexpenditures in Senate Budget. — The President Pro Tempore of the Senate may approve expenditures for more than was authorized in the enacted budget for objects or line items in the budget of the Senate.

(e) Overexpenditures in House of Representatives Budget. — The Speaker of the House of Representatives may approve expenditures for more than was authorized in the enacted budget objects or line items in the budget of the House of Representatives.

(f) Transfers Between Line Items or Programs in General Assembly Budget Other Than Senate and House of Representatives. — Expenditures exceeding amounts authorized for programs, objects, or line items in the budget of the General Assembly other than those of the Senate and House of Representatives shall be approved jointly by the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

(g) Transfers in The University of North Carolina Budget. — Transfers or changes within the budget of The University of North Carolina may be made as provided in Article 1 of Chapter 116 of the General Statutes. (2006-203, s. 3.)

§ 143C-6-5. (Effective July 1, 2007) No expenditures for purposes for which the General Assembly has considered but not enacted an appropriation; no fee increases that the General Assembly has rejected.

(a) Notwithstanding any other provision of law, no funds from any source, except for gifts, grants, or funds allocated from the Repair and Renovations Account in accordance with G.S. 143C-4-3, funds allocated from the Contingency and Emergency Fund in accordance with G.S. 143C-4-4, and funds exempted from Chapter 143C in accordance with G.S. 143C-1-3(c) may be expended for any new or expanded purpose, position, or other expenditure for which the General Assembly has considered but not enacted an appropriation of funds for the current fiscal period. For the purpose of this subsection, the General Assembly has considered a purpose, position, or other expenditure when that purpose is included in a bill which fails a reading, or if the purpose is included in the version of a bill that passes one house, but the bill is enacted without the purpose.

(b) Notwithstanding any other provision of law, no fee shall be increased if the General Assembly has rejected an increase of that fee for the current fiscal period. For the purpose of this subsection, the General Assembly has rejected a fee increase when that fee increase is included in a bill which fails a reading, or if the fee increase is included in the version of a bill that passes one house, but the bill is enacted without the fee increase. (2006-66, s. 6.4; 2006-203, s. 3.)

Editor's Note. — Session Laws 2006-66, s. 6.4, enacted G.S. 143-16.7, containing provisions similar to G.S. 143C-6-5(b). G.S. 143-16.7 is repealed effective July 1, 2007, but has been added to the historical citation for G.S. 143C-6-5 at the direction of the Revisor of Statutes.

CASE NOTES

***Editor's Note.** — The annotations under this section were decided under former G.S. 143-16.3.*

Construction. — G.S. 143-16.3 did not prohibit a state agency from committing the state to the expenditure of funds which had not been appropriated for the purpose of a contract, because the pertinent portion of G.S. 143-16.3 stated that no funds from any source could be expended for any new or expanded purpose, position or other expenditure for which the General Assembly had considered but not enacted an appropriation of funds for the current fiscal budget; thus, G.S. 143-16.3 only prohibited the actual expenditure of funds if not appropriated. OPINIONS OF ATTORNEY GENERAL

State Treasurer. — Because the restrictions contained in this section primarily involve controls exercised by the General Assembly, the State Treasurer is subject thereto. See opinion of Attorney General to Ralph Campbell, Jr., State Auditor, 2002 N.C.A.G. 31 (12/12/02).

§ 143C-6-6. (Effective July 1, 2007) Positions included in the State Payroll.

(a) Before a State agency establishes a new position or changes the funding of an existing position, the agency shall submit the proposed action to the Director for approval. The Director shall review the proposed action to ensure that funds for the action are included in the amount appropriated to the agency. If the Director approves the action, the Director shall notify the agency and the Controller of the approval. The Controller shall not honor a voucher in payment of a payroll that includes a new position or a change in an existing position that has not been approved by the Director.

(b) Payments on behalf of employees for hospital-medical insurance, longevity payments, salary increments, and legislative salary increases, required employer salary-related contributions for retirement benefits, death benefits, the Disability Income Plan and social security for employees shall be paid from the General Fund or the Highway Fund, only to the extent of the proportionate part paid from the General Fund or Highway Fund, in support of the salary of the employee, and the remainder of the employer's contribution requirements shall be paid from the same source that supplies the remainder of the employee's salary.

(c) This section does not apply to The University of North Carolina. (2006-203, s. 3.)

OPINIONS OF ATTORNEY GENERAL

***Editor's Note.** — The annotations under this section were decided under former G.S. 143-34.1.*

Voluntary Indemnity Plan. — The statutes that govern the Teachers' and State Employees' Comprehensive Major Medical Plan and the Statewide Flexible Benefits Program permit the Statewide Flexible Benefits Program to offer a voluntary indemnity plan that provides hospital confinement, short-stay, rehabilitation unit, surgical, heart attack, stroke, coma, paralysis, ambulance, and wellness benefits. See opinion of Attorney General to Mr. Carl Goodwin, Director, Risk Control Services, Office of State Personnel, 2001 N.C. AG LEXIS 40 (10/3/01).

Cafeteria Plan. — The University of North Carolina, or some of its campuses, may not offer a cafeteria plan which allows pre-tax premiums for dependent health coverage as such competition would impair the object of the statute, which was to establish a single statewide plan that did not compete with existing benefits. See opinion of Attorney General to Leslie Winner, Vice President and General Counsel, University of North Carolina, 2002 N.C. AG LEXIS 15 (3/26/02).

§ 143C-6-7. (Effective July 1, 2007) Compliance with Chapter and appropriations acts by State agencies.

(a) Compliance With Chapter and Appropriations Acts. — Except as otherwise provided by law, all expenditures of State funds by a State agency shall be made in compliance with the State budget as enacted by the General Assembly and certified by the Director. If the Director finds that a State agency has spent or encumbered State funds for an unauthorized purpose, the Director shall take appropriate administrative action to ensure that no further irregularities occur and shall report to the Attorney General any facts that pertain to an apparent violation of a penal statute or an apparent instance of malfeasance, misfeasance, or nonfeasance by a person.

(b) Repayment of Funds Spent for an Unauthorized Purpose. — In addition to the provisions of subsection (a) of this section, if the Director finds that a State agency violated this section, the Director shall withhold any future allocations for the unauthorized purpose and shall also withhold future allocations to the Department in an amount equal to the funds unlawfully spent. (2006-203, s. 3.)

§ 143C-6-8. (Effective July 1, 2007) State agencies may incur financial obligations only if authorized by the Director of the Budget and subject to the availability of appropriated funds.

Unless otherwise authorized by the Director as provided by law, purchase orders, contracts, salary commitments, and any other financial obligations by State agencies shall be subject to the availability of appropriated funds or available funds that are not State funds as defined in this Chapter. (2006-203, s. 3.)

§ 143C-6-9. (Effective July 1, 2007) Use of lapsed salary savings.

Lapsed salary savings may be expended only for nonrecurring purposes or line items. (2006-203, s. 3.)

§ 143C-6-10: Reserved for future codification purposes.

Part 2. Highway Appropriations.

§ 143C-6-11. (Effective July 1, 2007) Highway appropriation.

(a) General Provisions. — Appropriations made for transportation projects are subject to the provisions in this section. If the provisions in this section conflict with the budget acts, the budget acts prevail.

(b) Cash Flow Management of Transportation Projects. — Transportation Project funds shall be budgeted, expended, and accounted for on a 'cash flow' basis. Pursuant to this end, transportation project contracts shall be planned and limited so payments due at any time will not exceed the cash available to pay them.

(c) Appropriations Are for Payments and Contract Commitments to Be Made in the Appropriation Fiscal Year. — The appropriations for transportation projects are for maximum payments estimated to be made during the appropriation fiscal year and for maximum contracting authority for future years. Transportation project contracts shall be scheduled so that the total contract payments and other expenditures charged to projects in the fiscal year for each transportation project appropriation item will not exceed the current appropriations provided by the General Assembly and unspent prior appropriations made by the General Assembly for the particular appropriation item.

(d) Payments Subject to Availability of Funds. — The annual appropriations for transportation projects shall be expended only to the extent that sufficient funds are available in the Highway Fund.

(e) Retainage Fully Funded. — The Department of Transportation shall fully fund retainage from transportation project contracts in the year in which the work is performed.

(f) Five Percent (5%) of the Cash Balance Required. — The Department of Transportation shall maintain an available cash balance at the end of each month equal to at least five percent (5%) of the unpaid balance of the total transportation project contract obligations. In the event this cash position is not maintained, no further transportation project contract commitments may be entered into until the cash balance has been regained. For the purposes of awarding contracts involving federal aid, any amount due from the federal government and the Highway Bond Fund as a result of unreimbursed expenditures may be considered as cash for the purposes of this provision.

(g) Anticipation of Revenues. — In awarding State transportation project contracts requiring payments beyond a biennium, the Director may anticipate revenues as authorized and certified by the General Assembly to continue contract payments for up to seventy-five percent (75%) of the revenues which are estimated for the first fiscal year of the succeeding biennium and which are not required for other budget items. Up to fifty percent (50%) of the revenues not required for other budget items may be anticipated for the second and subsequent fiscal years' contract payments. Up to forty percent (40%) of the revenues not required for other budget items may be anticipated for the first year of the second succeeding biennium and up to twenty percent (20%) of the revenues not required for other budget items may be anticipated for the second year of the second succeeding biennium.

(h) Amounts Encumbered. — Transportation project appropriations may be encumbered in the amount of allotments made to the Department of Transportation by the Director for the estimated payments for transportation project contract work to be performed in the appropriation fiscal year. The allotments shall be multiyear allotments and shall be based on estimated revenues and shall be subject to the maximum contract authority contained in subsection (c) above. Payment for transportation project work performed pursuant to contract in any fiscal year other than the current fiscal year is subject to appropriations by the General Assembly. Transportation project contracts shall contain a schedule of estimated completion progress, and any acceleration of this progress shall be subject to the approval of the Department of Transportation provided funds are available. The State reserves the right to terminate or suspend any transportation project contract, and any transportation project contract shall be so terminated or suspended if funds will not be available for payment of the work to be performed during that fiscal year pursuant to the contract. In the event of termination of any contract, the contractor shall be given a written notice of termination at least 60 days before completion of scheduled work for which funds are available. In the event of termination, the contractor shall be paid for the work already performed in accordance with the contract specifications.

(i) Provision Incorporated in Contracts. — The provisions of subsection (h) of this section shall be incorporated verbatim in all transportation project contracts.

(j) Existing Contracts Are Not Affected. — The provisions of this section shall not apply to transportation project contracts awarded by the Department of Transportation prior to July 15, 1980.

(k) The Department of Transportation shall do all of the following:

(1) Utilize cash flow financing to the extent possible to fund transportation projects with the goal of reducing the combined average daily cash balance of the Highway Fund and the Highway Trust Fund to an amount equal to the twelve percent (12%) of the combined estimate of the yearly receipts of the Funds. The target amount shall include an amount necessary to make all municipal-aid funding requirements of the Department.

(2) Establish necessary management controls to facilitate use of cash flow financing, such as establishment of a financial planning committee, development of a monthly financing report, establishment of appropriate fund cash level targets, review of revenue forecasting procedures, and reduction of accrued unbilled costs.

(3) Report annually, on October 1 of each year, to the Joint Legislative Transportation Oversight Committee on its cash management policies and results. (2006-203, s. 3.)

Constitutionality. — This section does not violate N.C. Const., Art. V, § 3. Boneno v. State, 54 N.C. App. 690, 284 S.E.2d 170 (1981).

III, § 5(3) against incurring a deficit; only actual expenditures in excess of receipts would violate the provision. Boneno v. State, 54 N.C. App. 690, 284 S.E.2d 170 (1981).

§ 143C-6-22. (Effective July 1, 2007) Use of State funds by non-State entities.

(a) Disbursement and Use of State Funds. — Every non-State entity that receives, uses, or expends any State funds shall use or expend the funds only for the purposes for which they were appropriated by the General Assembly. State funds include federal funds that flow through the State Treasury.

(b) Compliance by Non-State Entities. — If the Director of the Budget finds that a non-State entity has spent or encumbered State funds for an unauthorized purpose, or fails to submit or falsifies the information required by G.S. 143C-6-23 or any other provision of law, the Director shall take appropriate administrative action to ensure that no further irregularities or violations of law occur and shall report to the Attorney General any facts that pertain to an apparent violation of a criminal law or an apparent instance of malfeasance, misfeasance, or nonfeasance in connection with the use of State funds. Appropriate administrative action may include suspending or withholding the disbursement of State funds and recovering State funds previously disbursed.

(c) Civil Actions. — Civil actions to recover State funds or to obtain other mandatory orders in the name of the State on relation of the Attorney General, or in the name of the Office of State Budget and Management, shall be filed in the General Court of Justice in Wake County. (2006-203, s. 3.)

§ 143C-6-23. (Effective July 1, 2007) State grant funds: administration; oversight and reporting requirements.

(a) Definitions. — The following definitions apply in this section:

(1) "Grant" and "grant funds" means State funds disbursed as a grant by a State agency; however, the terms do not include any payment made by the Medicaid program, the Teachers' and State Employees' Comprehensive Major Medical Plan, or other similar medical programs.

(2) "Grantee" means a non-State entity that receives State funds as a grant from a State agency but does not include any non-State entity subject to the audit and other reporting requirements of the Local Government Commission.

(3) "Subgrantee" means a non-State entity that receives State funds as a grant from a grantee or from another subgrantee but does not include any non-State entity subject to the audit and other reporting requirements of the Local Government Commission.

(b) Conflict of Interest Policy. — Every grantee shall file with the State agency disbursing funds to the grantee a copy of that grantee's policy addressing conflicts of interest that may arise involving the grantee's management employees and the members of its board of directors or other governing body. The policy shall address situations in which any of these individuals may directly or indirectly benefit, except as the grantee's employees or members of its board or other governing body, from the grantee's disbursing of State funds, and shall include actions to be taken by the grantee or the individual, or both, to avoid conflicts of interest and the appearance of impropriety. The policy shall be filed before the disbursing State agency may disburse the grant funds.

(c) No Overdue Tax Debts. — Every grantee shall file with the State agency or department disbursing funds to the grantee a written statement completed by that grantee's board of directors or other governing body stating that the grantee does not have any overdue tax debts, as defined by G.S. 105-243.1, at the federal, State, or local level. The written statement shall be made under oath and shall be filed before the disbursing State agency or department may disburse the grant funds. A person who makes a false statement in violation of this subsection is guilty of a criminal offense punishable as provided by G.S. 143C-10-1.

(d) Office of State Budget Rules Must Require Uniform Administration of State Grants. — The Office of State Budget and Management shall adopt rules to ensure the uniform administration of State grants by all grantor State agencies and grantees or subgrantees. The Office of State Budget and Management shall consult with the Office of the State Auditor and the Attorney General in establishing the rules required by this subsection. The rules shall establish policies and procedures for disbursements of State grants and for State agency oversight, monitoring, and evaluation of grantees and subgrantees. The policies and procedures shall:

(1) Ensure that the purpose and reporting requirements of each grant are specified to the grantee.

(2) Ensure that grantees specify the purpose and reporting requirements for grants made to subgrantees.

(3) Ensure that State funds are spent in accordance with the purposes for which they were granted.

(4) Hold the grantees and subgrantees accountable for the legal and appropriate expenditure of grant funds.

(5) Provide for adequate oversight and monitoring to prevent the misuse of grant funds.

(6) Establish mandatory periodic reporting requirements for grantees and subgrantees, including methods of reporting, to provide financial and program performance information. The mandatory periodic reporting requirements shall require grantees and subgrantees to file with the State Auditor copies of reports and statements that are filed with State agencies pursuant to this subsection. Compliance with the mandatory periodic reporting requirements of this subdivision shall not require grantees and subgrantees to file with the State Auditor the information described in subsections (b) and (c) of this section.

(7) Require grantees and subgrantees to maintain reports, records, and other information to properly account for the expenditure of all grant funds and to make such reports, records, and other information available to the grantor State agency for oversight, monitoring, and evaluation purposes.

(8) Require grantees and subgrantees to ensure that work papers in the possession of their auditors are available to the State Auditor for the purposes set out in subsection (i) of this section.

(9) Require grantees to be responsible for managing and monitoring each project, program, or activity supported by grant funds and each subgrantee project, program, or activity supported by grant funds.

(10) Provide procedures for the suspension of further disbursements or use of grant funds for noncompliance with these rules or other inappropriate use of the funds.

(11) Provide procedures for use in appropriate circumstances for reinstatement of disbursements that have been suspended for noncompliance with these rules or other inappropriate use of grant funds.

(12) Provide procedures for the recovery and return to the grantor State agency of unexpended grant funds from a grantee or subgrantee if the grantee or subgrantee is unable to fulfill the purposes of the grant.

(e) Rules Are Subject to the Administrative Procedure Act. — Notwithstanding the provisions of G.S. 150B-2(8a)b. rules adopted pursuant to subsection (d) of this section are subject to the provisions of Chapter 150B of the General Statutes.

(f) Suspension and Recovery of Funds to Grant Recipients for Noncompliance. — The Office of State Budget and Management, after consultation with the administering State agency, shall have the power to suspend disbursement of grant funds to grantees or subgrantees, to prevent further use of grant funds already disbursed, and to recover grant funds already disbursed for noncompliance with rules adopted pursuant to subsection (d) of this section. SUBCHAPTER II. ALLOCATED STATE LANDS.

ARTICLE 6.

Acquisitions.

§ 146-22.3. Acquisition of land to be used to restore, enhance, preserve, or create wetlands.

(a) Payment. — A State agency that acquires land by purchase for the purpose of restoring, enhancing, preserving, or creating wetlands as required by a permit or an authorization issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344 must pay to the county in which the land is located, as reimbursement, a sum equal to the estimated amount of ad valorem taxes that would have accrued to the county for the next 20 years had the land not been acquired by the State agency.

(b) Exception. — This section does not apply when the land purchased by the State agency and the wetlands permitted to be lost are located in the same county. In other circumstances, the governing body of the county and the State agency may enter into a written agreement to waive payment.

(c) Amount. — The estimated amount of ad valorem taxes that would have accrued for the next 20 years is the total assessed value of the acquired land excluded from the county's tax base multiplied by the tax rate set by the county board of commissioners in its most recent budget ordinance adopted under Chapter 159 of the General Statutes, and then multiplied by 20.

(d) Application. — This section applies only to land acquired in counties designated as a development tier one area under G.S. 143B-437.08. (2004-188, s. 4; 2006-252, s. 2.14.)

Effect of Amendments. — Session Laws 2006-252, s. 2.14, effective January 1, 2007, substituted "a development tier one area under G.S. 143B-437.08" for "an enterprise tier one or enterprise tier two area under G.S. 105-129.3" in subsection (d).

§ 146-22.4. Acquisition of wetlands from private mitigation banking companies.

(a) Payment for Taxes. — A State agency that acquires wetlands from a private mitigation banking company must pay a sum in lieu of ad valorem taxes to the county where the wetlands are located. The sum is equal to the estimated amount of ad valorem taxes that would have accrued for the next 20 years as computed in G.S. 146-22.3(c).

(b) Requirement for Acquisition. — A State agency may require, as a condition of accepting a donation of wetlands by a private mitigation banking company, that the company make adequate provisions for the long-term maintenance and management of the wetlands. These provisions may include reimbursement to the agency for payment of a sum in lieu of ad valorem taxes.

(c) Application. — This section applies only to land acquired in counties designated as a development tier one area under G.S. 143B-437.08. (2004-188, s. 5; 2006-252, s. 2.15.)

Effect of Amendments. — Session Laws 2006-252, s. 2.15, effective January 1, 2007, substituted "a development tier one area under G.S. 143B-437.08" for "an enterprise tier one or enterprise tier two area under G.S. 105-129.3" in subsection (c).

§ 146-22.5. Reimbursement of payment in lieu of future ad valorem taxes.

(a) If a State agency acquires land under G.S. 146-22.3 or G.S. 146-22.4 and later uses this land to mitigate wetlands permitted to be lost in the same county, then the county shall reimburse the State agency. The reimbursement shall equal the estimated amount of ad valorem taxes paid for the land in accordance with G.S. 146-22.3 minus ten percent (10%) of this amount multiplied by the number of years the State agency held the land before the wetlands were lost.

(b) Application. — This section applies only to land acquired in counties designated as a development tier one area under G.S. 143B-437.08. (2004-188, s. 6; 2005-435, s. 44; 2006-252, s. 2.16.)

Effect of Amendments. —

Session Laws 2006-252, s. 2.16, effective January 1, 2007, substituted "a development tier one area under G.S. 143B-437.08" for "an enterprise tier one or enterprise tier two area under G.S. 105-129.3" in subsection (b).

purchase a nonforfeitable annuity or retirement income contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of salary reduction in cash or in any other way except the annuity or retirement income contract. Funds used for the purchase of an annuity or retirement income contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective. The agreement for salary reduction referred to herein shall be effective under the necessary regulations and procedures adopted by the chief executive officer and on forms prescribed by him. Notwithstanding any other provision of law, the amount by which the salary of an employee is reduced pursuant to this section shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, if any, and in computing and providing matching funds for retirement system purposes, if any. (1971, c. 433, s. 2; 1991, c. 389, s. 1; 2006-66, s. 6.19(a); 2006-203, s. 112; 2006-221, s. 3A; 2006-259, s. 40(a).)

Section Set Out Twice. — The section above is effective July 1, 2007. For the section as in effect until July 1, 2007, see the main volume.

Editor's Note. — Session Laws 2006-66, s. 6.19(a), as added by Session Laws 2006-221, s. 3A, substituted G.S. 143B-426.39D for G.S. 143B-426-39A which had been substituted for "G.S. 143-3.3" by Session Laws 2006-203, s. 112. The reference to G.S. 143B-426.39D has been changed to G.S. 143B-426.40A at the direction of the Revisor of Statutes.

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Session Laws 2006-203, s. 126, provides, in part: "Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Notwithstanding the provisions of G.S. 143B-426.40A and notwithstanding any provision of law relating to salaries or salary schedules of teachers or State employees, the chief executive officer of an employer, on behalf of the employer, may from time to time enter into a contract with a teacher or employee under which the teacher or employee irrevocably elects to defer receipt of a portion of his scheduled salary in the future, but only if, as a result of such contract, the income so deferred is deferred pursuant to the Plan provided for in G.S. 143B-426.24 or pursuant to some other plan established before January 1, 1983, and is not constructively received by the teacher or employee in the year in which it was earned, for State and federal income tax purposes. In addition, the income so deferred shall be invested in the manner provided in the applicable Plan; however, the teacher or employee may revoke his election to participate and may amend the amount of compensation to be deferred by signing and filing with the Board a written revocation or amendment on a form and in the manner approved by the Board. Any such revocation or amendment shall be effective prospectively only and shall cause no change in the allocation of amounts invested prior to the filing date of such revocation or amendment.

G.S. 147-9.4 is set out twice. See notes.

A teacher or employee who has agreed to the deferral of income pursuant to the Plan shall have the right to receive the income so deferred only in accordance with the provisions of the Plan. Funds so deferred shall not be in lieu of any amount earned by the teacher or employee before his election to defer compensation became effective. The agreement to defer income referred to herein shall be effective under such necessary regulations and procedures as are adopted by the Board, and on forms prepared or approved by it. A teacher or employee who agrees to defer income as provided in this section may authorize payroll deductions for deferral of the income. An employer shall make payroll deduction available for a teacher or employee who authorizes payroll deduction. Notwithstanding any other provisions of law, the amount by which the salary of a teacher or employee is deferred pursuant to the Plan shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, if any, and in computing and providing matching funds for retirement system purposes, if any.

Except for the applications of the provisions of G.S. 110-136, and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a teacher or employee, who elects to defer income pursuant to the North Carolina Public Employee Deferred Compensation Plan under G.S. 143B-426.24, to benefits that have vested under the Plan, is nonforfeitable. These benefits are exempt from levy, sale, and garnishment, except as provided by this section. If an agency requests the Office of State Budget and Management to prepare a fiscal note for a proposed rule change, that Office must prepare the note within 90 days after receiving a written request for the note. If the Office of State Budget and Management fails to prepare a fiscal note within this time period, the agency proposing the rule change may prepare a fiscal note. A fiscal note prepared in this circumstance does not require approval of the Office of State Budget and Management.

If an agency prepares the required fiscal note, the agency must submit the note to the Office of State Budget and Management for review. The Office of

State Budget and Management must review the fiscal note within 14 days after it is submitted and either approve the note or inform the agency in writing of the reasons why it does not approve the fiscal note. After addressing these reasons, the agency may submit the revised fiscal note to that Office for its review. If an agency is not sure whether a proposed rule change would have a substantial economic impact, the agency may ask the Office of State Budget and Management to determine whether the proposed rule change has a substantial economic impact.

As used in this subsection, the term "substantial economic impact" means an aggregate financial impact on all persons affected of at least three million dollars ($3,000,000) in a 12-month period.

(b2) Content. — A fiscal note required by subsection (b1) of this section must contain the following:

(1) A description of the persons who would be affected by the proposed rule change.
(2) A description of the types of expenditures that persons affected by the proposed rule change would have to make to comply with the rule and an estimate of these expenditures.
(3) A description of the purpose and benefits of the proposed rule change.
(4) An explanation of how the estimate of expenditures was computed.

(c) Errors. — An erroneous fiscal note prepared in good faith does not affect the validity of a rule. (1973, c. 1331, s. 1; 1979, 2nd Sess., c. 1137, s. 41.1; 1983, c. 761, s. 185; 1985, c. 746, s. 1; 1987, c. 827, s. 54; 1991, c. 418, s. 1; 1995, c. 415, s. 2; c. 507, s. 27.8(b); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2003-229, s. 6; 2005-276, s. 28.8(a); 2006-203, s. 124.)

Subsection (a) Set Out Twice. — The first version of subsection (a) set out above is effective until July 1, 2007. The second version of subsection (a) set out above is effective July 1, 2007.

Editor's Note. —

Session Laws 2006-203, s. 126, provides, in part: "Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. —

Session Laws 2006-203, s. 124, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, substituted "State Budget Act, Chapter 143C of the General Statutes" for "Executive Budget Act, Article 1 of Chapter 143," in the first sentence of subsection (a).

Part 3. Review by Commission.

§ 150B-21.9. Standards and timetable for review by Commission.

CASE NOTES

Commission's Authority. — General assembly has given the North Carolina Rules Review Commission the authority to determine whether a proposed rule is within the authority delegated to the agency by the legislature; where, only after the pharmacy board received an unfavorable outcome regarding its proposed pharmacist hours rule did it allege the process was unconstitutional, the board was estopped from raising a constitutional challenge to the commission's authority, and the trial court did not err by refusing to rule on that challenge. N.C. Bd. of Pharm. v. Rules Review Comm'n, 174 N.C. App. 301, 620 S.E.2d 893, 2005 N.C. App. LEXIS 2362 (2005).

Part 4. Publication of Code and Register.

§ 150B-21.17. North Carolina Register.

(a) Content. — The Codifier of Rules must publish the North Carolina

Register. The North Carolina Register must be published at least two times a month and must contain the following:

- (1) Temporary rules entered in the North Carolina Administrative Code.
- (1a) The text of proposed rules and the text of permanent rules approved by the Commission.
- (1b) Emergency rules entered into the North Carolina Administrative Code.
- (2) Notices of receipt of a petition for municipal incorporation, as required by G.S. 120-165.
- (3) Executive orders of the Governor.
- (4) Final decision letters from the United States Attorney General concerning changes in laws that affect voting in a jurisdiction subject to section 5 of the Voting Rights Act of 1965, as required by G.S. 120-30.9H.
- (5) Orders of the Tax Review Board issued under G.S. 105-241.2.
- (6) Other information the Codifier determines to be helpful to the public.

(b) Form. — When an agency publishes notice in the North Carolina Register of the proposed text of a new rule, the Codifier of Rules must publish the complete text of the proposed new rule. In publishing the text of a proposed new rule, the Codifier must indicate the rule is new by underlining the proposed text of the rule.

When an agency publishes notice in the North Carolina Register of the proposed text of an amendment to an existing rule, the Codifier must publish the complete text of the rule that is being amended unless the Codifier determines that publication of the complete text of the rule being amended is not necessary to enable the reader to understand the proposed amendment. In publishing the text of a proposed amendment to a rule, the Codifier must indicate deleted text with overstrikes and added text with underlines.

When an agency publishes notice in the North Carolina Register of the proposed repeal of an existing rule, the Codifier must publish the complete text of the rule the agency proposes to repeal unless the Codifier determines that publication of the complete text is impractical. In publishing the text of a rule the agency proposes to repeal, the Codifier must indicate the rule is to be repealed.

(c) The Codifier may authorize and license the private indexing, marketing, sales, reproduction, and distribution of the Register. (1991, c. 418, s. 1; 1995, c. 507, s. 27.8(k); 2001-141, s. 6; 2001-421, s. 1.4; 2003-229, s. 11; 2006-66, s. 18.1.)

Editor's Note. —

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. — Session Laws 2006-66, s. 18.1, effective July 1, 2006, added subsection (c).

Article 3.

Administrative Hearings.

§ 150B-22. Settlement; contested case.

CASE NOTES

Authority To Settle. — Where the North Carolina Department of Health and Human Services and the applicant engaged in litigation to determine whether the applicant's assisted living center projects were exempt from a moratorium on such projects, the Department and the North Carolina Attorney General properly exercised their statutory authority under N.C. Gen. Stat. § 150B-22 to settle the litigation. Carillon Assisted Living, L.L.C. v. N.C. HHS, — N.C. App. —, 623 S.E.2d 629, 2006 N.C. App. LEXIS 60 (2006).

Applied in Mooresville Hosp. Mgmt. Assocs. v. N.C. HHS, Div. of Facility Servs., 169 N.C. App. 641, 611 S.E.2d 431, 2005 N.C. App. LEXIS 796 (2005).

§ 150B-22.1. Special education petitions.

(a) Notwithstanding any other provision of this Chapter, timelines and other procedural safeguards required to be provided under IDEA and Article 9 of Chapter 115C of the General Statutes must be followed in an impartial due process hearing initiated when a petition is filed under G.S. 115C-109.6 with the Office of Administrative Hearings.

(b) The administrative law judge who conducts a hearing under G.S. 115C-109.6 shall not be a person who has a personal or professional interest that conflicts with the judge's objectivity in the hearing. Furthermore, the judge must possess knowledge of, and the ability to understand, IDEA and legal interpretations of IDEA by federal and State courts. The judges are encouraged to participate in training developed and provided by the State Board of Education under G.S. 115C-107.2(h)[(g)].

(c) For the purpose of this section, the term "IDEA" means The Individuals with Disabilities Education Improvement Act, 20 U.S.C. § 1400, et seq., (2004), as amended, and its regulations. (2006-69, s. 5.)

Editor's Note. — Session Laws 2006-69, s. 8, made this section effective July 10, 2006.

The bracketed reference, "[(g)]" in subsection (b), was added at the direction of the Revisor of Statutes as it appears to be the intended reference.

§ 150B-23. Commencement; assignment of administrative law judge; hearing required; notice; intervention.

CASE NOTES

Notice Sufficient. — Notice of hearing did not list the statutes and rules involved or give a short and plain statement of the facts, but those details were unnecessary since the department had filed its prehearing statement. Lincoln v. N.C. HHS, 172 N.C. App. 567, 616 S.E.2d 622, 2005 N.C. App. LEXIS 1804 (2005).

Notice Held Insufficient to Comply with Due Process. —

Letter to an employee after her termination while on medical leave that expressed sympathy for her medical condition and reiterated facts regarding the employee's termination did not constitute sufficient notice of the decision or action regarding the grievance filed by the employee, which triggered the right to appeal for purposes of G.S. 126-38; because the employer, the Department of Social Services (DSS), failed to provide the notice required under G.S. 150B-23(f) as to appealing her termination, an administrative law judge properly denied the DSS' motion to dismiss the appeal as untimely. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Substantial Prejudice Not Shown. — In a hospital's contested case petition under G.S. 131E-188(a) to challenge the conditional approval of a certificate of need (CON) permitting a medical center to expand its emergency room facilities, the medical center was entitled to summary judgment because the hospital did not prove substantial prejudice from the CON under G.S. 150B-23(a); the hospital's claim of prejudice from challenges by the medical center to a facility it was building had been declared moot in another action, and judicial estoppel did not bar the medical center from claiming that the hospital was not substantially prejudiced because the other action was not related and did not stem from a common set of circumstances. Presbyterian Hosp. v. N.C. HHS, — N.C. App. —, 630 S.E.2d 213, 2006 N.C. App. LEXIS 1184 (2006).

§ 150B-34. Decision of administrative law judge.

CASE NOTES

Standard of Review for Certificate of Need. — Final sentence of G.S. 150B-34(c) exempts certificate of need proceedings from the newly amended portions of G.S. 150B-51 and requires an appellate court to review those decisions under the previous version of G.S. 150B-51. Total Renal Care of N.C., LLC v. N.C.HHS, 171 N.C. App. 734, 615 S.E.2d 81, 2005 N.C. App. LEXIS 1354 (2005).

Agency Decision Reversed. — Final agency decision of the North Carolina Department of Health and Human Services (DHHS), which upheld two settlement agreements between the DHHS Certificate of Need (CON) section and a group of medical centers and issued a CON to the group for a hospital project was reversed on appeal, because the DHHS failed to follow statutory procedure when it rejected an administrative law judge's recommendation to deny the CON applications of the group by erroneously considering new evidence, which it had no statutory authority to do. Mooresville Hosp. Mgmt. Assocs. v. N.C. HHS, Div. of Facility Servs., 169 N.C. App. 641, 611 S.E.2d 431, 2005 N.C. App. LEXIS 796 (2005).

§ 150B-36. Final decision.

CASE NOTES

Service of Final Decision. — Plain language of G.S. 150B-36(b3) and G.S. 150B-42(a) applies to agencies, not the North Carolina Office of Administrative Hearings, and there was no requirement that the Office of Administrative Hearings serve a final decision personally or by certified mail; in any event, a day care did not deny receiving a copy of the final decision and its substantial rights were not prejudiced in any way. Lincoln v. N.C. HHS, 172 N.C. App. 567, 616 S.E.2d 622, 2005 N.C. App. LEXIS 1804 (2005).

Dismissal Proper. — Substantial evidence in the record supported an administrative law judge's findings and its dismissal of a day care's petition for a contested case hearing where the day care filed nothing in nearly six months following the filing of the petition, despite receiving several orders from the administrative law judge to file and serve prehearing statements and other responses to motions. Lincoln v. N.C. HHS, 172 N.C. App. 567, 616 S.E.2d 622, 2005 N.C. App. LEXIS 1804 (2005).

Memorandum of Consideration Not Final Decision. — Trial court properly held that an administrative law judge's (ALJ's) recommended decision became the final decision of the North Carolina State Personnel Commission where the Commission was evenly divided and its Memorandum of Consideration did not recite any findings of fact or conclusions of law; as the Memorandum of Consideration did not constitute a final decision, the Commission failed to make a final decision within the time set forth in G.S. 150B-44 and in order to protect the employee from unreasonable delay resulting from the Commission's failure to issue a final decision, the ALJ's recommended decision became the final decision by operation of law. § 150B-44. Right to judicial intervention when decision unreasonably delayed.

CASE NOTES

Decision Held Unreasonably Delayed. — Trial court did not err in reversing decision by North Carolina State Personnel Commission as untimely under G.S. 150B-44, and in adopting the administrative law judge's recommended order, due to the delay beyond 60 days in the entry of the Commission's order; the Commission did not seek to extend the time limit by consent or unilaterally when it reconsidered its original order and then reissued its order. Gordon v. N.C. Dep't of Corr., 173 N.C. App. 22, 618 S.E.2d 280, 2005 N.C. App. LEXIS 1918 (2005).

Trial court properly held that an administrative law judge's (ALJ's) recommended decision became the final decision of the North Carolina State Personnel Commission where the Commission was evenly divided and its Memorandum of Consideration did not recite any findings of fact or conclusions of law; as the Memorandum of Consideration did not constitute a final decision, the Commission failed to make a final decision within the time set forth in G.S. 150B-44 and in order to protect the employee from unreasonable delay resulting from the Commission's failure to issue a final decision, the ALJ's recommended decision became the final decision by operation of law. I. General Consideration.
II. Exceeding Statutory Authority or Jurisdiction.
IV. "Whole Record" Test.
V. Arbitrary or Capricious Findings, Decisions, etc.

I. GENERAL CONSIDERATION.

The 2003 version of G.S. 150B-34(c), which excluded the Certificate of Need Act, G.S. 131E-175 et seq., from the requirements of G.S. 150B-36(b), (b1), (b2), (b3), and (d) and G.S. 150B-51, left the scope and standard of review applied under the 1999 version of G.S. 150B-51 undisturbed. Mooresville Hosp. Mgmt. Assocs. v. N.C. HHS, Div. of Facility Servs., 169 N.C. App. 641, 611 S.E.2d 431, 2005 N.C. App. LEXIS 796 (2005).

Unacceptable Personal Conduct by Employee. — Summary judgment for a state agency employer in an employee's petition for review of his demotion was proper where the conduct admitted by the employee constituted "unacceptable personal conduct," and the State Personnel Commission determined that its regulations and work rules did not contain any qualification or exception for the explanations asserted by the employee. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

Superior Court Review of Agency Decision. —

Trial court properly applied the substantial evidence test in reviewing an administrative law judge's findings of fact and conclusions of law; the trial court also properly employed a de novo review of the question of the application of G.S. 150B-44. Teague v. N.C. DOT, — N.C. App. —, 628 S.E.2d 395, 2006 N.C. App. LEXIS 863 (2006).

Standards for Judicial Review. —

Final sentence of G.S. 150B-34(c) exempts certificate of need proceedings from the newly amended portions of G.S. 150B-51 and requires an appellate court to review those decisions under the previous version of G.S. 150B-51. Total Renal Care of N.C., LLC v. N.C. HHS, 171 N.C. App. 734, 615 S.E.2d 81, 2005 N.C. App. LEXIS 1354 (2005).

When De Novo Review Permissible. —

Judicial review of a North Carolina Psychology Board decision to place a psychological associate's license on probation, under G.S. 90-270.4(g), was de novo as the case concerned the Psychology Board's authority under G.S. 90-270.4(g); further, the psychological assistant, who maintained both a licensed psychological associate's practice and a licensed professional counselor's practice, could continue his licensed professional counselor's practice without interference from the Psychology Board pursuant to G.S. 90-332.1(c) as long as he remained a qualified licensed professional counselor and did not promote that practice by holding himself out as a licensed psychological associate. Trayford v. N.C. Psychology Bd., 174 N.C. App. 118, 619 S.E.2d 862, 2005 N.C. App. LEXIS 2286 (2005).

Substantial evidence in the record supported an administrative law judge's findings and its dismissal of a day care's petition for a contested case hearing where the day care filed nothing in nearly six months following the filing of the petition, despite receiving several orders from the administrative law judge to file and serve prehearing statements and other responses to motions; there was no requirement that the final decision be served personally or by certified mail, and in any event, the day care did not deny receiving a copy of the final decision and its substantial rights were not prejudiced in any way. Lincoln v. N.C. HHS, 172 N.C. App. 567, 616 S.E.2d 622, 2005 N.C. App. LEXIS 1804 (2005).

Remand Not Required After Standard of Review Not Stated. — Where an appellate court was able to review whether or not a decision by the board of education regarding a long-term suspension should have been upheld, it was not reversible error where the trial court failed to specify the standard of review utilized. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Remand Required Following Lower Court's Application of Improper Standard of Review. — Under G.S. 150B-51(c), where an agency did not adopt an administrative law judge's decision, the reviewing court was required to review the official record, de novo, and make findings of fact and conclusions of law; a case was remanded where, in an officer disciplinary case where the state personnel commission rejected the decision of an administrative law judge who had ruled that the officer be reinstated, the trial court applied whole record test and did not make findings of fact or conclusion of law. II. EXCEEDING STATUTORY AUTHORITY OR JURISDICTION.

Order Not In Excess of Statutory Powers. —

Where a contractor had nine open burning piles within 1,000 feet from a dwelling, the North Carolina Department of Environment and Natural Resources and the Environmental Management Commission did not exceed their discretion and authority under G.S. 143-211(c), 143-215.107(a)(1), (3), and 143-215.114A(a)(1) in interpreting each pile to be one violation. MW Clearing & Grading, Inc. v. N.C. Dep't of Env't & Natural Res., 171 N.C. App. 170, 614 S.E.2d 568, 2005 N.C. App. LEXIS 1210 (2005), cert. denied, 360 N.C. 65, 623 S.E.2d 585 (2005).

IV. "WHOLE RECORD" TEST.

Trial court's failure to remand a final agency decision to the department where the department failed to provide a rationale for rejecting the administrative law judge's recommendation was reversible error since the trial court could not have made a reasonable determination as to whether the department's conclusions were supported by substantial evidence. D.B. v. Blue Ridge Ctr., 173 N.C. App. 401, 619 S.E.2d 418, 2005 N.C. App. LEXIS 2020 (2005).

Judgment Held to Meet Requirements of Section. —

Certified public accounting firm failed to show that the North Carolina State Board of Certified Public Accountant Examiners erred by denying the accounting firm's proposed name change as the Board had authority under G.S. 93-12 to regulate name changes, and the Board's decision that the proposed name change had a capacity or tendency to deceive, in violation of N.C. Admin. Code. Tit. 21, r. 8N.0307, was supported by substantial evidence under the whole record test. McGladrey & Pullen, LLP v. N.C. State Bd. of CPA Exam'rs, 171 N.C. App. 610, 615 S.E.2d 339, 2005 N.C. App. LEXIS 1274 (2005), cert. denied, notice of appeal dismissed, 360 N.C. 65, 621 S.E.2d 627 (2005).

Substantial evidence on the whole record supported the Environmental Management Commission's finding that a contractor had nine open burning piles that were not 1,000 feet from a dwelling; the contractor presented no evidence showing that the open burning piles were located on the same property as the nearby residence. MW Clearing & Grading, Inc. v. N.C. Dep't of Env't & Natural Res., 171 N.C. App. 170, 614 S.E.2d 568, 2005 N.C. App. LEXIS 1210 (2005), cert. denied, 360 N.C. 65, 623 S.E.2d 585 (2005).

Substantial evidence existed to support findings by administrative law judge and trial court that employee who was not promoted by a state agency met her burden to show that the agency intentionally discriminated against her, where the employee presented evidence from which the finder of fact could conclude she was more qualified than the successful applicant based on her education, seniority, overall record with the agency, outstanding grades on performance reports, and higher scores on the interviewing and screening tests. Gordon v. N.C. Dep't of Corr., 173 N.C. App. 22, 618 S.E.2d 280, 2005 N.C. App. LEXIS 1918 (2005).

Court May Not Replace Agency's Judgment with Its Own. —

Although the trial court impermissibly replaced the administrative law judge's judgment of the credibility of two witnesses with its own, this error was not prejudicial, as this finding had no bearing on the ultimate issue in the case. N.C. Dep't of Crime Control & Pub. Safety v. Greene, 172 N.C. App. 530, 616 S.E.2d 594, 2005 N.C. App. LEXIS 1805 (2005).

Agency's Judgment Must Be Affirmed If Supported by Competent Evidence. —

North Carolina State Banking Commission's decision denying the applications for licensure for two mortgage loan officers was upheld on appeal and the lower court did not err by relying upon a previously entered default judgment against the two since the applicants' prior mortgage company had been awarded that default judgment for engaging in a pattern of business operations regarding false and misleading representations, and they were not exempt from the qualifications of G.S. 53-243.05 pursuant to a grandfather provision, because that grandfather provision only exempted already licensed persons from taking the three-year training requirement. State ex rel. Banking Comm'n Against Weiss v. N.C. Comm'r of Banks, 174 N.C. App. 78, 620 S.E.2d 540, 2005 N.C. App. LEXIS 2282 (2005).

Because evidence before the State Personnel Commission (SPC) showed that, based on her interview and writing sample scores, an employee ranked lowest out of all of the applicants for a position, and two of the panel members testified that based on these rankings, they considered the chosen candidate to be the best applicant for that position, the trial court did not err when it failed to limit its application of the whole-record test in determining whether the decision of the SPC was supported by substantial competent evidence. N.C. Dep't of Crime Control & Pub. Safety v. Greene, 172 N.C. App. 530, 616 S.E.2d 594, 2005 N.C. App. LEXIS 1805 (2005).

Substantial evidence supported school board's decision to suspend a student for disruptive behavior, hazing, and disorderly conduct where the student pulled a classmate's pants down in front of other people, exposing her buttocks; the principal testified that having the student present while others talked about the incident could have created a disruption to the learning environment. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Substantial Evidence Supported Administrative Law Judge's Recommended Decision. — Substantial evidence supported an administrative law judge's (ALJ) ruling that the North Carolina Department of Transportation (DOT) had just cause to dismiss an employee for unacceptable personal conduct where he knowingly violated the DOT's Statement of Understanding and Internet Policy as: (1) the employee's denial of knowledge of the Statement of Understanding was not credible, (2) the employee's claim that he was unaware that he had to obtain his supervisor's approval before installing software on his work computer was not believed by the ALJ, (3) the employee admitted not having permission to install software on his computer, and (4) the unauthorized installation of software was inconsistent with the DOT's objective to ensure that its files and computer network system were properly protected. Teague v. N.C. DOT, — N.C. App. —, 628 S.E.2d 395, 2006 N.C. App. LEXIS 863 (2006).

V. ARBITRARY OR CAPRICIOUS FINDINGS, DECISIONS, ETC.

School Suspension Held Not Arbitrary or Capricious. — Even though a student failed to preserve an equal protection challenge to a suspension by failing to assign error or present authority, the argument was meritless at any rate under arbitrary and capricious review because there was a gender-neutral reason for a longer suspension; prior incidents of "shanking" at a high school did not result in the exposure of buttocks or genitalia. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Evidence Held Sufficient. —

Based on employee's qualifications found by both an administrative law judge and the trial court, substantial evidence existed showing that the employee was objectively better qualified for the position to which another worker was promoted. Therefore, the administrative law judge and the trial court properly found as fact and concluded as a matter of law that the employee was more qualified for the position than the other worker to support her claim of race and gender discrimination. Gordon v. N.C. Dep't of Corr., 173 N.C. App. 22, 618 S.E.2d 280, 2005 N.C. App. LEXIS 1918 (2005).

§ 150B-52. Appeal; stay of court's decision.

CASE NOTES

Substantial Evidence Found. —

Substantial evidence in the record supported an administrative law judge's findings and its dismissal of a day care's petition for a contested case hearing where the day care filed nothing in nearly six months following the filing of the petition, despite receiving several orders from the administrative law judge to file and serve prehearing statements and other responses to motions. Lincoln v. N.C. HHS, 172 N.C. App. 567, 616 S.E.2d 622, 2005 N.C. App. LEXIS 1804 (2005).

Demotion Upheld. — Summary judgment for a state agency employer in an employee's petition for review of his demotion was proper where the conduct admitted by the employee constituted "unacceptable personal conduct," and the State Personnel Commission determined that its regulations and work rules did not contain any qualification or exception for the explanations asserted by the employee. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

CASE NOTES

Applicable Only Where Ambiguity Exists. — Only if there is an ambiguity in a statute found in N.C. Gen. Stat. ch. 153A should G.S. 153A-4 be part of the courts' interpretative process. Durham Land Owners Ass'n v. County of Durham, — N.C. App. —, 630 S.E.2d 200, 2006 N.C. App. LEXIS 1187 (2006).

ARTICLE 2.

Corporate Powers.

§ 153A-15. Consent of board of commissioners necessary in certain counties before land may be condemned or acquired by a unit of local government outside the county.

CASE NOTES

Applicability. — Summary judgment was properly entered in a declaratory action regarding the applicability of G.S. 153A-15(b) because a condemnation action by a city in order to facilitate the construction of a water supply and distribution facility did not require any approval since the city and the land were located in the same county; moreover, the evidence showed that the real and substantial benefits of the condemnation accrued to the city in question, and not other parties in the case that were located in different counties. Caswell County v. Town of Yanceyville, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

§ 153A-15.1. Agreement to make payment in lieu of future ad valorem taxes required before wetlands acquisition by a unit of local government.

(a) Condemnation. — Notwithstanding the provisions of G.S. 153A-15, Chapter 40A of the General Statutes, or any other general law or local act conferring the power of eminent domain, before a final judgment may be entered or a final condemnation resolution adopted in an action of condemnation initiated by a unit of local government whose property is exempt from tax under Section 2(3) of Article V of the North Carolina Constitution, whereby the condemnor seeks to acquire land for the purpose of wetlands mitigation, the condemnor shall agree in writing to pay to the county where the land is located a sum equal to the estimated amount of ad valorem taxes that would have accrued to the county for the next 20 years had the land not been acquired by the condemnor.

(b) Purchase. — Notwithstanding the provisions of G.S. 130A-55, 153A-15, 153A-158, 160A-240.1, or any other general law or local act conferring the power to acquire real property, before any unit of local government whose property is exempt from tax under Section 2(3) of Article V of the North Carolina Constitution purchases any land for the purpose of wetlands mitigation, the unit shall agree in writing to pay to the county where the land is located a sum equal to the estimated amount of ad valorem taxes that would have accrued to the county for the next 20 years had the land not been acquired by the acquiring unit.

(c) Definition. — For purposes of this section, the "estimated amount of ad valorem taxes that would have accrued for the next 20 years" means the total assessed value of the acquired land excluded from the county's tax base multiplied by the tax rate set by the county board of commissioners in its most recent budget ordinance adopted under Chapter 159 of the General Statutes, and then multiplied by 20.

(d) Exception. — This section does not apply to any condemnation or acquisition of land by a city or special district if the land to be condemned or acquired is within the corporate limits of that city or special district or within the county where the city or special district is located.

(e) Application. — This section applies only to land acquired in counties designated as a development tier one area under G.S. 143B-437.08. (2004-188, s. 1; 2006-252, s. 2.17.)

Effect of Amendments. — Session Laws 2006-252, s. 2.17, effective January 1, 2007, substituted "a development tier one area under G.S. 143B-437.08" for "an enterprise tier one or enterprise tier two area under G.S. 105-129.3" in subsection (e).

Part 5. Board of Commissioners and Other Officers, Boards, Departments, and Agencies of the County.

§ 153A-102. Commissioners to fix fees.

CASE NOTES

Statute Does Not Authorize School Impact Fees. — G.S. 153A-102 did not authorize a county to impose a "school impact fee" upon new residential construction; its plain language limited the power to fix only those fees charged by county officers and employees for performing services or duties permitted or required by law, and under G.S. 115C-408(b), it was the duty of a county itself, not its officers or employees, to provide adequate school facilities. Furthermore, the statute's textual limitations on the power to charge fees indicated that the services were routine, document-oriented tasks. Durham Land Owners Ass'n v. County of Durham, — N.C. App. —, 630 S.E.2d 200, 2006 N.C. App. LEXIS 1187 (2006).

ARTICLE 6.

Delegation and Exercise of the General Police Power.

§ 153A-121. General ordinance-making power.

CASE NOTES

Statute Did Not Authorize "School Impact Fees." — G.S. 153A-121 and 153A-340 did not authorize a county to impose "school impact fees" on new residential construction. They did not allow a county to charge a fee for providing its own governmental services, such as school construction, to the public. Durham Land Owners Ass'n v. County of Durham, — N.C. App. —, 630 S.E.2d 200, 2006 N.C. App. LEXIS 1187 (2006).

§ 153A-129. Firearms.

A county may by ordinance regulate, restrict, or prohibit the discharge of firearms at any time or place except when used to take birds or animals pursuant to Chapter 113, Subchapter IV, when used in defense of person or property, or when used pursuant to lawful directions of law-enforcement officers. A county may also regulate the display of firearms on the public roads, sidewalks, alleys, or other public property. This section does not limit a county's authority to take action under Chapter 14, Article 36A. (1973, c. 822, s. 1; 2006-264, s. 16.)

Effect of Amendments. — Session Laws 2006-264, s. 16, effective August 27, 2006, substituted "Subchapter IV" for "Subchapter III" in the middle of the first sentence.

§ 153A-137: Repealed by Session Laws 2006-151, s. 10, effective January 1, 2007.

Article 7.

Taxation.

§ 153A-154: Repealed by Session Laws 2006-151, s. 11, effective January 1, 2007.

§ 153A-155. Uniform provisions for room occupancy taxes.

(a) Scope. — This section applies only to counties the General Assembly has authorized to levy room occupancy taxes.

(b) Levy. — A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. — Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing county a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. — The taxing county shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the county finance officer in monthly installments on or before the 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 20th day of each month, prepare and render a return on a form prescribed by the taxing county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the county finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. — A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing county has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. — A room occupancy tax levied by a county may be repealed or reduced by a resolution adopted by the governing body of the county. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(f1) Use. — The proceeds of a room occupancy tax shall not be used for development or construction of a hotel or another transient lodging facility.

(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, Montgomery, Nash, New Hanover, New Hanover County District U, Pasquotank, Pender, Person, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County. (1997-102, s. 3; 1997-255, s. 2; 1997-342, s. 2; 1997-364, s. 3; 1997-410, s. 6; 1998-14, s. 2; 1999-155, s. 2; 1999-205, s. 2; 1999-286, s. 2; 2000-103, s. 5; 2001-162, s. 2; 2001-305, s. 2; 2001-321, s. 3; 2001-381, s. 10; 2001-434, s. 1; 2001-439, s. 18.2; 2001-468, s. 3; 2001-480, s. 14; 2001-484, s. 2; 2002-138, s. 5; 2004-106, s. 2; 2004-120, s. 3; 2004-170, ss. 36(a), 42(a); 2004-199, s. 60(a); 2005-16, s. 2; 2005-46, s. 1.2; 2005-53, s. 2; 2005-197, s. 6; 2005-233, s. 6.1; 2006-120, s. 8.1; 2006-127, s. 2; 2006-129, s. 2; 2006-162, s. 20(a); 2006-167, s. 7(e); 2006-264, s. 81(a).)

Editor's Note. —

Session Laws 2006-120, s. 10.4, provides: "If House Bill 770, 2005 Regular Session becomes law, then PART VII of this act is repealed and Section 8.1 of this act is repealed." House Bill 770 did not pass.

Session Laws 2006-128, s. 6, purported to amend G.S. 153A-215, which does not exist. The apparent intent was to amend subsection (g) of this section by adding "and the Ocracoke Township Taxing District" at the end. The amendment has not been given effect.

Effect of Amendments. —

Session Laws 2005-16, s. 2, as amended by Session Laws 2006-264, s. 81(a), effective July 1, 2005, inserted "Pasquotank" in subsection (g).

Session Laws 2006-120, s. 8.1, effective July 17, 2006, inserted "Clay," near the beginning of subsection (g).

Session Laws 2006-127, s. 2, effective July 19, 2006, inserted "Martin," in the middle of subsection (g).

Session Laws 2006-129, s. 2, effective July 19, 2006, inserted "Chowan," in the middle of subsection (g).

Session Laws 2006-162, s. 20(a), effective July 24, 2006, substituted "20th day" for "15th day" near the middle of the second sentence in subsection (d).

Session Laws 2006-167, s. 7(e), effective September 1, 2006, and applicable to room occupancy and tourism development taxes levied on and after that date, inserted "New Hanover County District U," in the middle of subsection (g).

Article 8.

County Property.

Part 3. Disposition of County Property.

§ 153A-178. Disposition of county property for a State psychiatric hospital.

Editor's Note. —

Session Laws 2003-314, ss. 3.4(a), (a1) and (b), as amended by Session Laws 2004-124, s. 10.26A(a), as amended by 2005-7, s. 1, and as amended by Session Laws 2006-248, s. 52, provides: "(a) Dorothea Dix Hospital Property Study Commission. — If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

"(a1) The State Property Office, in consultation with the City of Raleigh, shall develop a Master Plan for the Dorothea Dix Campus. The State Property Office shall hire a consultant to assist with the development of the Master Plan. The Master Plan shall reflect both State needs and local considerations. The State Property Office shall submit the Master Plan to the Dorothea Dix Property Study Commission no later than September 1, 2005. The Commission shall review the Master Plan and shall make recommendations to the 2006 Session of the 2005 General Assembly.

"In order to enhance communication and feedback regarding the planning process, an oversight committee shall be established to oversee the development of the Master Plan. The oversight committee shall consist of five members: three shall be appointed by the Co-chairs of the Dorothea Dix Property Study Commission; one shall be appointed by the Raleigh City Council; and one shall be appointed by the Wake County Board of Commissioners. The oversight committee shall terminate upon the submission of the Master Plan to the Dorothea Dix Property Study Commission.

"(b) Creation and Membership. — The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of 11 members, five appointed by the President Pro Tempore of the Senate and five appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission."

Session Laws 2006-248, s. 1, provides: "This act shall be known as 'The Studies Act of 2006.'"

Session Laws 2006-248, s. 21, provides: "The Dorothea Dix Hospital Property Study Commission shall study and make recommendations regarding the following:

"(1) Balancing complementary public uses of open space, the adaptive re-use of existing facilities, and continued support for mental health services.

"(2) The financial feasibility of the various uses.

"(3) An assessment of financial mechanisms for the implementation and maintenance of the various uses.

"(4) Administrative or governance structures to implement the uses. The Commission shall report its findings and recommendations to the 2007 General Assembly by January 31, 2007."

§ 153A-185. Authority to make special assessments.

CASE NOTES

Beach Erosion. — County complied with G.S. 153A-185 assessment against benefitted properties for an inlet relocation because the project was designed to counter beach erosion, which was a permitted reason for such an assessment. Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

§ 153A-186. Bases for making assessments.

CASE NOTES

Consideration of Third Parties. — County's assessment for a inlet relocation was not set aside under G.S. 153A-186(d) because a board did not abrogate its responsibility when it took outside suggestions from third parties. Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

Different Methods Permissible. — G.S. 153-186 specifically anticipates that a project may require different methods for different geographical areas involved in a project and that a combination of methods may be used; therefore, an owner's challenge to an assessment imposed for inlet relocation based on this reason was properly denied. Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

What Challenge is Permissible. — Plain language of G.S. 153A-186(d) and G.S. 153A-197 suggests that, while a landowner may appeal a special assessment, he may not challenge the board of commissioners' choice of which method or methods provided for in the statute should be used in calculating the assessment; nothing, however, in G.S. 153A-186(d) precludes a property owner from arguing that the special assessment was for a purpose not authorized by statute, that the board of commissioners improperly abrogated its responsibilities under G.S. 153A-186(d) in choosing a method of calculation, or that the method chosen was not one permitted by the statute. Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

§ 153A-197. Appeal to the General Court of Justice.

CASE NOTES

Scope of Appeal. — Plain language of G.S. 153A-186(d) and G.S. 153A-197 suggests that, while a landowner may appeal a special assessment, he may not challenge the board of commissioners' choice of which method or methods provided for in the statute should be used in calculating the assessment; nothing, however, in G.S. 153A-186(d) precludes a property owner from arguing that the special assessment was for a purpose not authorized by statute, that the board of commissioners improperly abrogated its responsibilities under G.S. 153A-186(d) in choosing a method of calculation, or that the method chosen was not one permitted by the statute. Negligence Claim Against State Jail Inspection Agency Not Barred By Public Duty Doctrine. — Public duty doctrine did not apply to bar a negligence suit brought by multiple plaintiffs against the North Carolina Department of Health and Human Services (DHHS), after four inmates were killed and one inmate was seriously injured as a result of a jailhouse fire. Plaintiffs' complaint, which alleged that the inspector for DHHS was negligent in his inspection of the jail and that DHHS failed to properly train the inspector to perform his duties as an inspector of county jails, was not barred under the public duty doctrine because DHHS' duty to inspect was for the purpose of protecting the inmates and not for protection of the public generally or, even if the public duty doctrine did apply, plaintiffs fell within the special relationship exception to that doctrine of custodian/prisoner, therefore, the motion to dismiss filed by DHHS was properly denied. Planning and Regulation of Development.

Part 2. Subdivision Regulation.

§ 153A-335. "Subdivision" defined.

Editor's Note. — Session Laws 1979-313, ss. 2 and 3, which provided for a local modification to this section applicable to Rutherford County, are repealed by Session Laws 2006-189, s. 1, effective August 3, 2006.

Part 3. Zoning.

§ 153A-340. Grant of power.

(a) For the purpose of promoting health, safety, morals, or the general welfare, a county may adopt zoning and development regulation ordinances. These ordinances may be adopted as part of a unified development ordinance or as a separate ordinance. A zoning ordinance may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes. The ordinance may provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

(b)(1) These regulations may affect property used for bona fide farm purposes only as provided in subdivision (3) of this subsection. This subsection does not limit regulation under this Part with respect to the use of farm property for nonfarm purposes.

(2) Except as provided in G.S. 106-743.4 for farms that are subject to a conservation agreement under G.S. 106-743.2, bona fide farm purposes include the production and activities relating or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agricultural products as defined in G.S. 106-581.1 having a domestic or foreign market. For purposes of this subdivision, the production of a nonfarm product that the Department of Agriculture and Consumer Services recognizes as a "Goodness Grows in North Carolina" product that is produced on a farm subject to a conservation agreement under G.S. 106-743.2 is a bona fide farm purpose.

(3) The definitions set out in G.S. 106-802 apply to this subdivision. A county may adopt zoning regulations governing swine farms served by animal waste management systems having a design capacity of 600,000 pounds steady state live weight (SSLW) or greater provided that the zoning regulations may not have the effect of excluding swine farms served by an animal waste management system having a design capacity of 600,000 pounds SSLW or greater from the entire zoning jurisdiction.

(c) The regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained, provided no change in permitted uses may be authorized by variance.

(c1) The regulations may also provide that the board of adjustment, the planning board, or the board of commissioners may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. Where appropriate, the conditions may include requirements that street and utility rights-of-way be dedicated to the public and that recreational space be provided. When deciding special use permits or conditional use permits, the board of county commissioners or planning board shall follow quasi-judicial procedures. No vote greater than a majority vote shall be required for the board of county commissioners or planning board to issue such permits. For the purposes of this section, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered "members of the board" for calculation of the requisite majority. Every such decision of the board of county commissioners or planning board shall be subject to review of the superior court in the nature of certiorari consistent with G.S. 153A-345.

(d) A county may regulate the development over estuarine waters and over lands covered by navigable waters owned by the State pursuant to G.S. 146-12, within the bounds of that county.

(e) For the purpose of this section, the term "structures" shall include floating homes.

(f) Repealed by Session Laws 2005-426, s. 5(b), effective January 1, 2006.

(g) A member of the board of county commissioners shall not vote on any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. Members of appointed boards providing advice to the board of county commissioners shall not vote on recommendations regarding any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member.

(h) As provided in this subsection, counties may adopt temporary moratoria on any county development approval required by law. The duration of any moratorium shall be reasonable in light of the specific conditions that warrant imposition of the moratorium and may not exceed the period of time necessary to correct, modify, or resolve such conditions. Except in cases of imminent and substantial threat to public health or safety, before adopting an ordinance imposing a development moratorium with a duration of 60 days or any shorter period, the board of commissioners shall hold a public hearing and shall publish a notice of the hearing in a newspaper having general circulation in the area not less than seven days before the date set for the hearing. A development moratorium with a duration of 61 days or longer, and any extension of a moratorium so that the total duration is 61 days or longer, is subject to the notice and hearing requirements of G.S. 153A-323. Absent an imminent threat to public health or safety, a development moratorium adopted pursuant to this section shall not apply to any project for which a valid building permit issued pursuant to G.S. 153A-357 is outstanding, to any project for which a conditional use permit application or special use permit application has been accepted, to development set forth in a site-specific or phased development plan approved pursuant to G.S. 153A-344.1, to development for which substantial expenditures have already been made in good faith reliance on a prior valid administrative or quasi-judicial permit or approval, or to preliminary or final subdivision plats that have been accepted for review by the county prior to the call for public hearing to adopt the moratorium. Any preliminary subdivision plat accepted for review by the county prior to the call for public hearing, if subsequently approved, shall be allowed to proceed to final plat approval without being subject to the moratorium.

Any ordinance establishing a development moratorium must expressly include at the time of adoption each of the following:

(1) A clear statement of the problems or conditions necessitating the moratorium and what courses of action, alternative to a moratorium, were considered by the county and why those alternative courses of action were not deemed adequate.

(2) A clear statement of the development approvals subject to the moratorium and how a moratorium on those approvals will address the problems or conditions leading to imposition of the moratorium.

(3) An express date for termination of the moratorium and a statement setting forth why that duration is reasonably necessary to address the problems or conditions leading to imposition of the moratorium.

(4) A clear statement of the actions, and the schedule for those actions, proposed to be taken by the county during the duration of the moratorium to address the problems or conditions leading to imposition of the moratorium.

No moratorium may be subsequently renewed or extended for any additional period unless the city shall have taken all reasonable and feasible steps proposed to be taken by the county in its ordinance establishing the moratorium to address the problems or conditions leading to imposition of the moratorium and unless new facts and conditions warrant an extension. Any ordinance renewing or extending a development moratorium must expressly include, at the time of adoption, the findings set forth in subdivisions (1) through (4) of this subsection, including what new facts or conditions warrant the extension.

Any person aggrieved by the imposition of a moratorium on development approvals required by law may apply to the appropriate division of the General Court of Justice for an order enjoining the enforcement of the moratorium, and the court shall have jurisdiction to issue that order. Actions brought pursuant to this section shall be set down for immediate hearing, and subsequent proceedings in those actions shall be accorded priority by the trial and appellate courts. In any such action, the county shall have the burden of showing compliance with the procedural requirements of this subsection. CASE NOTES

Board's Action Upheld. — Superior court, pursuant to G.S. 153A-345(e), properly affirmed a county board of adjustment's approval of a special use permit to allow a park owner to build and operate a go-cart track because (1) the board properly placed the burden of proof on the park owner to prove that the health and safety requirements of the county's special use permit ordinance were met; and (2) the findings of fact and conclusions of law were supported by competent, material, and substantial evidence in the record as a whole, based on the testimony of a civil engineer as to sound levels and the sound test results from an engineering firm. Part 5. Community Development.

§ 153A-376. Community development programs and activities.

(a) Any county is authorized to engage in, to accept federal and State grants and loans for, and to appropriate and expend funds for community development programs and activities. In undertaking community development programs and activities, in addition to other authority granted by law, a county may engage in the following activities:

(1) Programs of assistance and financing of rehabilitation of private buildings principally for the benefit of low and moderate income persons, or for the restoration or preservation of older neighborhoods or properties, including direct repair, the making of grants or loans, the subsidization of interest payments on loans, and the guaranty of loans;

(2) Programs concerned with employment, economic development, crime prevention, child care, health, drug abuse, education, and welfare needs of persons of low and moderate income.

(b) Any board of county commissioners may exercise directly those powers granted by law to county redevelopment commissions and those powers granted by law to county housing authorities. Any board of county commissioners desiring to do so may delegate to redevelopment commission or to any housing authority the responsibility of undertaking or carrying out any specified community development activities. Any board of county commissioners and any municipal governing body may by agreement undertake or carry out for each other any specified community development activities. Any board of county commissioners may contract with any person, association, or corporation in undertaking any specified community development activities. Any county or city board of health, county board of social services, or county or city board of education, may by agreement undertake or carry out for any board of county commissioners any specified community development activities.

(c) Any board of county commissioners undertaking community development programs or activities may create one or more advisory committees to advise it and to make recommendations concerning such programs or activities.

(d) Any board of county commissioners proposing to undertake any loan guaranty or similar program for rehabilitation of private buildings is authorized to submit to its voters the question whether such program shall be undertaken, such referendum to be conducted pursuant to the general and local laws applicable to special elections in such county.

(e) No state or local taxes shall be appropriated or expended by a county pursuant to this section for any purpose not expressly authorized by G.S. 153A-149, unless the same is first submitted to a vote of the people as therein provided.

(f) All program income from Economic Development Grants from the Small Cities Community Development Block Grant Program may be retained by recipient "economically distressed counties", as defined in G.S. 143B-437.01 for the purposes of creating local economic development revolving loan funds. Such program income derived through the use by counties of Small Cities Community Development Block Grant money includes but is not limited to: (i) payment of principal and interest on loans made by the county using Community Development Block Grant Funds; (ii) proceeds from the lease or disposition of real property acquired with Community Development Block Grant Funds; and (iii) any late fees associated with loan or lease payments in (i) and (ii) above. The local economic development revolving loan fund set up by the county shall fund only those activities eligible under Title I of the federal Housing and Community Development Act of 1974, as amended (P.L. 93-383), and shall meet at least one of the three national objectives of the Housing and Community Development Act. Any expiration of G.S. 143B-437.01 or G.S. 105-129.3 shall not affect this subsection as to designations of economically distressed counties made prior to its expiration.

(g) Any county may receive and dispense funds from the Community Development Block Grant Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700 et seq., either through application to the North Carolina Department of Commerce or directly from the federal government, in accordance with State and federal laws governing these funds. Any county that receives these funds directly from the federal government may pledge current and future CDBG funds for use as loan guarantees in accordance with State and federal laws governing these funds. A county may implement the receipt, dispensing, and pledging of CDBG funds under this subsection by borrowing CDBG funds and lending all or a portion of those funds to a third party in accordance with applicable laws governing the CDBG program.

Any county that has pledged current or future CDBG funds for use as loan guarantees prior to the enactment of this subsection is authorized to have taken such action. A pledge of future CDBG funds under this subsection is not a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or any political subdivision of the State. The pledging of future CDBG funds under this subsection does not directly, indirectly, or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes. (1975, c. 435, s. 2; c. 689, s. 2; 1987 (Reg. Sess., 1988), c. 992, s. 1; 1995, c. 310, s. 2; 1995 (Reg. Sess., 1996), c. 575, s. 2; 1996, 2nd Ex. Sess., c. 13, s. 3.8; 2006-259, s. 27(a).)

Effect of Amendments. — Session Laws 2006-259, s. 27(a), effective August 23, 2006, substituted "G.S. 143B-437.01" for "G.S. 143B-437A" twice in the first and last sentences of subsection (f).

Article 19.

Regional Planning Commissions.

§ 153A-395. Powers and duties.

A regional planning commission may:

(1) Apply for, accept, receive, and disburse funds, grants, and services made available to it by the State of North Carolina or any agency thereof, the federal government or any agency thereof, any unit of local government or any agency thereof, or any private or civic agency;
(2) Employ personnel;

(8) Encourage local efforts toward economic development;

It may not exercise the power of eminent domain in exercising the powers granted by this subdivision.
(10) Exercise any other power necessary to the discharge of its duties. (1961, c. 722, s. 3; 1973, c. 822, s. 1; 2006-211, s. 2.)

Effect of Amendments. — Session Laws 2006-211, s. 2, effective August 8, 2006, added subdivision (9a).

(a) A county may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A county may adopt a stormwater management ordinance pursuant to this Chapter, other applicable laws, or any combination of these powers.

(b) A federal, State, or local government project shall comply with the requirements of a county stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A county may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the county. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a county may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.

(c) A county may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.

(d) A county that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance to establish the stormwater control program necessary for the county to comply with the permit. A county may adopt an ordinance that bans illicit discharges. A county may adopt an ordinance that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project. Chapter 157.

Housing Authorities and Projects.

Article 1.

Housing Authorities Law.

Sec.
157-29. Rentals; tenant selections; and summary ejectments.

ARTICLE 1.

Housing Authorities Law.

§ 157-29. Rentals; tenant selections; and summary ejectments.

(a) It is hereby declared to be the policy of this State that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the cost of dwelling accommodations for persons of low income at the lowest possible rates consistent with its providing decent, safe, and sanitary dwelling accommodations. No housing authority may construct or operate its housing projects so as to provide revenues for other activities of the city.

(b) In the operation or management of housing projects, portions of projects, or other housing assistance programs for persons of low income, an authority shall at all times observe the following duties with respect to rentals and tenant selection:

(1) It may rent or lease dwelling accommodations set aside for persons of low income only to persons who lack the amount of income that is necessary (as determined by the housing authority undertaking the project) to enable them, without financial assistance, to live in decent, safe, and sanitary dwellings, without overcrowding; and

(2) It may rent or lease dwelling accommodations to persons of low income only at rentals within the financial reach of such persons.

(3) Repealed by Session Laws 2006-219, s. 1, effective August 8, 2006.

(3a) It shall comply with the following targeting requirements:

a. Not less than forty percent (40%) of the families admitted to its public housing program from its waiting list in its fiscal year shall be extremely low-income families with incomes at or below thirty percent (30%) of the area median income. For purposes of this section, this shall be known as the "basic targeting requirement".

b. To the extent provided in sub-subdivisions c. and d. of this subdivision, the admission of extremely low-income families to its Section 8 voucher program during the same fiscal year shall be credited against the basic targeting requirement. For purposes of this section, "Section 8" refers to Section 8 of the U.S. Housing Act of 1937 as amended.

c. If admissions of extremely low-income families to its Section 8 voucher program during its fiscal year exceed the seventy-five percent (75%) minimum targeting requirement for its Section 8 voucher program, the excess shall be credited against its basic targeting requirement for the same fiscal year.

d. The fiscal year credit for Section 8 voucher program admissions that exceeded the minimum Section 8 voucher program targeting requirement shall not exceed the lower of any of the following:

1. Ten percent (10%) of its waiting list admissions during its fiscal year.
2. Ten percent (10%) of waiting list admissions to its Section 8 tenant-based assistance program during its fiscal year.
3. The number of qualifying low-income families who, during the fiscal year, commence occupancy of its public housing units that are located in census tracts with a poverty rate of thirty percent (30%) or more. For purposes of this sub-sub-subdivision, qualifying low-income family means a low-income family other than an extremely low-income family.

(4) Repealed by Session Laws 2006-219, s. 1, effective August 8, 2006.

(4a) Its targeting requirement for tenant-based assistance shall ensure that not less than seventy-five percent (75%) of the families admitted to its tenant-based voucher program from its waiting list during its fiscal year shall be extremely low-income families with incomes at or below thirty percent (30%) of the area median income.

(c) An authority may terminate or refuse to renew a rental agreement for a serious or repeated violation of a material term of the rental agreement such as (i) failure to make payments due under the rental agreement, if such payments were properly and promptly calculated according to applicable HUD regulation, whether or not such failure was the fault of the tenant, (ii) failure to fulfill the tenant obligations set forth in 24 C.F.R. Section 966.4(f) or other applicable provisions of federal law as they may be amended from time to time, or (iii) other good cause. Except in the case of failure to make payments due under a rental agreement, fault on the part of a tenant may be considered in determining whether good cause exists to terminate a rental agreement.

(d) The receipt or acceptance of rent by an authority, with or without knowledge of a prior default or failure by the tenant under a rental agreement, shall not constitute a waiver of that default or failure unless (i) the authority expressly agrees to such waiver in writing, or (ii) within 120 days after obtaining knowledge of the default or failure, the authority fails either to notify the tenant that a violation of the rental agreement has occurred or to exercise one of the authority's remedies for such violation.

(e) In any summary ejectment action wherein a housing authority alleges that a tenant's lease has been terminated because the tenant, a household member, or a guest has engaged in a criminal activity that threatens the health and safety of others or the peaceful enjoyment of the premises by others, or has engaged in activity involving illegal drugs, as defined in 24 C.F.R. § 966.4, the housing authority may bring an action under Article 7 of Chapter 42 of the General Statutes. (1939, c. 150; 1985, c. 741, s. 2; 1987, c. 464, s. 5; 1989, c. 272; 1995, c. 520, s. 1; 1997-473, s. 1; 2005-423, s. 8; 2006-219, s. 1; 2006-259, s. 39.)

Effect of Amendments. —

Session Laws 2006-219, s. 1, effective August 8, 2006, repealed subdivision (b)(3), which read: "In the administration of its waiting lists, it shall adopt a preference for households with incomes of less than thirty percent (30%) of the area median income."; added subdivision (b)(3a); repealed subdivision (b)(4), which read: "An authority shall take applications on a continuous basis from persons meeting the preference listed in this section and shall not close the application process to these persons. Any additional local preferences shall not take priority over the preference in this section."; and added subdivision (b)(4a).

Session Laws 2006-259, s. 39, effective August 23, 2006, in subdivision (b)(3a)b., substituted "sub-subdivisions c. and d. of this subdivision" for "subdivision (4a) of this subsection"; in subdivision (b)(3a)c., substituted "exceed the" for "exceeds" and deleted "of the" preceding "minimum"; in subdivision (b)(3a)d., inserted "any of" near the end of the introductory paragraph; and made minor punctuation and stylistic changes throughout subdivision (b)(3a).

North Carolina's Eastern Region.

158-33. Creation of North Carolina's Eastern Region.

ARTICLE 1.

Local Development Act of 1925.

§ 158-7.3. Development financing.

(a) Definitions. — The following definitions apply in this section:

(1) Development project. — A capital project that includes capital expenditures by both private persons and one or more units of local government and that increases net employment opportunities for residents of the development district or within a two-mile radius of the project, whichever is larger, and increases the local government tax base.

If the district in which such a project will occur is outside a city's central business district (as that district is defined by resolution of the city council, which definition is binding and conclusive), then, of the private development forecast for a development project by the development financing plan for the district in which the project will occur, a maximum of twenty percent (20%) of the plan's estimated square footage of floor space may be proposed for use in retail sales, hotels, banking, and financial services offered directly to consumers, and other commercial uses other than office space. The twenty percent (20%) limitation in the preceding sentence does not apply to development financing districts located in a development tier one area, as defined in G.S. 143B-437.08 and created primarily for tourism-related economic development, such as developments featuring facilities for exhibitions, athletic and cultural events, show and public gatherings, racing facilities, parks and recreation facilities, art galleries, museums, and art centers.

(2) Publish. — Insertion in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county or counties in which the unit is located.

(3) Unit or unit of local government. — A county, city, town, or incorporated village.

(b) Authorization. — A unit of local government may finance public improvements that are part of a development project with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the unit. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the unit's governing body must define a development financing district and adopt a development financing plan for the district. The county may act jointly with a city to finance a project, define a development financing district that is within the city, and adopt a development financing plan for the district.

(c) Development Financing District. — A development financing district created pursuant to this section must be comprised of property that is one or more of the following:

(1) Blighted, deteriorated, deteriorating, undeveloped, or inappropriately developed from the standpoint of sound community development and growth.
(2) Appropriate for rehabilitation or conservation activities.
(3) Appropriate for the economic development of the community.

The total land area within development financing districts in a unit, including development financing districts created pursuant to G.S. 160A-515.1, may not exceed five percent (5%) of the total land area of the unit. For the purposes of this section, land in a district created by a county that subsequently becomes part of a city, town, or incorporated village does not count against the five-percent (5%) limit for the city, town, or incorporated village unless the city, town, or incorporated village and the county have entered into an agreement pursuant to G.S. 159-107(e). A county may not include in a district created pursuant to this section any land that, at the time the district is created, is inside a city, town, or incorporated village.

(d) Development Financing Plan. — The development financing plan must include all of the following:

(1) A description of the boundaries of the development financing district.
(2) A description of the proposed development of the district, both public and private.
(3) The costs of the proposed public activities.
(4) The sources and amounts of funds to pay for the proposed public activities.
(5) The base valuation of the development financing district.
(6) The projected incremental valuation of the development financing district.
(7) The estimated duration of the development financing district.
(8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.
(9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.
(10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements referred to in subsection (e) of this section.

(e) Wage Requirements. — A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe. Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term 'manufacturing facility' means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(f) County Review. — If the unit creating a development financing district and adopting a development financing plan is a city, town, or incorporated village, before adopting the plan the unit's governing body shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the governing body, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the governing body may proceed to adopt the plan.

(g) Environmental Review. — Before adopting a plan for development financing districts, the issuing unit's governing body shall submit the plan to the Secretary of Environment and Natural Resources to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(h) Plan Adoption. — Before adopting a plan for a development financing district, the issuing unit's governing body shall hold a public hearing on the plan. The governing body shall, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once and shall cause notice of the hearing to be mailed, by first-class mail, to all property owners and mailing addresses of the development financing district and to the governing body of any special district, as defined by G.S. 159-7, within which the development financing district is located. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the unit's clerk. At the public hearing, the governing body shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environment and Natural Resources has disapproved the plan pursuant to subsection (f) or (g) of this section, the governing body may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the unit's application to issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(i) Plan Modification. — Subject to the limitations of this subsection, a governing body may, after the effective date of the district, amend a development financing plan adopted for a development financing district. Before making any amendment, the governing body shall follow the procedures and meet the requirements of subsections (e) through (h) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the unit may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(j) Plan Implementation. — In implementing a development financing plan, a unit may act directly, through one or more contracts with other public agencies, through one or more contracts with private agencies, or by any combination thereof. A private agency that enters into a contract with a unit for the implementation of a development financing plan is subject to the provisions of Article 8 of Chapter 143 of the General Statutes only to the extent specified in the contract. (2003-403, s. 19; 2005-238, s. 1; 2005-407, s. 1; 2006-211, s. 3; 2006-252, s. 2.10.)

Effect of Amendments. —

Session Laws 2006-211, s. 3, effective August 8, 2006, added the last sentence in subsection (j).

Session Laws 2006-252, s. 2.10, effective January 1, 2007, substituted "a development tier one area, as defined in G.S. 143B-437.08" for "an enterprise tier one area as defined in G.S. 105-129.3" in the second paragraph of subdivision (a)(1).

CASE NOTES

Failure to Show Existence of Certificate. —

Summary judgment for a county was affirmed as a police officer could not obtain damages for breach of a memorandum requiring the county to pay her a special allowance since the memorandum did not include a preaudit certificate as required by G.S.159-28(a). Finger v. Gaston County, — N.C. App. —, 631 S.E.2d 171, 2006 N.C. App. LEXIS 1396 (2006).

Because preaudit certificate was never signed by a finance officer as required by section, the settlement agreement did not meet the requirements of G.S. 159-28(a), and the trial court erred in granting company's motion to enforce the settlement agreement with the county. ARTICLE 5.

Revenue Bonds.

§ 159-83. Powers.

(1) To acquire by gift, purchase, or exercise of the power of eminent domain or to construct, reconstruct, improve, maintain, better, extend, and operate, one or more revenue bond projects or any portion thereof without regard to location within or without its boundaries, upon determination (i) in the case of the State, by the Council of State and (ii) in the case of a municipality, by resolution of the governing board that a location wholly or partially outside its boundaries is necessary and in the public interest. The authority to exercise the power of eminent domain granted in this subdivision shall not apply to economic development projects described in G.S. 159-81(3)m., unless revenue bonds for the economic development project were approved by the Local Government Commission pursuant to G.S. 159-87 prior to August 15, 2006.

(2) To sell, exchange, transfer, assign or otherwise dispose of any revenue bond project or portion thereof or interest therein determined (i) in the case of the State, by the Council of State and (ii) in the case of a municipality, by resolution of the governing board not to be required for any public purpose.

(3) To sell, furnish, and distribute the services, facilities, or commodities of revenue bond projects.

(4) To enter into contracts with any person, firm, or corporation, public or private, on such terms (i) in the case of the State, as the Council of State and (ii) in the case of a municipality, as the governing board may determine, with respect to the acquisition, construction, reconstruction, extension, betterment, improvement, maintenance, or operation of revenue bond projects, or the sale, furnishing, or distribution of the services, facilities or commodities thereof.

(5) To borrow money for the purpose of acquiring, constructing, reconstructing, extending, bettering, improving, or otherwise paying the cost of revenue bond projects, to issue its revenue bonds or bond anticipation notes therefor, in the name of the State or a municipality, as the case may be, and to pledge, mortgage, or grant a security interest in all or a portion of the real and personal property, whether owned or leased, comprising any revenue-producing utility or public service enterprise facilities or systems acquired, constructed, reconstructed, extended, bettered, or improved with the proceeds of the borrowing. Property subject to a mortgage, deed of trust, security interest, or similar lien pursuant to this subdivision may be sold at foreclosure in any manner permitted by the instrument creating the encumbrance, without compliance with any other provision of law regarding the disposition of publicly owned property. The granting of a lien on, or security interest in, hospital or health-related real or tangible personal property and the conveyance of this property

pursuant to the provisions of the lien or security interest are not subject to the provisions of G.S. 131E-8, 131E-13, or 131E-14.

(6) To establish, maintain, revise, charge, and collect such rates, fees, rentals, tolls, or other charges, free of any control or regulation by the North Carolina Utilities Commission or any other regulatory body except as provided in G.S. 159-95 for the use, services, facilities, and commodities of or furnished by any revenue bond project, and to provide methods of collection of and penalties for nonpayment of such rates, fees, rentals, tolls, or other charges. The rates, fees, rentals, tolls and charges so fixed and charged shall be such as will produce revenues at least sufficient with any other available funds to meet the expense and maintenance and operation of and renewals and replacements to the revenue bond project, including reserves therefor, to pay when due the principal, interest, and redemption premiums (if any) on all revenue bonds or bond anticipation notes secured thereby, and to fulfill the terms of any agreements made by the State or the issuing municipality with the holders of revenue bonds issued to finance all or any portion of the cost of the project.

(7) To pledge all or part of any proceeds derived from the use of on-street parking meters to the payment of the cost of operating, maintaining, and improving parking facilities whether on-street or off-street, and the principal of and the interest on revenue bonds or bond anticipation notes issued for on-street or off-street parking facilities.

(8) To pledge to the payment of its revenue bonds or bond anticipation notes and interest thereon revenues from one or more revenue bond projects and any leases or agreements to secure such payment, including revenues from improvements, betterments, or extensions to such projects thereafter constructed or acquired as well as the revenues from existing systems, plants, works, instrumentalities, and properties of the projects to be improved, bettered, or extended.

(8a) In the case of any county, city, town, or incorporated village, to make loans or advances to a municipality to provide funds to the municipality to pay any costs of any revenue bond project. Funds received by a municipality in reimbursement of a loan or advance shall be distributed and restricted as provided in G.S. 159-27.1.

(9) To appropriate, apply, or expend for the following purposes the proceeds of its revenue bonds, notes issued in anticipation thereof, and revenues pledged under any resolution or order authorizing or securing the bonds: (i) to pay interest on the bonds or notes and the principal or redemption price thereof when due; (ii) to meet reserves and other requirements set forth in the bond order or trust agreement; (iii) to pay the costs of the revenue bond projects authorized in the bond order, reimburse funds loaned or advanced for the costs of these revenue bond projects in accordance with the bond order, and provide working capital for initial maintenance and operation until funds are available from revenues; (iv) to pay and discharge revenue bonds and notes issued in anticipation thereof; (v) to pay and discharge general obligation bonds issued under Article 4 of this Chapter or under any act of the General Assembly, when the revenues of the project financed in whole or in part by the general obligation bonds will be pledged to the payment of the revenue bonds or notes.

(10) To make and enforce rules and regulations governing the use, maintenance, and operation of revenue bond projects.

(11) To accept gifts or grants of real or personal property, money, material, labor, or supplies for the acquisition, construction, reconstruction, extension, improvement, betterment, maintenance, or operation of

any revenue bond project and to make and perform such agreements or contracts as may be necessary or convenient in connection with the procuring or acceptance of such gifts or grants.

(12) To accept loans, grants, or contributions from, and to enter into contracts and cooperate with the United States of America, the State of North Carolina, or any agency thereof, with respect to any revenue bond project.

(13) To enter on any lands, waters, and premises for the purpose of making surveys, borings, soundings, examinations, and other preliminary studies for constructing and operating any revenue bond project.

(14) To retain and employ consultants and other persons on a contract basis for rendering professional, financial, or technical assistance and advice and to select and retain subject to approval of the Local Government Commission the financial consultants, underwriters and bond attorneys to be associated with the issuance of any bonds and to pay for services rendered by underwriters, financial consultants or bond attorneys out of the proceeds of any such issue with regard to which the services were performed.

(15) Subject to any provisions of law requiring voter approval for the sale or lease of utility or enterprise systems, to lease to or from any person, firm, or corporation, public or private, all or part of any revenue bond project, upon such terms and conditions as and for such term of years, not in excess of 40 years, (i) in the case of the State, as the Council of State and (ii) in the case of a municipality, as the governing board may deem advisable to carry out the provisions of this Article, and to provide in such lease for the extension or renewal thereof and, if deemed advisable, for an option to purchase or otherwise lawfully acquire the project upon terms and conditions therein specified.

(16) To execute such instruments and agreements and to do all things necessary or therein in the exercise of the powers herein granted, or in the performance of the covenants or duties of the State or a municipality, as the case may be, or to secure the payment of its revenue bonds.

(b) Any contract, agreement, lease, deed, covenant, or other instrument or document evidencing an agreement or covenant between bondholders or any public agency and the State or a municipality issuing revenue bonds with respect to any of the powers conferred in this section shall be approved by the commission.

(c) In addition to the powers they may now or hereafter have, the State and each municipality shall have the following powers, notwithstanding any provisions of this Article to the contrary, in connection with the development of new and existing seaports and airports:

(1) To acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interests therein;

(2) To finance and refinance for public and private parties seaport and airport facilities and improvements that relate to, develop, or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation, and environmental facilities and improvements;

(3) To secure any such financing or refinancing by all or any portion of its revenues, income or assets or other available moneys associated with any of its seaport or airport facilities and with the facilities and

improvements to be financed or refinanced, and by foreclosable liens on all or any part of its properties associated with any of its seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of its faith and credit.

(d) In addition to the powers they may now or hereafter have, the State and each municipality shall have the following powers, notwithstanding any provisions of this Article or any other statute to the contrary, in connection with the development of facilities for the use of any agency or agencies of the government of the United States of America:

(1) To acquire, construct, own jointly with public and private parties, lease as leasor or leasee, mortgage, sell, or otherwise dispose of lands, facilities and improvements, including undivided interests therein and to do so, regardless of the provisions of any other statute, on such terms (i) in the case of the State, as the Council of State and (ii) in the case of a municipality, as the governing board may deem advisable to carry out the provisions of this subsection;

(f) In addition to the powers they may now or hereafter have, each municipality has the power to finance and refinance the cost of water treatment facilities and related transmission mains, and their expansion and improvement, all or some portion of which may be located on land leased from an authority created under the provisions of G.S. 162A-3.1, for a term not less than the term of the obligations issued or otherwise incurred for the purpose. The authority may own or operate (or both) such facilities and mains and may contract with one or more of the political subdivisions that are members of the authority for operation of all or portions thereof. For this purpose, each municipality has, in addition to the powers it has under applicable law, all the powers under G.S. 162A-6(b) of an authority created under G.S. 162A-3.1, and the political subdivisions that are members of the authority and that contract with such municipality for a supply of water and a portion of the capacity of the water treatment facilities and mains shall have all the powers of political subdivisions under G.S. 162A-6(b) and G.S. 162A-16 contracting with an authority created under G.S. 162A-3.1. CASE NOTES

City Charter Superseded by State Statute. — Summary judgment was properly awarded to a city and its officials in an action by property owners challenging an annexation because, pursuant to G.S. 160A-3(c), the statutory provision establishing involuntary annexations superseded a city charter provision permitting only voluntary annexations. Extension of Corporate Limits.

Part 1. Extension by Petition.

§ 160A-31. Annexation by petition.

CASE NOTES

Annexation Held Proper. — City's division of an annexation area into sub-areas did not result in the improper annexation of an "island" not contiguous with the city limits as of the date of the original resolution of intent, although the boundaries of the sub-area, if considered in isolation, rather than as a sub-part of the area originally identified and eventually annexed, were not contiguous with the city limits on the date of the initial resolution. United States Cold Storage, Inc. v. City of Lumberton, 170 N.C. App. 411, 612 S.E.2d 415, 2005 N.C. App. LEXIS 1014 (2005).

Part 2. Annexation by Cities of Less Than 5,000.

§ 160A-33. Declaration of policy.

CASE NOTES

Annexation Proper. — Trial court properly found that a village provided independent administrative, engineering, auditing, legal, and planning services to its residents, and that the village was exploring options for obtaining additional police patrol services, and had committed itself to providing its current and future levels of such services to its residents in a non-discriminatory manner; the trial court found that the village was going to provide some additional services to the area to be annexed, notwithstanding land owners' claim they would receive no additional services whatsoever, and the trial court's order affirming the annexation was proper. Nolan v. Village of Marvin, 172 N.C. App. 84, 615 S.E.2d 898, 2005

N.C. App. LEXIS 1432 (2005).

Annexation Ordinance Unenforceable. — Appellate court's decision that upheld the trial court's judgment upholding the annexation ordinance was reversed, as the village's annexation ordinance did not provide for meaningful extension of municipal services to the lots subject to annexation, which meant that the village had not substantially complied with the statutory procedures for annexation and that the property owners would suffer material injury, in the form of municipal taxes, if annexation proceeded. Nolan v. Village of Marvin, 360 N.C. 256, 624 S.E.2d 305, 2006 N.C. LEXIS 3 (2006).

Nolan v. Village of Marvin, 360 N.C. 256, 624 S.E.2d 305, 2006 N.C. LEXIS 3 (2006).

§ 160A-37. Procedure for annexation.

(a) Notice of Intent. — Any municipal governing board desiring to annex territory under the provisions of this Part shall first pass a resolution stating the intent of the municipality to consider annexation. Such resolution shall describe the boundaries of the area under consideration, fix a date for the public informational meeting, and fix a date for a public hearing on the question of annexation. The date for the public informational meeting shall be not less than 45 days and not more than 55 days following passage of the resolution. The date for the public hearing to be not less than 60 days and not more than 90 days following passage of the resolution.

(b) Notice of Public Hearing. — The notice of public hearing shall:

(1) Fix the date, hour and place of the public informational meeting and the date, hour, and place of the public hearing.

(2) Describe clearly the boundaries of the area under consideration, and include a legible map of the area.

(3) State that the report required in G.S. 160A-35 will be available at the office of the municipal clerk at least 30 days prior to the date of the public informational meeting.

(4) Include an explanation of an owner's rights pursuant to subsection (f1) and (f2) of this section.

Such notice shall be given by publication once a week for at least two successive weeks prior to the date of the informational meeting in a newspaper having general circulation in the municipality and, in addition thereto, if the area to be annexed lies in a county containing less than fifty percent (50%) of the land area of the municipality, in a newspaper having general circulation in the area of proposed annexation. The period from the date of the first publication to the date of the last publication, both dates inclusive, shall be not less than eight days including Sundays, and the date of the last publication shall be not more than seven days preceding the date of public informational meeting. If there be no such newspaper, the municipality shall post the notice in at least five public places within the municipality and at least five public places in the area to be annexed for 30 days prior to the date of public informational meeting. In addition, notice shall be mailed at least four weeks prior to date of the informational meeting, by first class mail, postage prepaid to the owners as shown by the tax records of the county of all freehold interests in real property located within the area to be annexed. The person or persons mailing such notices shall certify to the governing board that fact, and such certificate shall become a part of the record of the annexation proceeding and shall be deemed conclusive in the absence of fraud. If the notice is returned to the city by the postal service by the tenth day before the informational meeting, a copy of the notice shall be sent by certified mail, return receipt requested, at least seven days before the informational meeting. Failure to comply with the mailing requirement of this subsection shall not invalidate the annexation unless it is shown that the requirements were not substantially complied with.

If the governing board by resolution finds that the tax records are not adequate to identify the owners of some or all of the parcels of real property within the area it may in lieu of the mail procedure as to those parcels where the owners could not be so identified, post the notice at least 30 days prior to the date of public informational meeting on all buildings on such parcels, and in at least five other places within the area to be annexed. In any case where notices are placed on property, the person placing the notice shall certify that fact to the governing board.

(c) Action Prior to Informational Meeting. — At least 30 days before the date of the public informational meeting, the governing board shall approve the report provided for in G.S. 160A-35, and shall make it available to the public at the office of the municipal clerk. In addition, the municipality may prepare a summary of the full report for public distribution. In addition, the city shall post in the office of the city clerk at least 30 days before the public informational meeting a legible map of the area to be annexed and a list of the persons holding freehold interests in property in the area to be annexed that it has identified.

(c1) Public Informational Meeting. — At the public informational meeting a representative of the municipality shall first make an explanation of the report required in G.S. 160A-35. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given the opportunity to ask questions and receive answers regarding the proposed annexation.

(d) Public Hearing. — At the public hearing a representative of the municipality shall first make an explanation of the report required in G.S. 160A-35. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given an opportunity to be heard.

(e) Passage of the Annexation Ordinance. — The municipal governing board shall take into consideration facts presented at the public hearing and shall have authority to amend the report required by G.S. 160A-35 to make changes in the plans for serving the area proposed to be annexed so long as such changes meet the requirements of G.S. 160A-35. At any regular or special meeting held no sooner than the tenth day following the public hearing and not later than 90 days following such public hearing, the governing board shall have authority to adopt an ordinance extending the corporate limits of the municipality to include all, or such part, of the area described in the notice of public hearing which meets the requirements of G.S. 160A-36 and which the governing board has concluded should be annexed. The ordinance shall:

(1) Contain specific findings showing that the area to be annexed meets the requirements of G.S. 160A-36. The external boundaries of the area to be annexed shall be described by metes and bounds. In showing the application of G.S. 160A-36(c) and (d) to the area, the governing board may refer to boundaries set forth on a map of the area and incorporate same by reference as a part of the ordinance.

(2) A statement of the intent of the municipality to provide services to the area being annexed as set forth in the report required by G.S. 160A-35.

(3) A specific finding that on the effective date of annexation the municipality will have funds appropriated in sufficient amount to finance construction of any water and sewer lines found necessary in the report required by G.S. 160A-35 to extend the basic water and/or sewer system of the municipality into the area to be annexed, or that on the effective date of annexation the municipality will have authority to issue bonds in an amount sufficient to finance such construction. If authority to issue such bonds must be secured from the electorate of the municipality prior to the effective date of annexation, then the effective date of annexation shall be no earlier than the day following the statement of the successful result of the bond election.

(4) Fix the effective date for annexation. The effective date of annexation may be fixed for any date not less than 40 days nor more than 400 days from the date of passage of the ordinance.

(f) Effect of Annexation Ordinance. — Except as provided in subsection (f1) of this section, from and after the effective date of the annexation ordinance, the territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in such municipality and shall be entitled to the same privileges and benefits as other parts of such municipality. Real and personal property in the newly annexed territory on the January 1 immediately preceding the beginning of the fiscal year in which the annexation becomes effective is subject to municipal taxes as provided in G.S. 160A-58.10. If the effective date of annexation falls between June 1 and June 30, and the effective date of the privilege license tax ordinance of the annexing municipality is June 1, then businesses in the area to be annexed shall be liable for taxes imposed in such ordinance from and after the effective date of annexation.

(f1) Property Subject to Present-Use Value Appraisal. — If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that meets either of the conditions listed below on the effective date of annexation, then the annexation becomes effective as to that property pursuant to subsection (f2) of this section:

(1) The land is being taxed at present-use value pursuant to G.S. 105-277.4.

(2) The land meets both of the following conditions:

  a. On the date of the resolution of intent for annexation it was being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land had not been in use for actual production for the required time under G.S. 105-277.3.

  b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision.

(f2) Effective Date of Annexation for Certain Property. — Annexation of property subject to annexation under subsection (f1) of this section becomes effective as provided in this subsection:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city

boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of the property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-277.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.

(g) Simultaneous Annexation Proceedings. — If a municipality is considering the annexation of two or more areas which are all adjacent to the municipal boundary but are not adjacent to one another, it may undertake simultaneous proceedings under authority of this Part for the annexation of such areas.

(h) Remedies for Failure to Provide Services. — If, not earlier than one year from the effective date of annexation, and not later than 15 months from the effective date of annexation, any person owning property in the annexed territory shall believe that the municipality has not followed through on its service plans adopted under the provisions of G.S. 160A-35(3) and subsection (e) of this section, the person may apply for a writ of mandamus under the provisions of Article 40, Chapter 1 of the General Statutes. Relief may be granted by the judge of superior court

(1) If the municipality has not provided the services set forth in its plan submitted under the provisions of G.S. 160A-35(3)a on substantially the same basis and in the same manner as such services were provided within the rest of the municipality prior to the effective date of annexation, and

(2) If at the time the writ is sought such services set forth in the plan submitted under the provisions of G.S. 160A-35(3)a are still being provided on substantially the same basis and in the same manner as on the date of annexation of the municipality.

Relief may also be granted by the judge of superior court

(1) If the plans submitted under the provisions of G.S. 160A-35(3)b. require the construction of major trunk water mains and sewer outfall lines and

(2) If contracts for such construction have not yet been let.

If a writ is issued, costs in the action, including a reasonable attorney's fee for such aggrieved person, shall be charged to the municipality.

(i) No resolution of intent may be adopted under subsection (a) of this section unless the city council (or a planning agency created or designated under either G.S. 160A-361 or the charter) has, by resolution adopted at least one year prior to adoption of the resolution of intent, identified the area as being under consideration for annexation and included a statement in the resolution notifying persons subject to the annexation of their rights under subsections (f1) and (f2) of this section; provided, adoption of such resolution of consideration shall not confer prior jurisdiction over the area as to any other city. The area described under the resolution of intent may comprise a smaller area than that identified by the resolution of consideration. The resolution of consideration may have a metes and bounds description or a map, shall remain effective for two years after adoption, and shall be filed with the city clerk. A new resolution of consideration adopted before expiration of the two-year period for a previously adopted resolution covering the same area shall relate back to the date of the previous resolution.

(j) Subsection (i) of this section shall not apply to the annexation of any area if the resolution of intent describing the area and the ordinance annexing the area both provide that the effective date of the annexation shall be at least one year from the date of passage of the annexation ordinance.

(k) If a city fails to deliver police protection, fire protection, solid waste or street maintenance services as provided for in G.S. 160A-35(3)a. within 60 days after the effective date of the annexation, the owner of the property may petition the Local Government Commission for abatement of taxes to be paid to the city for taxes that have been levied as of the end of the 60-day period, if the petition is filed not more than 90 days after the expiration of the 60-day period. If the Local Government Commission finds that services were not extended by the end of the 60-day period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after extension of the municipal services. (1959, c. 1010, s. 5; 1967, c. 1226, s. 1; 1973, c. 426, s. 74; 1975, c. 576, s. 3; 1977, c. 517, s. 5; 1983, c. 636, ss. 2, 4, 6, 36; 1985, c. 384, s. 1; 1987, c. 44, s. 1; 1989, c. 598, s. 11; 1998-150, s. 7; 2001-487, s. 36; 2006-264, s. 17(a)-(c).)

Effect of Amendments. — Session Laws 2006-264, s. 17(a)-(c), effective August 27, 2006, deleted "Land that" from the beginning of subdivisions (f1)(1) and (f1)(2); added "both of the following conditions" to the end of the introductory language of subdivision (f1)(2); substituted "land had" for "land has" near the end of subdivision (f1)(2)a.; made a minor punctuation change in subsection (f2); substituted "subsection (e) of this section, the" for "160A-37(e), such" in the introductory paragraph of subsection (h); and substituted "G.S. 160A-35(3)b." for "G.S. 160A-35(3)c" in the middle of the second subdivision (h)(1).

CASE NOTES

Informational Meeting. — Land owners failed to demonstrate how they had suffered material injury as a result of a village's failure to answer one question at the informational meeting, the answer to which could have no effect on the validity of the proposed annexation, and the annexation was proper. § 160A-37.3. Contract with private solid waste collection firm(s).

(a) If the area to be annexed described in a resolution of intent passed under G.S. 160A-37(a) includes an area where a firm (i) meets the requirements of subsection (a1) of this section, (ii) on the ninetieth day preceding the date of adoption of the resolution of intent or resolution of consideration was providing solid waste collection services in the area to be annexed, (iii) on the date of adoption of the resolution of intent is still providing such services, and (iv) by reason of the annexation the firm's franchise with a county or arrangements with third parties for solid waste collection will be terminated, the city shall do one of the following:

(1) Contract with the firm for a period of two years after the effective date of the annexation ordinance to allow the firm to provide collection services to the city in the area to be annexed for sums determined under subsection (d) of this section.

(2) Pay to the firm the firm's economic loss, with one-third of the economic loss to be paid within 30 days of the termination and the balance paid in 12 equal monthly installments during the next succeeding 12 months. Any remaining economic loss payment is forfeited if the firm terminates service to customers in the annexation area prior to the effective date of the annexation.

(3) Make other arrangements satisfactory to the parties.

(a1) To qualify for the options set forth in subsection (a) of this section, a firm must have done one of the following:

(1) Subsequent to receiving notice of the annexation in accordance with subsection (b) of this section, filed with the city clerk at least 10 days prior to the public hearing a written request to contract with the city to provide solid waste collection services containing a certification, signed by an officer or owner of the firm, that the firm serves at least 50 customers within the county at that time.

(2) Contacted the city clerk pursuant to public notice published by the city, pursuant to G.S. 160A-37(b), at least 10 days before the hearing and provided to the city clerk a written request to contract with the city to provide solid waste collection services. The request must contain a certification signed by an officer or owner of the firm that the firm serves at least 50 customers within the county at that time.

(a2) Firms shall file notice of provision of solid waste collection service with the city clerk of all cities located in the firm's collection area or within five miles thereof.

(b) At least four weeks prior to the date of the informational meeting, the city shall provide written notice of the resolution of intent to all firms serving the area to be annexed. The notice shall be sent to all firms that filed notice in accordance with subsection (a2) of this section by certified mail, return receipt requested, to the address provided by the firm under subsection (a2) of this section.

(c) The city may require that the contract contain:

(1) A requirement that the firm post a performance bond and maintain public liability insurance coverage;

(2) A requirement that the firm agree to service customers in the annexed area that were not served by that firm on the effective date of annexation;

(3) A provision that divides the annexed area into service areas if there were more than one firm being contracted within the area, such that the entire area is served by the firms, or by the city as to customers not served by the firms;

(4) A provision that the city may serve customers not served by the firm on the effective date of annexation;

(5) A provision that the contract can be cancelled in writing, delivered by certified mail to the firm in question with 30 days to cure substantial violations of the contract, but no contract may be cancelled on these grounds unless the Local Government Commission finds that substantial violations have occurred, except that the city may suspend the contract for up to 30 days if it finds substantial violation of health laws;

(6) Performance standards, not exceeding city standards existing at the time of notice published pursuant to G.S. 160A-37(b), with provision that the contract may be cancelled for substantial violations of those standards, but no contract may be cancelled on those grounds unless the Local Government Commission finds that substantial violations have occurred;

(7) A provision for monetary damages if there are violations of the contract or of performance standards.

(d) If the services to be provided to the city by reason of the annexation are substantially the same as rendered under the franchise with the county or arrangements with the parties, the amount paid by the city shall be at least ninety percent (90%) of the amount paid or required under the existing franchise or arrangements. If such services are required to be adjusted to conform to city standards or as a result of changes in the number of customers, and as a result there are changes in disposal costs (including mileage and landfill charges), requirements for storage capacity (dumpsters and/or residential carts), and/or frequency of collection, the amount paid by the city for the service shall be increased or decreased to reflect the value of such adjusted services as if computed under the existing franchise or arrangements. In the event agreement cannot be reached between the city and the firm under this subsection, the matters shall be determined by the Local Government Commission.

(e), (f) Repealed by Session Laws 2006-193, s. 1, applicable to annexations for which a resolution of intent is adopted on or after January 1, 2007.

(g) The firm may, if it contends that no contract has been offered, appeal to the Local Government Commission within 30 days following passage of an annexation ordinance. The firm may appeal to the Local Government Commission for an order staying the operation of the annexation ordinance pending the outcome of the review. The Commission may grant or deny the stay upon such terms as it deems proper. If the Local Government Commission finds that the city has not made an offer which complies with this section, it shall remand the ordinance to the municipal governing board for further proceedings, and the ordinance shall not become effective until the Local Government Commission finds that such an offer has been made. Either the firm or the city may obtain judicial review in accordance with Chapter 150B of the General Statutes.

(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than 30 days following a written request of the city, sent by certified mail return receipt requested, all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 30 days following receipt of the written request for information from the city, provided that the city's written request states that statutory rights will be forfeited in the absence of a timely response and includes a specific reference to this section.

(i) As used in this section, the following terms mean:

(1) Economic loss. — A sum equal to 15 times the average gross monthly revenue for the three months prior to the passage of the resolution of intent or resolution of consideration, as applicable under subsection (a) of this section, collected or due the firm for residential, commercial, and industrial collection service in the area annexed or to be annexed; provided that revenue shall be included in calculations under this subdivision only if policies of the city will provide solid waste collection to those customers such that arrangements between the firm and the customers will be terminated.

(2) Firm. — A private solid waste collection firm. (1985, c. 610, s. 3; 1987, c. 827, s. 1; 1989, c. 598, s. 6; 1998-150, s. 9; 2006-193, s. 1.)

Effect of Amendments. — Session Laws 2006-193, s. 1, applicable to annexations for which a resolution of intent is adopted on or after January 1, 2007, rewrote subsections (a) and (b); added subsections (a1), (a2) and (i); deleted "private" preceding "firm" and "firms" throughout subsections (c), (d) and (g); substituted "in writing, delivered by certified mail to the firm in question with 30 days to cure" for "for" in subdivision (c)(5); inserted "existing at the time of notice published pursuant to G.S. 160A-37(b)" in subdivision (c)(6); substituted "the" for "such" near the end of subsection (d); deleted subsections (e) and (f); and substituted "30 days" for "10 business days" twice in subsection (h).

§ 160A-38. Appeal.

CASE NOTES

Annexation Properly Affirmed. — Trial court properly found that a village provided independent administrative, engineering, auditing, legal, and planning services to its residents, and that the village was exploring options for obtaining additional police patrol services, and had committed itself to providing its current and future levels of such services to its residents in a non-discriminatory manner; the trial court found that the village was going to provide some additional services to the area to be annexed, notwithstanding land owners' claim they would receive no additional services whatsoever, and the trial court's order affirming the annexation was proper. Remand When Protections of Section not Honored. — Where petitioners show that the degree of noncompliance with statutory requirements for annexation is so great as to eviscerate the protections provided in G.S. 160A-47, a trial court does not err in declaring an ordinance null and void. However, in order for a trial court to properly declare an ordinance null and void under G.S. 160A-50(g)(4), it must specifically find that "the ordinance cannot be corrected by remand" as opposed to finding that "the ordinance is not likely to be corrected on remand." Because the trial court failed to make the appropriate finding, perhaps acting under a misapprehension of applicable law, the matter was remanded to the trial court for appropriate findings to support one of the statutory grounds under G.S. 160A-50(g). Fix v. City of Eden, — N.C. App. —, 622 S.E.2d 647, 2005 N.C. App. LEXIS 2739 (2005).

Duties under Section. — The requirements of G.S. 160A-47 are that plans for extension to the area to be annexed of all major municipal services performed within the municipality at the time of annexation is a condition precedent to annexation. The minimum requirements of G.S. 160A-47 are that the city provide information which is necessary to allow the public and the courts to determine whether the municipality has committed itself to provide a nondiscriminatory level of service and to allow a reviewing court to determine after the fact whether the municipality has timely provided such services. A city need only substantially comply with G.S. 160A-47. A city is required to provide major municipal services under G.S. 160A-47, and its performance of that duty may not be made to depend upon a doubtful contingency. Fix v. City of Eden, —

§ 160A-48. Character of area to be annexed.

CASE NOTES

Contiguity Requirement Met. —

City's division of an annexation area into sub-areas did not result in the improper annexation of an "island" not contiguous with the city limits as of the date of the original resolution of intent, although the boundaries of the sub-area, if considered in isolation, rather than as a sub-part of the area originally identified and eventually annexed, were not contiguous with the city limits on the date of the initial resolution. United States Cold Storage, Inc. v. City of Lumberton, 170 N.C. App. 411, 612 S.E.2d 415, 2005 N.C. App. LEXIS 1014 (2005).

Judicial Review. —

Petitioners challenging a city's annexation ordinances failed to show the city misclassified the lots to be annexed or that the county tax maps it relied on were inaccurate. As petitioners offered no reliable evidence that the city's methodology was inaccurate and not calculated to provide reasonably accurate results, as required by G.S. 106A-54, the ordinances were properly deemed valid. § 160A-49. Procedure for annexation.

(a) Notice of Intent. — Any municipal governing board desiring to annex territory under the provisions of this Part shall first pass a resolution stating the intent of the municipality to consider annexation. Such resolution shall describe the boundaries of the area under consideration, fix a date for a public informational meeting, and fix a date for a public hearing on the question of annexation. The date for the public informational meeting shall be not less than 45 days and not more than 55 days following passage of the resolution. The date for the public hearing to be not less than 60 days and not more than 90 days following passage of the resolution.

(b) Notice of Public Hearing. — The notice of public hearing shall:

(1) Fix the date, hour and place of the public informational meeting and the date, hour, and place of the public hearing.

(2) Describe clearly the boundaries of the area under consideration, and include a legible map of the area.

(3) State that the report required in G.S. 160A-47 will be available at the office of the municipal clerk at least 30 days prior to the date of the public informational meeting.

(4) Include a notice of a property owner's rights to request water and sewer service in accordance with G.S. 160A-47.

(5) Include an explanation of a property owner's rights pursuant to subsections (f1) and (f2) of this section.

Such notice shall be given by publication once a week for at least two successive weeks prior to the date of the informational meeting in a newspaper having general circulation in the municipality and, in addition thereto, if the area to be annexed lies in a county containing less than fifty percent (50%) of the land area of the municipality, in a newspaper having general circulation in the area of proposed annexation. The period from the date of the first publication to the date of the last publication, both dates inclusive, shall be not less than eight days including Sundays, and the date of the last publication shall be not more than seven days preceding the date of public informational meeting. If there be no such newspaper, the municipality shall post the notice in at least five public places within the municipality and at least five public places in the area to be annexed for 30 days prior to the date of public informational meeting. In addition, notice shall be mailed at least four weeks prior to date of the informational meeting by first class mail, postage prepaid to the owners as shown by the tax records of the county of all freehold interests in real property located within the area to be annexed. The person or persons mailing such notices shall certify to the governing board that fact, and such certificate shall become a part of the record of the annexation proceeding and shall be deemed conclusive in the absence of fraud. If the notice is returned to the city by the postal service by the tenth day before the informational meeting, a copy of the notice shall be sent by certified mail, return receipt requested, at least seven days before the informational meeting. Failure to comply with the mailing requirements of this subsection shall not invalidate the annexation unless it is shown that the requirements were not substantially complied with. If the governing board by resolution finds that the tax records are not adequate to identify the owners of some or all of the parcels of real property within the area it may in lieu of the mail procedure as to those parcels where the owners could not be so identified, post the notice at least 30 days prior to the date of public informational meeting on all buildings on such parcels, and in at least five other places within the area to be annexed. In any case where notices are placed on property, the person placing the notices shall certify that fact to the governing board.

(c) Action Prior to Informational Meeting. — At least 30 days before the date of the public informational meeting, the governing board shall approve the report provided for in G.S. 160A-47, and shall make it available to the public at the office of the municipal clerk. In addition, the municipality may prepare a summary of the full report for public distribution. In addition, the city shall post in the office of the city clerk, at least 30 days before the public informational meeting, a legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed that it has identified.

(c1) Public Informational Meeting. — At the public informational meeting a representative of the municipality shall first make an explanation of the report required in G.S. 160A-47. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given the opportunity to ask questions and receive answers regarding the proposed annexation.

(d) Public Hearing. — At the public hearing a representative of the municipality shall first make an explanation of the report required in G.S. 160A-47. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given an opportunity to be heard.

(e) Passage of the Annexation Ordinance. — The municipal governing board shall take into consideration facts presented at the public hearing and shall have authority to amend the report required by G.S. 160A-47 to make changes in the plans for serving the area proposed to be annexed so long as such changes meet the requirements of G.S. 160A-47, provided that if the annexation report is amended to show additional subsections of G.S. 160A-48(c) or (d) under which the annexation qualifies that were not listed in the original report, the city must hold an additional public hearing on the annexation not less than 30 nor more than 90 days after the date the report is amended, and notice of such new hearing shall be given at the first public hearing. At any regular or special meeting held no sooner than the tenth day following the public hearing and not later than 90 days following such public hearing, the governing board shall have authority to adopt an ordinance extending the corporate limits of the municipality to include all, or such part, of the area described in the notice of public hearing which meets the requirements of G.S. 160A-48 and which the governing board has concluded should be annexed. The ordinance shall:

(1) Contain specific findings showing that the area to be annexed meets the requirements of G.S. 160A-48. The external boundaries of the area to be annexed shall be described by metes and bounds. In showing the application of G.S. 160A-48(c) and (d) to the area, the governing board may refer to boundaries set forth on a map of the area and incorporate same by reference as a part of the ordinance.

(2) A statement of the intent of the municipality to provide services to the area being annexed as set forth in the report required by G.S. 160A-47.

(3) A specific finding that on the effective date of annexation the municipality will have funds appropriated in sufficient amount to finance construction of any major trunk water mains and sewer outfalls and such water and sewer lines as required in G.S. 160A-47(3)b found necessary in the report required by G.S. 160A-47 to extend the basic water and/or sewer system of the municipality into the area to be annexed, or that on the effective date of annexation the municipality will have authority to issue bonds in an amount sufficient to finance such construction. If authority to issue such bonds must be secured from the electorate of the municipality prior to the effective date of annexation, then the effective date of annexation shall be no earlier than the day following the statement of the successful result of the bond election.

(4) Fix the effective date for annexation. The effective date of annexation may be fixed for any date not less than 70 days nor more than 400 days from the date of passage of the ordinance.

(f) Effect of Annexation Ordinance. — Except as provided in subsection (f1) of this section, from and after the effective date of the annexation ordinance, the territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in such municipality and shall be entitled to the same privileges and benefits as other parts of such municipality. Real and personal property in the newly annexed territory on the January 1 immediately preceding the beginning of the fiscal year in which the annexation becomes effective is subject to municipal taxes as provided in G.S. 160A-58.10. Provided that annexed property which is a part of a sanitary district, which has installed water and sewer lines, paid for by the residents of said district, shall not be subject to that part of the municipal taxes levied for debt service for the first five years after the effective date of annexation. If this proviso should be declared by a court of competent jurisdiction to be in violation of any provision of the federal or State Constitution, the same shall not affect the remaining provisions of this Part. If the effective date of annexation falls between June 1 and June 30, and the effective date of the privilege license tax ordinance of the annexing municipality is June 1, then businesses in the area to be annexed shall be liable for taxes imposed in such ordinances from and after the effective date of annexation.

(f1) Property Subject to Present-Use Value Appraisal. — If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that on the effective date of annexation is:

(1) Land that is being taxed at present-use value pursuant to G.S. 105-277.4; or

(2) Land that:

a. Was on the date of the resolution of intent for annexation being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land has not been in use for actual production for the required time under G.S. 105-277.3; and

b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision the annexation becomes effective as to that property pursuant to subsection (f2) of this section.

(f2) Effective Date of Annexation for Certain Property. — Annexation of property subject to annexation under subsection (f1) of this section shall become effective:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of such property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-277.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.

(g) Simultaneous Annexation Proceedings. — If a municipality is considering the annexation of two or more areas which are all adjacent to the municipal boundary but are not adjacent to one another, it may undertake simultaneous proceedings under authority of this Part for the annexation of such areas.

(h) Remedies for Failure to Provide Services. — If, not earlier than one year from the effective date of annexation, and not later than 15 months from the effective date of annexation, any person owning property in the annexed territory shall believe that the municipality has not followed through on its service plans adopted under the provisions of G.S. 160A-47(3) and 160A-49(e), for any required service other than water and sewer services such person may apply for a writ of mandamus under the provisions of Article 40, Chapter 1 of the General Statutes. Relief may be granted by the judge of superior court

(1) If the municipality has not provided the services set forth in its plan submitted under the provisions of G.S. 160A-47(3)a on substantially the same basis and in the same manner as such services were provided within the rest of the municipality prior to the effective date of annexation, and

(2) If at the time the writ is sought such services set forth in the plan submitted under the provisions of G.S. 160A-47(3)a are still being provided on substantially the same basis and in the same manner as on the date of annexation of the municipality.

If, not earlier than 24 months from the effective date of the annexation, and not later than 27 months from the effective date of the annexation, any person owning property in the annexed area can show that the plans submitted under the provisions of G.S. 160A-47(3)c require the construction of major trunk water mains and sewer outfall lines and if construction has not been completed within two years of the effective date of the annexation, relief may also be granted by the superior court by an order to the municipality to complete such lines and outfalls within a certain time. Similar relief may be granted by the superior court to any owner of property who made a timely request for a water or sewer line, or both, pursuant to G.S. 160A-47(3)b and such lines have not been completed within two years from the effective date of annexation in accordance with applicable city policies and through no fault of the owner, if such owner petitions for such relief not earlier than 24 months following the effective date of annexation and not later than 27 months following the effective date of annexation.

If a writ is issued, costs in the action, including a reasonable attorney's fee for such aggrieved person, shall be charged to the municipality.

(i) No resolution of intent may be adopted under subsection (a) of this section unless the city council (or planning agency created or designated under either G.S. 160A-361 or the charter) has, by resolution adopted at least one year prior to adoption of the resolution of intent, identified the area as being under consideration for annexation and included a statement in the resolution notifying persons subject to the annexation of their rights under subsections (f1) and (f2) of this section; provided, adoption of such resolution of consideration shall not confer prior jurisdiction over the area as to any other city. The area described under the resolution of intent may comprise a smaller area than that identified by the resolution of consideration. The resolution of consideration may have a metes and bounds description or a map and shall remain effective for two years after adoption, and shall be filed with the city clerk. A new resolution of consideration adopted before expiration of the two-year period for a previously adopted resolution covering the same area shall relate back to the date of the previous resolution.

(j) Subsection (i) of this section shall not apply to the annexation of any area if the resolution of intent describing the area and the ordinance annexing the area both provide that the effective date of the annexation shall be at least one year from the date of passage of the annexation ordinance.

(k) If a valid request for extension of a water or sewer line has been made under G.S. 160A-47(3)b, and the extension is not complete at the end of two years after the effective date of the annexation ordinance, the owner of the property may petition the Local Government Commission for abatement of taxes to be paid to the city which have not been levied as of the expiration date of the two-year period, if such petition is filed not more than 60 days after the expiration of the two-year period. If the Local Government Commission finds that the extension to the property was not complete by the end of the two-year period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after completion of the extension. In addition, if the Local Government Commission found that the extension to the property was not completed by the end of the two-year period, and if it finds that for any fiscal year during the period beginning with the first day of the fiscal year in which the annexation ordinance became effective and ending the last day of the fiscal year in which the two-year period expired, the city made an appropriation for construction, operation or maintenance of a water or sewer system (other than payments the city made as a customer of the system) from the fund or funds for which ad valorem taxes are levied, then the Local Government Commission shall order the city to release or refund an amount of the petitioner's property taxes for that year in question in proportion to the percentage of appropriations in the fund made for water and sewer services. By way of illustration, if a net amount of one hundred thousand dollars ($100,000) was appropriated for water or sewer construction, operation or maintenance from a fund which had total expenditures of ten million dollars ($10,000,000) and the petitioner's tax levy was one thousand dollars ($1,000), the amount of release or refund shall be ten dollars ($10.00).

(*l*) If a city fails to deliver police protection, fire protection, solid waste or street maintenance services as provided for in G.S. 160A-47(3)a. within 60 days after the effective date of the annexation, the owner of the property may petition the Local Government Commission for abatement of taxes to be paid to the city for taxes that have been levied as of the end of the 60-day period, if the petition is filed not more than 90 days after the expiration of the 60-day period. If the Local Government Commission finds that services were not extended by the end of the 60-day period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after extension of the municipal services. Session Laws 2006-264, s. 18(a), which made identical changes as those in Session Laws 2006-162, s. 21, was repealed upon the passage of Session Laws 2006-162, pursuant to the terms of Session Laws 2006-264, s. 18(b).

Effect of Amendments. — Session Laws 2006-162, s. 21, effective July 24, 2006, substituted "G.S. 105-277.4" for "G.S. 105-227.4" in the first sentence in subdivision (f2)(2).

CASE NOTES

City Charter Superseded by State Statute. — Summary judgment was properly awarded to a city and its officials in an action by property owners challenging an annexation because, pursuant to G.S. 160A-3(c), the statutory provision establishing involuntary annexations, G.S. 160A-49, superseded a city charter provision permitting only voluntary annexations. Brown v. City of Winston-Salem, 171 N.C. App. 266, 614 S.E.2d 599, 2005 N.C. App. LEXIS 1266 (2005).

§ 160A-49.3. Contract with private solid waste collection firms.

(a) If the area to be annexed described in a resolution of intent passed under G.S. 160A-49(a) includes an area where a firm (i) meets the requirements of subsection (a1) of this section, (ii) on the ninetieth day preceding the date of adoption of the resolution of intent or resolution of consideration was providing solid waste collection services in the area to be annexed, (iii) on the date of adoption of the resolution of intent is still providing such services, and (iv) by reason of the annexation the firm's franchise with a county or arrangements with third parties for solid waste collection will be terminated, the city shall do one of the following:

(1) Contract with the firm for a period of two years after the effective date of the annexation ordinance to allow the firm to provide collection services to the city in the area to be annexed for sums determined under subsection (d) of this section.

(2) Pay the firm for the firm's economic loss, with one-third of the economic loss to be paid within 30 days of the termination and the balance paid in 12 equal monthly installments during the next succeeding 12 months. Any remaining economic loss payment is forfeited if the firm terminates service to customers in the annexation area prior to the effective date of the annexation.

(3) Make other arrangements satisfactory to the parties.

(a1) To qualify for the options set forth in subsection (a) of this section, a firm must have done one of the following:

(1) Subsequent to receiving notice of the annexation in accordance with subsection (b) of this section, filed with the city clerk at least 10 days prior to the public hearing a written request to contract with the city to provide solid waste collection services containing a certification, signed by an officer or owner of the firm, that the firm serves at least 50 customers within the county at that time.

(2) Contacted the city clerk pursuant to public notice published by the city, pursuant to G.S. 160A-49(b), at least 10 days before the hearing and provided to the city clerk a written request to contract with the city to provide solid waste collection services. The request must contain a certification signed by an officer or owner of the firm that the firm serves at least 50 customers within the county at that time.

(a2) Firms shall file notice of provision of solid waste collection service with the city clerk of all cities located in the firm's collection area or within five miles thereof.

(b) At least four weeks prior to the date of the informational meeting, the city shall provide written notice of the resolution of intent to all firms serving the area to be annexed. The notice shall be sent to all firms that filed notice in accordance with subsection (a2) of this section by certified mail, return receipt requested, to the address provided by the firm under subsection (a2) of this section.

(c) The city may require that the contract contain:

(1) A requirement that the firm post a performance bond and maintain public liability insurance coverage;
(2) A requirement that the firm agree to service customers in the annexed area that were not served by that firm on the effective date of annexation;
(3) A provision that divides the annexed area into service areas if there were more than one firm being contracted within the area, such that the entire area is served by the firms, or by the city as to customers not served by the firms;
(4) A provision that the city may serve customers not served by the firm on the effective date of annexation;
(5) A provision that the contract can be cancelled in writing, delivered by certified mail to the firm in question with 30 days to cure substantial violations of the contract, but no contract may be cancelled on these grounds unless the Local Government Commission finds that substantial violations have occurred, except that the city may suspend the contract for up to 30 days if it finds substantial violation of health laws;
(6) Performance standards, not exceeding city standards existing at the time of notice published pursuant to G.S. 160A-49(b) with provision that the contract may be cancelled for substantial violations of those standards, but no contract may be cancelled on those grounds unless the Local Government Commission finds that substantial violations have occurred;
(7) A provision for monetary damages if there are violations of the contract or of performance standards.

(d) If the services to be provided to the city by reason of the annexation are substantially the same as rendered under the franchise with the county or arrangements with the parties, the amount paid by the city shall be at least ninety percent (90%) of the amount paid or required under the existing franchise or arrangements. If such services are required to be adjusted to conform to city standards or as a result of changes in the number of customers and as a result there are changes in disposal costs (including mileage and landfill charges), requirements for storage capacity (dumpsters and/or residential carts), and/or frequency of collection, the amount paid by the city for the service shall be increased or decreased to reflect the value of such adjusted services as if computed under the existing franchise or arrangements. In the event agreement cannot be reached between the city and the firm under this subsection, the matters shall be determined by the Local Government Commission.

(e), (f) Repealed by Session Laws 2006-193, s. 1, applicable to annexations for which a resolution of intent is adopted on or after January 1, 2007.

(g) The firm may, if it contends that no contract has been offered, appeal to the Local Government Commission within 30 days following passage of an annexation ordinance. The firm may appeal to the Local Government Commission for an order staying the operation of the annexation ordinance pending the outcome of the review. The Commission may grant or deny the stay upon such terms as it deems proper. If the Local Government Commission finds that the city has not made an offer which complies with this section, it shall remand the ordinance to the municipal governing board for further proceedings, and the ordinance shall not become effective until the Local Government Commission finds that such an offer has been made. Either the firm or the city may obtain judicial review in accordance with Chapter 150B of the General Statutes.

(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than 30 days following a written request of the city, sent by certified mail return receipt requested, all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 30 days following receipt of the written request for information from the city, provided that the city's written request so states by specific reference to this section.

(i) As used in this section, the following terms mean:

(1) Economic loss. — A sum equal to 15 times the average gross monthly revenue for the three months prior to the passage of the resolution of intent or resolution of consideration, as applicable under subsection (a) of this section, collected or due the firm for residential, commercial, and industrial collection service in the area annexed or to be annexed; provided that revenues shall be included in calculations under this subdivision only if policies of the city will provide solid waste collection to those customers such that arrangements between the firm and the customers will be terminated.

(2) Firm. — A private solid waste collection firm. (1985, c. 610, s. 4; 1987, c. 827, s. 1; 1989, c. 598, s. 9; 1998-150, s. 17; 2006-193, s. 2; 2006-259, s. 53.)

Effect of Amendments. — Session Laws 2006-193, s. 2, applicable to annexations for which a resolution of intent is adopted on or after January 1, 2007, rewrote subsections (a) and (b); added subsections (a1), (a2) and (i); deleted "private" preceding "firm" and "firms" throughout subsections (c), (d) and (g); substituted "in writing, delivered by certified mail to the firm in question with 30 days to cure" for "for" in subdivision (c)(5); inserted "existing at the time of notice published pursuant to G.S. 160A-49(b)" in subdivision (c)(6); substituted "the" for "such" near the end of subsection (d); deleted subsections (e) and (f); and substituted "30 days" for "10 business days" twice in subsection (h).

Session Laws 2006-259, s. 53, effective August 23, 2006, substituted "file" for "fill" near the beginning of subsection (a2).

§ 160A-50. Appeal.

CASE NOTES

I. In General.
II. Review by Superior Court.
III. Review by Court of Appeals.

I. IN GENERAL.

Denial of Motion to Intervene Was Proper. — Denial of a corporation's motion to intervene in a case seeking review of an annexation ordinance was proper, since the corporation failed to comply with G.S. 160A-50 procedures by moving to intervene six months after the ordinance was adopted; intervention was also improper under G.S. 1A-1-24, due to the facts that the motion was filed after judgment approving a settlement was entered and that the proposed intervention would have prejudiced the original parties by destroying their settlement. Gates Four Homeowners Ass'n v. N.C. Municipality, 170 N.C. App. 688, 613 S.E.2d 55, 2005 N.C. App. LEXIS 1088 (2005).

Order compelling discovery was generally not immediately appealable; while G.S. 160A-50 contemplated an expedited hearing procedure, where the challengers in an annexation case did not appear concerned with an expedited hearing, and the most significant portion of the delay in the matter was due to the challengers' refusal to answer discovery, and in getting the matter before the appellate court, the challengers failed to show that a substantial right was affected, and an order compelling discovery was not immediately appealable. Arnold v. City of Asheville, 169 N.C. App. 451, 610 S.E.2d 280, 2005 N.C. App. LEXIS 616 (2005).

Applied in Brown v. City of Winston-Salem, — N.C. App. —, 626 S.E.2d 747, 2006 N.C. App. LEXIS 531 (2006).

II. REVIEW BY SUPERIOR COURT.

Time Limit for Seeking Review Not Extended by Settlement Agreement. — As petitioners failed to seek judicial review of an annexation ordinance within 60 days as required by G.S. 160A-50(a), their action was time-barred. A prior settlement between the city and another party that did timely file for review did not require a remand to city council or allow petitioners a new 60-day period to seek review. Home Builders Ass'n of Fayetteville N.C., Inc. v. City of Fayetteville, 170 N.C. App. 625, 613 S.E.2d 521, 2005 N.C. App. LEXIS 1072 (2005).

Intervention in Petition for Review. — Petitioners' motion under G.S. 1A-1-24(a) to intervene in another party's petition for review of an annexation ordinance was properly denied, because G.S. 1A-1-24(a) does not apply to appeals of annexation ordinances under G.S. 160A-50(a). Home Builders Ass'n of Fayetteville N.C., Inc. v. City of Fayetteville, 170 N.C. App. 625, 613 S.E.2d 521, 2005 N.C. App. LEXIS 1072 (2005).

Appellants' motion to intervene in another party's petition for review of an annexation ordinance was properly denied because, even assuming G.S. 1A-1-24(a) applied to appeals of annexation ordinances under G.S. 160A-50(a), judgment had already entered, intervention would have prejudiced the city and the other party, and appellants did not offer a legitimate reason for the delay. Home Builders Ass'n of Fayetteville N.C., Inc. v. City of Fayetteville, 170 N.C. App. 625, 613 S.E.2d 521, 2005 N.C. App. LEXIS 1072 (2005).

Settlement of Annexation Disputes. — Settlements of annexation disputes under G.S. 160A-50(m) are not "actions having the effect of an ordinance" under G.S. 160A-75, but are a method of dispute resolution in the annexation process; therefore, there is no need to send the matter back to city council after a settlement is reached. Home Builders Ass'n of Fayetteville N.C., Inc. v. City of Fayetteville, 170 N.C. App. 625, 613 S.E.2d 521, 2005 N.C. App. LEXIS 1072 (2005).

III. REVIEW BY COURT OF APPEALS.

Right to Appeal. —

Trial court properly granted the city's motion to dismiss the military servicemembers' challenge to the annexation of approximately 28 square miles of land and over 40,000 residents as time-barred because the federal Servicemembers Civil Relief Act, specifically 50 U.S.C.S. app. § 525, did not contain a plain statement showing an unmistakably clear intent to intrude upon North Carolina's state sovereignty in the area of annexations, where: (1) the word "annexation" appeared nowhere in the statute; (2) the Act's fundamental purpose was to address personal financial claims, not large-scale government action; and (3) the servicemembers failed to cite a single case which applied the Act to non-personal claims challenging large-scale government action. Kegley v. City of Fayetteville, 170 N.C. App. 656, 613 S.E.2d 696, 2005 N.C. App. LEXIS 1073 (2005), review denied, — N.C. —, 619 S.E.2d 508 (2005), cert. denied, — U.S. —, 126 S. Ct. 1147, 163 L. Ed. 2d 1001 (2006).

Remand Required. — Because a trial court failed to make the appropriate finding that a city's annexation ordinance was not subject to correction upon remand before declaring it null and void, an appellate court remanded the case to the trial court for it to make the appropriate findings to support one of the statutory grounds under G.S. 160A-50(g). Fix v. City of Eden, — N.C. App. —, 622 S.E.2d 647, 2005 N.C. App. LEXIS 2739 (2005).

§ 160A-54. Population and land estimates.

CASE NOTES

Evidence Not Admissible to Challenge City's Methodology. — Where petitioners challenged a city annexation ordinances, the trial court properly ruled that their spreadsheets could not be offered to show that the city's methodology was not calculated to provide reasonably accurate results, as required by G.S. 160A-54, because they presented no expert testimony about the spreadsheets, and testimony of the city's principal planner was insufficient to establish a foundation for their admissibility. Brown v. City of Winston-Salem, — N.C. App. —, 626 S.E.2d 747, 2006 N.C. App. LEXIS 531 (2006).

Petitioners Failed to Meet Burden to Show Inaccuracy of City's Methodology. — Petitioners challenging a city's annexation ordinances failed to show the city misclassified the lots to be annexed or that the county tax maps it relied on were inaccurate. As they offered no reliable evidence that the city's methodology was inaccurate and not calculated to provide reasonably accurate results, as required by G.S. 106A-54, the ordinances were properly deemed valid. Brown v. City of Winston-Salem, — N.C. App. —, 626 S.E.2d 747, 2006 N.C. App. LEXIS 531 (2006).

Applied in Fix v. City of Eden, — N.C. App. —, 622 S.E.2d 647, 2005 N.C. App. LEXIS 2739 (2005).

Part 4. Annexation of Noncontiguous Areas.

§ 160A-58.1. Petition for annexation; standards.

(a) Upon receipt of a valid petition signed by all of the owners of real property in the area described therein, a city may annex an area not contiguous to its primary corporate limits when the area meets the standards set out in subsection (b) of this section. The petition need not be signed by the owners of real property that is wholly exempt from property taxation under the Constitution and laws of North Carolina, nor by railroad companies, public utilities as defined in G.S. 62-3(23), or electric or telephone membership corporations.

(b) A noncontiguous area proposed for annexation must meet all of the following standards:

(1) The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.

(2) No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city, except as set forth in subsection (b2) of this section.

(3) The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.

(4) If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

This subdivision does not apply to the Cities of Claremont, Concord, Conover, Elizabeth City, Gastonia, Greenville, Hickory, Kannapolis, Locust, Marion, Mount Airy, Mount Holly, New Bern, Newton, Oxford, Randleman, Rockingham, Sanford, Salisbury, Southport, Statesville, and Washington and the Towns of Angier, Ayden, Benson, Bladenboro, Burgaw, Calabash, Catawba, Clayton, Columbia, Creswell, Dallas, Dobson, Fuquay-Varina, Garner, Godwin, Grimesland, Holly Ridge, Holly Springs, Kenly, Knightdale, Landis, Leland, Louisburg, Maggie Valley, Maiden, Mayodan, Midland, Mocksville, Morrisville, Pembroke, Pine Level, Princeton, Ranlo, Rolesville, Rutherfordton, Shallotte, Smithfield, Spencer, Stem, Stovall, Surf City, Swansboro, Taylorsville, Troy, Wallace, Warsaw, Waynesville, Wendell, Windsor, Yadkinville, and Zebulon.

(b1) Repealed by Session Laws 2004-203, ss. 13(a) and 13(d), effective August 17, 2004.

(b2) A city may annex a noncontiguous area that does not meet the standard set out in subdivision (b)(2) of this section if the city has entered into an annexation agreement pursuant to Part 6 of this Article with the city to which a point on the proposed satellite corporate limits is closer and the agreement states that the other city will not annex the area but does not say that the annexing city will not annex the area. The annexing city shall comply with all other requirements of this section.

(c) The petition shall contain the names, addresses, and signatures of all owners of real property within the proposed satellite corporate limits (except owners not required to sign by subsection (a)), shall describe the area proposed for annexation by metes and bounds, and shall have attached thereto a map showing the area proposed for annexation with relation to the primary corporate limits of the annexing city. When there is any substantial question as to whether the area may be closer to another city than to the annexing city, the map shall also show the area proposed for annexation with relation to the primary corporate limits of the other city. The city council may prescribe the form of the petition.

(d) A city council which receives a petition for annexation under this section may by ordinance require that the petitioners file a signed statement declaring whether or not vested rights with respect to the properties subject to the petition have been established under G.S. 160A-385.1 or G.S. 153A-344.1. If the statement declares that such rights have been established, the city may require petitioners to provide proof of such rights. A statement which declares that no vested rights have been established under G.S. 160A-385.1 or G.S. 153A-344.1 shall be binding on the landowner and any such vested rights shall be terminated. Part 5. Property Tax Liability of Newly Annexed Territory.

§ 160A-58.10. Tax of newly annexed territory.

Editor's Note. — Session Laws 2006-72, s. 1, provides: "A taxing unit's governing body may by resolution provide that, notwithstanding the provisions of G.S. 105-360 regarding the due date and accrual of interest, G.S. 105-380 and G.S. 105-381 regarding the release, refund, and compromise of taxes, and G.S. 160A-58.10 regarding the taxation of newly annexed property, property taxes for the partial fiscal year October 1, 2005, through June 30, 2006, shall be collected over a three-year period with one-third due and payable on September 1, 2006, one-third due and payable on September 1, 2007, and the remaining one-third due and payable on September 1, 2008. The resolution may provide that interest accrues on unpaid property taxes only to the extent that the property taxes have become due and payable under the payment schedule set out in the resolution. To the extent property taxes are due and payable pursuant to a resolution adopted under this act, interest accruing on taxes that remain unpaid shall be computed according to the schedule stated in G.S. 105-360. A resolution adopted pursuant to this act applies only to taxes for the partial fiscal year October 1, 2005, through June 30, 2006, on property located in an area that was annexed between January 1, 2003, and January 1, 2006, and for which effective date of the annexation was set by judicial order."

Session Laws 2006-72, s. 2, provides: "If a resolution adopted by a taxing unit's governing body pursuant to this act delays the due date, accrual of interest, or both for any property taxes, the tax collector's obligations under G.S. 160A-58.10 and G.S. 105-360 with respect to those taxes are delayed to the same extent."

Settlement of Annexation Disputes. — Settlements of annexation disputes under G.S. 160A-50(m) are not "actions having the effect of an ordinance" under G.S. 160A-75, but are a method of dispute resolution in the annexation process; therefore, there is no need to send the matter back to city council after a settlement is reached. Home Builders Ass'n of Fayetteville N.C., Inc. v. City of Fayetteville, 170 N.C. App. 625, 613 S.E.2d 521, 2005 N.C. App. LEXIS 1072 (2005).

CASE NOTES

Policy as to Payment of Employees Must Have Council Approval. —

As the evidence before the trial court on a motion for summary judgment filed by a police department did not raise a genuine issue of material fact as to whether numerous current police officers were entitled to a pay increase, because the city council had not approved any pay raise for existing employees of the police department with post-secondary degrees, the trial court properly granted summary judgment in favor of the department and against the contesting officers. CASE NOTES

City's Code Not Applicable Outside of City Limits. — Trial court's order requiring a corporation to pay a city for water the corporation drew from its own well was reversed as, although under G.S. 160A-176, the city could have made its ordinances applicable on rights of way, Lumberton, N.C., Code of Ordinances § 23-22(a), (b), and (d) were only applicable to businesses within the city limits; the corporation's facility was outside of the city limits. § 160A-214: Repealed by Session Laws 2006-151, s. 13, effective January 1, 2007.

§ 160A-215. Uniform provisions for room occupancy taxes.

(a) Scope. — This section applies only to municipalities the General Assembly has authorized to levy room occupancy taxes. For the purpose of this section, the term "city" means a municipality.

(b) Levy. — A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. — Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. — The taxing city shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 20th day of each month, prepare and render a return on a form prescribed by the taxing city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the city finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. — A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. — A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(f1) Use. — The proceeds of a room occupancy tax shall not be used for development or construction of a hotel or another transient lodging facility.

(g) This section applies only to Beech Mountain District W, to the Cities of Belmont, Elizabeth City, Eden, Gastonia, Goldsboro, Greensboro, High Point, Kings Mountain, Lexington, Lincolnton, Lumberton, Monroe, Mount Airy, Reidsville, Roanoke Rapids, Shelby, Statesville, Washington, and Wilmington, to the Towns of Ahoskie, Beech Mountain, Benson, Blowing Rock, Boiling Springs, Burgaw, Carolina Beach, Carrboro, Dobson, Elkin, Franklin, Jonesville, Kenly, Kure Beach, Mooresville, North Topsail Beach, Pilot Mountain, Selma, Smithfield, St. Pauls, Troutman, Tryon, West Jefferson, Wilkesboro, and Wrightsville Beach, and to the municipalities in Avery and Brunswick Counties. Effect of Amendments. —

ARTICLE 11.

Eminent Domain.

§ 160A-240.1. Power to acquire property.

CASE NOTES

Power Not Restricted Where Land and City in Same County. — Summary judgment was properly entered in a declaratory action regarding the applicability of G.S. 153A-15(b) because a condemnation action by a city in order to facilitate the construction of a water supply and distribution facility did not require any approval since the city and the land were located in the same county; moreover, the evidence showed that the real and substantial benefits of the condemnation accrued to the city in question, and not other parties in the case that were located in different counties. Caswell County v. Town of Yanceyville, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

Proper Exercise of Police Power. — In condemnation proceeding brought pursuant to city's power of eminent domain under G.S. 160A-240.1, partial summary judgment was properly granted precluding property owners from recovering for diminution in value caused by the city's construction of a median restricting access to lanes in only one direction of travel; the separation of lanes of traffic was an exercise of police power, and the means used to accomplish the legitimate objective were reasonable in light of the fact that the owners still had free ingress and egress to their property, and injury to property caused by such an exercise of police power was not compensable. City of Concord v. Stafford, 173 N.C. App. 201, 618 S.E.2d 276, 2005 N.C. App. LEXIS 1915 (2005), cert. dismissed, — N.C. —, 625 S.E.2d 784 (2005), cert. denied, — N.C. —, 625 S.E.2d 785 (2005).

§ 160A-270. Public auction.

(a) Real Property. — When it is proposed to sell real property at public auction, the council shall first adopt a resolution authorizing the sale, describing the property to be sold, specifying the date, time, place, and terms of sale, and stating that any offer or bid must be accepted and confirmed by the council before the sale will be effective. The resolution may, but need not, require the highest bidder at the sale to make a bid deposit in a specified amount. The council shall then publish a notice of the sale at least once and not less than 30 days before the sale. The notice shall contain a general description of the land sufficient to identify it, the terms of the sale, and a reference to the authorizing resolution. After bids have been received, the highest bid shall be reported to the council, and the council shall accept or reject it within 30 days thereafter. If the bid is rejected, the council may readvertise the property for sale.

(b) Personal Property. — When it is proposed to sell personal property at public auction, the council shall at a regular council meeting adopt a resolution or order authorizing an appropriate city official to dispose of the property at public auction. The resolution or order shall identify the property to be sold and set out the date, time, place, and terms of the sale. The resolution or order (or a notice summarizing its contents) shall be published at least once and not less than 10 days before the date of the auction.

(c) The council may conduct auctions of real or personal property electronically by authorizing the establishment of an electronic auction procedure or by authorizing the use of existing private or public electronic auction services. Notice of an electronic auction of property shall identify, in addition to the information required in subsections (a) and (b) of this section, the electronic address where information about the property to be sold can be found and the electronic address where electronic bids may be posted. Notice may be published in a newspaper having general circulation in the political subdivision or by electronic means, or both. A decision to publish notice solely by electronic means for a particular auction or for all auctions under this subsection shall be approved by the governing board of the political subdivision. Except as provided in this subsection, all requirements of subsections (a) and (b) of this section apply to electronic auctions. (1971, c. 698, s. 1; 1973, c. 426, s. 43; 2001-328, s. 5; 2005-227, s. 4; 2006-264, s. 74.)

Effect of Amendments. — Session Laws 2006-264, s. 74, effective August 27, 2006, in subsection (c), substituted "auction" for "contract" and "auctions" for "contracts" in the next to last sentence.

(2) The duty to keep the public streets, sidewalks, alleys, and bridges open for travel and free from unnecessary obstructions.

§ 160A-299. Procedure for permanently closing streets and alleys.

CASE NOTES

Separation of Powers Clause not Violated. — G.S. 160A-299(b) did not deprive a home owner of his right to a fair hearing or violate the Separation of Powers Clause of the North Carolina Constitution in his appeal from a town council order closing a road because he had the opportunity to test, rebut, and explain evidence presented to the council at three public hearings held on the road closure over a two-month period; these hearings were the proper place for him to present evidence and to rebut any evidence contrary to his position. Houston v. Town of Chapel Hill, — N.C. App. —, 630 S.E.2d 249, 2006 N.C. App. LEXIS 1199 (2006).

Evidentiary Hearing Not Required on Appeal. — Homeowner was not entitled to an evidentiary hearing in his appeal from a town council's road closure order because the clear and unambiguous language of G.S. 160A-299(b) directed the superior court to decide all issues except the council's compliance with procedural issues on the record before the town council, and the owner did not challenge the council's procedural compliance; the record evidence supported the council's findings, and the superior court properly affirmed its order after finding that it complied with G.S. 160A-299. Houston v. Town of Chapel Hill, — N.C. App. —, 630 S.E.2d 249, 2006 N.C. App. LEXIS 1199 (2006).

§ 160A-300.1. Use of traffic control photographic systems.

Editor's Note. —

Session Laws 2006-189, s. 2, provides that: "The Legislative Research Commission may study the impact of the various decisions of the North Carolina courts on the definition of clear proceeds as it relates to the funding and operation of traffic control photographic systems by cities and towns in the State. The Commission may recommend to the General Assembly statutory changes that define clear proceeds in a manner that allows their use for the continued operation of these traffic control devices."

CASE NOTES

Use of Assessments. —

County board of education was entitled to funds derived from a city's red light camera program, which program was implemented by an ordinance pursuant to G.S. 160A-300.1(c), as N.C. Const. art. IX, § 7 applied to the civil penalties assessed by the city for violations of the ordinance regarding the failure to stop for a red stoplight. Further, pursuant to G.S. 115C-437, the city was to pay 90 percent of the amount collected by its red light camera program to the board. Shavitz v. City of High Point, — N.C. App. —, 630 S.E.2d 4, 2006 N.C. App. LEXIS 1080 (2006).

§ 160A-303. Removal and disposal of junked and abandoned motor vehicles and motor vehicles that constitute a safety hazard.

(a) A city may by ordinance prohibit the abandonment of motor vehicles on the public streets or on public or private property within the city, and may enforce any such ordinance by removing and disposing of junked or abandoned motor vehicles according to the procedures prescribed in this section.

(b) A motor vehicle is defined to include all machines designed or intended to travel over land or water by self-propulsion or while attached to any self-propelled vehicle.

(b1) An abandoned motor vehicle is one that:

(1) Has been left upon a street or highway in violation of a law or ordinance prohibiting parking; or

(2) Is left on property owned or operated by the city for longer than 24 hours; or

(3) Is left on private property without the consent of the owner, occupant, or lessee thereof for longer than two hours; or

(4) Is left on any public street or highway for longer than seven days.

(b2) A junked motor vehicle is an abandoned motor vehicle that also:

(1) Is partially dismantled or wrecked; or

(2) Cannot be self-propelled or moved in the manner in which it was originally intended to move; or

(3) **(applicable to most localities)** Is more than five years old and worth less than one hundred dollars ($100.00);

(3a) Is more than five years old and worth less than five hundred dollars ($500.00); this subdivision applies only to the Cities of Belmont, Bessemer City, Cherryville, Gastonia, Henderson and Mount Holly, and the Towns of Ahoskie, Cramerton, Dallas, Farmville, LaGrange, Matthews, Mint Hill, Louisburg, and Stanley; or

(4) Does not display a current license plate.

(c) Any junked or abandoned motor vehicle found to be in violation of an ordinance adopted under this section may be removed to a storage garage or area, but no such vehicle shall be removed from private property without the written request of the owner, lessee, or occupant of the premises unless the council or a duly authorized city official or employee has declared it to be a health or safety hazard. The city may require any person requesting the removal of a junked or abandoned motor vehicle from private property to indemnify the city against any loss, expense, or liability incurred because of the removal, storage, or sale thereof. When an abandoned or junked motor vehicle is removed, the city shall give notice to the owner as required by G.S. 20-219.11(a) and (b).

(d) Hearing Procedure. — Regardless of whether a city does its own removal and disposal of motor vehicles or contracts with another person to do so, the city, shall provide a hearing procedure for the owner. For purposes of this subsection, the definitions in G.S. 20-219.9 apply.

(1) If the city operates in such a way that the person who tows the vehicle is responsible for collecting towing fees, all provisions of Article 7A, Chapter 20, apply.

(2) If the city operates in such a way that it is responsible for collecting towing fees, it shall:

a. Provide by contract or ordinance for a schedule of reasonable towing fees,

b. Provide a procedure for a prompt fair hearing to contest the towing,

c. Provide for an appeal to district court from that hearing,

d. Authorize release of the vehicle at any time after towing by the posting of a bond or paying of the fees due, and

e. Provide a sale procedure similar to that provided in G.S. 44A-4, 44A-5, and 44A-6, except that no hearing in addition to the probable cause hearing is required. If no one purchases the vehicle at the sale and if the value of the vehicle is less than the amount of the lien, the city may destroy it.

(e) Repealed by Session Laws 1983, c. 420, s. 13.

Editor's Note. —

Since Session Laws 2005-10, ss. 1, 3, as amended by Session Laws 2006-15, s. 1, and as amended by 2006-166, s. 2, and as amended by Session Laws 2006-171, s. 1, now applies to 10 or more jurisdictions, it has been codified as subdivision (b2)(3a) of this section at the direction of the Revisor of Statutes.

§ 160A-303.2. Regulation of abandonment of junked motor vehicles.

(a) A municipality may by ordinance regulate, restrain or prohibit the abandonment of junked motor vehicles on public grounds and on private property within the municipality's ordinance-making jurisdiction upon a finding that such regulation, restraint or prohibition is necessary and desirable to promote or enhance community, neighborhood or area appearance, and may enforce any such ordinance by removing or disposing of junked motor vehicles subject to the ordinance according to the procedures prescribed in this section. The authority granted by this section shall be supplemental to any other authority conferred upon municipalities. Nothing in this section shall be construed to authorize a municipality to require the removal or disposal of a motor vehicle kept or stored at a bona fide "automobile graveyard" or "junkyard" as defined in G.S. 136-143.

For purposes of this section, the term "junked motor vehicle" means a vehicle that does not display a current license plate and that:

(1) Is partially dismantled or wrecked; or

(2) Cannot be self-propelled or moved in the manner in which it originally was intended to move; or

(3) **(applicable to most localities)** Is more than five years old and appears to be worth less than one hundred dollars ($100.00); [or]

(4) Is more than five years old and appears to be worth less than five hundred dollars ($500.00). This subdivision applies only to the Cities of Belmont, Bessemer City, Cherryville, Gastonia and Mount Holly, and the Towns of Ahoskie, Cramerton, Dallas, Farmville, LaGrange, Mint Hill, Louisburg and Stanley.

(a1) Any junked motor vehicle found to be in violation of an ordinance adopted pursuant to this section may be removed to a storage garage or area, but no such vehicle shall be removed from private property without the written request of the owner, lessee, or occupant of the premises unless the council or a duly authorized city official or employee finds in writing that the aesthetic benefits of removing the vehicle outweigh the burdens imposed on the private property owner. Such finding shall be based on a balancing of the monetary loss of the apparent owner against the corresponding gain to the public by promoting or enhancing community, neighborhood or area appearance. The following, among other relevant factors, may be considered:

(1) Protection of property values;
(2) Promotion of tourism and other economic development opportunities;
(3) Indirect protection of public health and safety;
(4) Preservation of the character and integrity of the community; and
(5) Promotion of the comfort, happiness, and emotional stability of area residents.

(a2) The city may require any person requesting the removal of a junked or abandoned motor vehicle from private property to indemnify the city against any loss, expense, or liability incurred because of the removal, storage, or sale thereof. When an abandoned or junked motor vehicle is removed, the city shall give notice to the owner as required by G.S. 20-219.11(a) and (b).

(a3) Hearing Procedure. — Regardless of whether a city does its own removal and disposal of motor vehicles or contracts with another person to do so, the city shall provide a prior hearing procedure for the owner. For purposes of this subsection, the definitions in G.S. 20-219.9 apply.

(1) If the city operates in such a way that the person who tows the vehicle is responsible for collecting towing fees, all provisions of Article 7A, Chapter 20, apply.
(2) If the city operates in such a way that it is responsible for collecting towing fees, it shall:
    a. Provide by contract or ordinance for a schedule of reasonable towing fees,
    b. Provide a procedure for a prompt fair hearing to contest the towing,
    c. Provide for an appeal to district court from that hearing,
    d. Authorize release of the vehicle at any time after towing by the posting of a bond or paying of the fees due, and
    e. Provide a sale procedure similar to that provided in G.S. 44A-4, 44A-5, and 44A-6, except that no hearing in addition to the probable cause hearing is required. If no one purchases the vehicle at the sale and if the value of the vehicle is less than the amount of the lien, the city may destroy it.

(a4) Any person who removes a vehicle pursuant to this section shall not be held liable for damages for the removal of the vehicle to the owner, lienholder or other person legally entitled to the possession of the vehicle removed; however, any person who intentionally or negligently damages a vehicle in the removal of such vehicle, or intentionally or negligently inflicts injury upon any person in the removal of such vehicle, may be held liable for damages.

(b) Any ordinance adopted pursuant to this section shall include a prohibition against removing or disposing of any motor vehicle that is used on a regular basis for business or personal use. (1983, c. 841, s. 2; 1985, c. 737, s. 2; 1987, c. 42, s. 2; c. 451, s. 2; 1989, c. 3; c. 743, s. 2; 2005-10, ss. 2, 3; 2006-15, s. 3; 2006-166, s. 2; 2006-171, s. 1.)

Applied in Caswell County v. Town of Yanceyville, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

§ 160A-312. Authority to operate public enterprises.

CASE NOTES

V. Extension of Services Outside Corporate Limits.

V. EXTENSION OF SERVICES OUTSIDE CORPORATE LIMITS.

Approval for Condemnation Not Required. — Summary judgment was properly entered in a declaratory action regarding the applicability of G.S. 153A-15(b) because a condemnation action by a city in order to facilitate the construction of a water supply and distribution facility did not require any approval since the city and the land were located in the same county; moreover, the evidence showed that the real and substantial benefits of the condemnation accrued to the city in question, and not other parties in the case that were located in different counties. Caswell County v. Town of Yanceyville, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

§ 160A-319. Utility franchises.

(a) A city shall have authority to grant upon reasonable terms franchises for a telephone system and any of the enterprises listed in G.S. 160A-311, except a cable television system. A franchise granted by a city authorizes the operation of the franchised activity within the city. No franchise shall be granted for a period of more than 60 years, except that a franchise for solid waste collection or disposal systems and facilities shall not be granted for a period of more than 30 years. Except as otherwise provided by law, when a city operates an enterprise, or upon granting a franchise, a city may by ordinance make it unlawful to operate an enterprise without a franchise.

(b) For the purposes of this section, "cable television system" means any system or facility that, by means of a master antenna and wires or cables, or by wires or cables alone, receives, amplifies, modifies, transmits, or distributes any television, radio, or electronic signal, audio or video or both, to subscribing members of the public for compensation. "Cable television system" does not include providing master antenna services only to property owned or leased by the same person, firm, or corporation, nor communication services rendered to a cable television system by a public utility that is regulated by the North Carolina Utilities Commission or the Federal Communications Commission in providing those services. Effect of Amendments. — Session Laws 2006-151, s. 15, effective January 1, 2007, in subsection (a), in the first sentence, substituted "a telephone system and" for "the operation within the city of" and substituted "G.S. 160A-311, except a cable television system" for "G.S. 160A-311 and for the operation of telephone systems" at the end, added the second sentence, and deleted "years and cable television franchises shall not be granted for a period of more than 20" following "period of more than 30" at the end of the third sentence.

§ 160A-324. Contract with private solid waste collection firm(s).

(a) If the area to be annexed described in an act of the General Assembly includes an area where a firm (i) meets the requirements of subsection (a1) of this section, (ii) on the ninetieth day preceding the date of introduction in the House of Representatives or the Senate of the bill which became the act making the annexation, was providing solid waste collection services in the area to be annexed, (iii) is still providing such services on the date the act becomes law, and (iv) by reason of the annexation the firm's franchise with a county or arrangements with third parties for solid waste collection will be terminated, the city shall do one of the following:

(1) Contract with the firm for a period of two years after the effective date of the annexation ordinance to allow the firm to provide collection services to the city in the area to be annexed for sums determined under subsection (d) of this section.

(2) Pay the firm for the firm's economic loss, with one-third of the economic loss to be paid within 30 days of the termination and the balance paid in 12 equal monthly installments during the next succeeding 12 months. Any remaining economic loss payment is forfeited if the firm terminates service to customers in the annexation area prior to the effective date of the annexation.

(3) Make other arrangements satisfactory to the parties.

(a1) To qualify for the options set forth in subsection (a) of this section, a firm must have, subsequent to receiving notice of the annexation in accordance with subsection (b) of this section, filed with the city clerk at least 10 days prior to the effective date of the annexation a written request to contract with the city to provide solid waste collection services containing a certification, signed by an officer or owner of the firm, that the firm serves at least 50 customers within the county at that time.

(a2) Firms shall file notice of provision of solid waste collection service with the city clerk of all cities located in the firm's collection area or within five miles thereof.

(b) The city shall make a good faith effort to provide at least 30 days before the effective date of the annexation a copy of the act to each private firm providing solid waste collection services in the area to be annexed. The notice shall be sent to all firms that filed notice in accordance with subsection (a2) of this section by certified mail, return receipt requested, to the address provided by the firm under subsection (a2) of this section.

(c) The city may require that the contract contain:

(1) A requirement that the firm post a performance bond and maintain public liability insurance coverage;

(2) A requirement that the firm agree to service customers in the annexed area that were not served by that firm on the effective date of annexation;

(3) A provision that divides the annexed area into service areas if there were more than one firm being contracted within the area, such that the entire area is served by the firms, or by the city as to customers not served by the firms;

(4) A provision that the city may serve customers not served by the firm on the effective date of annexation;

(5) A provision that the contract can be cancelled in writing, delivered by certified mail to the firm in question with 30 days to cure, substantial violations of the contract, but no contract may be cancelled on these grounds unless the Local Government Commission finds that substantial violations have occurred, except that the city may suspend the contract for up to 30 days if it finds substantial violation of health laws;

(6) Performance standards, not exceeding city standards existing at the time of notice provided pursuant to subsection (b) of this section, with provision that the contract may be cancelled for substantial violations of those standards, but no contract may be cancelled on those grounds unless the Local Government Commission finds that substantial violations have occurred;

(7) A provision for monetary damages if there are violations of the contract or of performance standards.

(d) If the services to be provided to the city by reason of the annexation are substantially the same as rendered under the franchise with the county or arrangements with the parties, the amount paid by the city shall be at least ninety percent (90%) of the amount paid or required under the existing franchise or arrangements. If such services are required to be adjusted to conform to city standards or as a result of changes in the number of customers and as a result there are changes in disposal costs (including mileage and landfill charges), requirements for storage capacity (dumpsters and/or residential carts), and/or frequency of collection, the amount paid by the city for the service shall be increased or decreased to reflect the value of such adjusted services as if computed under the existing franchise or arrangements. In the event agreement cannot be reached between the city and the firm under this subsection, the matters shall be determined by the Local Government Commission.

(e), (f) Repealed by Session Laws 2006-193, s. 1, applicable to annexations for which the bill making the annexation is enacted on or after January 1, 2007.

(g) If the city fails to offer a contract to the firm within 30 days following the effective date of the annexation act, the firm may appeal within 60 days following the effective date of the annexation act to the Local Government Commission for an order directing the city to offer a contract. If the Local Government Commission finds that the city has not made an offer which complies with this section, it shall order the city to pay to the firm a civil penalty of the amount of payments it finds that the city would have had to make under the contract, during the noncompliance period until the contract offer is made. Either the firm or the city may obtain judicial review in accordance with Chapter 150B of the General Statutes.

(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than 30 days following a written request of the city all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 30 days following receipt of the written request for information from the city, provided that the city's written request so states by specific reference to this section.

(i) As used in this section, the following terms mean:

(1) Economic loss. — A sum equal to 15 times the average gross monthly revenue for the three months prior to the introduction of the bill under subsection (a) of this section, collected or due the firm for residential, commercial, and industrial collection service in the area annexed or to be annexed; provided that revenues shall be included in calculations under this subdivision only if policies of the city will provide solid waste collection to those customers such that arrangements between the firm and the customers will be terminated.

(2) Firm. — A private solid waste collection firm. (1989, c. 598, s. 1; 2006-193, s. 3.)

Effect of Amendments. — Session Laws 2006-193, s. 3, effective August 3, 2006, and applicable to annexations for which the bill making the annexation is enacted on or after January 1, 2007, rewrote subsection (a); added subsections (a1), (a2) and (i); added the last sentence in subsection (b); deleted "private" preceding "firm" and "firms" throughout subsections (c), (d) and (g); substituted "in writing, delivered by certified mail to the firm in question with 30 days to cure" for "for" in subdivision (c)(5); inserted "existing at the time of notice provided pursuant to subsection (b) of this section" in subdivision (c)(6); substituted "the" for "such" near the end of subsection (d); deleted subsections (e) and (f); and, in subsection (h), substituted "30 days" for "five days" in the first sentence and added the last sentence.

§ 160A-327. Displacement of private solid waste collection services.

(a) A unit of local government shall not displace a private company that is providing collection services for municipal solid waste or recovered materials, or both, except as provided for in this section.

(b) Before a local government may displace a private company that is providing collection services for municipal solid waste or recovered materials, or both, the unit of local government shall publish notice of the first meeting where the proposed change in solid waste collection service will be discussed. Notice shall be published once a week for at least four consecutive weeks in at least one newspaper of general circulation in the area in which the unit of local government and the proposed displacement area are located. The first public notice shall be given no less than 30 days but no more than 60 days prior to the displacement issue being placed on the agenda for discussion or action at an official meeting of the governing body of the unit of local government. The notice shall specify the date and place of the meeting, the geographic location in which solid waste collection services are proposed to be changed, and the types of solid waste collection services that may be affected. In addition, the unit of local government shall send written notice by certified mail, return receipt requested, to all companies that have filed notice with the unit of local government clerk pursuant to the provisions of subsection (f) of this section. The unit of local government shall deposit notice in the U.S. mail at least 30 days prior to the displacement issues being placed on the agenda for discussion or action at an official meeting of the governing body of the unit of local government.

(c) Following the public notice required by subsection (b) of this section, but in no event later than six months after the date of the first meeting pursuant to subsection (b) of this section, the unit of local government may proceed to take formal action to displace a private company. The unit of local government or other public or private entity selected by the unit of local government may not commence the actual provision of these services for a period of 15 months from the date of the first publication of notice, unless the unit of local government provides compensation to the displaced private company as follows:

(1) Subject to subdivision (3) of this subsection, if the private company has provided collection services in the displacement area prior to announcement of the displacement action, the unit of local government shall provide compensation to the displaced private company in an amount equal to the total gross revenues for collection services provided in the displacement area for the six months prior to the first publication of notice required under subsection (b) of this section.

(2) Subject to subdivision (3) of this subsection, if the displaced private company has provided collection services in the displacement area for less than six months prior to the first publication of notice required under subsection (b) of this section, the unit of local government shall provide compensation to the displaced private company in an amount equal to the total gross revenues for the period of time that the private company provided such services in the displacement area.

(3) If the displaced private company purchased an existing operation of another private company providing such services, compensation shall be for six months based on the monthly average total gross revenues for three months the immediate preceding the first publication of notice required under subsection (b) of this section.

(d) If the local government elects to provide compensation pursuant to subsection (c) of this section, the amount due from the unit of local government to the displaced company shall be paid as follows: one-third of the compensation to be paid within 30 days of the displacement and the balance paid in six equal monthly installments during the next succeeding six months.

(e) If the unit of local government fails to change the provision of solid waste services as described in the notices required under subsection (b) of this section within six months of the date of the first meeting pursuant to subsection (b) of this section, the unit of local government shall not take action to displace without complying again with the provisions of subsection (b) of this section.

(f) Notice of the provision of solid waste collection service shall be filed with the unit of local government clerk of all cities and counties located in the private company's collection area or within five miles thereof.

(g) This section shall not apply when a private company is displaced as the result of an annexation under Article 4A of Chapter 160A of the General Statutes or an annexation by an act of the General Assembly. The provisions of G.S. 160A-37.3, 160-49.3, or 160A-324 shall apply.

(h) If a unit of local government intends to provide compensation under subsection (c) of this section to a private company that has given notice under subsection (f) of this section, the private company shall make available to the unit of local government not later than 30 days following a written request of the unit of local government, sent by certified mail, return receipt requested, all information in its possession or control, including operational, financial, and budgetary information necessary for the unit of local government to determine if the private company qualifies for compensation. The private company forfeits its rights under this section if it fails to make a good faith response within 30 days following receipt of the written request for information from the unit of local government provided that the unit of local government's written request so states by specific reference to this section.

(i) Nothing in this section shall affect the authority of a city or county to establish recycling service where recycling service is not currently being offered.

(j) As used in this section, the following terms mean:

(1) Collection. — The gathering of municipal solid waste, recovered materials, or recyclables from residential, commercial, industrial, governmental, or institutional customers and transporting it to a sanitary landfill or other disposal facility. Collection does not include transport from a transfer station or processing point to a disposal facility.

(2) Displacement. — Any formal action by a unit of local government that prohibits a private company from providing all or a portion of the collection services for municipal solid waste, recovered materials, or recyclables that the company is providing in the affected area at least 90 days prior to the date of the first publication of notice required by subsection (b) of this section. Displacement also means an action by a unit of local government to use an availability fee, nonoptional fee, or taxes to fund competing collection services for municipal solid waste, recovered materials, or recyclables that the private company is providing in the affected areas at least 90 days prior to the date of the first publication of notice required under subsection (b) of this section is given. Displacement does not include any of the following actions:

a. Failure to renew a franchise agreement or contract with a private company.

b. Taking action that results in a change in solid waste collection services because the private company's operations present an imminent and substantial threat to human health or safety or are causing a substantial public nuisance.

c. Taking action that results in a change in solid waste collection services because the private company has materially breached its franchise agreement or the terms of a contract with the local government, or the company has notified the local government that it no longer intends to honor the terms of the franchise agreement or contract. Notice of breach must be delivered in writing, delivered by certified mail to the firm in question with 30 days to cure the violation of the contract.

d. Terminating an existing contract or franchise in accordance with the provisions of the contract or franchise agreement.

e. Providing temporary collection services under a declared state of emergency.

f. Taking action that results in a change in solid waste collection services due to the existing providers' felony conviction of a violation in the State of federal or State law governing the solid waste collection or disposal.

g. Contracting with a private company to continue its existing services or provide a different level of service at a negotiated price on terms agreeable to the parties.

(3) Municipal solid waste. — As defined in G.S. 130A-290(18a).

(4) Unit of local government. — A county, municipality, authority, or political subdivision that is authorized by law to provide for collection of solid waste or recovered materials, or both. (2006-193, s. 4.)

Editor's Note. — Session Laws 2006-193, s. 5, made this section effective August 3, 2006, and applicable to actions taken on or after January 1, 2007.

Part 3. Zoning.

§ 160A-381. Grant of power.

CASE NOTES

V. Conditional or Special Use Permits.

V. CONDITIONAL OR SPECIAL USE PERMITS.

Special Use Permit Not Required Where No Power to Zone Exists. — Rocky Mount Board of Adjustment had no authority to require a special use permit on the part of the Nash-Rocky Mount Board of Education with regard to its erection of a parking lot, because a parking lot was not a building or the use of a building as that term was provided for in the 2003 version of G.S. 160A-392 applicable to the matter; therefore, the Board of Adjustment had no zoning power and no special use permit was needed. § 160A-382. Districts.

CASE NOTES

No Zoning Power Over School's Parking Lot. — Rocky Mount Board of Adjustment had no authority to require a special use permit on the part of the Nash-Rocky Mount Board of Education with regard to its erection of a parking lot, because a parking lot was not a building or the use of a building as that term was provided for in the 2003 version of G.S. 160A-392 applicable to the matter; therefore, the Board of Adjustment had no zoning power and no special use permit was needed. Nash-Rocky Mount Bd. of Educ. v. Rocky Mount Bd. of Adjustment, 169 N.C. App. 587, 610 S.E.2d 255, 2005 N.C. App. LEXIS 679 (2005).

§ 160A-383. Purposes in view.

Zoning regulations shall be made in accordance with a comprehensive plan. When adopting or rejecting any zoning amendment, the governing board shall also approve a statement describing whether its action is consistent with an adopted comprehensive plan and any other officially adopted plan that is applicable, and briefly explaining why the board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review.

The planning board shall advise and comment on whether the proposed amendment is consistent with any comprehensive plan that has been adopted and any other officially adopted plan that is applicable. The planning board shall provide a written recommendation to the governing board that addresses plan consistency and other matters as deemed appropriate by the planning board, but a comment by the planning board that a proposed amendment is inconsistent with the comprehensive plan shall not preclude consideration or approval of the proposed amendment by the governing board.

Zoning regulations shall be designed to promote the public health, safety, and general welfare. To that end, the regulations may address, among other things, the following public purposes: to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to lessen congestion in the streets; to secure safety from fire, panic, and dangers; and to facilitate the efficient and adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. The regulations shall be made with reasonable consideration, among other things, as to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city. (1923, c. 250, s. 3; C.S., s. 2776(t); 1971, c. 698, s. 1; 2005-426, s. 7(a); 2006-259, s. 28.)

Part 5. Building Inspection.

§ 160A-411. Inspection department.

CASE NOTES

Liability of Building Inspector. — Building inspector who was not the chief building inspector was a public official. His position was created by statute, in that position he exercised a portion of the sovereign power delegated to him, through the county, by statute, and work in his official capacity required that he exercise discretion. McCoy v. Coker, 174 N.C. App. 311, 620 S.E.2d 691, 2005 N.C. App. LEXIS 2357 (2005).

§ 160A-425.1. Unsafe buildings condemned in certain localities.

(a) Residential Building and Nonresidential Building or Structure. — Every building that shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of the building.

(b) Residential Building and Nonresidential Building or Structure. — In addition to the authority granted in subsection (a) of this section, an inspector may declare a residential building or nonresidential building or structure within a community development target area to be unsafe if it meets both of the following conditions:

(1) It appears to the inspector to be vacant or abandoned.

(2) It appears to the inspector to be in such dilapidated condition as to cause or contribute to blight, disease, vagrancy, fire or safety hazard, to be a danger to children, or to tend to attract persons intent on criminal activities or other activities that would constitute a public nuisance.

(c) If an inspector declares a residential building or nonresidential building or structure to be unsafe under subsection (b) of this section, the inspector must affix a notice of the unsafe character of the structure to a conspicuous place on the exterior wall of the building. For the purposes of this section, the term "community development target area" means an area that has characteristics of an urban progress zone under G.S. 143B-437.09, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an area with similar characteristics designated by the city council as being in special need of revitalization for the benefit and welfare of its citizens.

(d) This Section applies to the Cities of Clinton, Durham, Fayetteville, Goldsboro, High Point, Lumberton, and Whiteville, and the Towns of Garner, Franklin, Hope Mills and Spring Lake only. (1905, c. 506, s. 15; Rev., s. 3010; 1915, c. 192, s. 15; C.S., s. 2773; 1929, c. 199, s. 1; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 1; 2001-386, s. 1; 2002-118, s. 1; 2003-23, s. 1; 2003-42, s. 1; 2004-6, s. 1; 2006-116, s. 3; 2006-252, s. 2.18.)

Effect of Amendments. — Session Laws 2006-116, s. 3, effective July 13, 2006, substituted "Lumberton, and Whiteville" for "and Lumberton" in subsection (d).

Session Laws 2006-252, s. 2.18, effective January 1, 2007, substituted "an urban progress zone under G.S. 143B-437.09" for "a development zone under G.S. 105-129.3A" in the second sentence of subsection (c).

§ 160A-426. Unsafe buildings condemned in other localities.

(a) Residential Building and Nonresidential Building or Structure. — Every building that shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of the building.

(b) Nonresidential Building or Structure. — In addition to the authority granted in subsection (a) of this section, an inspector may declare a nonresidential building or structure within a community development target area to be unsafe if it meets both of the following conditions:

(1) It appears to the inspector to be vacant or abandoned.

(2) It appears to the inspector to be in such dilapidated condition as to cause or contribute to blight, disease, vagrancy, fire or safety hazard, to be a danger to children, or to tend to attract persons intent on criminal activities or other activities that would constitute a public nuisance.

(c) If an inspector declares a nonresidential building or structure to be unsafe under subsection (b) of this section, the inspector must affix a notice of the unsafe character of the structure to a conspicuous place on the exterior wall of the building. For the purposes of this section, the term "community development target area" means an area that has characteristics of an urban progress zone under G.S. 143B-437.09, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an area with similar characteristics designated by the city council as being in special need of revitalization for the benefit and welfare of its citizens. Effect of Amendments. — Session Laws 2006-252, s. 2.19, effective January 1, 2007, substituted "an urban progress zone under G.S. 143B-437.09" for "a development zone under G.S. 105-129.3A" in the second sentence of subsection (c).

Part 6. Minimum Housing Standards.

§ 160A-443. Ordinance authorized as to repair, closing, and demolition; order of public officer.

CASE NOTES

Summary Judgment Improper. — Hertford, N.C., Ordinance § 17 is not inconsistent with the provisions of G.S. 160A-443(6)(c); however, a town was required to comply with G.S. 160A-443(6)(c) to salvage personal property or appurtenances on real estate and apply the proceeds to the cost of removal or demolition, and where owners claimed that mobile homes and contents removed from their property had value, but the town claimed they did not, summary judgment was improper. Town of Hertford v. Harris, 169 N.C. App. 838, 839, 611 S.E.2d 194, 196, 2004 N.C. App. LEXIS 2469 (2005).

Part 8. Miscellaneous Powers.

§ 160A-456. Community development programs and activities.

(a) Any city is authorized to engage in, to accept federal and State grants and loans for, and to appropriate and expend funds for community development programs and activities. In undertaking community development programs and activities, in addition to other authority granted by law, a city may engage in the following activities:

(1) Programs of assistance and financing of rehabilitation of private buildings principally for the benefit of low and moderate income persons, or for the restoration or preservation of older neighborhoods or properties, including direct repair, the making of grants or loans, the subsidization of interest payments on loans, and the guaranty of loans;

(2) Programs concerned with employment, economic development, crime prevention, child care, health, drug abuse, education, and welfare needs of persons of low and moderate income.

(b) Any city council may exercise directly those powers granted by law to municipal redevelopment commissions and those powers granted by law to municipal housing authorities, and may do so whether or not a redevelopment commission or housing authority is in existence in such city. Any city council desiring to do so may delegate to any redevelopment commission or to any housing authority the responsibility of undertaking or carrying out any specified community development activities. Any city council and any board of county commissioners may by agreement undertake or carry out for each other any specified community development activities. Any city council may contract with any person, association, or corporation in undertaking any specified community development activities. Any county or city board of health, county board of social services, or county or city board of education, may by agreement undertake or carry out for any city council any specified community development activities.

(c) Any city council undertaking community development programs or activities may create one or more advisory committees to advise it and to make recommendations concerning such programs or activities.

(d) Any city council proposing to undertake any loan guaranty or similar program for rehabilitation of private buildings is authorized to submit to its voters the question whether such program shall be undertaken, such referendum to be conducted pursuant to the general and local laws applicable to special elections in such city.

(d1) Any city may receive and dispense funds from the Community Development Block Grant Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700 et seq., either through application to the North Carolina Department of Commerce or directly from the federal government, in accordance with State and federal laws governing these funds. Any city that receives these funds directly from the federal government may pledge current and future CDBG funds for use as loan guarantees in accordance with State and federal laws governing these funds. A city may implement the receipt, dispensing, and pledging of CDBG funds under this subsection by borrowing CDBG funds and lending all or a portion of those funds to a third party in accordance with applicable laws governing the CDBG program.

Any city that has pledged current or future CDBG funds for use as loan guarantees prior to the enactment of this subsection is authorized to have taken such action. A pledge of future CDBG funds under this subsection is not a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or any political subdivision of the State. The pledging of future CDBG funds under this subsection does not directly, indirectly, or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes.

(e) Repealed by Session Laws 1985, c. 665, s. 5.

(e1) All program income from Economic Development Grants from the Small Cities Community Development Block Grant Program may be retained by recipient cities in "economically distressed counties", as defined in G.S. 143B-437.01, for the purposes of creating local economic development revolving loan funds. Such program income derived through the use by cities of Small Cities Community Development Block Grant money includes but is not limited to: (i) payment of principal and interest on loans made by the county using Community Development Block Grant Funds; (ii) proceeds from the lease or disposition of real property acquired with Community Development Block Grant Funds; and (iii) any late fees associated with loan or lease payments in (i) and (ii) above. The local economic development revolving loan fund set up by the city shall fund only those activities eligible under Title I of the federal Housing and Community Development Act of 1974, as amended (P.L. 93-383), and shall meet at least one of the three national objectives of the Housing and Community Development Act. Any expiration of G.S. 143B-437.01 or G.S. 105-129.3 shall not affect this subsection as to designations of economically distressed counties made prior to its expiration. (1975, c. 435, s. 1; c. 689, s. 1; c. 879, s. 46; 1983, c. 908, s. 4; 1985, c. 665, s. 5; 1987, c. 464, s. 10; 1987 (Reg. Sess., 1988), c. 992, s. 2; 1995, c. 310, s. 3; 1995 (Reg. Sess., 1996), c. 13, s. 3.9; c. 575, s. 3; 2006-259, s. 27(b).)

Effect of Amendments. — Session Laws 2006-259, s. 27.(b), effective August 23, 2006, substituted "G.S. 143B-437.01" for "G.S. 143B-437A" in the first and last sentence of subsection (e1).

§ 160A-459. Stormwater control.

(a) A city may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A city may adopt a stormwater management ordinance pursuant to this Chapter, its charter, other applicable laws, or any combination of these powers.

(b) A federal, State, or local government project shall comply with the requirements of a city stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A city may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the city. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a city may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.

(c) A city may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.

(d) A city that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, to establish the stormwater control program necessary for the city to comply with the permit. A city may adopt an ordinance that bans illicit discharges within its corporate limits and its planning jurisdiction. A city may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project.

(e) Unless the city requests the permit condition in its permit application, the Environmental Management Commission may not require as a condition of a National Pollutant Discharge Elimination System (NPDES) stormwater permit issued pursuant to G.S. 143-214.7 that a city implement the measure required by 40 Code of Federal Regulations § 122.34(b)(3)(1 July 2003 Edition) in its extraterritorial jurisdiction. (2006-246, s. 17(b).)

Interlocal Cooperation.

Part 1. Joint Exercise of Powers.

§ 160A-461. Interlocal cooperation authorized.

CASE NOTES

Agreements Not Prohibited. — Nothing in Chapter 162A indicates it was designed to restrict the broad grant of authority to local governmental units for interlocal cooperation; therefore, an agreement to construct a water distribution facility was not prohibited because units of local government were permitted to enter into contracts under G.S. 160A-461. Caswell County v. Town of Yanceyville, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

Part 2. Regional Councils of Governments.

§ 160A-475. Specific powers of council.

The charter may confer on the regional council any of the following powers:

(1) To apply for, accept, receive, and dispense funds and grants made available to it by the State of North Carolina or any agency thereof, the United States of America or any agency thereof, any unit of local government (whether or not a member of the council), and any private or civic agency.
(2) To employ personnel.
(3) To contract with consultants.
(4) To contract with the State of North Carolina, any other state, the United States of America, or any agency thereof, for services.
(5) To study regional governmental problems, including matters affecting health, safety, welfare, education, recreation, economic conditions, regional planning, and regional development.
(6) To promote cooperative arrangements and coordinated action among its member governments.
(7) To make recommendations for review and action to its member governments and other public agencies which perform functions within the region in which its member governments are located.
(7a) For the purpose of meeting the regional council's office space and program needs, to acquire real property by purchase, gift, or otherwise, and to improve that property. The regional council may pledge real property as security for indebtedness used to finance acquisition of that property or for improvements to that real property, subject to approval by the Local Government Commission as required under G.S. 159-153. A regional council may not exercise the power of eminent domain.

Article 21.

Miscellaneous.

§ 160A-485. Waiver of immunity through insurance purchase.

CASE NOTES

Settlement of Claims Does Not Cause Waiver. — Trial court decision denying JNOV to a city, one of its police officers, and its police department was reversed on appeal, because the plaintiff, an arrestee injured in a squad car, failed to prove gross negligence and only showed simple negligence by evidence that the police officer drove 30 to 35 miles above the legal speed limit although he knew that plaintiff was not wearing a seat belt and had to brake suddenly to avoid a collision causing plaintiff to propel into the metal screen in the squad car. City also did not waive governmental immunity by its voluntary settlement with plaintiff since the city had a liability policy and none of the conditions of waiver, as provided by G.S. 160A-485(a), were met. § 160A-515.1. Project development financing.

(a) Authorization. — A city may finance a redevelopment project and any related public improvements with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the city. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the city's governing body must define a development financing district and adopt a development financing plan for the district. The city may act jointly with a county to finance a project, define a development financing district, and adopt a development financing plan for the district.

(b) Development Financing District. — A development financing district shall comprise all or portions of one or more redevelopment areas defined pursuant to this Article. The total land area within development financing districts in a city, including development financing districts created pursuant to G.S. 158-7.3, may not exceed five percent (5%) of the total land area of the city. For purposes of this section, land in a district created by a county that subsequently becomes part of a city does not count against the city's five-percent (5%) limit unless the city and the county have entered into an agreement pursuant to G.S. 159-107(e).

(c) Development Financing Plan. — The development financing plan must be compatible with the redevelopment plan or plans for the redevelopment area or areas included within the district. The development financing plan must include all of the following:

(1) A description of the boundaries of the development financing district.
(2) A description of the proposed development of the district, both public and private.
(3) The costs of the proposed public activities.
(4) The sources and amounts of funds to pay for the proposed public activities.
(5) The base valuation of the development financing district.
(6) The projected incremental valuation of the development financing district.
(7) The estimated duration of the development financing district.
(8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.
(9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on

residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.

(10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements in subsection (d) of this section.

(d) Wage Requirements. — A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe. Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term "manufacturing facility" means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(e) County Review. — Before adopting a plan for a development financing district, the city council shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the city council, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the city council may proceed to adopt the plan.

(f) Environmental Review. — Before adopting a plan for development financing districts, the city council shall submit the plan to the Secretary of Environment and Natural Resources to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(g) Plan Adoption. — Before adopting a plan for a development financing district, the city council shall hold a public hearing on the plan. The council shall, no less than 30 days before the day of hearing, cause notice of the hearing to be mailed by first-class mail to all property owners and mailing addresses within the proposed development financing district. The council shall also, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once in a newspaper of general circulation in the city. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the city clerk. At the public hearing, the council shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environment and Natural Resources has disapproved the plan pursuant to subsection (e) or (f) of this section, the council may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the city's application to issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(h) Plan Modification. — Subject to the limitations of this subsection, a city council may, after the effective date of the district, amend a development financing plan adopted for a development financing district. Before making any amendment, the city council shall follow the procedures and meet the requirements of subsections (d) through (g) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the city may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(i) Plan Implementation. — In implementing a development financing plan, a city may act directly, through a redevelopment commission, through one or more contracts with private agencies, or by any combination of these. A private agency that enters into a contract with a city for the implementation of a development financing plan is subject to the provisions of Article 8 of Chapter 143 of the General Statutes only to the extent specified in the contract. (2003-403, s. 18; 2005-238, s. 12; 2006-211, s. 4.)

Effect of Amendments. — Session Laws 2006-211, s. 4, effective August 8, 2006, added the last sentence in subsection (i).

The report shall be available for public inspection in the office of the city clerk for at least four weeks before the date of the public hearing.

(c) Hearing and Notice. — The city council shall hold a public hearing before adopting any resolution defining a new service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (b) is available for public inspection in the office of the city clerk. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the council to mail the notice shall certify to the council that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(d) Effective Date. — The resolution defining a service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the city council, except that if the governing body in the resolution states that general obligation bonds are anticipated to be authorized for the project, it may make the resolution effective immediately upon its adoption, but no ad valorem tax may be levied for a partial fiscal year.

(e) In the case of a resolution defining a service district, which is adopted during the period beginning July 1, 1981, and ending July 31, 1981, and which district is for any purpose defined in G.S. 160A-536(1), the city council may make the resolution effective for the fiscal year beginning July 1, 1981. Waiver of Immunity. — In an action in which soldiers, who were shot by a sheriff's deputy, sought to hold the sheriff in his official capacity liable on the basis of respondeat superior for the alleged assault and battery committed by the deputy, the sheriff's governmental immunity was waived pursuant to G.S. 58-76-5 by the purchase of a statutorily required bond under G.S. 162-8 because the sheriff's surety was joined as a party. Service By Deputy Sheriffs in an Action Against Deputy. —

Residents failed to comply with G.S. 162-16, and therefore a sheriff and deputy were never properly served with summons, where another deputy served both the sheriff and the deputy; such service was improper since the clerk of court never designated that deputy as her agent to serve the sheriff and the deputy. § 162A-5. Members of authority; organization; quorum.

(a) Each authority organized under this Article shall consist of the number of members as may be agreed upon by the participating political subdivisions, such members to be selected by the respective political subdivision. A proportionate number (as nearly as can be) of members of the authority first appointed shall have terms expiring one year, two years and three years respectively from the date on which the creation of the authority becomes effective. Successor members and members appointed by a political subdivision subsequently joining the authority shall each be appointed for a term of three years, but any person appointed to fill the vacancy shall be appointed to serve only for the unexpired term and any member may be reappointed; provided, however, that a political subdivision subsequently joining an authority created under G.S. 162A-3.1, or under the provisions of G.S. 162A-3 other than subsection (a1), shall not have the right to appoint any members to such authority. Appointments of successor members shall, in each instance, be made by the governing body of the political subdivision appointing the member whose successor is to be appointed. Any member of the authority may be removed, with or without cause, by the governing body appointing said member. This subsection does not apply in the case of an authority that a city joins under G.S. 162A-5.1.

(b) Each authority organized under this Article that a city has joined under G.S. 162A-5.1 shall consist of the number of members provided by that section, such members to be selected as provided by that section. Two each of the members of the authority first appointed after a city has joined under G.S. 162A-5.1 shall have terms expiring one year and two years respectively from the date on which the certificate of joinder was issued, and three of the members of the authority first appointed after a city has joined under G.S. 162A-5.1 shall have terms expiring three years from the date on which the certificate of joinder was issued. Such designation shall be made by the authority by lot at the meeting where members take their oaths of office. Successor members shall each be appointed for a term of three years to commence on the day that the terms of the prior members' terms expire, but any person appointed to fill a vacancy shall be appointed to serve only for the unexpired term and any member may be reappointed. Appointments of successor members shall, in each instance, be made by the governing body of the political subdivision appointing the member whose successor is to be appointed. Any member of the authority may be removed, with or without cause, by the governing body appointing said member.

(c) Each member of the authority before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution of the United States and of this State and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the secretary of the authority.

The authority shall select one of its members as chairman and another as vice-chairman and shall also select a secretary and a treasurer who may but need not be members of the authority. The offices of secretary and treasurer may be combined. The terms of office of the chairman, vice-chairman, secretary and treasurer shall be as provided in the bylaws of the authority.

A majority of the members of the authority shall constitute a quorum and the affirmative vote of a majority of all of the members of the authority shall be necessary for any action taken by the authority. No vacancy in the membership of the authority shall impair the right of a quorum to exercise all the rights and perform all of the duties of the authority. The members of the authority may be paid a per diem compensation set by the authority which per diem may not exceed the total amount of four thousand dollars ($4,000) annually, and shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. Editor's Note. — Session Laws 2005-127, s. 3, as amended by Session Laws 2006-226, s. 29, provides that for each water and sewer authority organized under Article 1 of Chapter 162A of the General Statutes, G.S. 162A-5(c) applies on the first day of the fiscal year of the authority that begins on or after June 29, 2005.

Effect of Amendments. — Session Laws 2005-127, s. 2, as amended by Session Laws 2006-226, s. 29, effective June 29, 2005, and applicable on the first day of the fiscal year of the authority that begins after that date, substituted "four thousand dollars ($4,000)" for "two thousand dollars ($2,000)" in the last paragraph of subsection (c).

County Water and Sewer Districts.

§ 162A-87.1B. Transfer of State-owned property from one district to another.

If any property owned by the State is located in a county water and sewer district, the board of commissioners of that county by resolution may transfer the property to another county water and sewer district in that county. This section only applies if the State acquired the property from the county. Any such resolution shall become effective on the date specified in the resolution, and a copy of the resolution shall be sent to the Department of Administration. (2005-127, s. 1; 2006-226, s. 29.)

All of the terms of office of the present members of the State Board of Elections shall expire on May 1, 1969, or when their successors in office are appointed and qualified.

The State Board of Elections shall consist of five registered voters whose terms of office shall begin on May 1, 1969, and shall continue for four years, and until their successors are appointed and qualified. The Governor shall appoint the members of this Board and likewise shall appoint their successors every four years at the expiration of each four-year term. Not more than three members of the Board shall be members of the same political party. The Governor shall appoint the members from a list of nominees submitted to him by the State party chairman of each of the two political parties having the highest number of registered affiliates as reflected by the latest registration statistics published by the State Board of Elections. Each party chairman shall submit a list of five nominees who are affiliated with that political party.

Any vacancy occurring in the Board shall be filled by the Governor, and the person so appointed shall fill the unexpired term. The Governor shall fill the vacancy from a list of three nominees submitted to him by the State party chairman of the political party that nominated the vacating member as provided by the preceding paragraph. The three nominees must be affiliated with that political party.

At the first meeting held after new appointments are made, the members of the State Board of Elections shall take the following oath:

> "I, ________, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, and that I will well and truly execute the duties of the office of member of the State Board of Elections according to the best of my knowledge and ability, according to law, so help me, God."

After taking the prescribed oath, the Board shall organize by electing one of its members chairman and another secretary.

No person shall be eligible to serve as a member of the State Board of Elections who holds any elective or appointive office under the government of the United States, or of the State of North Carolina or any political subdivision thereof. No person who holds any office in a political party, or organization, or who is a candidate for nomination or election to any office, or who is a campaign manager or treasurer of any candidate in a primary or election shall be eligible to serve as a member of the State Board of Elections. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

SUBCHAPTER III. QUALIFYING TO VOTE.

ARTICLE 6.

Qualifications of Voters.

§ 163-57. Residence defined for registration and voting.

All election officials in determining the residence of a person offering to register or vote, shall be governed by the following rules, so far as they may apply:

(1) That place shall be considered the residence of a person in which that person's habitation is fixed, and to which, whenever that person is absent, that person has the intention of returning.

a. In the event that a person's habitation is divided by a State, county, municipal, precinct, ward, or other election district, then the location of the bedroom or usual sleeping area for that person with respect to the location of the boundary line at issue shall be controlling as the residency of that person.

b. If the person disputes the determination of residency, the person may request a hearing before the county board of elections making the determination of residency. The procedures for notice of hearing and the conduct of the hearing shall be as provided in G.S. 163-86. The presentation of an accurate and current determination of a person's residence and the boundary line at issue by map or other means available shall constitute prima facie evidence of the geographic location of the residence of that person.

c. In the event that a person's residence is not a traditional residence associated with real property, then the location of the usual sleeping area for that person shall be controlling as to the residency of that person. Residence shall be broadly construed to provide all persons with the opportunity to register and to vote, including stating a mailing address different from residence address.

(2) A person shall not be considered to have lost that person's residence if that person leaves home and goes into another state, county, munic-

ipality, precinct, ward, or other election district of this State, for temporary purposes only, with the intention of returning.

(3) A person shall not be considered to have gained a residence in any county, municipality, precinct, ward, or other election district of this State, into which that person comes for temporary purposes only, without the intention of making that county, municipality, precinct, ward, or other election district a permanent place of abode.

(4) If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of making that state, county, municipality, precinct, ward, or other election district a permanent residence, that person shall be considered to have lost residence in the state, county, municipality, precinct, ward, or other election district from which that person has removed.

(5) If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of remaining there an indefinite time and making that state, county, municipality, precinct, ward, or other election district that person's place of residence, that person shall be considered to have lost that person's place of residence in this State, county, municipality, precinct, ward, or other election district from which that person has removed, notwithstanding that person may entertain an intention to return at some future time.

(6) If a person goes into another state, county, municipality, precinct, ward, or other election district, or into the District of Columbia, and while there exercises the right of a citizen by voting in an election, that person shall be considered to have lost residence in that State, county, municipality, precinct, ward, or other election district from which that person removed.

(7) School teachers who remove to a county, municipality, precinct, ward, or other election district in this State for the purpose of teaching in the schools of that county temporarily and with the intention or expectation of returning during vacation periods to live where their parents or other relatives reside in this State and who do not have the intention of becoming residents of the county, municipality, precinct, ward, or other election district to which they have moved to teach, for purposes of registration and voting shall be considered residents of the county, municipality, precinct, ward, or other election district in which their parents or other relatives reside.

(8) If a person removes to the District of Columbia or other federal territory to engage in the government service, that person shall not be considered to have lost residence in this State during the period of such service unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.

Article 7A.

Registration of Voters.

§ 163-82.15. Change of address within the county.

(a) Registrant's Duty to Report. — No registered voter shall be required to re-register upon moving from one precinct to another within the same county. Instead, a registrant shall notify the county board of the change of address by the close of registration for an election as set out in G.S. 163-82.6(c). In addition to any other method allowed by G.S. 163-82.6, the form may be submitted by electronic facsimile, under the same deadlines as if it had been submitted in person. The registrant shall make the notification by means of a voter registration form as described in G.S. 163-82.3, or by another written notice, signed by the registrant, that includes the registrant's full name, former residence address, new residence address, and the registrant's attestation that the registrant moved at least 30 days before the next primary or election from the old to the new address.

(b) Verification of New Address by Mail. — When a county board of elections receives a notice that a registrant in that county has changed residence within the same county, the county board shall send a notice, by nonforwardable mail, to the registrant at the new address. The notice shall inform the registrant of any new precinct and voting place that will result from the change of address, and it shall state whether the registrant shall vote at the new voting place during the upcoming election or at a later election. If the Postal Service returns the county board's notice to the registrant as undeliverable, the county board shall either:

(1) Send a second notice by nonforwardable mail to the new address and, if it is returned as undeliverable, send to the registrant's old address a confirmation notice as described in G.S. 163-82.14(d)(2); or

(2) Send to the registrant's old address a confirmation notice as described in G.S. 163-82.14(d)(2) without first sending a second nonforwardable notice to the new address.

In either case, if the registrant does not respond to the confirmation notice as described in G.S. 163-82.14(d)(2), then the county board shall proceed with the removal of the registrant from the list of voters in accordance with G.S. 163-82.14(d).

(c) Board's Duty to Make Change. — If the county board confirms the registrant's new address in accordance with subsection (b) of this section, the county board shall as soon as practical change the record to reflect the new address.

(d) Unreported Move Within the Same Precinct. — A registrant who has moved from one address to another within the same precinct shall, notwithstanding failure to notify the county board of the change of address before an election, be permitted to vote at the voting place of that precinct upon oral or written affirmation by the registrant of the change of address before a precinct official at that voting place.

(e) Unreported Move to Another Precinct Within the County. — If a registrant has moved from an address in one precinct to an address in another precinct within the same county more than 30 days before an election and has failed to notify the county board of the change of address before the close of registration for that election, the county board shall permit that person to vote in that election. The county board shall permit the registrant described in this subsection to vote at the registrant's new precinct, upon the registrant's written affirmation of the new address, or, if the registrant prefers, at a central location in the county to be chosen by the county board. If the registrant appears at the old precinct, the precinct officials there shall send the registrant to the new precinct or, if the registrant prefers, to the central location, according to rules which shall be prescribed by the State Board of Elections. At the new precinct, the registrant shall be processed by a precinct transfer assistant, according to rules which shall be prescribed by the State Board of Elections. Any voter subject to this subsection may instead vote a provisional ballot according to the provisions of G.S. 163-166.11.

(f) When Registrant Disputes Registration Records. — If the registration records indicate that the registrant has moved outside the precinct, but the registrant denies having moved from the address within the precinct previously shown on the records, the registrant shall be permitted to vote at the voting place for the precinct where the registrant claims to reside, if the registrant gives oral or written affirmation before a precinct official at that voting place.

(g) Precinct Transfer Assistants. — The county board of elections shall either designate a board employee or appoint other persons to serve as precinct transfer assistants to receive the election-day transfers of the voters described in subsection (e) of this section. In addition, board members and employees may perform the duties of precinct transfer assistants. The State Board of Elections shall promulgate uniform rules to carry out the provisions of this section, and shall define in those rules the duties of the precinct transfer assistant. Sess., 1994), c. 762, s. 2; 2001-314, s. 1; 2005-2, s. 3; 2006-262, s. 2.)

The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. —

Session Laws 2006-262, s. 2, effective August 27, 2006, substituted "the registrant's attestation that the registrant moved at least 30 days before the next primary or election" for "date of moving" near the end of the last sentence in subsection (a).

§ 163-82.28. The HAVA Election Fund.

There is established a special fund to be known as the Election Fund. All funds received for implementation of the Help America Vote Act of 2002, Public Law 107-252, shall be deposited in that fund. The State Board of Elections shall use funds in the Election Fund only to implement HAVA. (2003-12, s. 1; 2005-276, s. 23A.2(a); 2005-323, s. 7; 2006-264, s. 76(d).)

Editor's Note. —

Session Laws 2005-323, s. 7, effective August 26, 2005, added "and for purposes permitted by HAVA to comply with State law" at the end of the last sentence. Session Laws 2006-264, s. 76(d), repealed Session Laws 2005-323, s. 7, effective August 27, 2006.

ARTICLE 8.

Challenges.

§ 163-87. Challenges allowed on day of primary or election.

On the day of a primary or election, at the time a registered voter offers to vote, any other registered voter of the precinct may exercise the right of challenge, and when he does so may enter the voting enclosure to make the challenge, but he shall retire therefrom as soon as the challenge is heard.

On the day of a primary or election, any other registered voter of the precinct may challenge a person for one or more of the following reasons:

(1) One or more of the reasons listed in G.S. 163-85(c).
(2) That the person has already voted in that primary or election.
(3) That the person presenting himself to vote is not who he represents himself to be.
(4) If the challenge is made with respect to voting in a partisan primary, that the person is a registered voter of another political party.

The chief judge, judge, or assistant appointed under G.S. 163-41 or 163-42 may enter challenges under this section against voters in the precinct for which appointed regardless of the place of residence of the chief judge, judge, or assistant.

If a person is challenged under this subsection, and the challenge is sustained under G.S. 163-85(c)(3), the voter may still transfer his registration under G.S. 163-82.15(e) if eligible under that section, and the registration shall not be cancelled under G.S. 163-90.2(a) if the transfer is made. A person who has transferred his registration under G.S. 163-82.15(e) may be challenged at the precinct to which the registration is being transferred. (1915, c. 101, s. 11; 1917, c. 218; C.S., s. 6031; 1921, c. 181, s. 6; 1923, c. 111, s. 14; 1929, c. 164, s. 36; 1953, c. 843; 1955, c. 800; c. 871, s. 7; 1959, c. 616, s. 2; c. 1203, s. 7; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1985, c. 563, ss. 11.4, 14; 1987, c. 408, s. 7; 1993 (Reg. Sess., 1994), c. 762, s. 26; 1995 (Reg. Sess., 1996), c. 734, s. 4; 2006-262, s. 3(a).)

Editor's Note. —

The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 3(a), effective August 27, 2006, added subdivision (4); deleted the former third paragraph which read: "On the day of a party primary, any voter of the precinct who is registered as a member of the political party conducting the primary may, at the time any registrant proposes to vote, challenge his right to vote upon the ground that he does not affiliate with the party conducting the primary or does not in good faith intend to support the candidates nominated in that party's primary, and it shall be the duty of the chief judge and judges of election to determine whether or not the challenged registrant has a right to vote in that primary according to the procedures prescribed in G.S. 163-88; provided that no challenge may be made on the grounds specified in the paragraph against an unaffiliated voter voting in the primary under G.S. 163-74(a1)."; and made minor punctuation changes.

§ 163-90.2. Action when challenge sustained, overruled, or dismissed.

(a) When any challenge is sustained for any cause listed under G.S. 163-85(c), the board shall cancel or correct the voter registration of the voter. The board shall maintain such record for at least six months and during the pendency of any appeal. The challenged ballot shall be counted for any ballot items for which the challenged voter is eligible to vote, as if it were a provisional official ballot under the provisions of G.S. 163-166.11(4).

(b) Repealed by Session Laws 2006-252, s. 3(b), effective August 27, 2006.

(c) When any challenge made under G.S. 163-85 is overruled or dismissed, the board shall erase the word "challenged" which appears on the person's registration records.

(d) A decision by a county board of elections on any challenge made under the provisions of this Article shall be appealable to the Superior Court of the county in which the offices of that board are located within 10 days. Only those persons against whom a challenge is sustained or persons who have made a challenge which is overruled shall have standing to file such appeal. (1979, c. 357, s. 4; 1987 (Reg. Sess., 1988), c. 1028, s. 11; 2006-262, s. 3(b).)

Editor's Note. — Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 3(b), effective August 27, 2006, in subsection (a), inserted "or correct", substituted "voter. The board" for "voter and shall remove his card from the book, but", and added the last sentence; and deleted former subsection (b) which read: "When any challenge heard under G.S. 163-88 or 163-89 is sustained on the ground that the voter is not affiliated with the political party shown on his registration record, the board shall change the voter's party affiliation to 'unaffiliated.'"

SUBCHAPTER IV. POLITICAL PARTIES.

Article 9.

Political Party Definition.

§ 163-96. "Political party" defined; creation of new party.

(a) Definition. — A political party within the meaning of the election laws of this State shall be either:

(1) Any group of voters which, at the last preceding general State election, polled for its candidate for Governor, or for presidential electors, at least two percent (2%) of the entire vote cast in the State for Governor or for presidential electors; or

(2) Any group of voters which shall have filed with the State Board of Elections petitions for the formulation of a new political party which are signed by registered and qualified voters in this State equal in number to two percent (2%) of the total number of voters who voted in the most recent general election for Governor. Also the petition must be signed by at least 200 registered voters from each of four congressional districts in North Carolina. To be effective, the petitioners must file their petitions with the State Board of Elections before 12:00 noon on the first day of June preceding the day on which is to be held the first general State election in which the new political party desires to participate. The State Board of Elections shall forthwith determine the sufficiency of petitions filed with it and shall immediately communicate its determination to the State chairman of the proposed new political party.

(b) Petitions for New Political Party. — Petitions for the creation of a new political party shall contain on the heading of each page of the petition in bold print or all in capital letters the words: “THE UNDERSIGNED REGISTERED VOTERS IN ________ COUNTY HEREBY PETITION FOR THE FORMATION OF A NEW POLITICAL PARTY TO BE NAMED ________ AND WHOSE STATE CHAIRMAN IS ____________, RESIDING AT ____________ AND WHO CAN BE REACHED BY TELEPHONE AT ________.”
All printing required to appear on the heading of the petition shall be in type no smaller than 10 point or in all capital letters, double spaced typewriter size. In addition to the form of the petition, the organizers and petition circulators shall inform the signers of the general purpose and intent of the new party.

The petitions must specify the name selected for the proposed political party. The State Board of Elections shall reject petitions for the formation of a new party if the name chosen contains any word that appears in the name of any existing political party recognized in this State or if, in the Board’s opinion, the name is so similar to that of an existing political party recognized in this State as to confuse or mislead the voters at an election.

The petitions must state the name and address of the State chairman of the proposed new political party.

(b1) Each petition shall be presented to the chairman of the board of elections of the county in which the signatures were obtained, and it shall be the chairman’s duty:

(1) To examine the signatures on the petition and place a check mark on the petition by the name of each signer who is qualified and registered to vote in his county.

(2) To attach to the petition his signed certificate
   a. Stating that the signatures on the petition have been checked against the registration records and
   b. Indicating the number found qualified and registered to vote in his county.

(3) To return each petition, together with the certificate required by the preceding subdivision, to the person who presented it to him for checking.

The group of petitioners shall submit the petitions to the chairman of the county board of elections in the county in which the signatures were obtained no later than 5:00 P.M. on the fifteenth day preceding the date the petitions are due to be filed with the State Board of Elections as provided in subsection (a)(2) of this section. Provided the petitions are timely submitted, the chairman of the county board of elections shall proceed to examine and verify the signatures under the provisions of this subsection. Verification shall be completed within two weeks from the date such petitions are presented.

(c) Repealed by Session Laws 1983, c. 576, s. 3. (1901, c. 89, s. 85; Rev., s. 4292; 1915, c. 101, s. 31; 1917, c. 218; C.S., ss. 5913, 6052; 1933, c. 165, ss. 1, 17; 1949, c. 671, ss. 1, 2; 1967, c. 775, s. 1; 1975, c. 179; 1979, c. 411, s. 3; 1981, c. 219, ss. 1-3; 1983, c. 576, ss. 1-3; 1997-456, s. 27; 1999-424, s. 5(a); 2004-127, s. 14; 2006-234, s. 1.)

Effect of Amendments. — Session Laws 2006-234, s. 1, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, substituted "two percent (2%)" for "ten percent (10%)" near the end of subdivision (a)(1).

§ 163-97. Termination of status as political party.

When any political party fails to meet the test set forth in G.S. 163-96(a)(1), it shall cease to be a political party within the meaning of the primary and general election laws and all other provisions of this Chapter. (1901, c. 89, s. 85; Rev., s. 4292; C.S., s. 5913; 1933, c. 165, s. 1; 1949, c. 671, s. 1; 1967, c. 775, s. 1; 2006-234, s. 2.)

Effect of Amendments. — Session Laws 2006-234, s. 2, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, substituted "meet the test set forth in G.S. 163-96(a)(1)" for "poll for its candidate for governor, or for presidential electors, at least ten percent (10%) of the entire vote case in the State for governor or for presidential electors at a general election" near the beginning of the section.

§ 163-98. General election participation by new political party.

In the first general election following the date on which a new political party qualifies under the provisions of G.S. 163-96, it shall be entitled to have the names of its candidates for national, State, congressional, and local offices printed on the official ballots upon paying a filing fee equal to that provided for candidates for the office in G.S. 163-107 or upon complying with the alternative available to candidates for the office in G.S. 163-107.1.

For the first general election following the date on which it qualifies under G.S. 163-96, a new political party shall select its candidates by party convention. Following adjournment of the nominating convention, but not later than the first day of July prior to the general election, the president of the convention shall certify to the State Board of Elections the names of persons chosen in the convention as the new party's candidates in the ensuing general election. The State Board of Elections shall print names thus certified on the appropriate ballots as the nominees of the new party. The State Board of Elections shall send to each county board of elections the list of any new party candidates so that the county board can add those names to the appropriate ballot. (1901, c. 89, s. 85; Rev., s. 4292; C.S., s. 5913; 1933, c. 165, s. 1; 1949, c. 671, s. 1; 1967, c. 775, s. 1; 1979, c. 411, s. 4; 2002-159, s. 55(b); 2006-234, s. 3.)

Effect of Amendments. — Session Laws 2006-234, s. 3, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, added "upon paying a filing fee equal to that provided for candidates for the office in G.S. 163-107 or upon complying with the alternative available to candidates for the office in G.S. 163-107.1" at the end of the first sentence of the first paragraph; and deleted "for State, congressional, and national offices" following "party's candidates" near the end of the first sentence of the second paragraph.

SUBCHAPTER V. NOMINATION OF CANDIDATES.

ARTICLE 10.

Primary Elections.

§ 163-106. Notices of candidacy; pledge; with whom filed; date for filing; withdrawal.

(a) Notice and Pledge. — No one shall be voted for in a primary election without having filed a notice of candidacy with the appropriate board of elections, State or county, as required by this section. To this end every candidate for selection as the nominee of a political party shall file with and place in the possession of the board of elections specified in subsection (c) of this section, a notice and pledge in the following form:

"Date ____________________

I hereby file notice as a candidate for nomination as ________________________ in the ____________________ party primary election to be held on _______________, ____________ I affiliate with the ____________________ party, (and I certify that I am now registered on the registration records of the precinct in which I reside as an affiliate of the ________________________ party.)

I pledge that if I am defeated in the primary, I will not run for any office as a write-in candidate in the next general election.

Signed ______________________________________
(Name of Candidate)

Witness:
____
____
(Title of witness)"

Each candidate shall sign the notice of candidacy in the presence of the chairman or secretary of the board of elections, State or county, with which the candidate files. In the alternative, a candidate may have the candidate's signature on the notice of candidacy acknowledged and certified to by an officer authorized to take acknowledgments and administer oaths, in which case the candidate may mail or deliver by commercial courier service the candidate's notice of candidacy to the appropriate board of elections.

In signing the notice of candidacy the candidate shall use only that candidate's legal name and may use any nickname by which he is commonly known. A candidate may also, in lieu of that candidate's legal first name and legal middle initial or middle name (if any) sign a nickname, provided that the candidate appends to the notice of candidacy an affidavit that the candidate has been commonly known by that nickname for at least five years prior to the date of making the affidavit. The candidate shall also include with the affidavit the way that candidate's name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

A notice of candidacy signed by an agent or any person other than the candidate shall be invalid.

Prior to the date on which candidates may commence filing, the State Board of Elections shall print and furnish, at State expense, to each county board of elections a sufficient number of the notice of candidacy forms prescribed by this subsection for use by candidates required to file with county boards of elections.

(b) Eligibility to File. — No person shall be permitted to file as a candidate in a primary if, at the time he offers to file notice of candidacy, he is registered on the appropriate registration book or record as an affiliate of a political party other than that in whose primary he is attempting to file. No person who has changed his political party affiliation or who has changed from unaffiliated status to party affiliation as permitted in G.S. 163-82.17, shall be permitted to file as a candidate in the primary of the party to which he changed unless he has been affiliated with the political party in which he seeks to be a candidate for at least 90 days prior to the filing date for the office for which he desires to file his notice of candidacy.

A person registered as "unaffiliated" shall be ineligible to file as a candidate in a party primary election.

(c) Time for Filing Notice of Candidacy. — Candidates seeking party primary nominations for the following offices shall file their notice of candidacy with the State Board of Elections no earlier than 12:00 noon on the second Monday in February and no later than 12:00 noon on the last business day in February preceding the primary:

Governor

All county offices.

(d) Notice of Candidacy for Certain Offices to Indicate Vacancy. — In any primary in which there are two vacancies for United States Senator from North Carolina, each candidate shall, at the time of filing notice of candidacy, file with the State Board of Elections a written statement designating the vacancy to which he seeks nomination. Votes cast for a candidate shall be effective only for his nomination to the vacancy for which he has given notice of candidacy as provided in this subsection.

(e) Withdrawal of Notice of Candidacy. — Any person who has filed notice of candidacy for an office shall have the right to withdraw it at any time prior to the date on which the right to file for that office expires under the terms of subsection (c) of this section. If a candidate does not withdraw before the filing deadline, except as provided in G.S. 163-112, his name shall be printed on the primary ballot, any votes for him shall be counted, and he shall not be refunded his filing fee.

(f) Candidates required to file their notice of candidacy with the State Board of Elections under subsection (c) of this section shall file along with their notice a certificate signed by the chairman of the board of elections or the director of elections of the county in which they are registered to vote, stating that the person is registered to vote in that county, stating the party with which the person is affiliated, and that the person has not changed his affiliation from another party or from unaffiliated within three months prior to the filing deadline under subsection (c) of this section. In issuing such certificate, the chairman or director shall check the registration records of the county to verify such information. During the period commencing 36 hours immediately preceding the filing deadline the State Board of Elections shall accept, on a conditional basis, the notice of candidacy of a candidate who has failed to secure the verification ordered herein subject to receipt of verification no later than three days following the filing deadline. The State Board of Elections shall prescribe the form for such certificate, and distribute it to each county board of elections no later than the last Monday in December of each odd-numbered year.

A candidate who has been adversely affected by a cancellation or another candidate for the same office affected by a substantiation under this subsection may request a hearing on the cancellation. If the candidate requests a hearing, the hearing shall be conducted in accordance with Article 11B of Chapter 163 of the General Statutes.

CASE NOTES

Applied in Durham Land Owners Ass'n v. County of Durham, — N.C. App. —, 630 S.E.2d 200, 2006 N.C. App. LEXIS 1187 (2006).

§ 163-111. Determination of primary results; second primaries.

(a) Nomination Determined by Substantial Plurality; Definition of Substantial Plurality. — Except as otherwise provided in this section, nominations in primary elections shall be determined by a substantial plurality of the votes cast. A substantial plurality within the meaning of this section shall be determined as follows:

(1) If a nominee for a single office is to be selected, and there is more than one person seeking nomination, the substantial plurality shall be ascertained by multiplying the total vote cast for all aspirants by forty percent (40%). Any excess of the sum so ascertained shall be a substantial plurality, and the aspirant who obtains a substantial plurality shall be declared the nominee. If two candidates receive a substantial plurality, the candidate receiving the highest vote shall be declared the nominee.

(2) If nominees for two or more offices (constituting a group) are to be selected, and there are more persons seeking nomination than there are offices, the substantial plurality shall be ascertained by dividing the total vote cast for all aspirants by the number of positions to be filled, and by multiplying the result by forty percent (40%). Any excess of the sum so ascertained shall be a substantial plurality, and the aspirants who obtain a substantial plurality shall be declared the nominees. If more candidates obtain a substantial plurality than there are positions to be filled, those having the highest vote (equal to the number of positions to be filled) shall be declared the nominees.

(b) Right to Demand Second Primary. — If an insufficient number of aspirants receive a substantial plurality of the votes cast for a given office or group of offices in a primary, a second primary, subject to the conditions specified in this section, shall be held:

(1) If a nominee for a single office is to be selected and no aspirant receives a substantial plurality of the votes cast, the aspirant receiving the highest number of votes shall be declared nominated by the appropriate board of elections unless the aspirant receiving the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this section. In the second primary only the two aspirants who received the highest and next highest number of votes shall be voted for.

(2) If nominees for two or more offices (constituting a group) are to be selected and aspirants for some or all of the positions within the group do not receive a substantial plurality of the votes, those candidates equal in number to the positions remaining to be filled and having the highest number of votes shall be declared the nominees unless some one or all of the aspirants equal in number to the positions remaining to be filled and having the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this section. In the second primary to select nominees

for the positions in the group remaining to be filled, the names of all those candidates receiving the highest number of votes and all those receiving the second highest number of votes and demanding a second primary shall be printed on the ballot.

(c) Procedure for Requesting Second Primary. —

(1) A candidate who is apparently entitled to demand a second primary, according to the unofficial results, for one of the offices listed below, and desiring to do so, shall file a request for a second primary in writing with the Executive Director of the State Board of Elections no later than 12:00 noon on the ninth day (including Saturdays and Sundays) following the date on which the primary was conducted, and such request shall be subject to the certification of the official results by the State Board of Elections. If the vote certification by the State Board of Elections determines that a candidate who was not originally thought to be eligible to call for a second primary is in fact eligible to call for a second primary, the Executive Director of the State Board of Elections shall immediately notify such candidate and permit him to exercise any options available to him within a 48-hour period following the notification:

Governor,
Lieutenant Governor,
All State executive officers,
District Attorneys of the General Court of Justice,
United States Senators,
Members of the United States House of Representatives,
State Senators in multi-county senatorial districts, and
Members of the State House of Representatives in multi-county representative districts.

(2) A candidate who is apparently entitled to demand a second primary, according to the unofficial results, for one of the offices listed below and desiring to do so, shall file a request for a second primary in writing with the chairman or director of the county board of elections no later than 12:00 noon on the ninth day (including Saturdays and Sundays) following the date on which the primary was conducted, and such request shall be subject to the certification of the official results by the county board of elections:

State Senators in single-county senatorial districts,
Members of the State House of Representatives in single-county representative districts, and
All county officers.

(3) Immediately upon receipt of a request for a second primary the appropriate board of elections, State or county, shall notify all candidates entitled to participate in the second primary, by telephone followed by written notice, that a second primary has been requested and of the date of the second primary.

(d) Tie Votes; How Determined. —

(1) In the event of a tie for the highest number of votes in a first primary between two candidates for party nomination for a single county, or single-county legislative district office, the board of elections of the county in which the two candidates were voted for shall conduct a recount and declare the results. If the recount shows a tie vote, a second primary shall be held on the date prescribed in subsection (e) of this section between the two candidates having an equal vote, unless one of the aspirants, within three days after the result of the recount has been officially declared, files a written notice of withdrawal with the board of elections with which he filed notice of

candidacy. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this subdivision, no recount shall be held, but all of the tied candidates shall be entered in a second primary.

(2) In the event of a tie for the highest number of votes in a first primary between two candidates for a State office, for United States Senator, or for any district office (including State Senator in a multi-county senatorial district and member of the State House of Representatives in a multi-county representative district), no recount shall be held solely by reason of the tie, but the two candidates having an equal vote shall be entered in a second primary to be held on the date prescribed in subsection (e) of this section, unless one of the two candidates files a written notice of withdrawal with the State Board of Elections within three days after the result of the first primary has been officially declared and published. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this subdivision, no recount shall be held, but all of the tied candidates shall be entered in a second primary.

(3) In the event one candidate receives the highest number of votes cast in a first primary, but short of a substantial plurality, and two or more of the other candidates receive the second highest number of votes cast in an equal number, the proper board of elections shall declare the candidate having the highest vote to be the party nominee, unless all but one of the tied candidates give written notice of withdrawal to the proper board of elections within three days after the result of the first primary has been officially declared. If all but one of the tied candidates withdraw within the prescribed three-day period, and the remaining candidate demands a second primary in accordance with the provisions of subsection (c) of this section, a second primary shall be held between the candidate who received the highest vote and the remaining candidate who received the second highest vote.

(e) Date of Second Primary; Procedures. — If a second primary is required under the provisions of this section, the appropriate board of elections, State or county, shall order that it be held seven weeks after the first primary.

There shall be no registration of voters between the dates of the first and second primaries. Persons whose qualifications to register and vote mature after the day of the first primary and before the day of the second primary may register on the day of the second primary and, when thus registered, shall be entitled to vote in the second primary. The second primary is a continuation of the first primary and any voter who files a proper and timely written affirmation of change of address within the county under the provisions of G.S. 163-82.15, in the first primary may vote in the second primary without having to refile that written affirmation if he is otherwise qualified to vote in the second primary. Subject to this provision for registration, the second primary shall be held under the laws, rules, and regulations provided for the first primary.

(f) No Third Primary Permitted. — In no case shall there be a third primary. The candidates receiving the highest number of votes in the second primary shall be nominated. If in a second primary there is a tie for the highest number of votes between two candidates, the proper party executive committee shall select the party nominee for the office in accordance with the provisions of G.S. 163-114. (1915, c. 101, s. 24; 1917, c. 179, s. 2; c. 218; C.S., s. 6045; 1927, c. 260,

The chairman of the county board shall examine the names on the petition and the procedure for certification shall be the same as specified in subdivision (1).

(3) If the office is a county office, or is a school administrative unit office elected on a partisan basis, or is a legislative district consisting of a

single county or a portion of a county, file written petitions with the county board of elections supporting his candidacy for a specified office. A petition presented to a county board of elections shall contain only names of voters registered in that county. These petitions must be filed on or before noon on the 90th day before the general election and must be signed by 100 qualified voters who are eligible to vote for the office, unless fewer than 5,000 persons are eligible to vote for the office as shown by the most recent records of the appropriate board of elections. If fewer than 5,000 persons are eligible to vote for the office, an applicant's petition must be signed by not less than one percent (1%) of those registered voters. Before being filed with the county board of elections, each petition shall be presented to the county board of elections for examination. The chairman of the county board of elections shall examine the names on the petition and the procedure for certification shall be the same as specified in subdivision (1).

(d) Form of Petition. — Petitions requesting the qualification of a write-in candidate in a general election shall contain on the heading of each page of the petition in bold print or in capital letters the words: "THE UNDERSIGNED REGISTERED VOTERS IN ________________ COUNTY HEREBY PETITION ON BEHALF OF ________________________________ AS A WRITE-IN CANDIDATE IN THE NEXT GENERAL ELECTION. THE UNDERSIGNED HEREBY PETITION THAT SUBJECT CANDIDATE BE PLACED ON THE LIST OF QUALIFIED WRITE-IN CANDIDATES WHOSE VOTES ARE TO BE COUNTED AND RECORDED IN ACCORDANCE WITH G.S. 163-123."

(e) Defeated Primary Candidate. — No person whose name appeared on the ballot in a primary election preliminary to the general election shall be eligible to have votes counted for him as a write-in candidate for the same office in that year.

(f) Counting and Recording of Votes. — If a qualified voter has complied with the provisions of subsections (a), (b), and (c) and is not excluded by subsection (e), the board of elections with which petition has been filed shall count votes for him according to the procedures set out in G.S. 163-182.1, and the appropriate board of elections shall record those votes on the official abstract. Write-in votes for names other than those of qualified write-in candidates shall not be counted for any purpose and shall not be recorded on the abstract.

(f1) When any person files a petition with a board of elections under this section, the board of elections shall, immediately upon receipt of the petition, inspect the registration records of the county and cancel the petition of any person who does not meet the constitutional or statutory qualifications for the office, including residency.

The board shall give notice of cancellation to any person whose petition has been cancelled under this subsection by mail or by having the notice served on that person by the sheriff. A person whose petition has been cancelled or another candidate for the same office affected by a substantiation under this subsection may request a hearing on the issue of constitutional or statutory qualifications for the office. If the person requests a hearing, the hearing shall be conducted in accordance with Article 11B of Chapter 163 of the General Statutes.

(g) Municipal and Nonpartisan Elections Excluded. — This section does not apply to municipal elections conducted under Subchapter IX of Chapter 163 of the General Statutes, and does not apply to nonpartisan elections except for elections under Article 25 of this Chapter. (1987, c. 393, ss. 1; 2; 1989, c. 92, s. 1; 1999-424, s. 5(c); 2001-319, s. 9(a); 2001-398, s. 7; 2001-403, s. 12; 2002-158, s. 13; 2004-127, s. 7; 2006-155, s. 4.)

§ 163-127.1. Definitions.

As used in this Article, the following terms mean:

(1) Board. — State Board of Elections.

(2) Candidate. — A person having filed a notice of candidacy under the appropriate statute for any elective office in this State.

(3) Challenger. — Any qualified voter registered in the same district as the office for which the candidate has filed or petitioned.

(4) Office. — The elected office for which the candidate has filed or petitioned. (2006-155, s. 1; 2006-259, s. 48(a).)

Editor's Note. — Session Laws 2006-155, s. 7, is a severability clause.

Session Laws 2006-155, s. 8, made this Article effective January 1, 2007, and applicable to actions filed on or after January 1, 2007.

Effect of Amendments. — Session Laws 2006-259, s. 48(a), effective January 1, 2007, substituted "the appropriate statute for any elective office in this State" for "Article 10 of Chapter 163 of the General Statutes or having filed a petition under Article 11 of Chapter 163 of the General Statutes" at the end of subdivision (2).

§ 163-127.2. When and how a challenge to a candidate may be made.

(a) When. — A challenge to a candidate may be filed under this Article with the board of elections receiving the notice of the candidacy or petition no later than 10 business days after the close of the filing period for notice of candidacy or petition.

(b) How. — The challenge must be made in a verified affidavit by a challenger, based on reasonable suspicion or belief of the facts stated. Grounds for filing a challenge are that the candidate does not meet the constitutional or statutory qualifications for the office, including residency.

(c) If Defect Discovered After Deadline, Protest Available. — If a challenger discovers one or more grounds for challenging a candidate after the deadline in subsection (a) of this section, the grounds may be the basis for a protest under G.S. 163-182.9. (2006-155, s. 1.)

§ 163-127.3. Panel to conduct the hearing on a challenge.

Upon filing of a challenge, a panel shall hear the challenge, as follows:

(1) Single county. — If the district for the office subject to the challenge covers territory in all or part of only one county, the panel shall be the county board of elections of that county.

(2) Multicounty but less than entire State. — If the district for the office subject to the challenge contains territory in more than one county but is less than the entire State, the Board shall appoint a panel within two business days after the challenge is filed. The panel shall consist of at least one member of the county board of elections in each county in the district of the office. The panel shall have an odd number of

members, no fewer than three and no more than five. In appointing members to the panel, the Board shall appoint members from each county in proportion to the relative total number of registered voters of the counties in the district for the office. If the district for the office subject to the challenge covers more than five counties, the panel shall consist of five members with at least one member from the county receiving the notice of candidacy or petition and at least one member from the county of residency of the challenger. The Board shall, to the extent possible, appoint members affiliated with different political parties in proportion to the representation of those parties on the county boards of elections in the district for the office. The Board shall designate a chair for the panel. A meeting of the Board to appoint a panel under this subdivision shall be treated as an emergency meeting for purposes of G.S. 143-318.12.

(3) Entire State. — If the district for the office subject to the challenge consists of the entire State, the panel shall be the Board. (2006-155, s. 1.)

Editor's Note. — This section, as enacted, contained a subsection (a) but no subsection (b). The subsection (a) designation has been removed at the direction of the Revisor of Statutes.

§ 163-127.4. Conduct of hearing by panel.

(a) The panel conducting a hearing under this Article shall do all of the following:

(1) Within five business days after the challenge is filed, designate and announce the time of the hearing and the facility where the hearing will be held. The hearing shall be held at a location in the district reasonably convenient to the public, and shall preferably be held in the county receiving the notice of the candidacy or petition. If the district for the office covers only part of a county, the hearing shall be at a location in the county convenient to residents of the district, but need not be in the district.

(2) Allow for depositions prior to the hearing, if requested by the challenger or candidate before the time of the hearing is designated and announced.

(3) Issue subpoenas for witnesses or documents, or both, upon request of the parties or upon its own motion.

(4) Render a written decision within 20 business days after the challenge is filed and serve that written decision on the parties.

(b) Notice of Hearing. — The panel shall give notice of the hearing to the challenger, to the candidate, other candidates filing or petitioning to be elected to the same office, to the county chair of each political party in every county in the district for the office, and to those persons who have requested to be notified. Each person given notice shall also be given a copy of the challenge or a summary of its allegations.

Failure to comply with the notice requirements in this subsection shall not delay the holding of a hearing nor invalidate the results if the individuals required by this section to be notified have been notified.

(c) Conduct of Hearing. — The hearing under this Article shall be conducted as follows:

(1) The panel may allow evidence to be presented at the hearing in the form of affidavits supporting documents, or it may examine witnesses. The chair or any two members of the panel may subpoena witnesses or documents. The parties shall be allowed to issue subpoenas for

witnesses or documents, or both, including a subpoena of the candidate. Each witness must be placed under oath before testifying. The Board shall provide the wording of the oath to the panel.

(2) The panel may receive evidence at the hearing from any person with information concerning the subject of the challenge, and such presentation of evidence shall be subject to Chapter 8C of the General Statutes. The challenger shall be permitted to present evidence at the hearing, but the challenger shall not be required to testify unless subpoenaed by a party. The panel may allow evidence to be presented by a person who is present.

(3) The hearing shall be recorded by a reporter or by mechanical means, and the full record of the hearing shall be preserved by the panel until directed otherwise by the Board.

(d) Findings of Fact and Conclusions of Law by Panel. — The panel shall make a written decision on each challenge by separately stating findings of facts, conclusions of law, and an order.

(e) Rules by Board. — The Board shall adopt rules providing for adequate notice to parties, scheduling of hearings, and the timing of deliberations and issuance of decisions. (2006-155, s. 1.)

§ 163-127.5. Burden of proof.

(a) The burden of proof shall be upon the candidate, who must show by a preponderance of the evidence of the record as a whole that he or she is qualified to be a candidate for the office.

(b) If the challenge is based upon a question of residency, the candidate must show all of the following:

(1) An actual abandonment of the first domicile, coupled with an intent not to return to the first domicile.

(2) The acquisition of a new domicile by actual residence at another place.

(3) The intent of making the newer domicile a permanent domicile. (2006-155, s. 1.)

§ 163-127.6. Appeals.

(a) Appeals from Single or Multicounty Panel. — The decision of a panel created under G.S. 163-127.3(1) or G.S. 163-127.3(2) may be appealed as of right to the Board by any of the following:

(1) The challenger.

(2) A candidate adversely affected by the panel's decision.

Appeal must be taken within two business days after the panel serves the written decision on the parties. The written appeal must be delivered or deposited in the mail to the Board by the end of the second business day after the written decision was filed by the panel. The Board shall prescribe forms for filing appeals from a panel's decision in a challenge. The Board shall base its appellate decision on the whole record of the hearing conducted by the panel and render its opinion on an expedited basis. From the final order or decision by the Board under this subsection, appeal as of right lies directly to the Court of Appeals. Appeal shall be filed no later than two business days after the Board files its final order or decision in its office.

(b) Appeals from Statewide Panel. — The decision of a panel created under G.S. 163-127.3(3) may be appealed as of right to the Court of Appeals by any of the following:

(1) The challenger.

(2) A candidate adversely affected by the panel's decision.

Appeal must be taken within two business days after the panel files the written decision. The written appeal must be delivered or deposited in the mail to the Court of Appeals by the end of the second business day after the written decision was filed by the panel. (2006-155, s. 1.)

Editor's Note. — The references throughout this section to G.S. 163-127.3(a)(1), (a)(2), and (a)(3) have been changed to G.S. 163-127.3(1), (2), and (3), respectively, at the direction of the Revisor of Statutes.

Session Laws 2006-155, s. 6, provides: "The North Carolina Supreme Court is respectfully requested to adopt rules necessary to implement the provisions as to appeal in G.S. 163-127.6."

SUBCHAPTER VI. CONDUCT OF PRIMARIES AND ELECTIONS.

ARTICLE 12.

Precincts and Voting Places.

§ 163-128. Election precincts and voting places established or altered.

(a) Each county shall be divided into a convenient number of precincts for the purpose of voting. Upon a resolution adopted by the county board of elections and approved by the Executive Director of the State Board of Elections voters from a given precinct may be temporarily transferred, for the purpose of voting, to an adjacent precinct. Any such transfers shall be for the period of time equal only to the term of office of the county board of elections making such transfer. When such a resolution has been adopted by the county board of elections to assign voters from more than one precinct to the same precinct, then the county board of elections shall maintain separate registration and voting records, consistent with the procedure prescribed by the State Board of Elections, so as to properly identify the precinct in which such voters reside. The polling place for a precinct shall be located within the precinct or on a lot or tract adjoining the precinct.

Except as provided by Article 12A of this Chapter, the county board of elections shall have power from time to time, by resolution, to establish, alter, discontinue, or create such new election precincts or voting places as it may deem expedient. Upon adoption of a resolution establishing, altering, discontinuing, or creating a precinct or voting place, the board shall give 45 days' notice thereof prior to the next primary or election. Notice shall be given by advertisement in a newspaper having general circulation in the county, by posting a copy of the resolution at the courthouse door and at the office of the county board of elections, and by mailing a copy of the resolution to the chairman of every political party in the county. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. No later than 30 days prior to the primary or election, the county board of elections shall mail a notice of precinct change to each registered voter who as a result of the change will be assigned to a different voting place.

(b) Each county board of elections shall prepare a map of the county on which the precinct boundaries are drawn or described, shall revise the map when boundaries are changed, and shall keep a copy of the current map on file and posted for public inspection at the office of the Board of Elections, and shall file a copy with the State Board of Elections. (Rev., s. 4313; 1913, c. 53; C.S., s. 5934; 1921, c. 180; 1933, c. 165, s. 3; 1967, c. 775, s. 1; 1969, c. 570; 1973, c. 793, ss. 51-53; 1975, c. 798, s. 2; 1979, c. 785; 1981, c. 515, s. 1; 1985, c. 757, s. 205(b);

Effect of Amendments. — Session Laws 2006-264, s. 20, effective August 27, 2006, substituted "Executive Director" for "Secretary-Director" in the second sentence of the first paragraph of subsection (a).

ARTICLE 12A.

Precinct Boundaries.

§ 163-132.1. Participation in 2000 Census Redistricting Data Program of the United States Bureau of the Census.

(a) Purpose. — The State of North Carolina shall participate in the 2000 Census Redistricting Data Program, conducted pursuant to P.L. 94-171, of the United States Bureau of the Census, including Phase I (Block Boundary Suggestion Program) and Phase II (concerning the designation of precincts on 2000 Census maps or databases), so that the State will receive 2000 Census data by voting precinct and be able to revise districts at all levels without splitting precincts and in compliance with the United States and North Carolina Constitutions and the Voting Rights Act of 1965, as amended.

(b) Phase I (Block Boundary Suggestion Program). — The State shall participate in the Block Boundary Suggestion Program of the United States Bureau of the Census so that the maps the Census Bureau will use in the 2000 Census will contain adequate features to permit reporting of Census data by precinct for use in the 2001 redistricting efforts. The Legislative Services Office shall send preliminary maps produced by the Census Bureau in preparation for the 2000 Census, as soon as practical after the maps are available, to the county boards of elections to determine which of their precincts have boundaries that are not coterminous with a physical feature, a current township boundary, or a current municipal boundary, as shown on those preliminary 2000 Census maps. The Legislative Services Office shall:

(1) Assist county boards of elections in identifying the precincts with boundaries not shown on the preliminary Census maps and in identifying physical features the county boards may wish to have available for future precinct boundaries;

(2) Place those boundaries and features on maps deemed appropriate by the State Board;

(3) Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all physical features the county boards have identified as current or potential precinct boundaries; and

(4) Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all other physical features already on 1990 Census maps.

(c) Phase II. — The State shall participate in Phase II of the 2000 Census Redistricting Data Program so that, to the extent practical, the precinct boundaries of all North Carolina counties will appear on the 2000 Census maps or database. The State's effort shall be conducted as follows:

(1) By January 1, 1998, or as soon thereafter as they become available, the Legislative Services Office shall provide the county boards of elections with access, on paper or electronically, to the Census Bureau's maps for Phase II of the Census Redistricting Data Program.

(2) After receiving the maps, the county boards of elections shall designate their precinct lines along the lines the Census Bureau indicates on the maps it will hold as block boundaries for the 2000 Census.

Where necessary, the county boards of elections shall alter precincts, including any precincts approved under the provisions of G.S. 163-132.1A, 163-132.2, or 163-132.3 or designated by local act, to conform to lines the Census Bureau indicates it will hold as Census block boundaries as shown on the official block maps to be used for the 2000 Census and to consist only of contiguous territory. The county boards of elections, at a time deemed necessary by the Executive Director of the State Board of Elections, shall file with the Legislative Services Office the maps on which they have designated their precincts pursuant to this subsection.

(3) After examining the maps, the Legislative Services Office shall submit to the Executive Director of the State Board of Elections its opinion as to whether the county board of elections has complied with the provisions of this subsection, with notations as to where those boundaries do not comply with these standards.

(4) If the Executive Director determines that the county board of elections has complied, he shall approve the precinct boundaries as filed and those precincts shall be the official precincts.

(5) If the Executive Director determines that the county board of elections has not complied, he shall not approve those precinct boundaries but shall alter the precinct boundaries so that each precinct consists solely of contiguous territory and that each precinct's boundaries are coterminous with 2000 Census block boundaries nearest to the precinct boundaries shown by the county boards on the maps. These altered precincts shall then be the official precincts.

(6) Upon the adoption of a resolution by a county board of elections and instead of altering precinct lines as required by G.S. 163-132.1(c)(5), the Executive Director may combine for Census reporting purposes only two or more adjacent precincts of the county into a Combined Reporting Unit, if the Executive Director finds that:

a. The boundaries of the Combined Reporting Unit conform with the Census block boundaries as shown on the official block maps to be used in the 2000 Census;

b. The Combined Reporting Unit consists only of contiguous territory;

c. The precincts of which the Combined Reporting Unit consists were bounded as of January 1, 1996, by ridgelines, as certified on official county maps by the county manager of the relevant county, or if there is no county manager the chair of the board of commissioners, and the boundaries failed to comply with subdivision (2) of this subsection only because those ridgelines were unrecognized as Census block boundaries in the 2000 official Census maps;

d. The Combined Reporting Unit does not contain a majority of the territory of more than one township; and

e. To alter those precinct boundaries would result in significant voter dislocation.

If the Executive Director recognizes a Combined Reporting Unit for specific precincts, the official boundaries of those individual precincts forming the Combined Reporting Unit shall be those which the Legislative Services Office submitted to the Executive Director under subdivision (3) of this subsection.

(7) The Executive Director shall file the completed maps with the Census Bureau and request that the Census Bureau provide summaries of 2000 Census data by precinct and Combined Reporting Units.

(d) Freezing of Precincts. —

(1) Notwithstanding the provisions of G.S. 163-132.3, after the Executive

Director approves the precincts in accordance with subsection (c) of this section and before January 2, 2002, no county board of elections may establish, alter, discontinue, or create any precinct except by division of one precinct into two or more precincts using lines that the Census Bureau has indicated it will use as 2000 Census block boundaries for that division. Provided that, whenever an annexation ordinance adopted under Parts 1, 2, or 3 of Article 4A of Chapter 160A of the General Statutes, or a local act of the General Assembly annexing property to a municipality, becomes effective during the period beginning with the date of the annexation as reported through the U.S. Census Bureau's 1998 Boundary and Annexation Survey or a subsequent edition of that survey and ending January 2, 2002, and any part of the boundary of the area being annexed which is actually contiguous to the city is also a precinct boundary for elections administered by the county board of elections then the county board of elections may exercise one of the following options:

a. Direct by resolution that the annexed area is automatically moved into the "city precinct", provided that if the annexed area is adjacent to more than one city precinct, the board of elections shall place the area in any one or more of the adjacent city precincts.

b. Adopt a resolution moving the precinct boundary to a line that the Census Bureau has indicated it will use as a 2000 block boundary.

(2) The Executive Director of the State Board of Elections may permit during the freeze a correction to a county's precincts as they were approved pursuant to subsection (c) of this section where one of the following sets of conditions is present:

a. A precinct was designated pursuant to subsection (c) inaccurately, and the United States Bureau of the Census agrees to include the corrected precinct on its database for the 2000 Census.

b. The boundary of a precinct designated pursuant to subsection (c) of this section was subsequently removed by the United States Bureau of the Census as an acceptable feature for a precinct line based upon a determination by the Bureau that the feature did not exist as shown, and the county board of elections agrees by resolution to an alternative boundary for the precinct on a feature the Bureau does find acceptable.

(3) The county board of elections may move a precinct line from a township line to another line the Census Bureau has indicated will be a 2000 block boundary if a Boundary and Annexation Survey issued during the freeze shows that the township line has moved to a location the county board of elections considers unsuitable. This subdivision does not apply if local legislation enacted by the General Assembly governs the relationship between a county's township lines and precinct lines.

(4) The county board of elections shall submit any proposed change made during the freeze under this subsection to the Legislative Services Office, which shall review the proposal and write a letter advising the Executive Director of its opinion as to the legal compliance of the proposal. If the proposal complies with the law, the Executive Director shall approve the proposal. No newly created or altered precinct boundary is effective until approved by the Executive Director as being in compliance with the provisions of this subsection.

(d1) Right to Postpone Effective Date Until January 1, 2000. — A county board of elections may postpone the effective date of the precincts designated in Phase II until January 1, 2000.

(d2) Special Permission to Postpone Effective Date Until January 1, 2001. — The Executive Director may permit a county board of elections to postpone the effective date of precinct lines designated under Phase II until January 1, 2001, upon written application by the county board of elections, if the Executive Director finds both of the following:

(1) That the Phase II-designated lines would create a split precinct in 2000 for county commissioner, board of education, judicial, State legislative, or congressional district elections and that a split could be avoided by using the pre-Phase II precinct.

(2) That the county can provide reasonably reliable voter registration data for April and October of 2000 by the Phase II-designated precincts.

In granting an exception under this subsection, the Executive Director shall allow an exception only for the precincts that would result in splits and for any adjacent precincts for which pre-Phase II precincts must be used to avoid geographic overlap or discontinuity. Every county board of elections granted an exception under this subsection shall provide to the State Board of Elections voter registration data for April and October of 2000 by the Phase II-designated precincts.

(e) Municipal and Township Boundaries. — Notwithstanding the provisions of subsections (c) and (d) of this section, the county boards of elections may designate precinct boundaries on municipal or township boundaries that are not designated on the 2000 official Census block maps, according to directives promulgated by the Executive Director of the State Board of Elections and adopted to insure that all precincts shall be included on the 2000 Census database.

(f) Additional Rules. — In addition to the directives promulgated by the Executive Director of the State Board of Elections under G.S. 163-132.4, the Legislative Services Commission may promulgate rules to implement this section. (1985, c. 757, s. 205(a); 1987 (Reg. Sess., 1988), c. 1074, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 69; 1995, c. 423, s. 2; 1999-227, s. 1; 2000-140, s. 81; 2001-319, s. 11; 2005-428, s. 16; 2006-264, s. 75.5(a).)

Editor's Note. —

Session Laws 2005-428, s. 16, effective September 22, 2005, and applicable to all primaries and elections held on or after that date, in the section heading, substituted "2010" for "2000"; in subsection (a), deleted "including Phase I (Block Boundary Suggestion Program) and Phase II (concerning the designation of precincts on 2000 Census maps or databases)" following "Bureau of the Census" and twice substituted "2010" for "2000"; and repealed subsections (b) through (e). Session Laws 2006-264, s. 75.5(a), repealed Session Laws 2005-428, s. 16, effective August 27, 2006. The section, as set out above, appears as it did prior to the 2005 amendments.

§ 163-132.1B. Participation in 2010 Census Redistricting Data Program of the United States Bureau of the Census.

(a) Purpose. — The State of North Carolina shall participate in the 2010 Census Redistricting Data Program, conducted pursuant to P.L. 94-171, of the United States Bureau of the Census, so that the State will receive 2010 Census data by voting precinct and be able to revise districts at all levels without splitting precincts and in compliance with the United States and North Carolina Constitutions and the Voting Rights Act of 1965, as amended.

(b) Additional Rules. — In addition to directives promulgated by the Executive Director of the State Board of Elections under G.S. 163-132.4, the Legislative Services Commission may promulgate rules to implement this section. (2006-264, s. 75.5(b).)

Editor's Note. — Session Laws 2006-264, s. 103, made this section effective August 27, 2006.

ARTICLE 14A.

Voting.

Part 1. Definitions.

§ 163-165. Definitions.

In addition to the definitions stated below, the definitions set forth in Article 15A of Chapter 163 of the General Statutes also apply to this Article. As used in this Article:

(1) "Ballot " means an instrument on which a voter indicates a choice so that it may be recorded as a vote for or against a certain candidate or referendum proposal. The term "ballot " may include a paper ballot to be counted by hand, a paper ballot to be counted on an electronic scanner, the face of a lever voting machine, the image on a direct record electronic unit, or a ballot used on any other voting system.

(2) "Ballot item " means a single item on a ballot in which the voters are to choose between or among the candidates or proposals listed.

(3) "Ballot style " means the version of a ballot within a jurisdiction that an individual voter is eligible to vote. For example, in a county that uses essentially the same official ballot, a group office such as county commissioner may be divided into districts so that different voters in the same county vote for commissioner in different districts. The different versions of the county's official ballot containing only those district ballot items one individual voter may vote are the county's different ballot styles.

(4) "Election " means the event in which voters cast votes in ballot items concerning proposals or candidates for office in this State or the United States. The term includes primaries, general elections, referenda, and special elections.

(5) "Official ballot " means a ballot that has been certified by the State Board of Elections and produced by or with the approval of the county board of elections. The term does not include a sample ballot or a specimen ballot.

(6) "Provisional official ballot" means an official ballot that is voted and then placed in an envelope that contains an affidavit signed by the voter certifying identity and eligibility to vote. Except for its envelope, a provisional official ballot shall not be marked to make it identifiable to the voter.

(7) "Referendum" means the event in which voters cast votes for or against ballot questions other than the election of candidates to office.

(8) "Voting booth " means the private space in which a voter is to mark an official ballot.

(9) "Voting enclosure " means the room within the voting place that is used for voting.

(10) "Voting place " means the building that contains the voting enclosure.

(11) "Voting system " means a system of casting and tabulating ballots. The term includes systems of paper ballots counted by hand as well as systems utilizing mechanical and electronic voting equipment. (2001-460, s. 3; 2001-466, s. 3(a), (b); 2002-159, s. 21(h); 2006-262, s. 4.)

Editor's Note. — Session Laws 2006-262, s. 5 provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 4, effective January 1, 2007, added the last sentence in subdivision (6).

Part 2. Ballots and Voting Systems.

§ 163-165.7. Voting systems: powers and duties of State Board of Elections.

(a) Only voting systems that have been certified by the State Board of Elections in accordance with the procedures and subject to the standards set forth in this section and that have not been subsequently decertified shall be permitted for use in elections in this State. Those certified voting systems shall be valid in any election held in the State or in any county, municipality, or other electoral district in the State. Subject to all other applicable rules adopted by the State Board of Elections and, with respect to federal elections, subject to all applicable federal regulations governing voting systems, paper ballots marked by the voter and counted by hand shall be deemed a certified voting system. The State Board of Elections shall certify optical scan voting systems, optical scan with ballot markers voting systems, and direct record electronic voting systems if any of those systems meet all applicable requirements of federal and State law. The State Board may certify additional voting systems only if they meet the requirements of the request for proposal process set forth in this section and only if they generate either a paper ballot or a paper record by which voters may verify their votes before casting them and which provides a backup means of counting the vote that the voter casts. Those voting systems may include optical scan and direct record electronic (DRE) voting systems. In consultation with the Office of Information Technology Services, the State Board shall develop the requests for proposal subject to the provisions of this Chapter and other applicable State laws. Among other requirements, the request for proposal shall require at least all of the following elements:

(1) That the vendor post a bond or letter of credit to cover damages resulting from defects in the voting system. Damages shall include, among other items, any costs of conducting a new election attributable to those defects.

(2) That the voting system comply with all federal requirements for voting systems.

(3) That the voting system must have the capacity to include in precinct returns the votes cast by voters outside of the voter's precinct as required by G.S. 163-132.5G.

(4) With respect to electronic voting systems, that the voting system generate a paper record of each individual vote cast, which paper record shall be maintained in a secure fashion and shall serve as a backup record for purposes of any hand-to-eye count, hand-to-eye recount, or other audit. Electronic systems that employ optical scan technology to count paper ballots shall be deemed to satisfy this requirement.

(5) With respect to DRE voting systems, that the paper record generated by the system be viewable by the voter before the vote is cast electronically, and that the system permit the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast.

(6) With respect to all voting systems using electronic means, that the vendor provide access to all of any information required to be placed in escrow by a vendor pursuant to G.S. 163-165.9A for review and examination by the State Board of Elections; the Office of Information Technology Services; the State chairs of each political party recognized under G.S. 163-96; the purchasing county; and designees as provided in subdivision (9) of subsection (d) of this section.

(7) That the vendor must quote a statewide uniform price for each unit of the equipment.

(8) That the vendor must separately agree with the purchasing county that if it is granted a contract to provide software for an electronic voting system but fails to debug, modify, repair, or update the software as agreed or in the event of the vendor having bankruptcy filed for or against it, the source code described in G.S. 163-165.9A(a) shall be turned over to the purchasing county by the escrow agent chosen under G.S. 163-165.9A(a)(1) for the purposes of continuing use of the software for the period of the contract and for permitting access to the persons described in subdivision (6) of this subsection for the purpose of reviewing the source code.

In its request for proposal, the State Board of Elections shall address the mandatory terms of the contract for the purchase of the voting system and the maintenance and training related to that voting system.

If a voting system was acquired or upgraded by a county before August 1, 2005, the county shall not be required to go through the purchasing process described in this subsection if the county can demonstrate to the State Board of Elections compliance with the requirements in subdivisions (1) through (6) and subdivision (8) of this subsection, where those requirements are applicable to the type of voting system involved. If the county cannot demonstrate to the State Board of Elections that the voting system is in compliance with those subdivisions, the county board shall not use the system in an election during or after 2006, and the county shall be subject to the purchasing requirements of this subsection.

(a1) Federal Assistance. — The State Board may use guidelines, information, testing reports, certification, decertification, recertification, and any relevant data produced by the Election Assistance Commission, its Standards Board, its Board of Advisors, or the Technical Guidelines Development Committee as established in Title II of the Help America Vote Act of 2002 with regard to any action or investigation the State Board may take concerning a voting system. The State Board may use, for the purposes of voting system certification, laboratories accredited by the Election Assistance Commission under the provisions of section 231(2) of the Help America Vote Act of 2002.

(b) The State Board may also, upon notice and hearing, decertify types, makes, and models of voting systems. Upon decertifying a type, make, or model of voting system, the State Board shall determine the process by which the decertified system is discontinued in any county. A county may appeal a decision by the State Board concerning the process by which the decertified system is discontinued in that county to the Superior Court of Wake County. The county has 30 days from the time it receives notice of the State Board's decision on the process by which the decertified system is discontinued in that county to make that appeal.

(c) Prior to certifying a voting system, the State Board of Elections shall review, or designate an independent expert to review, all source code made available by the vendor pursuant to this section and certify only those voting systems compliant with State and federal law. At a minimum, the State Board's review shall include a review of security, application vulnerability, application code, wireless security, security policy and processes, security/privacy program management, technology infrastructure and security controls, security organization and governance, and operational effectiveness, as applicable to that voting system. Any portion of the report containing specific information related to any trade secret as designated pursuant to G.S. 132-1.2 shall be confidential and shall be accessed only under the rules adopted pursuant to subdivision (9) of subsection (d) of this section. The State Board may hear and discuss the report of any such review under G.S. 143-318.11(a)(1).

(d) Subject to the provisions of this Chapter, the State Board of Elections shall prescribe rules for the adoption, handling, operation, and honest use of certified voting systems, including all of the following:

(1) Procedures for county boards of elections to utilize when recommending the purchase of a certified voting system for use in that county.
(2) Form of official ballot labels to be used on voting systems.
(3) Operation and manner of voting on voting systems.
(4) Instruction of precinct officials in the use of voting systems.
(5) Instruction of voters in the use of voting systems.
(6) Assistance to voters using voting systems.
(7) Duties of custodians of voting systems.
(8) Examination and testing of voting systems in a public forum in the county before and after use in an election.
(9) Notwithstanding G.S. 132-1.2, procedures for the review and examination of any information placed in escrow by a vendor pursuant to G.S. 163-165.9A by only the following persons:
  a. State Board of Elections.
  b. Office of Information Technology Services.
  c. The State chairs of each political party recognized under G.S. 163-96.
  d. The purchasing county.

  Each person listed in sub-subdivisions a. through d. of this subdivision may designate up to three persons as that person's agents to review and examine the information. No person shall designate under this subdivision a business competitor of the vendor whose proprietary information is being reviewed and examined. For purposes of this review and examination, any designees under this subdivision and the State party chairs shall be treated as public officials under G.S. 132-2.
(10) With respect to electronic voting systems, procedures to maintain the integrity of both the electronic vote count and the paper record. Those procedures shall at a minimum include procedures to protect against the alteration of the paper record after a machine vote has been recorded and procedures to prevent removal by the voter from the voting enclosure of any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.
(11) Compliance with section 301 of the Help America Vote Act of 2002.

Any rules adopted under this subsection shall be in conjunction with procedures and standards adopted under G.S. 163-182.1, are exempt from Chapter 150B of the General Statutes, and are subject to the same procedures for notice and publication set forth in G.S. 163-182.1.

(e) The State Board of Elections shall facilitate training and support of the voting systems utilized by the counties. (2001-460, s. 3; 2003-226, s. 11; 2005-323, s. 1(a)-(d); 2006-264, s. 76(a).)

Editor's Note. —
Session Laws 2006-192, s. 1(a) and (b), provides: "(a) The State Board of Elections shall select local jurisdictions in which to conduct a

pilot program during the 2007 and 2008 elections for local offices using instant runoff voting. The State Board shall select:

"(1) Up to 10 cities for the 2007 elections.

"(2) Up to 10 counties for the 2008 elections.

"In selecting those local jurisdictions, the State Board shall seek diversity of population size, regional location, and demographic composition. The pilot shall be conducted only with the concurrence of the county board of elections that conducts elections for the local jurisdiction. If a city is selected that has voters in more than one county, the concurrence of all the county boards of elections that conduct that city's elections is required. The pilot program shall consist of using instant runoff voting as the method for determining the winner or winners of a partisan primary or a nonpartisan election that normally uses nonpartisan election and runoff or nonpartisan primary and election. Instant runoff voting may also be used to determine results in an election where nonpartisan plurality elections are normally used, but only if the governing board of the local jurisdiction concurs.

"As used in this section, 'instant runoff voting' means a system in which voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the most first-choice votes receives the threshold of victory of the first-choice votes, that candidate wins. If no candidate receives the threshold of victory of first-choice votes, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election.

"The threshold of victory of first-choice votes for a partisan primary shall be forty percent (40%) plus one vote. The threshold of victory for a nonpartisan election and runoff or nonpartisan primary and election shall be a majority of the vote. The threshold of victory in a contest that normally uses nonpartisan plurality shall be determined by the State Board with the concurrence of the county board of elections and the local governing board.

"If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first counting results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won.

"Other details of instant runoff voting are as described in House Bill 1024 (First Edition) of the 2005 Regular Session of the General Assembly, with modifications the State Board deems necessary, in primaries and/or elections for city offices, for county offices, or for both. Those modifications may include giving the voter more than three choices in case of multiseat contests. The State Board shall not use instant runoff voting in a primary or election for an office unless the entire electorate for the office uses the same method.

"(b) The State Board of Elections shall closely monitor the pilot program established in this section and report its findings and recommendations to the 2007 General Assembly."

Session Laws 2006-264, s. 76(a), effective August 27, 2006, rewrote the last paragraph of subsection (a).

ARTICLE 15A.

Counting Official Ballots, Canvassing Votes, Hearing Protests, and Certifying Results.

§ 163-182.1. Principles and rules for counting official ballots.

(a) General Principles That Shall Apply. — The following general principles shall apply in the counting of official ballots, whether the initial count or any recount:

(1) Only official ballots shall be counted.

(2) No official ballot shall be rejected because of technical errors in marking it, unless it is impossible to clearly determine the voter's choice.

(3) If it is impossible to clearly determine a voter's choice in a ballot item, the official ballot shall not be counted for that ballot item, but shall be

counted in all other ballot items in which the voter's choice can be clearly determined.

(4) If an official ballot is marked in a ballot item with more choices than there are offices to be filled or propositions that may prevail, the official ballot shall not be counted for that ballot item, but shall be counted in all other ballot items in which there is no overvote and the voter's choice can be clearly determined.

(5) If an official ballot is rejected by a scanner or other counting machine, but human counters can clearly determine the voter's choice, the official ballot shall be counted by hand and eye.

(6) Write-in votes shall not be counted in party primaries or in referenda, but shall be counted in general elections if all of the following are true:
   a. The write-in vote is written by the voter or by a person authorized to assist the voter pursuant to G.S. 163-166.8.
   b. The write-in vote is not cast for a candidate who has failed to qualify under G.S. 163-123 as a write-in candidate.
   c. The voter's choice can be clearly determined.

(7) Straight-party ticket and split-ticket votes shall be counted in general elections according to the following guidelines:
   a. If a voter casts a vote for a straight-party ticket, that vote shall be counted for all the candidates of that party, other than those for President and Vice President, in the partisan ballot items on that official ballot except as otherwise provided in this subdivision.
   b. If a voter casts a vote for a straight-party ticket and also votes in a partisan ballot item for a candidate not of that party, the official ballot shall be counted in that ballot item only for the individually marked candidate. In partisan ballot items where no mark is made for an individual candidate, the official ballot shall be counted for the candidates of the party whose straight ticket the voter voted.
   c. If a voter casts a vote for a straight-party ticket and also casts a write-in vote in any partisan ballot item, the straight-party ticket vote shall not control the way the official ballot is counted in that ballot item, except to the extent it would control in the case of crossover voting under this subdivision. The following principles shall apply:
      1. If the write-in vote is proper under subdivision (6) of this subsection, that write-in candidate shall receive a vote.
      2. If the write-in vote is not proper under subdivision (6) of this subsection and no other candidate is individually marked in that ballot item, then no vote shall be counted in that ballot item.
      3. If the straight-ticket voter casts both write-in votes and individually marked votes for ballot candidates in a ballot item, then the write-in and individually marked votes shall be counted unless the write-in is not proper under subdivision (6) of this subsection or an overvote results.

(b) Procedures and Standards. — The State Board of Elections shall adopt uniform and nondiscriminatory procedures and standards for voting systems. The standards shall define what constitutes a vote and what will be counted as a vote for each category of voting system used in the State. The State Board shall adopt those procedures and standards at a meeting occurring not earlier than 15 days after the State Board gives notice of the meeting. The procedures and standards adopted shall apply to all elections occurring in the State and shall be subject to amendment or repeal by the State Board acting at any meeting where notice that the action has been proposed has been given at least

15 days before the meeting. These procedures and standards shall not be considered to be rules subject to Article 2A of Chapter 150B of the General Statutes. However, the State Board shall publish in the North Carolina Register the procedures and standards and any changes to them after adoption, with that publication noted as information helpful to the public under G.S. 150B-21.17(a)(6). Copies of those procedures and standards shall be made available to the public upon request or otherwise by the State Board. For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those procedures and standards shall do both of the following:

(1) Provide for a sample hand-to-eye count of the paper ballots or paper records of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of one or more full precincts, full counts of mailed absentee ballots, full counts of one or more one-stop early voting sites, or a combination. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.

(2) Provide that if the voter selects votes for more than the number of candidates to be elected or proposals to be approved in a ballot item, the voting system shall do all the following:
   a. Notify the voter that the voter has selected more than the correct number of candidates or proposals in the ballot item.
   b. Notify the voter before the vote is accepted and counted of the effect of casting overvotes in the ballot item.
   c. Provide the voter with the opportunity to correct the official ballot before it is accepted and counted. (2001-398, s. 3; 2003-226, s. 13; 2005-323, s. 5(a); 2006-192, s. 7(a); 2006-264, s. 76(b).)

Effect of Amendments. —

Session Laws 2006-192, s. 7(a), effective August 3, 2006, added the fourth and fifth sentences in subdivision (b)(1).

Session Laws 2006-264, s. 76(b), effective August 27, 2006, in the fourth (now seventh sentence) sentence of subdivision (b)(1), inserted "one or more", inserted "mailed", substituted "full counts of one or more" for "and full counts", and substituted "sites, or a combination" for "sites" at the end.

§ 163-182.2. Initial counting of official ballots.

(a) The initial counting of official ballots shall be conducted according to the following principles:

(1) Vote counting at the precinct shall occur immediately after the polls close and shall be continuous until completed.

(2) Vote counting at the precinct shall be conducted with the participation of precinct officials of all political parties then present. Vote counting at the county board of elections shall be conducted in the presence or under the supervision of board members of all political parties then present.

(3) Any member of the public wishing to witness the vote count at any level shall be allowed to do so. No witness shall interfere with the orderly counting of the official ballots. Witnesses shall not participate in the official counting of official ballots.

(4) Provisional official ballots shall be counted by the county board of elections before the canvass. If the county board finds that an individual voting a provisional official ballot is not eligible to vote in one or more ballot items on the official ballot, the board shall not count the official ballot in those ballot items, but shall count the official ballot in any ballot items for which the individual is eligible to vote. Eligibility shall be determined by whether the voter is registered in the county as provided in G.S. 163-82.1 and whether the voter is qualified by residency to vote in the election district as provided in G.S. 163-55 and G.S. 163-57. If a voter was properly registered to vote in the election by the county board, no mistake of an election official in giving the voter a ballot or in failing to comply with G.S. 163-82.15 or G.S. 163-166.11 shall serve to prevent the counting of the vote on any ballot item the voter was eligible by registration and qualified by residency to vote.

(5) Precinct officials shall provide a preliminary report of the vote counting to the county board of elections as quickly as possible. The preliminary report shall be unofficial and has no binding effect upon the official county canvass to follow.

(6) In counties that use any certified mechanical or electronic voting system, subject to the sample counts under G.S. 163-182.1 and subdivision (1a) of subsection (b) of this section, and of a hand-to-eye recount under G.S. 163-182.7 and G.S. 163-182.7A, a board of elections shall rely in its canvass on the mechanical or electronic count of the vote rather than the full hand-to-eye count of the paper ballots or records. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count or recount, the hand-to-eye count or recount shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count.

(b) The State Board of Elections shall promulgate rules for the initial counting of official ballots. All election officials shall be governed by those rules. In promulgating those rules, the State Board shall adhere to the following guidelines:

(1) For each voting system used, the rules shall specify the role of precinct officials and of the county board of elections in the initial counting of official ballots.

(1a) For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those rules shall provide for a sample hand-to-eye count of the paper ballots or paper records of a sampling of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of one or more full precincts, full counts of mailed absentee ballots, and full counts of one or more one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted. The sample count need not be done on election night.

(2) The rules shall provide for accurate unofficial reporting of the results from the precinct to the county board of elections with reasonable speed on the night of the election.

(3) The rules shall provide for the prompt and secure transmission of official ballots from the voting place to the county board of elections.

The State Board shall direct the county boards of elections in the application of the principles and rules in individual circumstances. (2001-398, s. 3; 2005-2, s. 5; 2005-323, s. 5(b); 2006-192, s. 7(b); 2006-264, s. 76(c).)

Effect of Amendments. —

Session Laws 2006-192, s. 7(b), effective August 3, 2006, added the fourth and fifth sentences in subdivision (b)(1a).

Session Laws 2006-264, s. 76(c), effective August 27, 2006, in subdivision (b)(1a), in the fourth sentence, inserted "one or more" twice and "mailed" preceding "absentee ballots", and added the last sentence.

SUBCHAPTER VII. ABSENTEE VOTING.

ARTICLE 20.

Absentee Ballot.

§ 163-234. Counting absentee ballots by county board of elections.

All absentee ballots returned to the county board of elections in the container-return envelopes shall be retained by the board to be counted by the county board of elections as herein provided.

(1) Only those absentee ballots returned to the county board of elections no later than 5:00 p.m. on the day before election day in a properly executed container-return envelope shall be counted, except to the extent federal law requires otherwise.

(2) The county board of elections shall meet at 5:00 p.m. on election day in the board office or other public location in the county courthouse for the purpose of counting all absentee ballots except those which have been challenged before 5:00 p.m. on election day. Any elector of the county shall be permitted to attend the meeting and allowed to observe the counting process, provided the elector shall not in any manner interfere with the election officials in the discharge of their duties.

Provided, that the county board of elections is authorized to begin counting absentee ballots between the hours of 2:00 p.m. and 5:00 p.m. upon the adoption of a resolution at least two weeks prior to the election wherein the hour and place of counting absentee ballots shall be stated. A copy of the resolutions shall be published once a week for two weeks prior to the election, in a newspaper having general circulation in the county. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. The count shall be continuous until completed and the members shall not separate or leave the counting place except for unavoidable necessity, except that if the count has been completed prior to the time the polls close, it shall be suspended until that time pending receipt of any additional ballots. Nothing in this section shall prohibit a county board of elections from taking preparatory steps for the count earlier than the times specified in this section, as long as the preparatory steps do not reveal to any individual not engaged in the actual count election results before the times specified in this subdivision for the count to begin. By way of illustration and not limitation, a preparatory step for the count would be the entry of tally cards from direct record electronic voting units into a computer for processing. The board shall not announce the result of the count before 7:30 p.m.

(2a) Notwithstanding the provisions of subdivision (2) of this section, a county board of elections may, at each meeting at which it approves absentee ballot applications pursuant to G.S. 163-230.1(c) and (c1), remove those ballots from their envelopes and have them read by an optical scanning machine, without printing the totals on the scanner. The board shall complete the counting of these ballots at the times provided in subdivision (2) of this section. The State Board of Elections shall provide instructions to county boards of elections for executing this procedure, and the instructions shall be designed to ensure the accuracy of the count, the participation of board members of both parties, and the secrecy of the results before election day. This subdivision applies only in counties that use optical scan devices to count absentee ballots.

(3) The counting of absentee ballots shall not commence until a majority and at least one board member of each political party represented on the board is present and that fact is publicly declared and entered in the official minutes of the county board.

(4) The county board of elections may employ such assistants as deemed necessary to count the absentee ballots, but each board member present shall be responsible for and observe and supervise the opening and tallying of the ballots.

(5) As each ballot envelope is opened, the board shall cause to be entered into a pollbook designated "Pollbook of Absentee Voters" the name of the absentee voter, or if the pollbook is computer-generated, the board shall check off the name. Preserving secrecy, the ballots shall be placed in the appropriate ballot boxes, at least one of which shall be

provided for each type of ballot. The "Pollbook of Absentee Voters" shall also contain the names of all persons who voted under G.S. 163-227.2, but those names may be printed by computer for inclusion in the pollbook.

After all ballots have been placed in the boxes, the counting process shall begin.

If one-stop ballots under G.S. 163-227.2 are counted electronically, that count shall commence at the time the polls close. If one-stop ballots are paper ballots counted manually, that count shall commence at the same time as other absentee ballots are counted.

If a challenge transmitted to the board on canvass day by a chief judge is sustained, the ballots challenged and sustained shall be withdrawn from the appropriate boxes, as provided in G.S. 163-89(e).

As soon as the absentee ballots have been counted and the names of the absentee voters entered in the pollbook as required herein, the board members and assistants employed to count the absentee ballots shall each sign the pollbook immediately beneath the last absentee voter's name entered therein. The county board of elections shall be responsible for the safekeeping of the pollbook of absentee voters.

(6) Upon completion of the counting process the board members shall cause the results of the tally to be entered on the absentee abstract prescribed by the State Board of Elections. The abstract shall be signed by the members of the board in attendance and the original mailed immediately to the State Board of Elections. The county board of elections may have a separate count on the abstract for one-stop absentee ballots under G.S. 163-227.2.

(7) One copy of the absentee abstract shall be retained by the county board of elections and the totals appearing thereon shall be added to the final totals of all votes cast in the county for each office as determined on the official canvass.

(8) In the event a political party does not have a member of the county board of elections present at the meeting to count absentee ballots due to illness or other cause of the member, the counting shall not commence until the county party chairman of said absent member, or a member of the party's county executive committee, is in attendance. Such person shall act as an official witness to the counting and shall sign the absentee ballot abstract as an "observer."

(9) The county board of elections shall retain all container-return envelopes and absentee ballots, in a safe place, for at least four months, and longer if any contest is pending concerning the validity of any ballot. Article 22A.

Regulating Contributions and Expenditures in Political Campaigns.

Part 1. In General.

§ 163-278.6. Definitions.

When used in this Article:

(1) The term "board" means the State Board of Elections with respect to all candidates for State, legislative, and judicial offices and the county or municipal board of elections with respect to all candidates for county and municipal offices. The term means the State Board of Elections with respect to all statewide referenda and the county or municipal board of elections conducting all local referenda.

(2) The term "broadcasting station" means any commercial radio or television station or community antenna radio or television station. Special definitions of "radio" and "television" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

(3) The term "business entity" means any partnership, joint venture, joint-stock company, company, firm, or any commercial or industrial establishment or enterprise.

(4) The term "candidate" means any individual who, with respect to a public office listed in G.S. 163-278.6(18), has filed a notice of candidacy or a petition requesting to be a candidate, or has been certified as a nominee of a political party for a vacancy, has otherwise qualified as a candidate in a manner authorized by law, or has received funds or made payments or has given the consent for anyone else to receive funds or transfer anything of value for the purpose of exploring or bringing about that individual's nomination or election to office. Transferring anything of value includes incurring an obligation to transfer anything of value. Status as a candidate for the purpose of this Article continues if the individual is receiving contributions to repay loans or cover a deficit or is making expenditures to satisfy obligations from an election already held. Special definitions of

"candidate" and "candidate campaign committee" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

(5) The term "communications media" or "media" means broadcasting stations, carrier current stations, newspapers, magazines, periodicals, outdoor advertising facilities, billboards, newspaper inserts, and any person or individual whose business is polling public opinion, analyzing or predicting voter behavior or voter preferences. Special definitions of "print media," "radio," and "television" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

(6) The terms "contribute" or "contribution" mean any advance, conveyance, deposit, distribution, transfer of funds, loan, payment, gift, pledge or subscription of money or anything of value whatsoever, to a candidate to support or oppose the nomination or election of one or more clearly identified candidates, to a political committee, to a political party, or to a referendum committee, whether or not made in an election year, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to make a contribution. These terms include, without limitation, such contributions as labor or personal services, postage, publication of campaign literature or materials, in-kind transfers, loans or use of any supplies, office machinery, vehicles, aircraft, office space, or similar or related services, goods, or personal or real property. These terms also include, without limitation, the proceeds of sale of services, campaign literature and materials, wearing apparel, tickets or admission prices to campaign events such as rallies or dinners, and the proceeds of sale of any campaign-related services or goods. Notwithstanding the foregoing meanings of "contribution," the word shall not be construed to include services provided without compensation by individuals volunteering a portion or all of their time on behalf of a candidate, political committee, or referendum committee. The term "contribution" does not include an "independent expenditure." If:

a. Any individual, person, committee, association, or any other organization or group of individuals, including but not limited to, a political organization (as defined in section 527(e)(1) of the Internal Revenue Code of 1986) makes, or contracts to make, any disbursement for any electioneering communication, as defined in G.S. 163-278.80(2) and (3) and G.S. 163-278.90(2) and (3); and

b. That disbursement is coordinated with a candidate, an authorized political committee of that candidate, a State or local political party or committee of that party, or an agent or official of any such candidate, party, or committee

that disbursement or contracting shall be treated as a contribution to the candidate supported by the electioneering communication or that candidate's party and as an expenditure by that candidate or that candidate's party.

(7) The term "corporation" means any corporation established under either domestic or foreign charter, and includes a corporate subsidiary and any business entity in which a corporation participates or is a stockholder, a partner or a joint venturer. The term applies regardless of whether the corporation does business in the State of North Carolina.

(7a) The term "costs of collection" means monies spent by the State Board of Elections in the collection of the penalties levied under this Article to the extent the costs do not constitute more than fifty percent (50%) of the civil penalty. The costs are presumed to be ten percent (10%) of the civil penalty unless otherwise determined by the State Board of

Elections based on the records of expenses incurred by the State Board of Elections for its collection procedures.

(7b) The term "day" means calendar day.

(7c) The term "election cycle" means the period of time from January 1 after an election for an office through December 31 after the election for the next term of the same office. Where the term is applied in the context of several offices with different terms, "election cycle" means the period from January 1 of an odd-numbered year through December 31 of the next even-numbered year.

(8) The term "election" means any general or special election, a first or second primary, a run-off election, or an election to fill a vacancy. The term "election" shall not include any local or statewide referendum.

(8a) The term "enforcement costs" means salaries, overhead, and other monies spent by the State Board of Elections in the enforcement of the penalties provisions of this Article, including the costs of investigators, attorneys, travel costs for State Board employees and its attorneys, to the extent the costs do not constitute more than fifty percent (50%) of the sum levied for the enforcement costs and civil late penalty.

(9) The terms "expend" or "expenditure" mean any purchase, advance, conveyance, deposit, distribution, transfer of funds, loan, payment, gift, pledge or subscription of money or anything of value whatsoever, whether or not made in an election year, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to make an expenditure, to support or oppose the nomination, election, or passage of one or more clearly identified candidates, or ballot measure. Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party. The term "expenditure" also includes any payment or other transfer made by a candidate, political committee, or referendum committee.

(9a) The term "independently expend" or "independent expenditure" means an expenditure to support or oppose the nomination or election of one or more clearly identified candidates that is made without consultation or coordination with a candidate or agent of a candidate whose nomination or election the expenditure supports or whose opponent's nomination or election the expenditure opposes. Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party. A contribution is not an independent expenditure. As applied to referenda, the term "independent expenditure" applies if consultation or coordination does not take place with a referendum committee that supports a ballot measure the expenditure supports, or a referendum committee that opposes the ballot measure the expenditure opposes.

(10) The term "individual" means a single individual or more than one individual.

(11) The term "insurance company" means any person whose business is making or underwriting contracts of insurance, and includes mutual insurance companies, stock insurance companies, and fraternal beneficiary associations.

(12) The term "labor union" means any union, organization, combination or association of employees or workmen formed for the purposes of securing by united action favorable wages, improved labor conditions, better hours of labor or work-related benefits, or for handling, processing or righting grievances by employees against their employers, or for representing employees collectively or individually in

dealings with their employers. The term includes any unions to which Article 10, Chapter 95 applies.

(13) The term "person" means any business entity, corporation, insurance company, labor union, or professional association.

(14) The term "political committee" means a combination of two or more individuals, such as any person, committee, association, organization, or other entity that makes, or accepts anything of value to make, contributions or expenditures and has one or more of the following characteristics:

a. Is controlled by a candidate;

b. Is a political party or executive committee of a political party or is controlled by a political party or executive committee of a political party;

c. Is created by a corporation, business entity, insurance company, labor union, or professional association pursuant to G.S. 163-278.19(b); or

d. Has as a major purpose to support or oppose the nomination or election of one or more clearly identified candidates.

Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party.

An entity is rebuttably presumed to have as a major purpose to support or oppose the nomination or election of one or more clearly identified candidates if it contributes or expends or both contributes and expends during an election cycle more than three thousand dollars ($3,000). The presumption may be rebutted by showing that the contributions and expenditures giving rise to the presumption were not a major part of activities of the organization during the election cycle. Contributions to referendum committees and expenditures to support or oppose ballot issues shall not be facts considered to give rise to the presumption or otherwise be used in determining whether an entity is a political committee.

If the entity qualifies as a "political committee" under sub-subdivision a., b., c., or d. of this subdivision, it continues to be a political committee if it receives contributions or makes expenditures or maintains assets or liabilities. A political committee ceases to exist when it winds up its operations, disposes of its assets, and files its final report.

Special definitions of "political action committee" and "candidate campaign committee" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

(15) The term "political party" means any political party organized or operating in this State, whether or not that party is recognized under the provisions of G.S. 163-96. A special definition of "political party organization" that applies only in Part 1A of this Article is set forth in G.S. 163-278.38Z.

(16) Repealed by Session Laws 1999-31, s. 4.

(17) The term "professional association" means any trade association, group, organization, association, or collection of persons or individuals formed for the purposes of advancing, representing, improving, furthering or preserving the interests of persons or individuals having a common vocation, profession, calling, occupation, employment, or training.

(18) The term "public office" means any office filled by election by the people on a statewide, county, municipal or district basis, and this Article shall be applicable to such elective offices whether the election therefor is partisan or nonpartisan.

(18a) The term "referendum" means any question, issue, or act referred to a vote of the people of the entire State by the General Assembly, a unit of local government, or by the people under any applicable local act and includes constitutional amendments and State bond issues. The term "referendum" includes any type of municipal, county, or special district referendum and any initiative or referendum authorized by a municipal charter or local act. A recall election shall not be considered a referendum within the meaning of this Article.

(18b) The term "referendum committee" means a combination of two or more individuals such as a committee, association, organization, or other entity or a combination of two or more business entities, corporations, insurance companies, labor unions, or professional associations such as a committee, association, organization, or other entity the primary purpose of which is to support or oppose the passage of any referendum on the ballot. If the entity qualifies as a "referendum committee" under this subdivision, it continues to be a referendum committee if it receives contributions or makes expenditures or maintains assets or liabilities. A referendum committee ceases to exist when it winds up its operations, disposes of its assets, and files its final report.

(19) The term "treasurer" means an individual appointed by a candidate, political committee, or referendum committee as provided in G.S. 163-278.7 or G.S. 163-278.40A. (1973, c. 1272, s. 1; 1975, c. 798, ss. 5, 6; 1979, c. 500, s. 1; c. 1073, ss. 1-3, 19, 20; 1981, c. 837, s. 1; 1983, c. 331, s. 6; 1985, c. 352, ss. 1-3; 1997-515, ss. 4(a)-(c), 7(b)-(d); 1999-31, ss. 1(a), (b), 2(a)-(c), 3, 4(a); 1999-424, s. 6(a), (b); 2002-159, s. 55(n); 2003-278, s. 5; 2004-125, s. 3; 2004-127, s. 15; 2004-203, s. 12(b); 2005-430, s. 10; 2006-264, s. 23.)

Effect of Amendments. —

Session Laws 2004-127, s. 15, as amended by Session Laws 2006-264, s. 23, effective July 26, 2004, deleted the former last sentence of subdivision (9) which read: "The special definition of 'expenditure' in G.S. 163-278.12A applies only in that section."

§ 163-278.7. Appointment of political treasurers.

(a) Each candidate, political committee, and referendum committee shall appoint a treasurer and, under verification, report the name and address of the treasurer to the Board. A candidate may appoint himself or any other individual, including any relative except his spouse, as his treasurer, and, upon failure to file report designating a treasurer, the candidate shall be concluded to have appointed himself as treasurer and shall be required to personally fulfill the duties and responsibilities imposed upon the appointed treasurer and subject to the penalties and sanctions hereinafter provided.

(b) Each appointed treasurer shall file with the Board at the time required by G.S. 163-278.9(a)(1) a statement of organization that includes:

(1) The Name, Address and Purpose of the Candidate, Political Committee, or Referendum Committee. — When the political committee or referendum committee is created pursuant to G.S. 163-278.19(b), the name shall be or include the name of the corporation, insurance company, business entity, labor union or professional association whose officials, employees, or members established the committee. When the political committee or referendum committee is not created pursuant to G.S. 163-278.19(b), the name shall be or include the economic interest, if identifiable, principally represented by the committee's organizers or intended to be advanced by use of the committee's receipts.

Disclosure of an account number in violation of this subdivision shall not give rise to a civil cause of action. This limitation of liability does not apply to the disclosure of account numbers in violation of this subdivision as a result of gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable.

(8) The name or names and address or addresses of any assistant treasurers appointed by the treasurer. Such assistant treasurers shall be authorized to act in the name of the candidate, political committee, or referendum committee and shall be fully responsible for any act or acts committed by the assistant treasurer. The treasurer shall be fully liable for any violation of this Article committed by any assistant treasurer; and

(9) Any other information which might be requested by the Board that deals with the campaign organization of the candidate or referendum committee.

(c) Any change in information previously submitted in a statement of organization shall be reported to the Board within a 10-day period following the change.

(d) A candidate, political committee or referendum committee may remove his or its treasurer. In case of the death, resignation or removal of his or its treasurer before compliance with all obligations of a treasurer under this Article, such candidate, political committee or referendum committee shall appoint a successor within 10 days of the vacancy of such office, and certify the name and address of the successor in the manner provided in the case of an original appointment.

(e) Every treasurer of a referendum committee shall receive, prior to every election in which the referendum committee is involved, training from the State Board of Elections as to the duties of the office, including the requirements of G.S. 163-278.13(e1), provided that the treasurer may designate an employee or volunteer of the committee to receive the training.

(f) Every treasurer of a political committee shall participate in training as to the duties of the office within three months of appointment and at least once every four years thereafter. The State Board of Elections shall provide the training as to the duties of the office in person, through regional seminars, and through interactive electronic means. The treasurer may designate an assistant treasurer to participate in the training, if one is named under subdivision (b)(8) of this section. The treasurer may choose to participate in training prior to each election in which the political committee is involved. All such training shall be free of charge to the treasurer and assistant treasurer. (1973, c. 1272, s. 1; 1979, c. 500, s. 2; c. 1073, ss. 4, 5, 16, 18, 20; 1987, c. 113, s. 1; 1995, c. 315, s. 1; 2002-159, s. 57.1(a); 2004-203, s. 59(a); 2005-430, s. 10.1; 2006-195, s. 7.)

Session Laws 2006-195, s. 7, effective October 1, 2006, rewrote subdivision (b)(8) which read: "The name or names and address or addresses of any assistant treasurers appointed by the treasurer. Such assistant treasurers shall be authorized to act in the name of the treasurer, who shall be fully responsible for any act or acts committed by an assistant treasurer, and the treasurer shall be fully liable for any violation of this Article committed by any assistant treasurer; and" and rewrote subsection (f) which read: "The State Board of Elections shall provide training for every treasurer of a political committee, prior to the election in which the political committee is involved, as to the duties of the office. The State Board of Elections shall provide each treasurer with a CD-ROM, DVD, videotape, or other electronic document containing training as to the duties of the office, and shall conduct regional seminars for in-person training. All such training shall be free of charge to the treasurer."

§ 163-278.8. Detailed accounts to be kept by political treasurers.

(a) The treasurer of each candidate, political committee, and referendum committee shall keep detailed accounts, current within not more than seven days after the date of receiving a contribution or making an expenditure, of all contributions received and all expenditures made by or on behalf of the candidate, political committee, or referendum committee. The accounts shall include the information required by the State Board of Elections on its forms.

(b) Accounts kept by the treasurer of a candidate, political committee, or referendum committee or the accounts of a treasurer or political committee at any bank or other depository listed under G.S. 163-278.7(b)(7), may be inspected, before or after the election to which the accounts refer, by a member, designee, agent, attorney or employee of the Board who is making an investigation pursuant to G.S. 163-278.22.

(c) Repealed by Session Laws 2004-125, s. 5(a), effective July 20, 2004, and applicable to contributions made on or after January 1, 2003.

(e) All expenditures for media expenses shall be made by a verifiable form of payment. The State Board of Elections shall prescribe methods to ensure an audit trail for every expenditure so that the identity of each payee can be determined. All media expenditures in any amount shall be accounted for and reported individually and separately with specific descriptions to provide a reasonable understanding of the expenditure.

(f) All expenditures for nonmedia expenses (except postage) of more than fifty dollars ($50.00) shall be made by a verifiable form of payment. The State Board of Elections shall prescribe methods to ensure an audit trail for every expenditure so that the identity of each payee can be determined. All expenditures for nonmedia expenses of fifty dollars ($50.00) or less may be made by check or by cash payment. All nonmedia expenditures of more than fifty dollars ($50.00) shall be accounted for and reported individually and separately with a specific description to provide a reasonable understanding of the expenditure, but expenditures of fifty dollars ($50.00) or less may be accounted for and reported in an aggregated amount, but in that case the treasurer shall account for and report that the treasurer made expenditures of fifty dollars ($50.00) or less each, the amounts, dates, and the purposes for which made. In the case of a non media expenditure required to be accounted for individually and separately with a specific description to provide a reasonable understanding of the expenditure by this subsection, if the expenditure was to an individual, the report shall list the name and address of the individual.

(g) All proceeds from loans shall be recorded separately with a detailed analysis reflecting the amount of the loan, the source, the period, the rate of interest, and the security pledged, if any, and all makers and endorsers. (1973, c. 1272, s. 1; 1977, c. 635, s. 1; 1979, c. 1073, ss. 16, 20; 1981, c. 814, s. 1; 1985, c. 353, ss. 1, 2; 1993 (Reg. Effect of Amendments. —

Session Laws 2006-161, ss. 2 and 3, effective January 1, 2007, and applicable to all political committees and referendum committees with active accounts with the State Board of Elections or a county board of elections on or after January 1, 2007, added "with specific descriptions to provide a reasonable understanding of the expenditure" at the end of the second sentence in subsection (e); and, in subsection (f), in the fourth sentence, inserted "with a specific description to provide a reasonable understanding of the expenditure," in the middle and substituted "the treasurer" for "he" near the end, and inserted "with a specific description to provide a reasonable understanding of the expenditure" in the middle of the last sentence.

Session Laws 2006-195, s. 4, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, added the last sentence in subsection (a) and deleted former subsection (d) which read: "A treasurer shall not be required to report the name of any individual who is a resident of this State who makes a total contribution of one hundred dollars ($100.00) or less but he shall instead report the fact that he has received a total contribution of one hundred dollars ($100.00) or less, the amount of the contribution, and the date of receipt. If a treasurer receives contributions of one hundred dollars ($100.00) or less, each at a single event, he may account for and report the total amount received at that event, the date and place of the event, the nature of the event, and the approximate number of people at the event. With respect to the proceeds of sale of services, campaign literature and materials, wearing apparel, tickets or admission prices to campaign events such as rallies or dinners, and the proceeds of sale of any campaign-related services or goods, if the price or value received for any single service or goods exceeds one hundred dollars ($100.00), the treasurer shall account for and report the name of the individual paying for such services or goods, the amount received, and the date of receipt, but if the price or value received for any single service or item of goods does not exceed one hundred dollars ($100.00), the treasurer may report only those services or goods rendered or sold at a value that does not exceed one hundred dollars ($100.00), the nature of the services or goods, the amount received in the aggregate for the services or goods, and the date of the receipt."

§ 163-278.9. Statements filed with Board.

(a) Except as provided in G.S. 163-278.10A, the treasurer of each candidate and of each political committee shall file with the Board under certification of the treasurer as true and correct to the best of the knowledge of that officer the following reports:

(1) Organizational Report. — The appointment of the treasurer as required by G.S. 163-278.7(a), the statement of organization required by G.S. 163-278.7(b), and a report of all contributions and expenditures not previously reported shall be filed with the Board no later than the tenth day following the day the candidate files notice of candidacy or the tenth day following the organization of the political committee, whichever occurs first. Any candidate whose campaign is being conducted by a political committee which is handling all contributions and expenditures for his campaign shall file a statement with the Board stating such fact at the time required herein for the organiza-

The disclosure shall be by report to the State Board of Elections identifying the source and amount of the funds. The State Board of Elections shall specify the form and manner of making the report.

(5) Repealed by Session Laws 1985, c. 164, s. 1.

(5a) Quarterly Reports. — During even-numbered years during which there is an election for that candidate or in which the campaign committee is supporting a candidate, the treasurer shall file a report by mailing or otherwise delivering it to the Board no later than seven working days after the end of each calendar quarter covering the prior calendar quarter, except that:

a. The report for the first quarter shall also cover the period in April through the seventeenth day before the primary, the first quarter report shall be due seven days after that date, and the second quarter report shall not include that period if a first quarter report was required to be filed; and

b. The report for the third quarter shall also cover the period in October through the seventeenth day before the election, the third quarter report shall be due seven days after that date, and the fourth quarter report shall not include that period if a third quarter report was required to be filed.

(c) Repealed by Session Laws 1985, c. 164, s. 6.1.

(d) Candidates and committees for municipal offices are not subject to subsections (a), (b) and (c) of this section. Reports for those candidates and committees are covered by Part 2 of this Article.

(e) Notwithstanding subsections (a) through (c) of this section, any political party (including a State, district, county, or precinct committee thereof) which is required to file reports under those subsections and under the Federal Election Campaign Act of 1971, as amended (2 U.S.C. 434), shall instead of filing the reports required by those subsections, file with the State Board of Elections:

(1) The organizational report required by subsection (a)(1) of this section, and

(2) A copy of each report required to be filed under 2 U.S.C. 434, such copy to be filed on the same day as the federal report is required to be filed.

(f) Any report filed under subsection (e) of this section may include matter required by the federal law but not required by this Article.

(g) Any report filed under subsection (e) of this section must contain all the information required by G.S. 163-278.11, notwithstanding that the federal law may set a higher reporting threshold.

(h) Any report filed under subsection (e) of this section may reflect the cumulative totals required by G.S. 163-278.11 in an attachment, if the federal law does not permit such information in the body of the report.

(i) Any report or attachment filed under subsection (e) of this section must be certified.

(j) Treasurers for the following entities shall electronically file each report required by this section that shows a cumulative total for the election cycle in excess of five thousand dollars ($5,000) in contributions, in expenditures, or in loans, according to rules adopted by the State Board of Elections:

The State Board of Elections shall provide the software necessary to file an electronic report to a treasurer required to file an electronic report at no cost to the treasurer.

(k) All reports under this section must be filed by a treasurer or assistant treasurer who has completed all training as to the duties of the office required by G.S. 163-278.7(f). (1973, c. 1272, s. 1; 1975, c. 565, s. 1; 1979, c. 500, ss. 3, 16; c. 730; 1981, c. 837, s. 2; 1985, c. 164, ss. 1, 6-6.2; 1987 (Reg. Sess., 1988), c. 1028, s. 6; 1991 (Reg. Sess., 1992), c. 1032, s. 10A; 1997-515, ss. 1(a), 4(d1), 5(a), 12(a); 1999-31, s. 7(a), (b); 2001-235, s. 2; 2001-419, s. 7; 2001-487, s. 97(b); 2002-159, s. 21(d); 2006-195, ss. 5.1, 8.)

Effect of Amendments. — Session Laws 2006-195, s. 8, effective October 1, 2006, added subsection (k); and, s. 5.1, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, deleted "G.S. 163-278.8 or" in the middle of subsection (g).

§ 163-278.11. Contents of treasurer's statement of receipts and expenditures.

(a) Statements filed pursuant to provisions of this Article shall set forth the following:

(1) Contributions. — Except as provided in subsection (a1) of this section, a list of all contributions received by or on behalf of a candidate, political committee, or referendum committee. The statement shall list the name and complete mailing address of each contributor, the amount contributed, the principal occupation of the contributor, and the date such contribution was received. The total sum of all contributions to date shall be plainly exhibited. Forms for required reports shall be prescribed by the Board. As used in this section, "principal occupation of the contributor" means the contributor's:

a. Job title or profession; and

b. Employer's name or employer's specific field of business activity.

The State Board of Elections shall prepare a schedule of specific fields of business activity, adapting or modifying as it deems suitable the business activity classifications of the Internal Revenue Code or other relevant classification schedules. In reporting a contributor's specific field of business activity, the treasurer shall use the classification schedule prepared by the State Board.

(2) Expenditures. — A list of all expenditures required under G.S. 163-278.8 made by or on behalf of a candidate, political committee, or referendum committee. The statement shall list the name and complete mailing address of each payee, the amount paid, the purpose, and the date such payment was made. The total sum of all expenditures to date shall be plainly exhibited. Forms for required reports shall be prescribed by the Board. In accounting for all expenditures in accordance with G.S. 163-278.8(e) and G.S. 163-278.8(f), the payee shall be the individual or person to whom the candidate, political committee, or referendum committee is obligated to make the expenditure. If the expenditure is to a financial institution for revolving credit or a reimbursement for a payment to a financial institution for revolving credit, the statement shall also include a specific itemization of the goods and services purchased with the revolving credit. If the obligation is for more than one good or service, the statement shall include a specific itemization of the obligation so as to provide a reasonable understanding of the obligation.

(3) Loans. — Every candidate and treasurer shall attach to the campaign transmittal submitted with each report an addendum listing all proceeds derived from loans for funds used or to be used in this campaign. The addendum shall be in the form as prescribed by the State Board of Elections and shall list the amount of the loan, the source, the period, the rate of interest, and the security pledged, if any, and all makers and endorsers.

(a1) Threshold for Reporting Identity of Contributor. — A treasurer shall not be required to report the name, address, or principal occupation of any individual resident of the State who contributes fifty dollars ($50.00) or less to the treasurer's committee during an election as defined in G.S. 163-278.13. The State Board of Elections shall provide on its reporting forms for the reporting of contributions below that threshold. On those reporting forms, the State Board may require date and amount of contributions below the threshold, but may treat differently for reporting purposes contributions below the threshold that are made in different modes and in different settings.

(b) Statements shall reflect anything of value paid for or contributed by any person or individual, both as a contribution and expenditure. A political party executive committee that makes an expenditure that benefits a candidate or group of candidates shall report the expenditure, including the date, amount, and purpose of the expenditure and the name of and office sought by the candidate or candidates on whose behalf the expenditure was made. A candidate who benefits from the expenditure shall report the expenditure or the proportionate share of the expenditure from which the candidate benefitted as an in-kind contribution if the candidate or the candidate's committee has coordinated with the political party executive committee concerning the expenditure.

(c) Best Efforts. — When a treasurer shows that best efforts have been used to obtain, maintain, and submit the information required by this Article for the candidate or political committee, any report of that candidate or committee shall be considered in compliance with this Article and shall not be the basis for criminal prosecution or the imposition of civil penalties, other than forfeiture of a contribution improperly accepted under this Article. The State Board of Elections shall promulgate rules that specify what are "best efforts" for purposes of this Article, adapting as it deems suitable the provisions of 11 C.F.R. § 104.7. The rules shall include a provision that if the treasurer, after complying with this Article and the rules, does not know the occupation of the contributor, it shall suffice for the treasurer to report "unable to obtain". (1973, c. 1272, s. 1; 1977, c. 635, s. 2; 1979, c. 1073, s. 20; 1997-515, ss. 2(a), (b), 3(a); 2006-161, s. 4; 2006-195, s. 5.)

Effect of Amendments. — Session Laws 2006-161, s. 4, effective January 1, 2007, and applicable to all political committees and referendum committees with active accounts with the State Board of Elections or a county board of elections on or after January 1, 2007, added the last three sentences in subdivision (a)(2).

Session Laws 2006-195, s. 5, effective January 1, 2007, and applicable to all contributions made and accepted on or after January 1, 2007, in the first sentence of subdivision (a)(1), substituted "Except as provided in subsection (a1) of this section, a" for "A" and deleted "required to be listed under G.S. 163.278.8" following "contributions"; added subsection (a1); and, in subsection (c), added "and shall not be the basis for criminal prosecution or the imposition of civil penalties, other than forfeiture of a contribution improperly accepted under this Article" at the end of the first sentence and, in the last sentence, substituted "a provision" for "the provision" and inserted "this Article and" near the middle.

§ 163-278.13. Limitation on contributions.

(a) No individual, political committee, or other entity shall contribute to any candidate or other political committee any money or make any other contribution in any election in excess of four thousand dollars ($4,000) for that election.

(b) No candidate or political committee shall accept or solicit any contribution from any individual, other political committee, or other entity of any money or any other contribution in any election in excess of four thousand dollars ($4,000) for that election.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, it shall be lawful for a candidate or a candidate's spouse, parents, brothers and sisters to make a contribution to the candidate or to the candidate's treasurer of any amount of money or to make any other contribution in any election in excess of four thousand dollars ($4,000) for that election.

(d) For the purposes of this section, the term "an election" means any primary, second primary, or general election in which the candidate or political committee may be involved, without regard to whether the candidate is opposed or unopposed in the election, except that where a candidate is not on the ballot in a second primary, that second primary is not "an election" with respect to that candidate.

(e) Except as provided in subsections (e2) and (e3) of this section, this section shall not apply to any national, State, district or county executive committee of any political party. For the purposes of this section only, the term "political party" means only those political parties officially recognized under G.S. 163-96.

(e1) No referendum committee which received any contribution from a corporation, labor union, insurance company, business entity, or professional association may make any contribution to another referendum committee, to a candidate or to a political committee.

(e2) In order to make meaningful the provisions of Article 22D of this Chapter, the following provisions shall apply with respect to candidates for justice of the Supreme Court and judge of the Court of Appeals:

(1) No candidate shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars ($1,000) except as provided for elsewhere in this subsection.

(2) A candidate may accept, and a family contributor may make to that candidate, a contribution not exceeding two thousand dollars ($2,000) in an election if the contributor is that candidate's parent, child, brother, or sister.

(3) No candidate shall accept, and no contributor shall make to that candidate, a contribution during the period beginning 21 days before the day of the general election and ending the day after the general election if that contribution causes the candidate to exceed the "trigger for rescue funds" defined in G.S. 163-278.62(18). This subdivision applies with respect to a candidate opposed in the general election by a certified candidate as defined in Article 22D of this Chapter who has not received the maximum rescue funds available under G.S. 163-278.67. The recipient of a contribution that apparently violates this subdivision has three days to return the contribution or file a detailed statement with the State Board of Elections explaining why the contribution does not violate this subdivision.

As used in this subsection, "candidate" is also a political committee authorized by the candidate for that candidate's election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual's assets to that candidate's own campaign.

(e3) Notwithstanding the provisions of subsections (a) and (b) of this section, no candidate for superior court judge or district court judge shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars ($1,000), except as provided in subsection (c) of this section. As used in this subsection, "candidate" is also a political committee authorized by the candidate for that candidate's election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual's assets to that candidate's own campaign.

(f) Any individual, candidate, political committee, referendum committee, or other entity that violates the provisions of this section is guilty of a Class 2 misdemeanor. (1973, c. 1272, s. 1; 1979, c. 1073, ss. 8, 20; 1981, c. 225; 1987, c. 565, s. 15; 1993, c. 539, s. 1113; 1994, Ex. Sess., c. 24, s. 14(c); 1997-515, s. 8(a); 1999-31, s. 5(c); 2002-158, s. 2; 2006-192, ss. 15, 16, 17.)

Effect of Amendments. — Session Laws 2006-192, s. 16, effective August 3, 2006, added "if that contribution causes the candidate to exceed the 'trigger for rescue funds' defined in G.S. 163-278.62(18)" at the end of the first sentence of subdivision (e2)(3); s. 15, effective August 3, 2006, and effective January 1, 2007, and applicable to contributions made or accepted on or after that date, as that section affects G.S. 163-278.13(e3), substituted "Except as provided in subsections (e2) and (e3) of this section, this" for "This" at the beginning of subsection (e); and, s. 17, effective January 1, 2007, and applicable to contributions made or accepted on or after January 1, 2007, added subsection (e3).

§ 163-278.13B. Limitation on fund-raising during legislative session.

(a) Definitions. — For purposes of this section:

(1) "Limited contributor" means a lobbyist registered under Chapter 120C of the General Statutes, that lobbyist's agent, that lobbyist's principal as defined in G.S. 120C-100(11) or a political committee that employs or contracts with or whose parent entity employs or contracts with a lobbyist registered under Chapter 120C of the General Statutes.

(2) "Limited contributee" means a member of or candidate for the Council of State, a member of or candidate for the General Assembly.

(3) The General Assembly is in "regular session" from the date set by law or resolution that the General Assembly convenes until the General Assembly either adjourns sine die or recesses or adjourns for more than 10 days.

(4) A contribution is "made" during regular session if the check or other

instrument is dated during the session, or if the check or other instrument is delivered to the limited contributee during session, or if the limited contributor pledges during the session to deliver the check or other instrument at a later time.

(5) A contribution is "accepted" during regular session if the check or other instrument is dated during the session, or if the limited contributee receives the check or other instrument during session and does not return it within 10 days, or agrees during session to receive the check or other instrument at a later time.

(b) Prohibited Solicitations. — While the General Assembly is in regular session, no limited contributee or the real or purported agent of a limited contributee shall:

(1) Solicit a contribution from a limited contributor to be made to that limited contributee or to be made to any other candidate, officeholder, or political committee; or

(2) Solicit a third party, requesting or directing that the third party directly or indirectly solicit a contribution from a limited contributor or relay to the limited contributor the limited contributee's solicitation of a contribution.

It shall not be deemed a violation of this section for a limited contributee to serve on a board or committee of an organization that makes a solicitation of a limited contributor as long as that limited contributee does not directly participate in the solicitation and that limited contributee does not directly benefit from the solicitation.

(c) Prohibited Contributions. — While the General Assembly is in regular session:

(1) No limited contributor shall make or offer to make a contribution to a limited contributee.

(2) No limited contributor shall make a contribution to any candidate, officeholder, or political committee, directing or requesting that the contribution be made in turn to a limited contributee.

(3) No limited contributor shall transfer any amount of money or anything of value to any entity, directing or requesting that the entity use what was transferred to contribute to a limited contributee.

(4) No limited contributee or the real or purported agent of a limited contributee prohibited from solicitation by subsection (b) of this section shall accept a contribution from a limited contributor.

(5) No limited contributor shall solicit a contribution from any individual or political committee on behalf of a limited contributee. This subdivision does not apply to a limited contributor soliciting a contribution on behalf of a political party executive committee if the solicitation is solely for a separate segregated fund kept by the political party limited to use for activities that are not candidate-specific, including generic voter registration and get-out-the-vote efforts, pollings, mailings, and other general activities and advertising that do not refer to a specific individual candidate.

(d) Exception. — The provisions of this section do not apply with regard to a limited contributee during the three weeks prior to the day of a second primary if that limited contributee is a candidate who will be on the ballot in that second primary.

(e) Prosecution. — A violation of this section is a Class 2 misdemeanor. (1997-515, s. 9(b); 1999-31, s. 5(d); 1999-453, s. 6(a); 2000-136, s. 1; 2006-201, s. 21.)

Editor's Note. —

Session Laws 2006-201, s. 23(a), (b), provides: "(a) Persons holding covered positions on January 1, 2007, shall file statements of economic interest under Article 3 of Chapter 138A of the General Statutes by March 15, 2007.

"(b) Public servants holding positions on January 1, 2007, shall participate in ethics education presentations under G.S. 138A-14 on or before January 1, 2008."

Session Laws 2006-201, s. 24, is a severability clause.

Session Laws 2006-201, s. 25, provides, in part, that: "Prosecutions for offenses or ethics violations committed before January 1, 2007, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-201, s. 21, effective January 1, 2007, in subdivision (a)(1), substituted "under Chapter 120C" for "pursuant to Article 9A of Chapter 120", substituted "G.S. 120C-100(11)" for "G.S. 120-47.1(7)," in the middle, and substituted "under Chapter 120C" for "pursuant to Article 9A of Chapter 120" near the end.

§ 163-278.14. No contributions in names of others; no anonymous contributions; contributions in excess of one hundred dollars.

(a) No individual, political committee, or other entity shall make any contribution anonymously or in the name of another. No candidate, political committee, referendum committee, political party, or treasurer shall knowingly accept any contribution made by any individual or person in the name of another individual or person or made anonymously. If a candidate, political committee, referendum committee, political party, or treasurer receives anonymous contributions or contributions determined to have been made in the name of another, he shall pay the money over to the Board, by check, and all such moneys received by the Board shall be deposited in the Civil Penalty and Forfeiture Fund of the State of North Carolina.

(b) No entity shall make, and no candidate, committee or treasurer shall accept, any monetary contribution in excess of fifty dollars ($50.00) unless such contribution is in the form of a check, draft, money order, credit card charge, debit, or other noncash method that can be subject to written verification. No contribution in the form of check, draft, money order, credit card charge, debits, or other noncash method may be made or accepted unless it contains a specific designation of the intended contributee chosen by the contributor. The State Board of Elections may prescribe guidelines as to the reporting and verification of any method of contribution payment allowed under this Article. For contributions by money order, the State Board shall prescribe methods to ensure an audit trail for every contribution so that the identity of the contributor can be determined. For a contribution made by credit card, the credit card account number of a contributor is not a public record.

(c) No political committee or referendum committee shall make any contribution unless in doing so it reports to the recipient the contributor's name as required in G.S 163-278.7(b)(1). (1973, c. 1272, s. 1; 1979, c. 1073, s. 19; 1987, c. 113, s. 2; 1999-453, s. 4(a); 2001-319, s. 10(a); 2002-159, s. 55(k); 2004-125, s. 5(b); 2005-430, s. 1; 2006-195, ss. 1, 5.2.)

Effect of Amendments. —

Session Laws 2006-195, ss. 1 and 5.2, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, in subsection (a), deleted "except as provided in G.S. 163-278.8(d)" following "anonymously" in the first and second sentence and made a minor punctuation change; and, in subsection (b), in the first sentence, substituted "make" for "give" near the beginning, substituted "fifty dollars ($50.00)" for "one hundred dollars ($100.00)" and substituted "is in" for "be in", and added the second sentence.

§ 163-278.15. No acceptance of contributions made by corporations, foreign and domestic, or other prohibited sources.

(a) No candidate, political committee, political party, or treasurer shall accept any contribution made by any corporation, foreign or domestic, regardless of whether such corporation does business in the State of North Carolina, or made by any business entity, labor union, professional association, or insurance company. This section does not apply with regard to entities permitted to make contributions by G.S. 163-278.19(f).

(b) A candidate or political committee may accept a contribution knowing that the contribution is the proceeds of a loan made in the ordinary course of business by a financial institution if all of the following conditions are met:

(1) The full amount of the loan is secured by collateral placed, or by guaranties given, by one or more individuals or entities who are not prohibited by this Article from making contributions to the candidate or political committee. The value of the collateral posted by each individual or entity, or the amount of each guaranty, may not exceed the contribution limitations applicable under this Article to each individual or entity. The value of collateral posted may exceed the contribution limitations applicable under this Article in cases where the amount of the loan secured by that collateral does not exceed the contribution limitations applicable to the individual or entity.

(2) During the time that any loan remains outstanding and unpaid, then the value of any collateral posted, or the amount of each guaranty, for that loan shall be considered to be a contribution by the individual or entity securing the loan. If the loan, or any portion of the loan, is repaid to the financial institution by the candidate or political committee to whom the loan was made during the contribution limitation period for the same "election" as defined in G.S. 163-278.13(d) in which the loan was made, the individual or entity securing the loan shall be eligible to further contribute to that candidate or political committee up to the amount of the repayment. If multiple individuals or entities secured the loan that is repaid to the financial institution by the candidate or political committee, then the amount repaid shall be prorated amongst the multiple individuals or entities.

(3) If the loan is to the candidate or political committee, only the candidate, the candidate's spouse, or the political committee to whom the loan was made may repay the loan.

The State Board of Elections shall develop forms for reporting the proceeds of loans in a full and accurate manner. (1973, c. 1272, s. 1; 1999-31, s. 5(e); 2006-195, s. 6; 2006-262, s. 4.1(c).)

Editor's Note. — Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 4.1(c), effective August 27, 2006, designated the existing provisions as subsection (a) and added subsection (b).

Session Laws 2006-195, s. 6, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, added "or other prohibited sources" at the end of the section catchline, added "or made by any business entity, labor union, professional association, or insurance company" at the end of the first sentence, and made minor punctuation changes.

§ 163-278.16B. Use of contributions for certain purposes.

(a) A candidate or candidate campaign committee may use contributions only for the following purposes:

(1) Expenditures resulting from the campaign for public office by the candidate or candidate's campaign committee.
(2) Expenditures resulting from holding public office.
(3) Contributions to an organization described in section 170(c) of the Internal Revenue Code of 1986 (26 U.S.C. § 170(c)), provided that the candidate or the candidate's spouse, children, parents, brothers, or sisters are not employed by the organization.
(4) Contributions to a national, State, or district or county committee of a political party or a caucus of the political party.
(5) Contributions to another candidate or candidate's campaign committee.
(6) To return all or a portion of a contribution to the contributor.
(7) Payment of any penalties against the candidate or candidate's campaign committee for violation of this Article imposed by a board of elections or a court of competent jurisdiction.
(8) Payment to the Escheat Fund established by Chapter 116B of the General Statutes.

(b) As used in this section, the term "candidate campaign committee" means the same as in G.S. 163-278.38Z(3).

(c) Contributions made to a candidate or candidate campaign committee do not become a part of the personal estate of the individual candidate. A candidate or the candidate who directs the candidate campaign committee may file with the board a written designation of those funds that directs to which of the permitted uses in subsection (a) of this section they shall be paid in the event of the death or incapacity of the candidate. After the payment of permitted outstanding debts of the account, the candidate's filed written designation shall control. If the candidate files no such written designation, the funds after payment of permitted outstanding debts shall be distributed in accordance with subdivision (a)(8) of this section. (2006-161, s. 1.)

Editor's Note. — Session Laws 2006-161, s. 6, made this section effective October 1, 2006, and applicable to all candidates and candidate campaign committees with active accounts with the State Board of Elections or a county board of elections on or after October 1, 2006.

§ 163-278.19. Violations by corporations, business entities, labor unions, professional associations and insurance companies.

(a) Except as provided in subsections (a2), (b), (d), (e), (f), and (g) of this section it shall be unlawful for any corporation, business entity, labor union, professional association or insurance company directly or indirectly:
(1) To make any contribution to a candidate or political committee or to make any expenditure to support or oppose the nomination or election of a clearly identified candidate;

(c) A violation of this section is a Class 2 misdemeanor. In addition, the acceptance of any contribution, expenditure, payment, reimbursement, indemnification, or anything of value under subsection (a) shall be a Class 2 misdemeanor.

(d) Whenever a candidate or treasurer is an officer, director, stockholder, attorney, agent, or employee of any corporation, business entity, labor union, professional association or insurance company, and by virtue of his position therewith uses office space and communication facilities of the corporation, business entity, labor union, professional association or insurance company in the normal and usual scope of his employment, the fact that the candidate or treasurer receives telephone calls, mail, or visits in such office which relates to activities prohibited by this Article shall not be considered a violation under this section.

To obtain the benefits of this subsection, an incorporating political committee must state exactly the following language as the only purpose for which the corporation can be organized: "to accept contributions and make expenditures to influence elections as a political committee pursuant to G.S. 163-278.6(14) only." All expenses of administering this Article, including production and distribution of the Voter Guide required by G.S. 163-278.69 and personnel and other costs incurred by the Board, including public education about the Fund, shall be paid from the Fund and not from the General Fund. In its report, the Board shall set out the funds received to date and the expected needs of the Fund for the next election. (2002-158, s. 1; 2005-276, s. 23A.1 (c), (d); 2006-192, s. 14.1.)

Effect of Amendments. — Session Laws 2006-192, s. 14.1, effective August 3, 2006, inserted "including public education about the Fund," in the last sentence of subsection (a).

(a) Participation Provisions Modified. — Candidates involved in elections described in G.S. 163-329 may participate in the Fund subject to the provisions of G.S. 163-278.64 as modified by this section. The Board shall adapt other provisions of this Article, including G.S. 163-278.67, to those elections.

(b) Qualifying. — The State Board of Elections shall designate a special qualifying period of no less than four weeks for these candidates, beginning at the close of the notice-of-candidacy filing period. To receive certification, a participating candidate shall raise at least 225 qualifying contributions, totaling at least 20 times the amount of the filing fee for the office, for a four-week qualifying period. If the State Board of Elections sets a longer qualifying period, then for each additional week that the qualifying period extends beyond four weeks, the minimum number of qualifying contributions required for certification shall increase by 25, and the minimum amount of the qualifying contributions shall increase by two times the filing fee. The minimum qualifying contributions shall not exceed the limit set by G.S. 163-278.64(b).

(c) Allocations. — Certified candidates shall receive one percent (1%) of the funding to which they would be eligible under G.S. 163-278.65 times the number of calendar days between the end of the special qualifying period and the day of the general election. That amount shall not exceed one hundred percent (100%) of the funding to which they would be eligible under G.S. 163-278.65. (2006-192, s. 10.)

Editor's Note. — Session Laws 2006-192, s. 19, made this section effective August 3, 2006.

(a) Timing of Fund Distribution. — The Board shall distribute to a certified candidate revenue from the Fund in an amount determined under subdivision (b)(4) of this section within five business days after the certified candidate's name is approved to appear on the ballot in a contested general election, but no earlier than five business days after the primary.

(b) Amount of Fund Distribution. — By August 1, 2003, and no less frequently than every two years thereafter, the Board shall determine the amount of funds, rounded to the nearest one hundred dollars ($100.00), to be distributed to certified candidates as follows:

In all cases, the Board shall distribute funds to certified candidates in a manner that is expeditious, ensures accountability, and safeguards the integrity of the Fund. If the money in the Fund is insufficient to fully fund all certified candidates, then the available money shall be distributed proportionally, according to each candidate's eligible funding, and the candidate may raise additional money in the same manner as a noncertified candidate for the same office up to the unfunded amount of the candidate's eligible funding. (2002-158, s. 1; 2006-192, s. 11.)

Any entity making independent expenditures in support of or opposition to a certified candidate or in support of a candidate opposing a certified candidate shall report the total funds received, spent, or obligated for those expenditures to the Board by facsimile machine or electronically within 24 hours after the total amount of expenditures or obligations made, or funds raised or borrowed, for the purpose of making the independent expenditures, exceeds five thousand dollars ($5,000). After this 24-hour filing, the noncertified candidate or independent expenditure entity shall comply with an expedited reporting schedule by filing additional reports after receiving each additional amount in excess of one thousand dollars ($1,000) or after making or obligating to make each additional expenditure(s) in excess of one thousand dollars ($1,000). The schedule and forms for reports required by this subsection shall be made according to procedures developed by the Board.

(b) Reporting by Participating and Certified Candidates. — Notwithstanding other provisions of law, participating and certified candidates shall report any money received, including all previously unreported qualifying contributions, all campaign expenditures, obligations, and related activities to the Board according to procedures developed by the Board. A certified candidate who ceases to be certified or ceases to be a candidate or who loses an election shall file a final report with the Board and return any unspent revenues received from the Fund. In developing these procedures, the Board shall utilize existing campaign reporting procedures whenever practical.

(c) Timely Access to Reports. — The Board shall ensure prompt public access to the reports received in accordance with this Article. The Board may utilize electronic means of reporting and storing information. (2002-158, s. 1; 2003-278, s. 2; 2006-192, s. 12.)

Effect of Amendments. — Session Laws 2006-192, s. 12, effective August 3, 2006, in the second sentence of subsection (a), deleted "in excess of three thousand dollars ($3,000)" following "Any entity making independent expenditures", and substituted "five thousand dollars ($5,000)" for "fifty percent (50%) of the trigger for rescue funds."

§ 163-278.68. Enforcement and administration.

(a) Enforcement by the Board. — The Board, with the advice of the Advisory Council for the Public Campaign Fund, shall administer the provisions of this Article.

(b) Advisory Council for the Public Campaign Fund. — There is established under the Board the Advisory Council for the Public Campaign Fund to advise the Board on the rules, procedures, and opinions it adopts for the enforcement and administration of this Article and on the funding needs and operation of the Public Campaign Fund. (3) The Board shall name one member by unanimous vote of all members of the Board. If the Board cannot reach unanimity on the appointment of that member, the Advisory Council shall consist of the remaining members.

No individual shall be eligible to be a member of the Advisory Council who would be ineligible to serve on a county board of elections in accordance with G.S. 163-30. The initial members shall be appointed by December 1, 2002. Of the initial appointees, two are appointed for one-year terms, two are appointed for two-year terms, and one is appointed for a three-year term according to random lot. Thereafter, appointees are appointed to serve four-year terms. An individual may not serve more than two full terms, except that regardless of the time of appointment each term shall end on December 31. A member shall continue on the Advisory Council beyond the expired term until a successor is appointed. The appointed members receive the legislative per diem pursuant to G.S. 120-3.1. One of the Advisory Council members shall be elected by the members as Chair. A vacancy during an unexpired term shall be filled in the same manner as the regular appointment for that term, but a vacancy appointment is only for the unexpired portion of the term.

(c) Appeals. — The initial decision on an issue concerning qualification, certification, or distribution of funds under this Article shall be made by the Executive Director of the Board. The procedure for challenging that decision is as follows:

(1) An individual or entity aggrieved by a decision by the Executive Director of the Board may appeal to the full Board within three business days of the decision. The appeal shall be in writing and shall set forth the reasons for the appeal.

(2) Within five business days after an appeal is properly made, and after due notice is given to the parties, the Board shall hold a hearing. The appellant has the burden of providing evidence to demonstrate that the decision of the Executive Director was improper. The Board shall rule on the appeal within three business days after the completion of the hearing.

(d) Board to Adopt Rules and Issue Opinions. — The Board shall adopt rules and issue opinions to ensure effective administration of this Article. Such rules and opinions shall include, but not be limited to, procedures for obtaining qualifying contributions, certification of candidates, addressing circumstances involving special elections, vacancies, recounts, withdrawals, or replacements, collection of revenues for the Fund, distribution of Fund revenue to certified candidates, return of unspent Fund disbursements, and compliance with this Article. The Board shall adopt procedures for the distribution of rescue money that further the purpose and avoid the subversion of G.S. 163-278.67. For races involving special elections, recounts, vacancies, withdrawals, or replacement candidates, the Board shall establish procedures for qualification, certification, disbursement of Fund revenues, and return of unspent Fund revenues. The Board shall fulfill each of these duties in consultation with the Advisory Council on the Public Campaign Fund.

(e) Report to the Public. — The Advisory Council for the Public Campaign Fund shall issue a report by March 1, 2005, and every two years thereafter that evaluates and makes recommendations about the implementation of this Article and the feasibility of expanding its provisions to include other candidates for State office based on the experience of the Fund and the experience of similar programs in other states. The Advisory Council shall also evaluate and make recommendations regarding how to address activities that could undermine the purpose of this Article, including spending that appears to target candidates receiving money from the Fund but that does not meet the definition of "independent expenditures." (2002-158, s. 1; 2005-276, s. 23A.1(d); 2006-192, s. 13.)

Effect of Amendments. —

The State Board of Elections will reject any portion of any statement which it determines contains obscene, profane, or defamatory language. The candidate shall have three days to resubmit the candidate statement if the Board rejects a portion of the statement."

(c) Disclaimer. — The Judicial Voter Guide shall contain the following statement: "Statements by candidates do not express or reflect the opinions of the State Board of Elections." (2002-158, s. 1; 2005-276, s. 23A.1(d); 2005-430, s. 6; 2006-192, s. 14.)

Effect of Amendments. — Session Laws 2006-192, s. 14, effective August 3, 2006, substituted "Statements by candidates" for "The above statements" in subsection (c).

(7) The term "telephone bank" means telephone calls that are targeted to the relevant electorate, except when those telephone calls are made by volunteer workers, whether or not the design of the telephone bank system, development of calling instructions, or training of volunteers was done by paid professionals. § 163-278.112. Penalties.

(1) If the election is nonpartisan and decided by simple plurality, the election shall be held on Tuesday after the first Monday in November.

(2) If the election is partisan, the election shall be held on Tuesday after the first Monday in November, the first primary shall be held on the second Tuesday after Labor Day, and the second primary, if required, shall be held on the fourth Tuesday before the election.

(3) If the election is nonpartisan and the nonpartisan primary method of election is used, the election shall be held on Tuesday after the first Monday in November and the nonpartisan primary shall be held on the fourth Tuesday before the election.

(4) If the election is nonpartisan and the election and runoff election method of election is used, the election shall be held on the fourth Tuesday before the Tuesday after the first Monday in November, and the runoff election, if required, shall be held on Tuesday after the first Monday in November.

(b) Notwithstanding the provisions of subsection (a), the next regular municipal primary and election in Winston-Salem shall be held at the time of the primary and election for county officers in 1974, officers elected at that time shall serve terms of office expiring on the first Monday in December, 1977. Beginning in 1977, municipal primaries and elections in Winston-Salem shall be held at the time provided in this section.

(c) Officers of sanitary districts elected in 1970 shall hold office until the first Monday in December, 1973, notwithstanding G.S. 130-126. Beginning in 1973, sanitary district elections shall be held at the times provided in this section or in G.S. 130A-50(b1). (1971, c. 835, s. 1; 1973, c. 1115; 1987, c. 22, s. 2; 2006-192, s. 3.)

Effect of Amendments. — Session Laws 2006-192, s. 3, effective January 1, 2007, and applicable to all primaries and elections conducted on or after January 1, 2007, in subdivision (a)(2), substituted "second" for "sixth", substituted "after Labor Day," for "before the election,", and substituted "fourth" for "third".

Article 24.

Conduct of Municipal Elections.

§ 163-291. Partisan primaries and elections.

The nomination of candidates for office in cities, towns, villages, and special districts whose elections are conducted on a partisan basis shall be governed by the provisions of this Chapter applicable to the nomination of county officers, and the terms "county board of elections," "chairman of the county board of elections," "county officers," and similar terms shall be construed with respect to municipal elections to mean the appropriate municipal officers and candidates, except that:

(1) The dates of primary and election shall be as provided in G.S. 163-279.

(2) A candidate seeking party nomination for municipal or district office shall file notice of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the third Friday in July preceding the election, except:

a. In 2001 a candidate seeking party nomination for municipal or district office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and

b. In 2002 if the election is held then under G.S. 160A-23.1, a candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the county board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for that election unless the notice of candidacy for the first office is withdrawn first.

(3) The filing fee for municipal and district primaries shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars ($5.00). The governing board shall have the authority to set the filing fee at not less than five dollars ($5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars ($5.00), in which case the minimum filing fee of five dollars ($5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.

(4) The municipal ballot may not be combined with any other ballot.

(5) The canvass of the primary and second primary shall be held on the seventh day following the primary or second primary. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(6) Candidates having the right to demand a second primary shall do so not later than 12:00 noon on the Thursday following the canvass of the first primary. (1971, c. 835, s. 1; 1973, c. 870, s. 1; 1975, c. 370, s. 2; 1983, c. 330, s. 2; 1985, c. 599, ss. 2, 3; 1989 (Reg. Sess., 1990), c. 1012, s. 3; 1995 (Reg. Sess., 1996), c. 553, s. 2; 1999-227, s. 5; 2003-278, s. 10(e), (f); 2006-192, s. 4.)

Editor's Note. —

Session Laws 2006-192, s. 1(a) and (b), provides: "(a) The State Board of Elections shall select local jurisdictions in which to conduct a pilot program during the 2007 and 2008 elections for local offices using instant runoff voting. The State Board shall select:

"(1) Up to 10 cities for the 2007 elections.

"(2) Up to 10 counties for the 2008 elections.

"In selecting those local jurisdictions, the State Board shall seek diversity of population size, regional location, and demographic composition. The pilot shall be conducted only with the concurrence of the county board of elections that conducts elections for the local jurisdiction. If a city is selected that has voters in more than one county, the concurrence of all the county boards of elections that conduct that city's elections is required. The pilot program shall consist of using instant runoff voting as the method for determining the winner or winners of a partisan primary or a nonpartisan election that normally uses nonpartisan election and runoff or nonpartisan primary and election. Instant runoff voting may also be used to determine results in an election where nonpartisan plurality elections are normally used, but only if the governing board of the local jurisdiction concurs.

"As used in this section, 'instant runoff voting' means a system in which voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the most first-choice votes receives the threshold of victory of the first-choice votes, that candidate wins. If no candidate receives the threshold of victory of first-choice votes, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election.

"The threshold of victory of first-choice votes for a partisan primary shall be forty percent (40%) plus one vote. The threshold of victory for a nonpartisan election and runoff or nonpartisan primary and election shall be a majority of the vote. The threshold of victory in a contest that normally uses nonpartisan plurality shall be determined by the State Board with the concurrence of the county board of elections and the local governing board.

"If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first counting results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won.

"Other details of instant runoff voting are as described in House Bill 1024 (First Edition) of the 2005 Regular Session of the General Assembly, with modifications the State Board deems necessary, in primaries and/or elections for city offices, for county offices, or for both. Those modifications may include giving the voter more than three choices in case of multiseat contests. The State Board shall not use instant runoff voting in a primary or election for an office unless the entire electorate for the office uses the same method.

"(b) The State Board of Elections shall closely monitor the pilot program established in this section and report its findings and recommendations to the 2007 General Assembly."

Effect of Amendments. —

Session Laws 2006-192, s. 4, effective January 1, 2007, in subdivision (2), deleted "his" preceding "notice", substituted "third" for "first" and substituted "July" for "August".

§ 163-294.2. Notice of candidacy and filing fee in nonpartisan municipal elections.

(a) Each person offering himself as a candidate for election to any municipal office in municipalities whose elections are nonpartisan shall do so by filing a notice of candidacy with the board of elections in the following form, inserting the words in parentheses when appropriate:

"Date ____________;

I hereby file notice that I am a candidate for election to the office of ____________ (at large) (for the ____________ Ward) in the regular municipal election to be held in ________________ on ________, ______
(municipality)

Signed ______________________________
(Name of Candidate)

Witness: ____

FOR THE BOARD OF ELECTIONS"

The notice of candidacy shall be either signed in the presence of the chairman or secretary of the board of elections or the director of elections of that county, or signed and acknowledged before an officer authorized to take acknowledgments who shall certify the notice under seal. An acknowledged and certified notice may be mailed to the board of elections. The candidate shall sign the notice of candidacy with his legal name and, in his discretion, any nickname by which he is commonly known, in the form that he wishes it to appear upon the ballot but substantially as follows: "Richard D. (Dick) Roc." A candidate may also, in lieu of his legal first name and legal middle initial or middle name (if any) sign his nickname, provided that he appends to the notice of candidacy an affidavit that he has been commonly known by that nickname for at least five years prior to the date of making the affidavit, and notwithstanding the previous sentence, if the candidate has used his nickname in lieu of first and middle names as permitted by this sentence, unless another candidate for the same office who files a notice of candidacy has the same last name, the nickname shall be printed on the ballot immediately before the candidate's surname but shall not be enclosed by parentheses. If another candidate for the same office who filed a notice of candidacy has the same last name, then the candidate's name shall be printed on the ballot in accordance with the next sentence of this subsection. The candidate shall also include with the affidavit the way his name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

(b) Only persons who are registered to vote in the municipality shall be permitted to file notice of candidacy for election to municipal office. The board of elections shall inspect the voter registration lists immediately upon receipt of the notice of candidacy and shall cancel the notice of candidacy of any candidate who is not eligible to vote in the election. The board shall give notice of cancellation to any candidate whose notice of candidacy has been cancelled under this subsection by mail or by having the notice served on him by the county sheriff.

(c) Candidates seeking municipal office shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the third Friday in July preceding the election, except:

(1) In 2001 candidates seeking municipal office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and

(2) In 2002 if the election is held then under G.S. 160A-23.1, candidates seeking municipal office shall file their notices of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

Notices of candidacy which are mailed must be received by the board of elections before the filing deadline regardless of the time they were deposited in the mails.

(d) Any person may withdraw his notice of candidacy at any time prior to the filing deadline prescribed in subsection (c), and shall be entitled to a refund of his filing fee if he does so.

(e) The filing fee for the primary or election shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars ($5.00). The governing board shall have the authority to set the filing fee at not less than five dollars ($5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars ($5.00), in which case the minimum filing fee of five dollars ($5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.

(f) No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for the election unless the notice of candidacy for the first office is withdrawn first. (1971, c. 835, s. 1; 1973, c. 870, s. 2; 1975, c. 370, s. 2; 1977, c. 265, s. 18; 1981, c. 32, s. 3; 1983, c. 330, s. 3; c. 644, ss. 1, 2; 1985, c. 472, s. 5; c. 558, s. 3; c. 599, s. 1; 1989 (Reg. Sess., 1990), c. 1012, s. 4; 1995, c. 243, s. 1; 1999-227, s. 6; 1999-456, s. 59; 2006-192, s. 5.)

Effect of Amendments. — Session Laws 2006-192, s. 5, effective January 1, 2007, and applicable to all primaries and elections conducted on or after January 1, 2007, in the introductory language of subsection (c), substituted "third" for "first" and "July" for "August".

§ 163-295. Municipal and special district elections; application of Chapter 163.

To the extent that the laws, rules and procedures applicable to the conduct of primary, general or special elections by county boards of elections under Articles 3, 4, 5, 6, 7A, 8, 9, 10, 11, 11B, 12, 13, 14, 15, 19 and 22 of this Chapter are not inconsistent with the provisions of this Article, those laws, rules and procedures shall apply to municipal and special district elections and their conduct by the board of elections conducting those elections. The State Board of Elections shall have the same authority over all such elections as it has over county and State elections under those Articles. (1971, c. 835, s. 1; 1973, c. 793, s. 91; 1993 (Reg. Sess., 1994), c. 762, s. 68; 2006-155, s. 5.)

Editor's Note. — Session Laws 2006-155, s. 7, is a severability clause.

Effect of Amendments. — Session Laws 2006-155, s. 5, effective January 1, 2007, and applicable to actions filed on or after January 1, 2007, inserted "11B" in the middle of the first sentence.

§ 163-296. Nomination by petition.

In cities conducting partisan elections, any qualified voter who seeks to have his name printed on the regular municipal election ballot as an unaffiliated candidate may do so in the manner provided in G.S. 163-122, except that the petitions and affidavits shall be filed not later than 12:00 noon on the Friday preceding the seventh Saturday before the election, and the petitions shall be signed by a number of qualified voters of the municipality equal to at least four percent (4%) of the whole number of voters qualified to vote in the municipal election according to the voter registration records of the State Board of Elections as of January 1 of the year in which the general municipal election is held. A person whose name appeared on the ballot in a primary election is not eligible to have his name placed on the regular municipal election ballot as an unaffiliated candidate for the same office in that year. The Board of Elections shall examine and verify the signatures on the petition, and shall certify only the names of signers who are found to be qualified registered voters in the municipality. Provided that in the case where a qualified voter seeks to have his name printed on the regular municipal election ballot as an unaffiliated candidate for election from an election district within the municipality, the petition shall be signed by four percent (4%) of the voters qualified to vote for that office. (1971, c. 835, s. 1; 1979, c. 23, ss. 2, 4, 5; c. 534, ss. 3, 4; 1989, c. 402; 1991, c. 297, s. 2; 2004-127, s. 8(b); 2006-264, s. 21.)

Effect of Amendments. — Session Laws 2006-264, s. 21, effective August 27, 2006, near the end of the first sentence, inserted "Elections" and "municipal".

§ 163-327: Repealed by Session Laws 2006-192, s. 9(a), effective August 3, 2006, and applicable to vacancies occurring on or after August 3, 2006.

§ 163-327.1. Rules when vacancies for superior court judge are to be voted on.

If a vacancy occurs in a judicial district for any offices of superior court judge, and on account of the occurrence of such vacancy, there is to be an election for one or more terms in that district to fill the vacancy or vacancies, at that same election in accordance with G.S. 163-9 and Article IV, Section 19 of the North Carolina Constitution, the nomination and election shall be determined by the following special rules in addition to any other provisions of law:

(1) If the vacancy occurs prior to the opening of the filing period under G.S. 163-323(b), nominations shall be made by primary election as provided by this Article, without designation as to the vacancy.

(2) If the vacancy occurs beginning on opening of the filing period under G.S. 163-323(b), and ending on the sixtieth day before the general election, candidate filing shall be as provided by G.S. 163-329 without designation as to the vacancy.

(3) The general election ballot shall contain, without designation as to vacancy, spaces for the election to fill the vacancy where nominations were made or candidates filed under subdivision (1) or (2) of this section. Except as provided in G.S. 163-329, the persons receiving the highest numbers of votes equal to the term or terms to be filled shall be elected to the term or terms. (2001-460, s. 10; 2006-192, s. 8(b).)

Effect of Amendments. — Session Laws 2006-192, s. 8(b), effective August 3, 2006, and applicable to vacancies occurring on or after that date, substituted "Except as provided in G.S. 163-329, the" for "The" at the beginning of the second sentence of subdivision (b)(3).

§ 163-328. Failure of candidates to file; death or other disqualification of a candidate; no withdrawal from candidacy.

(a) Insufficient Number of Candidates. — If when the filing period expires, candidates have not filed for an office to be filled under this Article, the State Board of Elections shall extend the filing period for five days for any such offices.

(a1) Death or Disqualification of Candidate Before Primary. — If a candidate for nomination in a primary dies or becomes disqualified before the primary but after the ballots have been printed, the State Board of Elections shall determine whether or not there is time to reprint the ballots. If the Board determines that there is not enough time to reprint the ballots, the deceased or disqualified candidate's name shall remain on the ballots. If that candidate receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

(b) Earlier Non-Primary Vacancies; Reopening Filing. — If there is no primary because only one or two candidates have filed for a single office, or the number of candidates filed for a group of offices does not exceed twice the number of positions to be filled, or if a primary has occurred and eliminated candidates, and thereafter a remaining candidate dies or otherwise becomes disqualified before the election and before the ballots are printed, the State Board of Elections shall, upon notification of the death or other disqualification, immediately reopen the filing period for an additional five days during which time additional candidates shall be permitted to file for election. If the ballots have been printed at the time the State Board of Elections receives notice of the candidate's death or other disqualification, the Board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the Board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing period for three days to allow other candidates to file for election, and that election shall be conducted as provided in G.S. 163-329(b1).

(c) Later Vacancies; Ballots Not Reprinted. — If the ballots have been printed at the time the State Board of Elections receives notice of a candidate's death or other disqualification, and if the Board determines that there is not enough time to reprint the ballots before the election if the filing period is reopened for three days, then regardless of the number of candidates remaining for the office or group of offices, the ballots shall not be reprinted and the name of the vacated candidate shall remain on the ballots. If a vacated candidate should poll the highest number of votes in the election for a single office or enough votes to be elected to one of a group of offices, the State Board of Elections shall declare the office vacant and it shall be filled in the manner provided by law.

(d) No Withdrawal Permitted of Living, Qualified Candidate After Close of Filing. — After the close of the candidate filing period, a candidate who has filed a notice of candidacy for the office, who has not withdrawn notice before the close of filing as permitted by G.S. 163-323(b), who remains alive, and has not become disqualified for the office may not withdraw his or her candidacy. That candidate's name shall remain on the ballot, any votes cast for the candidacy shall be counted in primary or election, and if the candidate wins, the candidate may fail to qualify by refusing to take the oath of office.

(e) Death, Disqualification, or Failure to Qualify After Election. — If a person elected to the office of justice of the Supreme Court, judge of the Court of Appeals, or superior or district court judge dies or becomes disqualified on or after election day and before he has qualified by taking the oath of office, or fails to qualify by refusing to take the oath of office, the office shall be deemed vacant and shall be filled as provided by law. (1996, 2nd Ex. Sess., c. 9, s. 7; 1999-424, s. 4(b); 2006-192, s. 9(b).)

Effect of Amendments. — Session Laws 2006-192, s. 9(b), effective August 3, 2006, and applicable to vacancies occurring on or after that date, substituted "candidate; no withdrawal from candidacy." for "candidate before election." in the section heading; added subdivision (a1); in subsection (b), substituted "Earlier Non-Primary Vacancies;" for "Death or Other Disqualification of Candidate;" in the subsection heading, inserted "or if a primary has occured and eliminated candidates," and "remaining" in the middle of the first sentence and, in the last sentence, substituted "that" for "such", and substituted "as provided in G.S. 163-329(b1)." for "on the plurality basis."; in subsection (c), substituted "Later Vacancies;" for "Vacancy Caused by Nominated Candidate;" in the subsection heading, substituted "death or" for "death,", and deleted "or resignation," following "other disqualification,"; and added subsections (d) and (e).

§ 163-329. Elections to fill vacancy in office created after primary filing period opens.

(a) General. — If a vacancy is created in the office of justice of the Supreme

Court, judge of the Court of Appeals, or judge of superior court after the filing period for the primary opens but more than 60 days before the general election, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted without a primary using the method provided in subsection (b1) of this section. If a vacancy is created in the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of superior court before the filing period for the primary opens, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted in accordance with G.S. 163-322.

(b) Repealed by Session Laws 2006-192, s. 8(a), effective August 3, 2006, and applicable to vacancies occurring on or after that date.

(b1) Method for Vacancy Election. — If a vacancy for the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of the superior court occurs more than 60 days before the general election and after the opening of the filing period for the primary, then the State Board of Elections shall designate a special filing period of one week for candidates for the office. If more than two candidates file and qualify for the office in accordance with G.S. 163-323, then the Board shall conduct the election for the office as follows:

(1) When the vacancy described in this section occurs more than 63 days before the date of the second primary for members of the General Assembly, a special primary shall be held on the same day as the second primary. The two candidates with the most votes in the special primary shall have their names placed on the ballot for the general election held on the same day as the general election for members of the General Assembly.

(2) When the vacancy described in this section occurs less than 64 days before the date of the second primary, a general election for all the candidates shall be held on the same day as the general election for members of the General Assembly and the "instant runoff voting" method shall be used to determine the winner. Under "instant runoff voting," voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the greatest number of first-choice votes receives more than fifty percent (50%) of the first-choice votes, that candidate wins. If no candidate receives that minimum number, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election. If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first count results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won. In multi-seat contests, the State Board of Elections may give the voter more than three choices.

(3) If two or more candidates receiving the highest number of votes each receive the same number of votes, the board of elections shall resolve the tie in accordance with G.S. 163-182.8.

(c) Applicable Provisions. — Except as provided in this section, the provisions of this Article apply to elections conducted under this section.

(d) Rules. — The State Board of Elections shall adopt rules for the implementation of this section. The rules are not subject to Article 2A of Chapter 150B of the General Statutes. The rules shall include the following:

(1) If after the first-choice candidate is eliminated, a ballot does not indicate one of the uneliminated candidates as an alternative choice, the ballot is exhausted and shall not be counted after the initial round.

(2) The fact that the voter does not designate a second or third choice does not invalidate the voter's higher choice or choices.

(3) The fact that the voter gives more than one ranking to the same candidate shall not invalidate the vote. The highest ranking given a particular candidate shall count as long as the candidate is not eliminated.

(4) In case of a tie between candidates such that two or more candidates have an equal number of first choices and more than two candidates qualify for the second round, instant runoff voting shall be used to determine which two candidates shall advance to the second round. (1996, 2nd Ex. Sess., c. 9, s. 7; 2001-403, s. 12.1; 2002-158, s. 7; 2006-192, s. 8(a).)

Effect of Amendments. —

Session Laws 2006-192, s. 8(a), effective August 3, 2006, and applicable to vacancies occurring on or after that date, in the section heading, inserted "in office", and substituted "period opens." for "period to use plurality method."; in subsection (a), near the end, deleted "plurality" preceding "method", deleted "as" preceding "provided", and substituted "(b1)" for "(b)"; deleted subsection (b); added subsections (b1), (c), and (d).

§ 166A-6.01. State disaster assistance funds; programs.

(a) If a state of disaster is proclaimed, the Governor may make State funds available for disaster assistance as authorized by this section. Any State funds made available by the Governor for disaster assistance may be administered through State disaster assistance programs which may be established by the Governor upon the proclamation of a state of disaster. It is the intent of the General Assembly in authorizing the Governor to make State funds available for disaster assistance and in authorizing the Governor to establish State disaster assistance programs to provide State assistance for recovery from those disasters for which federal assistance under the Stafford Act is either not available or does not adequately meet the needs of the citizens of the State in the disaster area.

(b) Disaster Assistance Programs — Type I Disaster. — In the event that a Type I disaster is proclaimed, the Governor may make State funds available for disaster assistance in the disaster area in the form of individual assistance and public assistance as provided in this subsection.

(1) Individual assistance. — State disaster assistance in the form of grants to individuals and families may be made available when damage meets or exceeds the criteria set out in 13 C.F.R. Part 123 for the Small Business Administration Disaster Loan Program. Individual assistance grants shall include benefits comparable to those provided by the Stafford Act and may be provided for the following:
  a. Provision of temporary housing and rental assistance.
  b. Repair or replacement of dwellings. Grants for repair or replacement of housing may include amounts necessary to locate the individual or family in safe, decent, and sanitary housing.
  c. Replacement of personal property (including clothing, tools, and equipment).
  d. Repair or replacement of privately owned vehicles.
  e. Medical or dental expenses.
  f. Funeral or burial expenses resulting from the disaster.
  g. Funding for the cost of the first year's flood insurance premium to meet the requirements of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. § 4001, et seq.

(2) Public assistance. — State disaster assistance in the form of public assistance grants may be made available to eligible entities located within the disaster area on the following terms and conditions:
  a. Eligible entities shall meet the following qualifications:
    1. The eligible entity suffers a minimum of ten thousand dollars ($10,000) in uninsurable losses;
    2. The eligible entity suffers uninsurable losses in an amount equal to or exceeding one percent (1%) of the annual operating budget;
    3. For a state of disaster proclaimed pursuant to G.S. 166A-6(a) after the deadline established by the Federal Emergency

Management Agency pursuant to the Disaster Mitigation Act of 2002, P.L. 106-390, the eligible entity shall have a hazard mitigation plan approved pursuant to the Stafford Act; and

4. For a state of disaster proclaimed pursuant to G.S. 166A-6(a) after August 1, 2002, the eligible entity shall be participating in the National Flood Insurance Program in order to receive public assistance for flooding damage.

b. Eligible entities shall be required to provide non-State matching funds equal to twenty-five percent (25%) of the eligible costs of the public assistance grant.

c. An eligible entity that receives a public assistance grant pursuant to this subsection may use the grant for the following purposes only:
1. Debris clearance.
2. Emergency protective measures.
3. Roads and bridges.
4. Crisis counseling.
5. Assistance with public transportation needs.

(c) If a Type II disaster is proclaimed, the Governor may make State funds available for disaster assistance in the disaster area in the form of the following types of grants:

(1) State Acquisition and Relocation Funds.

(2) Supplemental repair and replacement housing grants available to the individuals or families in an amount necessary to locate the individual or family in safe, decent, and sanitary housing not to exceed twenty-five thousand dollars ($25,000) per family.

(d) If a Type III disaster is proclaimed, the Governor may make State funds available for disaster assistance in the disaster area in the form of the following types of grants:

(1) State Acquisition and Relocation Funds.

(2) Supplemental repair and replacement housing grants available to the individuals or families in an amount necessary to locate the individual or family in safe, decent, and sanitary housing not to exceed twenty-five thousand dollars ($25,000) per family.

(3) Any programs authorized by the General Assembly. (2001-214, s. 4; 2001-487, s. 98; 2002-24, s. 1; 2002-159, s. 57.5; 2006-66, s. 6.5(a).)

Editor's Note. —

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6, is a severability clause.

Effect of Amendments. — Session Laws 2006-66, s. 6.5(a), effective July 1, 2006, substituted "one percent (1%)" for "one-half percent (0.5%)" in subdivision (b)(2)a.2.

§ 166A-6.02. State Emergency Response Account.

(a) Account Established. — There is established a State Emergency Response Account as a reserve in the General Fund. Any funds appropriated to the Account shall remain available for expenditure as provided by this section, unless directed otherwise by the General Assembly.

(b) Purpose of Funds. — The Governor may spend funds from the Account for the following purposes:

(1) To cover the start-up costs of State Emergency Response Team operations for an emergency that poses an imminent threat of a Type I, Type II, or Type III disaster as defined by G.S. 166A-6.

(2) To cover the cost of first responders to a Type I, Type II, or Type III disaster and any related supplies and equipment needed by first responders that are not provided for under subdivision (1) of this subsection.

All other types of disaster assistance authorized by G.S. 166A-6 shall continue to be financed by the funds made available under G.S. 166A-6.01.

(c) Reporting Requirement. — The Governor shall report to the Joint Legislative Commission on Governmental Operations and to the Chairs of the Appropriations Committees of the Senate and House of Representatives on any expenditures from the State Emergency Response Account no later than 30 days after making the expenditure. The report shall include a description of the emergency and type of action taken. (2006-66, s. 6.5(b).)

Editor's Note. — Session Laws 2006-66, s. 28.7 made this section effective July 1, 2006.

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6, is a severability clause.

§ 166A-14. Immunity and exemption.

(a) All functions hereunder and all other activities relating to emergency management are hereby declared to be governmental functions. Neither the State nor any political subdivision thereof, nor, except in cases of willful misconduct, gross negligence or bad faith, any emergency management worker complying with or reasonably attempting to comply with this Article or any order, rule or regulation promulgated pursuant to the provisions of this Article or pursuant to any ordinance relating to any emergency management measures enacted by any political subdivision of the State, shall be liable for the death of or injury to persons, or for damage to property as a result of any such activity.

(b) The rights of any person to receive benefits to which the person would otherwise be entitled under this Article or under the Workers' Compensation Law or under any pension law, and the right of any such person to receive any benefits or compensation under any act of Congress shall not be affected by performance of emergency management functions.

(c) Any requirement for a license to practice any professional, mechanical or other skill shall not apply to any authorized emergency management worker who shall, in the course of performing the worker's duties as such, practice such professional, mechanical or other skill during a state of disaster.

(d) As used in this section, the term "emergency management worker" shall include any full or part-time paid, volunteer or auxiliary employee of this State or other states, territories, possessions or the District of Columbia, of the federal government or any neighboring country or of any political subdivision thereof or of any agency or organization performing emergency management services at any place in this State, subject to the order or control of or pursuant to a request of the State government or any political subdivision thereof. The term "emergency management worker" under this section shall also include any health care worker performing health care services as a member of a hospital-based or county-based State Medical Assistance Team designated by the North Carolina Office of Emergency Medical Services and any person performing emergency health care services under G.S. 90-12.2.

(e) Any emergency management worker, as defined in this section, performing emergency management services at any place in this State pursuant to agreements, compacts or arrangements for mutual aid and assistance to which the State or a political subdivision thereof is a party, shall possess the same powers, duties, immunities and privileges the person would ordinarily possess if performing duties in the State, or political subdivision thereof in which normally employed or rendering services. (1957, c. 950, s. 4; 1975, c. 734, s. 14; 1977, c. 848, s. 2; 1979, c. 714, s. 2; 1979, 2nd Sess., c. 1310, s. 2; 1995, c. 509, ss. 130, 131; 2002-179, s. 20(b); 2006-81, s. 1.)

Effect of Amendments. — Session Laws 2006-81, s. 1, effective July 10, 2006, substituted “the person” for “he” in subsections (b) and (e); substituted “the worker’s” for “his” in subsection (c); and substituted “any health care worker performing health care services as a member of a hospital-based or county-based State Medical Assistance Team designated by the North Carolina Office of Emergency Medical Services and any” for “a” at the end of subsection (d); and made minor stylistic changes.

IV. Judicial Process.

IV. JUDICIAL PROCESS.

Batson Jury Challenges. — Because defendant failed to present a prima facie case of discrimination, a trial court's rulings denying defendant's objections to the State's use of peremptory challenges to remove African-American jurors from the jury panel solely, as defendant contended, because of their race, was upheld on appeal since the trial court had made specific findings of fact and found no proven purposeful discrimination and the State offered race-neutral explanations for each peremptory challenge. State v. Carmon, 169 N.C. App. 750, 611 S.E.2d 211, 2005 N.C. App. LEXIS 794 (2005).

Sec. 6. Separation of powers.

CASE NOTES

I. In General.

I. IN GENERAL.

Habitual Offender Act Not Violative of Separation of Powers Clause. — Defendant's constitutional challenges to his sentence as an habitual felon failed because (1) the North Carolina Habitual Felon Act was not violative of the Separation of Powers Clause; (2) there was no double jeopardy infirmity inherent in the Habitual Felon Act as applied in conjunction with the North Carolina Structured Sentencing Act; and (3) the state appellate court and the state supreme court have rejected constitutional challenges to the Habitual Felon Act based on allegations of cruel and unusual punishment. State v. McIlwaine, 169 N.C. App. 397, 610 S.E.2d 399, 2005 N.C. App. LEXIS 607 (2005).

Road Closure Appeal Procedure not Unconstitutional. — G.S. 160A-299(b) did not deprive a home owner of his right to a fair hearing or violate the Separation of Powers Clause of the North Carolina Constitution in his appeal from a town council order closing a road because he had the opportunity to test, rebut, and explain evidence presented to the council at three public hearings held on the road closure over a two-month period; these hearings were the proper place for him to present evidence and to rebut any evidence contrary to his position. Houston v. Town of Chapel Hill, — N.C. App. —, 630 S.E.2d 249, 2006 N.C. App. LEXIS 1199 (2006).

III. RESTRICTIONS ON EXERCISE OF RIGHTS.

Employee's Right to Free Speech. — Former at-will employee's claims that alleged that the employee was fired for opposing the employer's unlawful activities, insisting on proper reporting, and demanding the payment of past wages due to employees were dismissed because North Carolina rejected free speech abridgment claims against private sector employers under the North Carolina constitution, which did not recognize a remedy for private sector employees against their employers. Hardin v. Belmont Textile Mach., Co., — F. Supp. 2d —, 2006 U.S. Dist. LEXIS 54452 (W.D.N.C. Aug. 3, 2006).

Sec. 16. Ex post facto laws.

CASE NOTES

Tax Not Retrospective. —

Midyear tax rate increase implemented by 2001 N.C. Sess. Laws 424, as codified in G.S. 105-134.2(a), was not levied until the conclusion of the taxable year; thus, the tax operated prospectively from the date of enactment and did not violate N.C. Const. art. I, § 16. Coley v. State, 360 N.C. 493, 631 S.E.2d 121, 2006 N.C. LEXIS 594 (2006).

Retrospective Increase on an Income Tax Rate Consitutional. — Plain language of N.C. Const. art. I, § 16 did not indicate in any way that the prohibition on retrospective taxes included a prohibition on a retrospective increase on an income tax rate; because the increase in the income tax rate under 2001 N.C. Sess. Laws 424 was not a tax upon an act, the statute was constitutional. Coley v. State, 173 N.C. App. 481, 620 S.E.2d 25, 2005 N.C. App. LEXIS 2104 (2005).

Amendments to Statutes Criminalizing Possession of Guns by Ex-Felons. — Application of G.S. 14-415.1 to convict defendant, who was convicted of a felony in 1983 and had fully served his sentence on that conviction when he was found in possession of a handgun in 2001, did not violate ex post facto where the statute was amended in 1995 and applied to all occurrences after that date; ex post facto was also not violated since defendant's 1983 conviction, which was the predicate felony for his conviction under G.S. 14-415.1, was a felony in 1983, was a felony in 1995 when the statute was amended, and was a felony in 2001 when defendant was found in possession of a handgun; finally, the amendment to G.S. 14-415.1 in 1995 did not increase the punishment for defendant's prior 1983 felony, but created a new offense, so ex post facto was also not violated on that ground. State v. Johnson, 169 N.C. App. 301, 610 S.E.2d 739, 2005 N.C. App. LEXIS 612 (2005).

Amendments to Statutes Criminalizing Possession of Guns by Ex-Felons Are Not Bills of Attainder. — Application of G.S. 14-415.1 to convict defendant, who was convicted of a felony in 1983 and had fully served his sentence on that conviction when he was found in possession of a handgun in 2001, did not violate prohibitions against bills of attainder, or against bills of pain and penalties, since the statute's prohibition of possession of handguns by convicted felons outside their homes or businesses was not enacted as a retroactive punishment, was not historically regarded as punishment, and was not imposed without judicial process; defendant had a trial before being convicted under the statute; defendant was not punished for belonging to a designated class of people, but was convicted for violating a statute that was validly imposed on the group to which he belonged, so there was no violation of the bill of attainder provisions in U.S. Const. art. I, § 10 and N.C. Const. art. I, § 16. State v. Johnson, 169 N.C. App. 301, 610 S.E.2d 739, 2005 N.C. App. LEXIS 612 (2005).

V. SPEEDY CRIMINAL TRIALS.

Defendant was not deprived of his constitutional right to a speedy trial, etc.

Trial court properly denied defendant's motion to dismiss for denial of a speedy trial, pursuant to his rights under U.S. Const., Amend. VI and N.C. Const. art. I, § 18, as the 20-month delay was presumptively prejudicial and defendant had asserted his right to a speedy trial, but the reason was attributable to the trial court's case load, which was not due to neglect or willfulness by the State, and to the multiple continuances granted to defendant, and he failed to show that he was prejudiced thereby. State v. Dorton, 172 N.C. App. 759, 617 S.E.2d 97, 2005 N.C. App. LEXIS 1794 (2005), cert. denied, 360 N.C. 69, 623 S.E.2d 775 (2005).

I. GENERAL CONSIDERATION.

Due Process Rights Satisfied By Case Hearing Before the North Carolina Office of Administrative Hearings. — Where a demoted state employee failed to show that there were actually any similarly situated persons who were treated differently and he did not argue that any difference in discipline was based on a protected characteristic or was without rational basis, his due process and equal protection arguments failed; the employee's due process rights were satisfied by the opportunity to pursue a contested case hearing before the North Carolina Office of Administrative Hearings. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

Doctrine of Collateral Estoppel Not Applicable. — Doctrine of collateral estoppel did not preclude an aggressor instruction where no unanimous verdict was reached by the jury on the issue of whether defendant was or was not the agressor in defendant's first trial. State v. Herndon, — N.C. App. —, 629 S.E.2d 170, 2006 N.C. App. LEXIS 961 (2006).

Cited in Goldston v. State, 173 N.C. App. 416, 618 S.E.2d 785, 2005 N.C. App. LEXIS 2012 (2005); State v. Bethea, 173 N.C. App. 43, 617 S.E.2d 687, 2005 N.C. App. LEXIS 1907 (2005); Houston v. Town of Chapel Hill, — N.C. App. —, 630 S.E.2d 249, 2006 N.C. App. LEXIS 1199 (2006).

II. DUE PROCESS AND THE "LAW OF THE LAND".

And Requires Notice and Opportunity to Be Heard. —

Mother's motion regarding custody and child support asked the trial court to enter an order modifying and increasing child support and to instruct the father to pay the ordered support each month without deductions; this notice clearly apprised the father that the hearing would include child support issues, including arrearages, and satisfied due process. Swanson v. Herschel, — N.C. App. —, 622 S.E.2d 159, 2005 N.C. App. LEXIS 2615 (2005).

No Property Right in At-Will Employment. —

To the extent that plaintiff sought to challenge his discharge from state employment under the law of the land clause of the North Carolina constitution, that claim required a property interest, and because plaintiff lacked a property interest in his employment under state law (plaintiff was an employee at will), such a claim failed. Whitesell v. Town of Morrisville, — F. Supp. 2d —, 2006 U.S. Dist. LEXIS 61074 (E.D.N.C. July 14, 2006).

Right of Litigant to An Adequate and Fair Hearing. —

G.S. 160A-299(b) did not deprive a home owner of his right to a fair hearing or violate the Separation of Powers Clause of the North Carolina Constitution in his appeal from a town council order closing a road because he had the opportunity to test, rebut, and explain evidence presented to the council at three public hearings held on the road closure over a two-month period; these hearings were the proper place for him to present evidence and to rebut any evidence contrary to his position. Houston v. Town of Chapel Hill, — N.C. App. —, 630 S.E.2d 249, 2006 N.C. App. LEXIS 1199 (2006).

And to Notice and Opportunity to Be Heard. —

North Carolina Industrial Commission's decision that a workers' compensation claimant had sustained a change in condition was reversed as an employer did not have notice that the Commission would address a change in condition or the claimant's inability to comply with a mandated work schedule as the Commission had concluded that evidence that the claimant's condition had worsened was not relevant. Branch v. Carolina Shoe Co., 172 N.C. App. 511, 616 S.E.2d 378, 2005 N.C. App. LEXIS 1802 (2005).

Defendant Denied Right to Fair and Nonprejudicial Trial by Trial Judge's Conduct. — Because the cumulative nature of the trial judge's remarks to defense counsel regarding his speech pattern, along with a fine imposed for counsel's use of the word "okay," set a tone of fear in the trial and tainted the atmosphere of the same, prejudicing defendant's rights, defendant was entitled to a new trial. State v. Wright, 172 N.C. App. 464, 616 S.E.2d 366, 2005 N.C. App. LEXIS 1797 (2005).

Due Process Denied When Decision of Whether Probation Should be Revoked is Delegated to Victim. — Trial court's judgment revoking defendant's probation imposed upon his conviction for obtaining property by false pretenses violated the minimum requirements of due process because the trial court improperly abdicated its discretionary authority to determine whether probation should be revoked and, instead, delegated to the victim the authority of determining whether revocation was proper by stating that it would continue defendant on probation only if the victim agreed to that course of action. State v. Arnold, 169 N.C. App. 438, 610 S.E.2d 396, 2005 N.C. App. LEXIS 672 (2005).

No Denial of Procedural Due Process. — Due process rights of a student were not violated by a 15-day suspension where the record showed that the student was given notice of the charges, an opportunity to be heard, and an opportunity to examine and cross-examine witnesses. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

III. EQUAL PROTECTION.

Illustrative Cases. — Even though a student failed to preserve an equal protection challenge to a suspension by failing to assign error or present authority, the argument was meritless at any rate under arbitrary and capricious review because there was a gender-neutral reason for a longer suspension; prior incidents of "shanking" at a high school did not result in the exposure of buttocks or genitalia. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Where a contractor had nine open burning piles within 1,000 feet from a dwelling, the North Carolina Department of Environment and Natural Resources did not violate the contractor's equal protection rights by imposing a penalty for each of the nine piles, because the imposition of multiple fines for multiple open burning piles was rationally related to a legitimate government purpose. MW Clearing & Grading, Inc. v. N.C. Dep't of Env't & Natural Res., 171 N.C. App. 170, 614 S.E.2d 568, 2005 N.C. App. LEXIS 1210 (2005), cert. denied, 360 N.C. 65, 623 S.E.2d 585 (2005).

Trial court properly dismissed appeal by hospital joint venture and a town from denial of a certificate of need to construct a new hospital under the exemption provisions of G.S. 131E-184(a); the equal protection claim under N.C. Const. art. I, § 19 and U.S. Const. amend. XIV was properly dismissed as it failed to state a claim upon which relief could be granted in that it failed to allege the lack of a rational basis. Good Hope Hosp., Inc. v. N.C. HHS, 174 N.C. App. 266, 620 S.E.2d 873, 2005 N.C. App. LEXIS 2399 (2005).

IV. RIGHTS OF DEFENDANTS.

C. Double Jeopardy.

Double Jeopardy Shown. — Additional convictions for possession of the automobile and the credit cards were vacated because they violated double jeopardy. State v. Scanlon, — N.C. App. —, 626 S.E.2d 770, 2006 N.C. App. LEXIS 541 (2006).

Evidence Must Be Identical. — Defendant's convictions for malicious conduct by a prisoner and habitual misdemeanor assault did not charge the same offense, and did not violate the double jeopardy clause; although the conduct alleged in both indictments was identical, the evidence needed to prove both malicious conduct by a prisoner and habitual misdemeanor assault based on an assault of a government employee was different, which meant separate offenses were involved. State v. Artis, — N.C. App. —, 622 S.E.2d 204, 2005 N.C. App. LEXIS 2610 (2005).

Double Jeopardy Not Shown in Capital Case. — Imposition of death penalty in the defendant's second trial did not violate double jeopardy or Ring because the jury in the first trial had found at least one statutory aggravator and the jury in the second trial had also found at least one statutory aggravator. State v. Duke, 360 N.C. 110, 623 S.E.2d 11, 2005 N.C. LEXIS 1314 (2005).

Double Jeopardy Not Shown. — There was no risk of a lack of unanimity where defendant was charged with and convicted of the same number of offenses, and the evidence supported that number of offenses; using the same underlying act to support convictions for both first-degree sexual offense and indecent liberties did not violate defendant's constitutional protection against double jeopardy. State v. Brewer, 171 N.C. App. 686, 615 S.E.2d 360, 2005 N.C. App. LEXIS 1363 (2005).

Defendant's constitutional challenges to his sentence as an habitual felon failed because (1) the North Carolina Habitual Felon Act was not violative of the Separation of Powers Clause; (2) there was no double jeopardy infirmity inherent in the Habitual Felon Act as applied in conjunction with the North Carolina Structured Sentencing Act; and (3) the state appellate court and the state supreme court have rejected constitutional challenges to the Habitual Felon Act based on allegations of cruel and unusual punishment. State v. McIlwaine, 169 N.C. App. 397, 610 S.E.2d 399, 2005 N.C. App. LEXIS 607 (2005).

Mere fact that the state asked defendant to stipulate to a prior felony that did not correspond to the prior felony stated in the indictment did not render the error a substantive evidentiary one attributable to the state; instead, the record revealed an intention by defense counsel, after conferring with defendant, to stipulate to a prior felony and an assumption by the state that the stipulation relieved it of the burden of establishing that element of the possession of a firearm by a felon charge. State v. Mason, 174 N.C. App. 206, 620 S.E.2d 285, 2005 N.C. App. LEXIS 2292 (2005).

Indictments posed no danger to defendant's rights under the double jeopardy clause because, while he was tried for acts of sexual assault that occurred in one county, he was not tried for any acts he may have committed in another county. State v. Bullock, — N.C. App. —, 631 S.E.2d 868, 2006 N.C. App. LEXIS 1572 (2006).

Double Jeopardy Shown in Robbery and Kidnapping Convictions. — Since the State failed to show that the removal of the victims was separate from the robbery, that it increased the danger beyond that inherent in the robbery, that the victims were physically injured, or that they were subjected to restraint beyond that of the threatened use of a firearm, defendant's kidnapping convictions were reversed as being in violation of double jeopardy. State v. Ripley, 172 N.C. App. 453, 617 S.E.2d 106, 2005 N.C. App. LEXIS 1801 (2005), aff'd, — N.C. —, 626 S.E.2d 289 (2006).

Arrest of Judgment Required. —

It was reversible error to impose sentences for a first-degree kidnapping and attempted robbery with a dangerous weapon offenses, both of which the jury was instructed could serve as underlying felonies to the charge of felony murder. State v. Oglesby, — N.C. App. —, 622 S.E.2d 152, 2005 N.C. App. LEXIS 2624 (2005).

Felonious Assault and Misdemeanor Assault Sentences Constituted Double Jeopardy. — Trial court violated defendant's right to be free of double jeopardy when it sentenced him for both assault with a deadly weapon inflicting serious injury under G.S. 14-32(b) and misdemeanor assault inflicting serious injury under G.S. 14-33(c)(1) based on an incident in which defendant punched his girlfriend into a wall and stabbed her multiple times in the arm and leg; because defendant's convictions under G.S. 14-32(b) provided for greater punishment than G.S. 14-32.4 or 14-33(c), the trial court could not convict and sentence defendant under two statutes for the same conduct in each incident without violating the double jeopardy provisions of U.S. Const. Amend. 5 and N.C. Const. art. I, § 19. State v. McCoy, 174 N.C. App. 105, 620 S.E.2d 863, 2005 N.C. App. LEXIS 2289 (2005).

D. Right to Counsel.

Right to Counsel Includes Reasonable Time for Preparation. —

Trial court did not err in denying defendant's motion for a continuance where the state, in defendant's attempted first-degree murder and assault with a deadly weapon case, presented defendant with a statement on the morning of trial that it had obtained from the man who had allegedly sold defendant the gun used in the shootings involved in defendant's case; defendant had not shown evidence that he would have been better prepared had the motion to continue been granted or that he was materially prejudiced by the denial of his motion, and defendant was given a recess by the trial court to allow his counsel to interview the man. State v. Bethea, 173 N.C. App. 43, 617 S.E.2d 687, 2005 N.C. App. LEXIS 1907 (2005).

Illustrative Cases. —

As defendant's denial of his pointing of any gun was inconsistent with the defenses of necessity or justification, defendant's attorney made a tactical decision to present a theory of defense based upon defendant's own statements to police; as such, defense counsel's decision not to request jury instructions on necessity and justification with respect to a charge of assault by pointing a gun could not be ineffective assistance of counsel. State v. Langley, 173 N.C. App. 194, 618 S.E.2d 253, 2005 N.C. App. LEXIS 1920 (2005).

Defendant failed to show that there was a reasonable probability that, absent out-of-court statements that his counsel failed to obejct to, the trial result would have been different. Accordingly, his assignment of error based on ineffective assistance of counsel was without merit. State v. Thorne, 173 N.C. App. 393, 618 S.E.2d 790, 2005 N.C. App. LEXIS 2031 (2005).

As defendant's denial of his pointing of any gun was inconsistent with the defenses of necessity or justification, defendant's attorney made a tactical decision to present a theory of defense based upon defendant's own statements to police; as such, defense counsel's decision not to request jury instructions on necessity and justification with respect to a charge of assault by pointing a gun could not be ineffective assistance of counsel. State v. Langley, 173 N.C. App. 194, 618 S.E.2d 253, 2005 N.C. App. LEXIS 1920 (2005).

G. Identification of Defendant.

Requirements of Photographic Lineup. — Due process does not require that all subjects in a photographic lineup be identical in appearance, nor is such a lineup impermissibly suggestive merely because the defendant has a distinctive appearance. State v. Tutt, 171 N.C. App. 518, 615 S.E.2d 688, 2005 N.C. App. LEXIS 1313 (2005).

In-Court Identification Upheld. —

Prior to seeing defendant's photograph, a witness: (1) gave an accurate physical description of defendant as a short, white, heavyset male; (2) correctly identified defendant's first name; (3) gave an accurate description of defendant's residence, which was corroborated by defendant's mother; and (4) told police she knew of defendant and had seen him at the same convenience store in possession of guns one week prior to the shooting; the witness was able to view the criminal before and at the time of the crime and testified she saw defendant lower the gun after the victim was shot and drive away from the scene. A lieutenant showed the witness the picture of defendant on the night of the shooting, while she was at the hospital with the victim, and the time between the crime and the confrontation was short; thus, the photographic identification was not so prejudicial that justice could not have been done, and the trial court did not err when it allowed the witness to make an in-court identification of defendant. State v. Farmer, — N.C. App. —, 630 S.E.2d 244, 2006 N.C. App. LEXIS 1201 (2006).

Admissibility of Photograph. —

Denial of defendant's motion to suppress a pretrial photo line was proper where none of the five other photos chosen indicated unfairness, nor were they unduly suggestive, and, while the trial court recognized the witness' confusion, it gave weight to a detective's testimony. State v. Tutt, 171 N.C. App. 518, 615 S.E.2d 688, 2005 N.C. App. LEXIS 1313 (2005).

VII. TAKING OF PRIVATE PROPERTY FOR PUBLIC USE.

E. Illustrative Cases.

Taking Not Found. — When a city paid consideration for a sewer line easement to plaintiffs' predecessor in title, and later abandoned the easement and left a sewer pipe in the ground in question, this did not amount to a taking. The city had paid just compensation to the predecessor in title, and plaintiffs were entitled to nothing more. Frances L. Austin Family L.P. v. City of High Point, — N.C. App. —, 630 S.E.2d 37, 2006 N.C. App. LEXIS 1198 (2006).

IX. MISCELLANEOUS RIGHTS.

Resolution Restricting Vested Allowance was Improper. — County's resolution, pursuant to its authority under G.S. 143-166.42, restricting a former officer's ability to collect a special separation allowance, impaired the obligation of the state's contract with former officer under the retirement system; because the resolution was enacted after the former officer had retired and his right to receive the special separation had become vested, it was improper. Wiggs v. Edgecombe County, — N.C. App. —, 632 S.E.2d 249, 2006 N.C. App. LEXIS 1645 (2006).

XI. ILLUSTRATIVE CASES.

A. Statutes, Proceedings, etc., Upheld.

Criminal Statutes. —

Since a convicted felon's re-acquired right to bear arms was subject to regulation and was not completely abridged by a subsequent amendment to G.S. 14-415.1, which prohibited the ex-felon from possessing handguns outside his home or business, and since the regulation was reasonably related to further securing the public's safety, there was no interference with any vested right when the statute was amended to include the ex-felon; he was properly convicted and sentenced for violating the statute without any violation of his right to due process. State v. Johnson, 169 N.C. App. 301, 610 S.E.2d 739, 2005 N.C. App. LEXIS 612 (2005).

Sex Offender Registration Requirement. —

North Carolina's sex offender registration statute, G.S. 14-208.11, is facially constitutional as applied to a convicted sex offender from another jurisdiction, who subsequently moved to North Carolina, because such a defendant has actual notice of his or her lifelong duty to register as a result of his or her out-of-state conviction, which provides a reasonable individual to inquire of a duty to register in any state upon relocation. State v. Bryant, 359 N.C. 554, 614 S.E.2d 479, 2005 N.C. LEXIS 647 (2005).

B. Statutes, Proceedings, etc., Held Unconstitutional.

Workers' Compensation Recovery Provision. — Court of Appeals of North Carolina holds that the time limitation in the fourth paragraph of G.S. 97-61.6 violates the Equal Protection Clauses of U.S. Const., Amend. XIV and N.C. Const. art. I, § 19 under the rational basis test because the statute imposes an additional burden for recovery — a shorter time frame for death benefits claims — for asbestosis or silicosis, and no rational basis exists for treating such occupational diseases differently from other latent occupational diseases. Payne v. Charlotte Heating & Air Conditioning, 172 N.C. App. 496, 616 S.E.2d 356, 2005 N.C. App. LEXIS 1782 (2005).

Sec. 20. General warrants.

CASE NOTES

I. General Consideration.
II. Warrantless Searches.
III. Search Warrants.

I. GENERAL CONSIDERATION.

Reasonable Suspicion for Investigatory Stop. —
Defendant was not illegally seized in contravention of his constitutional rights, as an officer did not tell defendant he could not leave, defendant had consented to speak with the officer, and the officer had not restrained defendant's freedom to walk away. Defendant had no driver's license with him and did not know the name of a friend to whom his car belonged; these articulable facts were sufficient to give rise to a reasonable suspicion in the mind of a trained police officer that defendant was involved in criminal activity, and the trial court did not err in denying defendant's motion to suppress. State v. Campbell, 359 N.C. 644, 617 S.E.2d 1, 2005 N.C. LEXIS 842 (2005).

Dog Sniff. — Trial court's denial of defendant's motion to suppress had to be vacated, as the judgment denying that motion was null and void because it was entered out of county, out of term, and out of session; as a result, the trial court had to hold a new suppression hearing, and at that time the court could consider whether defendant's constitutional rights were violated by a police officer's dog sniff of defendant's vehicle while defendant was detained at a checkpoint used to determine the validity of drivers' licenses and vehicle registrations, which led to the discovery that defendant possessed marijuana and cocaine. State v. Branch, — N.C. App. —, 627 S.E.2d 506, 2006 N.C. App. LEXIS 713 (2006).

Search Exceeded Scope of Consent. — Search of defendant's van, which included the officer's removal of a plastic wall panel, exceeded the scope of defendant's consent and thus, violated the Fourth Amendment and N.C. Const. art. 1, § 20. Among other things, there was no evidence nor finding of fact suggesting that the officer suspected that the van contained contraband or that defendant was involved in criminal conduct. State v. Johnson, — N.C. App. —, 627 S.E.2d 488, 2006 N.C. App. LEXIS 695 (2006).

II. WARRANTLESS SEARCHES.

Search of Automobiles and Conveyances. —
Trial court properly denied defendant's motion to suppress evidence seized from his car after it was stopped for a traffic violation, as the search of the vehicle was based on defendant's unlimited consent, and further, information received from a passenger as to where contraband could be found in the vehicle justified the search under the automobile exception to the warrant requirement, pursuant to U.S. Const., Amend. IV and N.C. Const. art. I, § 20. State v. Baublitz, 172 N.C. App. 801, 616 S.E.2d 615, 2005 N.C. App. LEXIS 1778 (2005).

Where the police officer stopped defendant for a traffic violation, the officer had a reasonable suspicion pursuant to N.C. Const. art. I, § 20 and U.S. Const. amend. IV to expand the scope of the detention; defendant, who was seated next to the officer in the patrol car while the officer wrote a traffic citation, exhibited extremely nervous behavior, including a heartbeat that was visible through defendant's shirt, and defendant gave inconsistent responses as to where defendant was going. State v. Hernandez, 170 N.C. App. 299, 612 S.E.2d 420, 2005 N.C. App. LEXIS 1006 (2005).

Probable Cause to Stop Defendant's Vehicle. —
Police officer had probable cause pursuant to U.S. Const. amend. IV and N.C. Const. art. I, § 20 to stop defendant's vehicle because the officer witnessed defendant remove his seat belt while driving, a violation of G.S. 20-135.2A(a). State v. Hernandez, 170 N.C. App. 299, 612 S.E.2d 420, 2005 N.C. App. LEXIS 1006 (2005).

Warrantless Search Upheld. —
Police had reasonable suspicion that defendant was transporting drugs, and their warrantless stop of defendant's van was proper,

where a confidential informant told police that defendant would be transporting drugs and defendant was seen by police driving the van described by the informant along the suspected drug route; after the stop, defendant's consent for an officer to enter the van and the odor of cocaine smelled by the officer inside the van justified the officers' warrantless search of the van. State v. Downing, 169 N.C. App. 790, 613 S.E.2d 35, 2005 N.C. App. LEXIS 801 (2005).

Warrantless Search Held Improper. —

Although an officer's stop of a vehicle in which defendant was a passenger was supported by reasonable suspicion based on the officer's observation of the vehicle speeding, the officer's search of defendant's person exceeded the scope of defendant's consent; after defendant gave the officer consent to search his person, the officer pulled defendant's sweat pants away from defendant's body and trained his flashlight on defendant's groin area, where he saw the top of a pill bottle. State v. Stone, — N.C. App. —, 634 S.E.2d 244, 2006 N.C. App. LEXIS 1922 (2006).

Because a reasonable officer observing defendant turn right without signaling when no other vehicle was affected would not have had probable cause to believe a traffic violation had occurred, the seizure and subsequent search of defendant's vehicle were unreasonable and violated defendant's rights under the Fourth Amendment and N.C. Const. art. I, § 20. State v. Ivey, 360 N.C. 562, 633 S.E.2d 459, 2006 N.C. LEXIS 844 (2006).

Voluntary Consent. —

Where defendant gave consent to the search of defendant's vehicle while defendant was seated in the patrol car with the officer who was writing defendant's traffic citation, the consent was validly given pursuant to G.S. 15A-222, N.C. Const. art. I, § 20, and U.S. Const. amend. IV; the officer read a consent form to defendant which defendant signed, and defendant stated that defendant believed defendant was free to leave after the citation was issued. State v. Hernandez, 170 N.C. App. 299, 612 S.E.2d 420, 2005 N.C. App. LEXIS 1006 (2005).

Girlfriend's consent to search defendant's residence was voluntary where there was no evidence that defendant's girlfriend, who was in the hospital with shoulder pain at the time she gave consent, was not in possession of her mental faculties at the time consent was given. State v. Watson, — N.C. App. —, 634 S.E.2d 231, 2006 N.C. App. LEXIS 1923 (2006).

III. SEARCH WARRANTS.

Affidavit Sufficient to Support Finding of Probable Cause Despite Alleged False Statements Contained Therein. — Affidavit containing allegedly false statements was not invalid where other statements supported finding of probable cause; among other things, the unchallenged statements showed that 20 different sources complained to police about criminal activity at the subject residence and a confidential informant made a controlled buy of cocaine at the residence. State v. Boyd, — N.C. App. —, 628 S.E.2d 796, 2006 N.C. App. LEXIS 854 (2006).

Stop of Vehicle After Defendant Turned Away Just Prior to Checkpoint. — Denial of motion to suppress was upheld as totality of circumstances justified officer's pursuing and stopping defendant's vehicle to inquire as to why defendant turned away before checkpoint. In addition to the fact of defendant's legal turn immediately prior to the checkpoint, the following facts combined to allow the officer to make a reasonable inquiry to determine whether defendant was trying to evade the checkpoint: (1) the late hour; (2) the sudden braking of the truck when defendant crested the hill and could see the checkpoint, to the point that the headlights dipped as the front of the truck dove towards the street; (3) the abruptness of defendant's turn into the nearest apartment parking lot; and (4) defendant's behavior in first backing the truck into one space, pulling out and proceeding towards the parking lot exit, and then re-parking when he spotted the patrol car approaching him. State v. Bowden, — N.C. App. —, 630 S.E.2d 208, 2006 N.C. App. LEXIS 1218 (2006).

Sec. 22. Modes of prosecution.

CASE NOTES

A valid indictment is a condition precedent, etc.

Remand for re-sentencing on felony child abuse inflicting serious physical injury was improper because the indictment failed to allege an essential element required for proof of that crime: that injury be inflicted by a parent or any other person providing care to or supervision of a child less than 16 years of age; however, the indictment and jury verdict did support a conviction for class A1 misdemeanor assault. State v. Locklear, — N.C. App. —, 632 S.E.2d 516, 2006 N.C. App. LEXIS 1641 (2006).

Aggravating Circumstances for the Death Penalty. — Heinous, atrocious, or cruel aggravating circumstance under G.S. 15A-2000(e)(9) was argued to be unconstitutionally vague and overbroad, and that that vagueness could not be cured through appellate narrowing after Ring; although the issue was not raised in the lower court so as to be properly addressed on appeal, the highest court found the issue to be in the public interest, addressed the issue to further develop its jurisprudence under N.C. R. App. P. 2, and determined that the circumstance was constitutional under the Sixth Amendment because (1) the pattern jury instructions included language approved by the Court that narrowed the definition of the circumstance, and (2) the appellate review of the circumstance as submitted to the jury did not make the appellate court a "co-finder of fact" with the jury. State v. Duke, 360 N.C. 110, 623 S.E.2d 11, 2005 N.C. LEXIS 1314 (2005).

Motion to Suppress Properly Denied. — Because defendant's initial seizure and incarceration were not unconstitutional, the trial court did not err in denying defendant's motion to suppress the evidence seized from defendant's person. State v. Hocutt, — N.C. App. —, 628 S.E.2d 832, 2006 N.C. App. LEXIS 966 (2006).

I. GENERAL CONSIDERATION.

Interrogation. — Second interrogation of a defendant was not unconstitutional under the facts of the case, and the trial court did not err by admitting the statement obtained by law enforcement officials during that second interrogation because uncontradicted evidence introduced during the suppression hearing supported the conclusion that the law enforcement officials involved in the investigation of one incident honored the defendant's invocation of his right to remain silent regarding another incident, and thereafter no questioning touched on that other incident and fresh Miranda warnings were given. State v. Jacobs, 174 N.C. App. 1, 620 S.E.2d 204, 2005 N.C. App. LEXIS 2279 (2005).

Right to Remain Silent Not Violated. — State's cross-examination of defendant and its closing argument did not violate defendant's right to remain silent; it was not apparent that the State was commenting on post-Miranda silence when the State asked defendant "So, you didn't want to the them (the police) that you had acted in self-defense?" In addition, the closing argument was not improper and was supported by witnesses' testimony. State v. Herndon, — N.C. App. —, 629 S.E.2d 170, 2006 N.C. App. LEXIS 961 (2006).

Defense Counsel Not Ineffective for Failing to Object Where Testimony Properly Admitted. — Testimony regarding an officer's interaction with a detective and a third individual was non-hearsay since it was not admitted to prove the truth of the matter asserted, but rather to show how the officer formed a reasonable suspicion that defendant was involved in the robbery at issue, which in turn justified including defendant's photo in a lineup shown to the robbery victim; since this testimony was properly admitted, defense counsel was not ineffective for failing to object to it. State v. Alexander, — N.C. App. —, 628 S.E.2d 434, 2006 N.C. App. LEXIS 843 (2006).

Applied in State v. Duke, 360 N.C. 110, 623 S.E.2d 11, 2005 N.C. LEXIS 1314 (2005); State v. Love, — N.C. App. —, 630 S.E.2d 234, 2006 N.C. App. LEXIS 1189 (2006).

Cited in State v. Campbell, 359 N.C. 644, 617 S.E.2d 1, 2005 N.C. LEXIS 842 (2005).

II. RIGHT TO BE INFORMED OF ACCUSATION.

But Special Form or Particular Words Are Not Required. —
Since no conclusion could be reached by reading the indictment other than that defendant was in custody at the time he allegedly committed malicious conduct by a prisoner, the trial court had jurisdiction over his case, as the State adequately alleged the offense such that defendant was notified of the offense against which he was called to defend. State v. Artis, — N.C. App. —, 622 S.E.2d 204, 2005 N.C. App. LEXIS 2610 (2005).

III. RIGHT OF CONFRONTATION.

A. In General.

Admission of Business Records Did Not Violate Defendant's Right of Confrontation. — State investigative reports that gave the results of DNA tests incriminating defendant were properly admitted at his trial for murder and rape under G.S. 8C-1, N.C. R. Evid. 803(8), as public records, even though the investigator who made the records did not testify. His supervisor testified, the reports concerned routine matters and recorded only ministerial observations, and defendant's right of confrontation was not violated. State v. Forte, 629 S.E.2d 137, 2006 N.C. LEXIS 45 (2006).

Admission of nonhearsay raises no Confrontation Clause concerns; testimony regarding an officer's interaction with a detective and a third individual was non-hearsay, and raised no Confrontation Clause concerns, since it was not admitted to prove the truth of the matter asserted, but rather to show how the officer formed a reasonable suspicion that defendant was involved in the robbery at issue, which in turn justified including defendant's photo in a lineup shown to the robbery victim. State v. Alexander, — N.C. App. —, 628 S.E.2d 434, 2006 N.C. App. LEXIS 843 (2006).

DNA Tests Incriminating Defendant Properly Admitted. — State investigative reports that gave the results of DNA tests incriminating defendant were properly admitted at his trial for murder and rape as business records under G.S. 8C-1-803(6), even though the investigator who made the reports did not testify. His supervisor testified, and the reports were not testimonial but were neutral and were not prepared exclusively for trial, and defendant's right of confrontation was not violated. State v. Forte, 360 N.C. 427, 629 S.E.2d 137, 2006 N.C. LEXIS 45 (2006).

B. Illustrative Cases.

Admission of Hearsay Evidence Pursuant to an Exception for an Unavailable Declarant. — Appellate court erred in finding that defendant's right to confrontation pursuant to N.C. Const. art. I, § 23 was violated by allowing an officer to testify pursuant to G.S. 8C-1, N.C. R. Evid. 804(b)(5), that the deceased victim picked defendant from a lineup; although the hearsay statement was testimonial, and thus implicated the confrontation clause, the error was harmless pursuant to G.S. 15A-1443(b), as the outcome of the trial probably would have been the same if the lineup was excluded. State v. Lewis, 360 N.C. 1, 619 S.E.2d 830, 2005 N.C. LEXIS 1000 (2005).

Admission of Deposition Testimony of State's Absent Witness. — Even though it was error to admit the State's physician's deposition testimony at defendant's murder trial even though the defendant took advantage of his right to cross examine the physician at the deposition, because the defendant did not have the right to confront him at trial; the error was harmless error in view of the overwhelming testimonial and other evidence that the victim died and of the defendant's guilt. State v. Ash, 169 N.C. App. 715, 611 S.E.2d 855, 2005 N.C. App. LEXIS 809 (2005), cert. denied, appeal dismissed, 360 N.C. 66, 621 S.E.2d 878 (2005).

Admission of Hearsay Evidence Where the Declarant was Unavailable. — For purposes of a claim of a confrontation clause violation under N.C. Const. art. I, § 23, a trial court's confrontation clause analysis of a statement should proceed as follows: the initial determination is whether the statement is testimonial or nontestimonial, and if the statement is testimonial, the trial court must then ask whether the declarant is available or unavailable to testify during the trial; if the declarant is unavailable pursuant to the G.S. 8C-1, N.C. R. Evid. 804(b)(5) hearsay exception, the trial court must determine whether the accused had a prior opportunity to cross-examine the declarant about this statement, and if the accused had such an opportunity, the statement may be admissible if it is not otherwise excludable hearsay, but if the accused did not have this opportunity, the statement must be excluded. State v. Lewis, 360 N.C. 1, 619 S.E.2d 830, 2005 N.C. LEXIS 1000 (2005).

Violation of Confrontation Clause Was Not Shown. —

There was no error in the limitation on defendant's cross-examination of the victim where the reasons for her unwillingness to testify and the possibility of her being held in contempt did not bear on her credibility or bias toward defendant, nor was whether she believed defendant had been tried "enough" relevant to any matter at issue in the trial. State v. Jacobs, 172 N.C. App. 220, 616 S.E.2d 306, 2005 N.C. App. LEXIS 1586 (2005).

Because defendant's cross-examination was not restricted by law, and the trial court did not limit the scope of the examination, defendant's only limitation in cross-examining the police captain was his inability to play the lost videotape to the jury, and defendant had ample opportunity to cross-examine the captain regarding the quality of the videotape, his viewing of the videotape, and about what he saw on the videotape; defendant's confrontation rights under the Sixth Amendment were vindicated and his right to confrontation under N.C. Const. art. I, § 23 was not violated. State v. Thorne, 173 N.C. App. 393, 618 S.E.2d 790, 2005 N.C. App. LEXIS 2031 (2005).

Denial of Continuance Motion. — Trial court did not err in denying defendant's motion for a continuance where the state, in defendant's attempted first-degree murder and assault with a deadly weapon case, presented defendant with a statement on the morning of trial that it had obtained from the man who had allegedly sold defendant the gun used in the shootings involved in defendant's case; defendant had not shown evidence that he would have been better prepared had the motion to continue been granted or that he was materially prejudiced by the denial of his motion, and defendant was given a recess by the trial court to allow his counsel to interview the man. State v. Bethea, 173 N.C. App. 43, 617 S.E.2d 687, 2005 N.C. App. LEXIS 1907 (2005).

IV. RIGHT TO COUNSEL.

A. In General.

Ineffective Representation Not Shown. —

Counsel's decision to pursue a theory of sexual asphyxiation or accident instead of suicide was a defense strategy that could not be second-guessed on appeal State v. Scanlon, — N.C. App. —, 626 S.E.2d 770, 2006 N.C. App. LEXIS 541 (2006).

Where defendant was convicted of raping a 13-year-old female, defense counsel was not ineffective for failing to stipulate to the chain of custody of the products of conception to avoid introducing them into evidence; any error was harmless as there was no reasonable probability that the alleged error affected the outcome of the trial. State v. Watts, 172 N.C. App. 58, 616 S.E.2d 290, 2005 N.C. App. LEXIS 1588 (2005).

Because there was no plain error in the failure to provide a voluntary intoxication instruction to the jury, defendant's assertion of ineffective assistance of counsel with respect thereto failed; defendant's evidence concerning his low I.Q., smoking marijuana, and sharing alcohol over the course of an evening was not so overwhelming as to render the lack of a voluntary intoxication instruction prejudicial. State v. Andrews, 170 N.C. App. 68, 612 S.E.2d 178, 2005 N.C. App. LEXIS 891 (2005).

Where defendant was sentenced within the presumptive range as a Level VI habitual felon, because he was given a very favorable plea bargain in which twenty-one felony offenses were consolidated for judgment with the original ten felony offenses such that defendant received no additional time for these twenty-one felonies, his sentence was upheld pursuant to G.S. 15A-1340.12, and counsel was not ineffective for failing to object to the sentence as violative of the Eighth Amendment and on grounds that legislative policy considerations constitute ineffective assistance of counsel. State v. Cummings, — N.C. App. —, 622 S.E.2d 183, 2005 N.C. App. LEXIS 2618 (2005).

Defendant did not show that he received ineffective assistance of counsel, as counsel's decision to ask a witness about out-of-court statements made by defendant's cousin was a tactical decision, which an appellate court would not second guess. State v. Medina, — N.C. App. —, 622 S.E.2d 176, 2005 N.C. App. LEXIS 2608 (2005).

Mere fact that the state asked defendant to stipulate to a prior felony that did not correspond to the prior felony stated in the indictment did not render the error a substantive evidentiary one attributable to the state; instead, the record revealed an intention by defense counsel, after conferring with defendant, to stipulate to a prior felony and an assumption by the state that the stipulation relieved it of the burden of establishing that element of the possession of a firearm by a felon charge. State v. Mason, 174 N.C. App. 206, 620 S.E.2d 285, 2005 N.C. App. LEXIS 2292 (2005).

As defendant's denial of his pointing of any gun was inconsistent with the defenses of necessity or justification, defendant's attorney made a tactical decision to present a theory of defense based upon defendant's own statements to police; as such, defense counsel's decision not to request jury instructions on necessity and justification with respect to a charge of assault by pointing a gun could not be ineffective assistance of counsel. State v. Langley, 173 N.C. App. 194, 618 S.E.2d 253, 2005 N.C. App. LEXIS 1920 (2005).

Defense counsel's decision to address defendant's repeated lies to defense counsel and others was a prudent stop in pulling the sting from damaging evidence and did not amount to ineffective assistance. State v. Campbell, — N.C. App. —, 629 S.E.2d 345, 2006 N.C. App. LEXIS 1049 (2006).

Defendant's first degree murder conviction for stabbing his wife to death was affirmed because defendant failed to show ineffective assistance of counsel as he did not meet his burden of showing a reasonable probability that, but for defense counsel's failure to raise an issue at trial, the result of his proceedings would have been different. State v. Nguyen, — N.C. App. —, 632 S.E.2d 197, 2006 N.C. App. LEXIS 1571 (2006).

Defendant's claim of ineffective assistance of counsel failed because defendant failed to satisfy his burden that there was a reasonable probability that a different outcome would have occurred if counsel had presented additional evidence of defendant's drug and alcohol problem. State v. Laney, — N.C. App. —, 631 S.E.2d 522, 2006 N.C. App. LEXIS 1398 (2006).

Right to Counsel May Be Waived. —

First degree felony murder and conspiracy to commit robbery with dangerous weapon convictions were affirmed since the trial court's decision to admit a videotape of the defendant's post-Miranda interrogation was properly based on substantial evidence that he (1) signed a waiver of, and (2) never made a clear, unambiguous, and unequivocal assertion of his right to counsel, and did not assert his right to remain silent. State v. Ash, 169 N.C. App. 715, 611 S.E.2d 855, 2005 N.C. App. LEXIS 809 (2005), cert. denied, appeal dismissed, 360 N.C. 66, 621 S.E.2d 878 (2005).

V. SELF-INCRIMINATION.

A. In General.

Adverse comments on defendant's failure to testify are impermissible, etc — Defendant's Fifth Amendment and N.C. Const. art I, § 23 rights were violated where the prosecutor's statements referred repeatedly to defendant's silence, not merely to his behavior, and clearly urged the jury to infer that defendant was sane enough to know that remaining silent was in his best interest; the error was not harmless beyond a reasonable doubt as the only real issue was whether defendant was legally insane at the time of the murder, three mental health experts testified that they believed defendant was legally insane, and lay witnesses and circumstances presented the only evidence of defendant's sanity. State v. Durham, — N.C. App. —, 623 S.E.2d 63, 2005 N.C. App. LEXIS 2752 (2005).

Right to Remain Silent Not Violated. — Trial court did not violate defendant's right to remain silent where the police detective testified that defendant was quiet during questioning and often refused to respond to questions, and where the prosecutor referred to this testimony during closing arguments; the detective was asked about defendant's demeanor during questioning, not defendant's exercise of the right to remain silent, as defendant had waived defendant's Miranda rights and had agreed to speak with the detective. State v. Lyles, 172 N.C. App. 323, 615 S.E.2d 890, 2005 N.C. App. LEXIS 1424 (2005), appeal dismissed, 360 N.C. 73, 622 S.E.2d 625 (2005).

B. Confessions.

When Confession Is Admissible. — First degree felony murder and conspiracy to commit robbery with dangerous weapon convictions were affirmed since the trial court's decision to admit a videotape of the defendant's post-Miranda interrogation was properly based on substantial evidence that he (1) signed a waiver of, and (2) never made a clear, unambiguous, and unequivocal assertion of his right to counsel, and did not assert his right to remain silent. State v. Ash, 169 N.C. App. 715, 611 S.E.2d 855, 2005 N.C. App. LEXIS 809 (2005), cert. denied, appeal dismissed, 360 N.C. 66, 621 S.E.2d 878 (2005).

Intoxication when Confession Is Made. —

Defendant claimed his Miranda waiver and confessions were affected by alcohol and precription drugs; the voluntariness of his Miranda waiver and confessions were supported by an officer's testimony that the defendant was attentive and very coherent and very understanding when he was read his Miranda rights. State v. Tuck, 173 N.C. App. 61, 618 S.E.2d 265, 2005 N.C. App. LEXIS 1930 (2005).

Confession Held Voluntary. — Defendant's post-Miranda statement was admissible because defendant was a 30-year-old high school graduate with experience in the criminal justice system based upon his numerous prior arrests, defendant was not threatened after being advised of his Miranda rights orally and in writing, defendant waived his Miranda rights orally and in writing, defendant did not ask to speak to an attorney, and the officers advised defendant of the charge, the possible sentence he could receive, the need for him to be truthful and help himself out by cooperating; and told defendant that if he cooperated his cooperation would be related to the district attorney's office and the judge. State v. Houston, 169 N.C. App. 367, 610 S.E.2d 777, 2005 N.C. App. LEXIS 606 (2005).

Defendant's first degree murder conviction was affirmed because the trial court did not err by denying defendant's motion to suppress his written confession as defendant's written waiver of his Miranda rights and his written confession were made understandingly, knowingly, and voluntarily with the assistance of a police officer who acted as defendant's interpreter. State v. Nguyen, — N.C. App. —, 632 S.E.2d 197, 2006 N.C. App. LEXIS 1571 (2006).

Sec. 24. Right of jury trial in criminal cases.

CASE NOTES

I. In General.
II. Unanimous Verdict of Twelve.

I. IN GENERAL.

Inquiry Into Alleged Communication Between Prosecution and Juror Was Not Required. — Trial court did not err by refusing to inquire further into an alleged communication between the prosecution and a juror where there was no indication that the alleged inappropriate communication had any influence on the juror or the verdict of the entire jury; there was no evidence that the juror heard what the assistant district attorney discussed with the clerk in the courtroom, in the presence of the court. State v. Jacobs, 172 N.C. App. 220, 616 S.E.2d 306, 2005 N.C. App. LEXIS 1586 (2005).

Determination of Appropriate Sentence. —

Defendant's right to a jury trial was violated where a sentence was enhanced based on the fact that he committed a crime while on probation; probationary status should have been a factor determined by a jury. State v. Shine, 173 N.C. App. 699, 619 S.E.2d 895, 2005 N.C. App. LEXIS 2306 (2005).

Multiple Short-Form Indictments Did Not Create a Danger of Ununanimous Verdicts. — Appellate court erred in reversubg defendant's convictions of first-degree statutory rape, G.S. 14-27.2, and taking indecent liberties with a minor, G.S. 14-202.1(a)(1), as defendant was properly charged by short-form indictments on all the charges as authorized by G.S. 15-144.2(a), because there was no danger of a nonunanimous verdict resulting from the multiple indictments in violation of N.C. Const. art. 1, § 24, and G.S. 15A-1237(b), as even if some jurors disagreed on the kinds of sexual misconduct committed, the jury as a whole would unanimously find that there occurred sexual conduct within the ambit of any immoral, improper, or indecent liberties as required by G.S. 14-202.1(a)(1), and because defendant was indicted on five counts of statutory rape, the victim testified to five specific incidents of statutory rape, and five verdicts of guilty were returned. State v. Lawrence, 360 N.C. 368, 627 S.E.2d 609, 2006 N.C. LEXIS 30 (2006).

Cited in State v. Norris, 360 N.C. 507, 630 S.E.2d 915, 2006 N.C. LEXIS 592 (2006).

II. UNANIMOUS VERDICT OF TWELVE.

Unanimous Verdict of 12 Required. —

Defendant's convictions on five counts of statutory rape and three counts of taking indecent liberties with a child had to be reversed, and he had to be retried on those charges, as the State's proof at trial of many more acts than were pled in those counts meant that the appellate court could not determine whether defendant was found guilty by the required unanimous jury on the counts pled or some other acts that were not pled; accordingly, defendant's right to conviction by a unanimous jury may have been compromised. State v. Lawrence, 170 N.C. App. 200, 612 S.E.2d 678, 2005 N.C. App. LEXIS 1016 (2005).

Determination of Ambiguity As to Verdict Unanimity. —

Because of the trial court's failure to ensure that each juror had in mind the same instances of abuse when voting to convict defendant of multiple counts of first-degree sexual offense and indecent liberties with a minor, defendant's right to a unanimous jury verdict was jeopardized. State v. Bates, 172 N.C. App. 27, 616 S.E.2d 280, 2005 N.C. App. LEXIS 1585 (2005).

Defendant's right to a unanimous verdict was not violated where the instructions and verdicts contained specific references to the date, act, and location of the alleged acts of first-degree sexual offense. Defendant's right to a unanimous verdict was violated, however, with regard to the charges for felonious sexual contact because the verdict sheets and instructions as to eight of the ten charges were not specific enough to allow the court to determine which specific act each juror had in mind when voting the those counts, and as to the indecent liberties charges because the court was not able to determine whether each juror had in mind the same four incidents when voting to convict defendant on those charges. State v. Massey, 174 N.C. App. 216, 621 S.E.2d 633, 2005 N.C. App. LEXIS 2400 (2005).

Trial judge correctly instructed jury, etc. —

Trial court did not err by allowing defendant to be convicted with fewer than 12 jurors finding him guilty because the trial court's use of the term "consensus" in an instruction did not violate the verdict unanimity requirement, as the trial judge twice repeated that the jury had to unanimously agree on a verdict. State v. Flemming, 171 N.C. App. 413, 615 S.E.2d 310, 2005 N.C. App. LEXIS 1260 (2005).

No Violation of Right to Unanimous Verdict. —

There was no risk of a lack of unanimity where defendant was charged with and convicted of the same number of offenses, and the evidence supported that number of offenses, and using the same underlying act to support convictions for both first-degree sexual offense and indecent liberties did not violate defendant's constitutional protection against double jeopardy; where the instructions told jury that it must "agree unanimously" on particular sex offenses and limited consideration of first-degree sexual offenses to the approximate dates on which they were alleged to have occurred and to a specific act, and dates and acts corresponded with the evidence, the instructions were proper and there was no lack of unanimity. State v. Brewer, 171 N.C. App. 686, 615 S.E.2d 360, 2005 N.C. App. LEXIS 1363 (2005).

Defendant's right to an unanimous verdict under N.C. Const. art. I, § 24, G.S. 15A-1201, and G.S. 15A-1237(b) was not violated by generic testimony, or evidence of more incidents than there were criminal charges. State v. Bullock, — N.C. App. —, 631 S.E.2d 868, 2006 N.C. App. LEXIS 1572 (2006).

Insufficient Evidence Regarding Jurors Praying. — There was insufficient evidence to show the asserted ground for relief as defendant maintained in his motion for appropriate relief under G.S. 15A-1420 that two jurors had prayed together outside the jury room in his death penalty case. This was not shown to have been misconduct as defendant did not present documentary evidence. G.S. 15A-1420(b) required, that those jurors had discussed the case while they prayed, and their prayers did not constitute "deliberation" outside of the jury room, such that would have violated defendant's right to have a jury of 12 jurors under N.C. Const. art. I, § 24. State v. Elliott, 360 N.C. 400, 628 S.E.2d 735, 2006 N.C. LEXIS 46 (2006).

Sec. 26. Jury service.

CASE NOTES

Peremptory Challenges Upheld. —

Defendant failed to make a prima facie showing of racial discrimination with regard to the State's preemptory challenge of a prospective juror which was granted in defendant's trial for first-degree murder and the trial court, therefore, did not err in overruling defendant's Batson objection because, despite the juror being the first African American to have been challenged, other factors supported the trial court's ruling such as the fact that the victim and the State's three critical witnesses were all African American. Therefore, the case was not particularly susceptible to racial discrimination and the State neither made any racially motivated statements nor asked any racially motivated questions of the prospective juror. State v. Augustine, 359 N.C. 709, 616 S.E.2d 515, 2005 N.C. LEXIS 836 (2005).

The defendant did not make a prima facie showing, etc. —

Under U.S. Const. amend. XIV, as well as N.C. Const. art. I, § 26, the State used a peremptory challenge to excuse an African-American prospective juror, however, the State offered race neutral reasons for the excusal, even though orher potential jurors may have given similar answers, that she (1) was against killing whether it was legal or illegally and that her opposition was based on religious, moral, and philosophical beliefs she had held since childhood, and (2) had a brother who had previously been convicted of armed robbery; the trial judge was in the best position to resolve this issue, having heard and seen the responses of the prospective juror, including her facial expressions, tone of voice, reactions, and other nuances that were not subject to translation when the appeals court reviewed the cold record on appeal. State v. McClain, 169 N.C. App. 657, 610 S.E.2d 783, 2005 N.C. App. LEXIS 804 (2005).

Sec. 27. Bail, fines, and punishments.

CASE NOTES

I. In General.
II. Particular Statutes.
III. Illustrative Cases.

I. IN GENERAL.

First-Degree Murder. — Defendant's right was not violated when the trial court set bond as "no bond" and "zero" because defendant was charged with first-degree murder, a crime for which, under G.S. 15A-533(c), the trial court had the discretion not to set bail. State v. Hocutt, — N.C. App. —, 628 S.E.2d 832, 2006 N.C. App. LEXIS 966 (2006).

Applied in State v. Duke, 360 N.C. 110, 623 S.E.2d 11, 2005 N.C. LEXIS 1314 (2005); State v. Hurst, 360 N.C. 181, 624 S.E.2d 309, 2006 N.C. LEXIS 7 (2006).

II. PARTICULAR STATUTES.

Habitual Felon Act. — Defendant's constitutional challenges to his sentence as an habitual felon failed because (1) the North Carolina Habitual Felon Act was not violative of the Separation of Powers Clause; (2) there was no double jeopardy infirmity inherent in the Habitual Felon Act as applied in conjunction with the North Carolina Structured Sentencing Act; and (3) the state appellate court and the state supreme court have rejected constitutional challenges to the Habitual Felon Act based on allegations of cruel and unusual punishment. State v. McIlwaine, 169 N.C. App. 397, 610 S.E.2d 399, 2005 N.C. App. LEXIS 607 (2005).

III. ILLUSTRATIVE CASES.

False pretenses enhanced by habitual

offender status. — Defendant had a lengthy criminal record and was sentenced accordingly for G.S. 14-100 false pretenses, which sentence was enhanced by his status of being an habitual offender under G.S. 14-7.6; the sentence of 142 months to 180 months was within the range for a Class C level V felon, was not disproportionate to the defendant's 25-year history of criminal convictions, and was not cruel and unusual under U.S. Const. amends. VIII, XIV. State v. Ledwell, 171 N.C. App. 314, 614 S.E.2d 562, 2005 N.C. App. LEXIS 1212 (2005).

Sec. 32. Exclusive emoluments.

CASE NOTES

Extinguishment of County's Subrogation Lien Against Injured Employee. — Trial court did not abuse its discretion in extinguishing a county's subrogation lien against a deputy sheriff regarding a settlement that he received following an injury in the course of his employment because G.S. 97-10.2(j) did not violate the Exclusive Emoluments Clause of N.C. Const. art. I, § 32. Helsius v. Robertson, — N.C. App. —, 621 S.E.2d 263, 2005 N.C. App. LEXIS 2469 (2005).

ARTICLE II

LEGISLATIVE

Section 1. Legislative power.

CASE NOTES

Distinction between Delegating Power to Make Law and Conferring Authority as to Its Execution. —

Trial court did not err in granting summary judgment to the governor, state public safety agency, state highway patrol, and certain unidentified persons, and denying the wrecker service owner's motion for summary judgment on the wrecker service owner's declaratory judgment action seeking a determination that regulations used to remove his wrecker service business from the state's Wrecker Rotation Services List were illegal and that the regulations were preempted by federal law; the trial court had the authority to declare that the regulations were not illegal because the General Assembly granted to the state public safety agency the power to direct the state highway patrol to establish regulations for private wrecker services. Ramey v. Easley, — N.C. App. —, 632 S.E.2d 178, 2006 N.C. App. LEXIS 1308 (2006).

Party Benefitting From Agency Action May Not Later Challenge It On Separation of Powers Grounds. — As a taxpayer sought, received, and benefitted from a variance from G.S. 105-130.4(t)'s tax allocation formula, it could not challenge, on separation-of-powers grounds, orders of the augmented North Carolina Tax Review Board that granted the variance. Philip Morris USA Inc. v. Tolson, — N.C. App. —, 626 S.E.2d 853, 2006 N.C. App. LEXIS 536 (2006).

Agency Did Not Violate Separation of Powers Doctrine. — Augmented North Carolina Tax Review Board did not violate the separation of powers doctrine by creating a special tax allocation formula for a multi-state corporation, because in so doing, it only exercised the powers expressly reserved for it by the general assembly under G.S. 105-130.4(t). Philip Morris USA Inc. v. Tolson, — N.C. App. —, 626 S.E.2d 853, 2006 N.C. App. LEXIS 536 (2006).

Power to Prevent a Deficit. — Governor's order directing the revenue secretary to halt expenditures for capital improvements, further reduce expenditures throughout state agencies, and withhold funds appropriated to local governments was authorized by N.C. Const. art. III, § 5(3) to prevent a deficit, and did not violate the separation of powers doctrine; further N.C. Const. art. V, § 5, which was directed at the general assembly, did not conflict with N.C. Const. art. III, § 5. County of Cabarrus v. Tolson, 169 N.C. App. 636, 610 S.E.2d 443, 2005 N.C. App. LEXIS 615 (2005).

Where Lower Appellate Court's Decision is of Constitutional Magnitude and Widespread Effect. — While G.S. 15A-1422(f) normally barred collateral review of a resentencing decision, the statute could not interfere with the court's power under N.C. Const. art. IV, § 12, cl. 1 to issue a decision where the lower appellate court's decision was of constitutional magnitude and widespread effect; since the lower appellate court's decision applied to hold unconstitutional provisions of a widely used statute that was used to aggravate sentences for crimes, discretionary review was granted. I. GENERAL CONSIDERATION.

Cited in Hill v. West, — N.C. App. —, 627 S.E.2d 662, 2006 N.C. App. LEXIS 692 (2006).

IV. RULES OF PROCEDURE.

Conflict Between G.S. 8C-1-103(a)(2) and N.C. R. App. P. 10(b)(1). — Constitution of North Carolina vests the Supreme Court of North Carolina with exclusive authority to make rules of practice and procedure for the appellate division of the courts; while G.S. 8C-1-103(a)(2) permitted appellate review of an evidentiary ruling even though the party failed to object at trial, since G.S. 8C-1-103(a)(2) was inconsistent with N.C. R. App. P. 10(b)(1), G.S. 8C-1-103(a)(2) failed. State v. Tutt, 171 N.C. App. 518, 615 S.E.2d 688, 2005 N.C. App. LEXIS 1313 (2005).

I. GENERAL CONSIDERATION.

Applied in Coley v. State, 360 N.C. 493, 631 S.E.2d 121, 2006 N.C. LEXIS 594 (2006).

III. PUBLIC PURPOSES.

B. Illustrative Cases.

Inlet Relocation. — Special assessment implemented for the relocation of an inlet was upheld under N.C. Const. art. V, § 2, cl. 1, because the assessment was imposed for a public purpose; there was a reasonable connection with the necessity of the county based on the policy of preserving beaches, and the project benefitted the public in general. Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

IV. CLASSIFICATION.

B. Illustrative Cases.

Sales Tax on Satellite Service Versus Cable Service. — G.S. 105-164.4(a)(6), which imposes a sales tax on direct-to-home satellite service, but not on cable television service, does not discriminate against satellite providers in favor of cable companies on its face and in its practical effect because the differential tax results solely from differences between the nature of the provision of satellite and cable services, and not from the geographical location of the businesses. DirecTV, Inc. v. State, — N.C. App. —, 632 S.E.2d 543, 2006 N.C. App. LEXIS 1651 (2006).

Sec. 5. Acts levying taxes to state objects.

CASE NOTES

Statute Authorizing County to Impose Tax. —

Governor's order directing the revenue secretary to halt expenditures for capital improvements, further reduce expenditures throughout state agencies, and withhold funds appropriated to local governments was authorized by N.C. Const. art. III, § 5(3) to prevent a deficit, and did not violate the separation of powers doctrine; further N.C. Const. art. V, § 5, which was directed at the general assembly, did not conflict with N.C. Const. art. III, § 5. County of Cabarrus v. Tolson, 169 N.C. App. 636, 610 S.E.2d 443, 2005 N.C. App. LEXIS 615 (2005).

LOCAL GOVERNMENT

Section 1. General Assembly to provide for local government.

CASE NOTES

Sheriff is Local Officer. —

Trial court properly denied summary judgment to sheriff and two detention center officers with regard to a former inmate's suit asserting a violation of her state and federal constitutional rights with regard to allegedly having been denied medical treatment for appendicitis while incarcerated at a county detention center. The sheriff and the officers were "persons" amendable to suit under 42 U.S.C.S. § 1983 and were not immune since the indifference shown, despite the inmate's repeated complaints of pain, was not protected by qualified immunity. Boyd v. Robeson County, 169 N.C. App. 460, 621 S.E.2d 1, 2005 N.C. App. LEXIS 2352 (2005).

In the State of North Carolina, a sheriff is a person amendable to suit under 42 U.S.C.S. § 1983. Boyd v. Robeson County, 169 N.C. App. 460, 621 S.E.2d 1, 2005 N.C. App. LEXIS 2352 (2005).

Applied in Kegley v. City of Fayetteville, 170 N.C. App. 656, 613 S.E.2d 696, 2005 N.C. App. LEXIS 1073 (2005), review denied, — N.C. —, 619 S.E.2d 508 (2005), cert. denied, — U.S. —, 126 S. Ct. 1147, 163 L. Ed. 2d 1001 (2006).

Sec. 2. Sheriffs.

CASE NOTES

Sheriffs Not Entitled to Eleventh Amendment Immunity. —

In the State of North Carolina, a sheriff is a person amendable to suit under 42 U.S.C.S. § 1983. Boyd v. Robeson County, 169 N.C. App. 460, 621 S.E.2d 1, 2005 N.C. App. LEXIS 2352 (2005).

Trial court properly denied summary judgment to a sheriff and two detention center officers with regard to a former inmate's suit asserting a violation of her state and federal constitutional rights with regard to allegedly having been denied medical treatment for appendicitis while incarcerated at a county detention center. Sec. 7. County school fund; State fund for certain moneys.

CASE NOTES

Penalties Collected for Failing to Comply with Statutory or Regulatory Tax Provisions. — Monetary payments for a taxpayer's noncompliance with a mandate of Chapter 105 are penalties and, therefore, subject to N.C. Const. art. IX, § 7; thus, monies collected by the North Carolina Department of Revenue for late filings, underpayments, and for failing to comply with statutory or regulatory tax provisions are payable to public schools. N.C. Sch. Bds. Ass'n v. Moore, 359 N.C. 474, 614 S.E.2d 504, 2005 N.C. LEXIS 694 (2005).

Civil penalties paid by public school systems to state agencies must be remitted to Civil Penalty Fund for return to all of the public schools in the manner dictated by G.S. 115C-457.3. N.C. Sch. Bds. Ass'n v. Moore, 359 N.C. 474, 614 S.E.2d 504, 2005 N.C. LEXIS 694 (2005).

Monies Received for Excise Tax Versus Penalties and Interest Payments. — Excise tax on unauthorized substances is not a penalty subject to the provisions of N.C. Const. art. IX, § 7 and is, therefore, not payable to public schools; however, the penalties and interest payments collected by the Department of Revenue for enforcement of the excise tax are classified as penalties to be disbursed to public school systems, pursuant to N.C. Const. art. IX, § 7. N.C. Sch. Bds. Ass'n v. Moore, 359 N.C. 474, 614 S.E.2d 504, 2005 N.C. LEXIS 694 (2005).

Allocation of Funds From a City's Red Light Camera Ordinance. — County board of education was entitled to funds derived from a city's red light camera program, which program was implemented by an ordinance pursuant to G.S. 160A-300.1(c), as N.C. Const. art. IX, § 7 applied to the civil penalties assessed by the city for violations of the ordinance regarding the failure to stop for a red stoplight. Further, pursuant to G.S. 115C-437, the city was to pay 90 percent of the amount collected by its red light camera program to the board. Shavitz v. City of High Point, — N.C. App. —, 630 S.E.2d 4, 2006 N.C. App. LEXIS 1080 (2006).

ARTICLE X

HOMESTEADS AND EXEMPTIONS

Sec. 2. Homestead exemptions.

CASE NOTES

I. Homestead Exemption Generally.

I. HOMESTEAD EXEMPTION GENERALLY.

Involuntary Absence Did Not Constitute Abandonment of Residence. — Claimed homestead exemption was allowed, pursuant to G.S. 1C-1601(a)(1), over a trustee's objection because the debtor was forced to vacate and did not voluntarily abandon her damaged home as a result of hurricanes and she paid property taxes, stored personalty there, lived in temporary housing, and intended to use the home as a residence as soon as repairs were practicable. In re Foster, 348 B.R. 58, 2006 Bankr. LEXIS 1833 (Bankr. E.D.N.C. 2006).

Sec. 3. Mechanics' and laborers' liens.

CASE NOTES

Adequate Lien for Subcontractors and Suppliers of Materials and Labor. — Appellate court erred in reversing the trial court's grant of summary judgment to the product supplier that found the product supplier was entitled to judgment in the amount specified in its notice of lien sent to the manufacturer; the state constitution and statutory law provided that a materialman was entitled to an adequate lien on the subject matter of the materials supplied, the product supplier sent a notice of lien for a certain amount to the manufacturer after the product supplier became aware that the contractor with whom the manufacturer had contracted was having financial difficulties, and the manufacturer nevertheless paid the contractor, instead of the product supplier, shortly before the contractor went bankrupt. O & M Indus. v. Smith Eng'g Co., 360 N.C. 263, 624 S.E.2d 345, 2006 N.C. LEXIS 6 (2006).

ARTICLE XI

PUNISHMENTS, CORRECTIONS, AND CHARITIES

Section 1. Punishments.

CASE NOTES

No Contact With Victims. — Sentence provision which precluded defendant from having any contact with the victims did not violate N.C. Const. art. XI, § 1, as the no contact recommendation was not a mandatory and binding part of the judgment, but rather, much like an order of restitution; furthermore, it constituted a recommendation to the Secretary of the Department of Correction and the Parole Commission, not an order binding defendant upon entry of the judgment, as neither the Parole Commission nor the Department of Correction was bound by the judge's recommendation. State v. Curmon, 171 N.C. App. 697, 615 S.E.2d 417, 2005 N.C. App. LEXIS 1362 (2005).
